The first big step to nominate Senator La Follette for the presidency is now on. A conference is called to meet in Chicago on October 16 to map out a systematic campaign. It is said more than 200 influential republicans will be at the meeting, among them are Governor Aldrich and Representative Norris of Nebraska.

Conservatives Win in Canada.
Wheat prices all over the country advanced when the reciprocity bill was voted down by the conservative Canadians at Thursday's election in Montreal.

At Duluth the advance in the price of wheat was the most marked, at the opening of the market Friday morning the price went up 4 cents. At Kansas City the advance was 3 cents and at Chicago 2 1/2 cents. On the local market Tuesday the price of wheat went up 4 cents a bushel. The best was quoted at 92 cents yesterday. Flour advanced 10 cents per hundred, bran and shorts each 5 cents per hundred pounds.

Land Office Notes.

In the contest of Fred W. Blank vs. John Belles, the decision of the local office is in favor of the entryman.

In the contest of Chaney A. Brown vs. Osias Reinstein, the decision of the local office is in favor of the contestant.

In the contest of Howard Ireland vs. Bennie J. Brown, the decision of the local office is in favor of the entryman.

During the month of August the local office allowed fifty-nine homestead entries, aggregating 28,075 acres; sixty-seven final proofs, aggregating 32,338 acres; thirty-five public sales, aggregating 5,820 acres.

In the case of the United States vs. Robert P. Parriot, who attempted to make proof on a quarter section in Keya Paha county several years ago, the general land office sustains the decision of the local office, and holds against the entryman.

It was recently announced that hereafter credit for residence upon land before it was subject to entry would not be allowed to an entryman when he made final proof. The ruling has been modified to the extent that persons who instituted contests against existing entries and moved on the land before September 24, 1910, may be allowed credit for residence before their entries were allowed.

Sales of isolated tracts recently have been as follows: F. Kemp Heath 200 acres, Joseph Selby 80 acres, Maude Van Orsdoll 40 acres, Theodore Phillips 40 acres, Albert F. Bowring 480 acres, Wilber E. Young 320 acres, Pleasant Robertson 40 acres, Herbert A. Daniels 360 acres, Floyd T. Ferlen 280 acres, George S. French 360 acres, Nels C. Sorenson 240 acres, in Cherry county; John T. Hinrichs 120 acres in Brown county; Karl Linke 160 acres, Marahall L. Scott 40 acres in Rock county.

THE MAN ON THE JOB

is the man who accomplishes; the man who can afford to live well; the man who accumulates a competence for old age comforts. In a large majority of cases this man grew to be "The Man on the Job" through starting a Bank Account in a small way and keeping the account growing until his Bank Credit, together with his accumulations, furnished him a sum sufficient for the making of an investment.

There is no reason why YOU shouldn't do as well. Make use of our facilities for your help. The amount of your initial deposits is of less importance than making the start at once and keeping right at it.
