**ALL THESE MEN HAVE WORKED FOR THE SAFETY OF YOUR MONEY WHEN IT IS IN A NATIONAL BANK**

Copyright 1909, by C. E. Zimmerman Co., No. 32N

In order to furnish proper banking protection, President Lincoln and his first congress established the National Bank which operates under government supervision.

From time to time additional laws have been passed under the different presidents shown above strengthening the protection a National Bank affords.

Thus the confidence and security that comes with the possession of money in the bank is greatly enhanced when it is in a National Bank, for here it has every safe-guard possible for human ingenuity to devise.

In selecting a bank in which to deposit your savings or surplus funds the one thing to be considered is safety, and we ask for your business only on the basis of absolute safety. Call at our bank and let us explain to you how safe your money is here.

**The Famous Rayo Lamp**

The best part of the day is the evening, when the whole family is gathered together around the lamp.  
The old days of the smoky fireplace and flickering candle are gone forever. In their place have come the convenient oil stove and the indispensable Rayo Lamp.  
There are 10-day, in the United States alone, more than 3,000,000 of these Rayo lamps, giving their clear, white light to more than 3,000,000 homes.  
Other lamps cost more, but you cannot get a better light than the low-priced Rayo gives. It has become so popular we may almost call it "the official lamp of the American family."  
The Rayo is made of solid brass, with handsome nickel finish—an ornament anywhere.  
Ask your dealer for a Rayo lamp; or write for descriptive circular to any agency of the
