Frank Brayton, who has been at Excelsior Springs, Mo., for the past three weeks writes that he is feeling much better and that the rheumatism is slowly leaving him.

### Land Office Notes.

The office expects to have sales of isolated tracts almost every week day during January, February, March and April.

The general land office has sustained the action of the local office in rejecting the final proofs submitted by Abbie Murphy, of Rock county.

The federal land office has sustained the action of the local office in rejecting the final proof submitted by Carl S. Kiehl of Cherry county. Because he had served in the United States army in the Philippines, Kiehl demanded credit for military service in lieu of residence upon his homestead, although his service was not in time of war.

Among those who have bought land at public sale at the local office during December are: Albert C. Sharon 80 acres in Keya Paha county; Winfield S. Arter 40 acres, John P. Lackstaff 40 acres, Gustav Dinke 80 acres in Rock county Josephine Hoyt 480 acres, William C. Shattuck 120 acres, Charles Larsen 160 acres William D. Bachelor 120 acres, Frank G. Bura 160 acres, Walter C. Lyon 40 acres, Elmer L. Burr 80 acres Cherry county.

The preparing of an application for sale is rather a technical matter, as the general land office is very particular in scanning such applications when they are passed upon, and persons who wish to make such applications should have them drawn and sworn to before some person who is skilled in such matters. Applications prepared before notaries public in the country are almost invariably faulty, and have to be returned for correction, and often new ones prepared, thus causing useless expense and delay to the parties.
