Interest in the next meeting place of the Nebraska State Teachers Association is keen among the teachers. Unlike last year, the location of the 1912 meeting place will be decided much earlier, the vote being taken this year from January 2 to 13, with the canvass at Grand Island on January 20.

Omaha as a meeting place is finding much favor among the teachers, who feel that the metropolis furnishes adequate hotel and meeting place accommodations. With its large auditorium, Omaha can easily accommodate the crowd that gathers for this important meeting. Last November 4,029 attended the convention and the officers feel that the 1912 gathering will surpass this number.

Farmers Will Discuss Important Questions.

Omaha, Neb., Jan. 3.—When the farmers of Nebraska meet in annual convention in Omaha on January 10 to 13, they will be privileged to hear exhaustive discourses on various questions, which are vital in their interest. The program, which has been arranged by the secretaries of the three organizations, the Farmer's Congress, the Rural Life Commission, and the Farmer's Co-operative Shipping Association, includes addresses by men, who have made a life study of the economic conditions.

"How the Aldrich currency plan will effect the Farmer," will be discussed from every angle by Henry W. Yates of Omaha. Mr. Yates will deliver his address on the evening of January 11.

Dr. George O. Virtue, of the University of Nebraska will deliver an address on the "Substitutes for the personal tax." This address, which is scheduled for the same evening will deal with the possible elimination of the personal tax element, and will suggest ways and means to get revenue from other sources, which will mean a more equitable division.

Secretary O'lell of the Rural Life Commission is conducting an investigation and is asking a series of questions, which have for their object the ascertaining of facts and suggestions, which will increase the desirability of farm life and check the drift from the farm to the city.

Indications are that nearly 1,000 farmers will attend the joint congress of the three associations.

All farmers are urged to attend congress, whether they are regularly appointed delegates or not. Every one will have a voice in the convention and will be entitled to vote on any question that is raised. The officers of the three associations have joined in an invitation to every farmer in the state. All are urged to be present and be prepared to discuss the various questions, which will be raised during the three days session.
