"Hub of the Northwest."

Never before was a strictly cash sale advertised where every single purchaser could go into the country's largest store and buy a strictly first class piano at the cost of the raw material that went into a world renowned instrument. Never before was such an opportunity presented to a buying public. This, the largest of all piano sales, was made possible by our company buying all of a factory's product; they had to have the money. We had it; we made the price; we got the snap; we sold ten planos to one dealer last week, and he said he got the greatest values he had ever known of in his life. You can do the same. This k of buying a world renowned piano, a piano known to every school child in the United States at the price of a piano cased organ, \$119.00. We never hope to repeat this offer. You will never receive it again. The factory's loss is your gain. Come at once. Seeing is knowing. Just look for yourself or write for our proposition-it costs you nothing. State Superintendent Delzell has made a record showing the date at which forty-eight pioneer teachers began teaching in Nebraska. At a re cent banquet for the pioneers it was disclosed that J. A. Beattie is one of the oldest in the profession. He began teaching in Ohio in 1867 and removed to Nebraska in 1889. Professor Bessey of the state university began teaching in Nebraska in the year, 1863. He was elected president of the association formed. The following is a list of those who were present at the banquet and the date when they began teaching in Nebraska.

Cannot Test Seed Corn. State Food Commissioner Nels P. Hansen will carry out that portion of the pure seed law requiring inspecthe purpose of testing seed. He advises farmers to test their own seed corn, and he gives instructions as to how this can be done without expense. His statement is as follows: "Many requests are coming in from over the state from seed dealers and planters for information regarding the seed law passed by the last legislature. This department is unable to

render the service necessary to establish the vitality of the seed corn, and we feel it our duty to give notice that the farmer should test his own seed corn as a protection to himself. This does not require an expensive germinator, but can be done by placing the seeds between wet blotting papers and keeping warm for several days, after which the per cent of germinable seeds can be determined."

Wants It Looked Into.

W. J. Ballard, a Kearney lawyer, has asked the state food commission to send an inspector to that city to file a complaint against one of the drug stores there. He writes that the place was recently searched for intoxicants and that whisky was found there labeled with such spurious titles as "ointment," morning glory," "oil of joy," and even "poison." Alcohol was designated by the proprietor of the store as being "bug medicine," according to the letter.

Memorial Tablet Delayed.

Progress on the bronze tablet which is to be placed in the lobby of the university temple in honor of E. Benjamin Andrews, former university chancellor, has been delayed while the committee is searching for a competent Nebraska artist to take charge of the designing. It was hoped to have it ready to put in place February 15. charter day, but this has been given up and it will likely be deferred until the commencement season in

> Governor Aldrich has received a railroad pass from seven-year-old John Leister Worsing of Huntington, Pa., who is general manager of a line that occupies one large room of his father's house. In the absence of Governor Aldrich, Secretary Fuller wrote a suitable acknowledgement of the kind of favors that used to be popular in Nebraska, but which are now outlawed. One of the conditions printed on the pass states that meals and lodgings are not furnished and that if the holder becomes dissatisfied with the service he can get off and walk.

OF THE AGE OF CHIVALRY

Fat Victim of Cupid Bashfully Ac knowledges Real Reason for His Act of Heroism.

The smallest boy had broken through the ice and the fat boy was crawling to his rescue. .

"Come back, Fatty!" the other boys shricked. "You'll bust it all in, an'

den youse'll both be drowned!" But the fat boy, flat on his stomach and spread out to his widest extent, ignored these warning cries and steadily crept toward the black hole and Tommy's clinging fingers.

Once the ice made a cracking sound and the watchers yelled with dismay. But the fat boy did not halt. Nearer and nearer he came, and finally his outstretched hands caught those clinging fingers and drew the small boy, little by little, onto the firmer ice and so to safety.

"What did youse do it fer, Fatty?" one of the boys tearfully remonstrat-

"Aw," replied the hero, "I knew what I lost in weight I made up in wideness see?"

Then his face softened. "Besides," he bashfully said, "I'm sweet on Tommy's sister!"

PIMPLES COVERED HIS BACK

"My troubles began along in the summer in the hottest weather and took the form of small eruptions and itching and a kind of smarting pain. It took me mostly all over my back and kept getting worse until finally my back was covered with a mass of pimples which would burn and itch at night so that I could hardly stand it. This condition kept getting worse and worse until my back was a solid mass of big sores which would break open and run. My underclothing would be a clot of blood.

"I tried various remedies and salves for nearly three years and I was not getting any benefit. It seemed I was in eternal misery and could not sleep The Farmer's Son's on my back or lean on a chair. I was finally given a set of the Cuticura Remedies and inside of two weeks I could see and feel a great relief. I kept on using Cuticura Soap, Ointment tion for impurities, but he announces and also the Resolvent, and in about that he has no funds to be used for three or four months' time my back was nearly cured and i felt like a new being. Now I am in good health and no sign of any skin diseases and I am fully satisfied that Cuticura Remedies are the best ever made for skin diseases. I would not be without them." (Signed) W. A. Armstrong, Corbin, Kan., May 26, 1911. Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. L. Boston.
