State Supt. Dalzell lectured here last week. Several years ago Prof. Searson, an institute instructor here at that time, announced a lecture that was not given. We printed a few bills and Mr. Searson stuck them around where Prof. Dalzell would run onto them, one at the hotel, one at the barber shop and several at the school house. Everybody knew it was a joke, but the Professor was visibly affected.

Perry Swearingen and Mrs. Dick Osburn departed Monday night for Ottumwa, Ia., to visit a sick sister. It has been 33 years since they left Ottumwa and this is their first trip back there in that time. In the prime of life they started out to make a home in the west after a short sojourn in Nodaway county, Missouri, and in seven mover wagons westward bound journeyed together to Cherry county—Osburns, Swearingens and the Grooms families.

One of the most enjoyable affairs of the season took place Tuesday evening when Mrs. Brayton and Mrs. Kincaid entertained forty ladies at the home of the former at a five course banquet. The tables were beautifully decorated in cut flowers and with the cut glass and pretty china made a very beautiful appearance. At the several menu word contests prizes were won by Mrs. Robinson, Mrs. G. Coppers, Miss Van Orsdoll, Miss Helzer and Miss Stuckey.

Other States Have Lots Of Bad Seed Corn

Nebraska is not the only state in the middle west which has poor seed corn, according to reports which have come to the Publicity Bureau of the Commercial Club of Omaha. Authorities of the South Dakota Experiment Station write that seed corn in that state is even worse than Nebraska's.

A. E. Samuel of St. Joseph, Mo., writes that he has tested corn in Illinois, Iowa, Missouri and Kansas and after a thorough investigation, he states that the condition is general in the corn belt.

The seed corn specials, which are the outcome of the campaign started by the Publicity Bureau of the commercial club, are in good shape. Four will leave on the morning of February 26 over three different railroads and will visit 250 stations during the tour. Prof. C. W. Pugsley of the Extension Department of the State Farm has secured forty speakers to accompany the trains.

Princeton to Go Slow in Rowing.

W. W. Roper, who is the graduate director of athletics at Princeton, is authority for a statement that the Tigers will not take part in any of the outside rowing regattas during the present year.

Ever since Princeton made such a favorable impression in the triangular regatta with Cornell and Yale the people who were anxious to have a Tiger crew compete at Poughkeepsie or at New London have been boosting toward this end. Mr. Roper's announcement, however, will end all this talk.

Princeton will hold a regatta on Carnegie lake again next year. Negotiations are now progressing for a triangular meeting with Harvard and Pennsylvania.

It is also practically certain that the Tigers will enter a crew in the American regatta at Philadelphia.

Moriarty For First Bag.

"I'm not particularly anxious to get George Stovall from the Naps," says President Navin of Detroit. "Of course I want to be protected in case Gainer's wrist goes back on him in the spring, but I believe Moriarty can cover the first sack as acceptably as could Stovall."

"I received a letter from Gainer a few days ago, and he stated that his wrist was coming along finely and that he could use it quite freely. He is getting the lump between the bones worked out, and he expressed a confidence that it would be as good as ever in the spring."

Star Pitchers Are "Holdouts."

Vern Gregg of Cleveland and Grover Cleveland Alexander of the Phillies, the two finds of 1911 so far as pitchers go, are holdouts in the matter of 1912 contracts, each demanding a \$5,000 salary. Both ought to get it on the work done by them last season. Gregg won twenty-three games and lost seven, and Alexander won twenty-eight and lost thirteen. Magnates usually go on the theory that no pitcher is worth \$5,000 a year until he has worked three or four seasons.

Seed Potatoes

The Valentine Commercial Club would like information regarding seed potatoes.

First, whether the parties who shipped potatoes into Crookston were satisfied with the result of their experiment and have good, uniform potatoes as the result of last year's shipment?

Second, from those who brought in potatoes last year, or anyone else acquainted with the subject, where the best place to order from to get potatoes best adapted to this soil and climate?

Third, the names of all persons who would like seed potatoes and the number of bushels?

The commercial club desires this information for the purpose of ascertaining whether or not it would be advisable to ship in several car loads and distribute them to the farmers at cost, it being understood in advance that those ordering would pay cash.

The object is to secure the growing of uniform potatoes in the county in order that deliveries by several persons into the same car will be of the same kind and quality. At present, buyers find that in shipping they have several different kinds of potatoes, and that causes a reduction in the value on the markets from 10 to 25 cents a bushel, whereas, potatoes of the same variety and size would sell to very much better advantage.

Any information that will tend to enlighten us on this subject will be gratefully received. Address the same,

W. A. PETTYCREW,

W. T. KINCAID,

Committee.

WHY HESITATE?

An Offer That Involves No Money Risk if You Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is commonly caused by weakness of the nerves and muscles of the larger intestines. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly good for children. They seem to act directly on the nerves and muscles of the bowels. They apparently have a neutral action on the other organs. They do not purge or cause other inconvenience. We will refund your money if they do not overcome chronic or habitual constipation and thus aid to relieve the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Three sizes, 10c, 25c and 50c. Sold only at our store—The Rexall Store. Chapman, The Druggist.

ALL THESE MEN HAVE WORKED FOR THE SAFETY OF YOUR MONEY WHEN IT IS IN A NATIONAL BANK

Copyright 1909, by C. E. Zimmerman Co.—No. 397

IN order to furnish proper banking protection, President Lincoln and his first congress established the National Bank which operates under government supervision.

From time to time additional laws have been passed under the different presidents shown above strengthening the protection a National Bank affords.

Thus the confidence and security that comes with the possession of money in the bank is greatly enhanced when it is in a National Bank, for here it has every safe-guard possible for human ingenuity to devise.

In selecting a bank in which to deposit your savings or surplus funds the one thing to be considered is safety, and we ask for your business only on the basis of absolute safety. Call at our bank and let us explain to you how safe your money is here.
