When old enough let them have a check book so they may learn the convenience and safety of paying bills by check. In a few years these children will be among our heavier customers, we feel an interest in the matter and will give their small accounts due care and consideration.

Every mother should be careful that the children take their baths in a warm room. The chill of a cold room is dangerous after coming out of the hot water.

A Perfection Smokeless Oil Heater brings bathroom or bedroom to just the degree of warmth you want in five or ten minutes. All you have to do is to touch a match.

The Perfection Heater burns nine hours on one filling and is always ready for use. You can move it anywhere it is needed. There is no waste of fuel and heat warming unoccupied rooms. Just the heat you want, when and where you want it.

The Perfection is fitted with an automatic-locking flame spreader that prevents the wick being turned high enough to smoke and is easy to remove and drop back when cleaning.

## COMING TO VALENTINE

Associated Doctors, Specialists, will be at The Dohober Hotel

MONDAY DEC. 4 AND TUESDAY DECEMBER 5

FROM 10 A. M. TO 8 P. M. AND WILL RE AIN

## TWO DAYS ONLY

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases.

## OFFER THEIR SERVICES FREE OF CHARGE

The Associated Doctors, licensed by the state of Nebraska for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases, and so great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, or certain forms of cancer. They were among the first in America to earn the name of the "Bloodless Surgeons," by doing away with knife, with blood and with all pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination. Deatness has often been cured in sixty days.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe to yourself or friends or relatives who are suffering because of your sickness, as a visit this time may help you.

Remember, this free offer is for two days only.

Married ladies must come with their husbands and minors with their parents.

### 320-Acre Homestead Areas Opened.

During October six areas were designated by the Secretary of the Interior as suitable for entry under the enlarged-homestead act. These include 32,110 acres of land in Idaho and Oregon and make a total of 190,426,957 acres which has been designated by the Secretary of the Interior as enterable in 320-acre homestead units.

### The Boy Scouts.

A feature that will strongly appeal to the general public will be a demonstration at the International Live Stock Association in Chicago, Dec. 2 to 9, by three or four hundred boy scouts, in first aid to the injured, erecting tents, raising the flag and playing some of their games.

It is needless to mention the good that boy scout organizations are doing in this country and in Europe, for not only have they proved themselves competent to perform all kinds of duties on the field, notwithstanding their tender age, but they are preparing and perfecting themselves for work of inestimable value when they reach the age of manhood.

There is no country in the world where the instruction of youths is carried to greater perfection than the United States, nor is there any other where boys have greater chances to show what they are made of—and there is no doubt that the performances of these youngsters will open the eyes and astonish the spectators.

### Push Ball Contests

These contests both on foot and on horseback, and which caused so much fun and merriment last year will be another item on the program, which in itself is well worth going to see. The games between the contesting teams are full of keenness, for the rival packing and commission houses as well as the Stock Yards Company, will be represented, and every man in the respective team is looking for a fall out of his rival, and we know what rivalry in the stock yard district means.

Francis McDermott and Miss Rose McIlhon were united in marriage at the Church of the Sacred Heart in Omaha on Wednesday, Rev. Father Judge officiating. They will visit relatives in the east before returning to Cherry county.

### Attention! Royal Neighbors.

At the next regular meeting (on Dec. 13,) of S L camp, No. 851, R. N. of A., there will be election of officers for the ensuing year. A good attendance is desired.  
HARRIET ROSSETER, Oracle.

### Water Power Withdrawals

Over a million and a half acres of public land now stand withdrawn by the Government as being valuable for the possible development of water power. During October the United States Geological Survey recommended the withdrawal of 54,422 as having power possibilities and restoration of 2,600 acres in Montana and Wyoming because field examination by the Survey showed them not valuable for that purpose.
