A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless; very pronounced, yet gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence, griping, or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Valentine only at our store. 12 tablets 10 cents, 36 tablets 25 cents, 80 tablets 50 cents. Sold only at our store.—The Rexall Store, Chapman, The Drugist.

It was our pleasure to visit the district where we were a teacher in our youth. The homes are very different from what they were then. The old settlers have won out in their fight with homestead conditions. The comfortable homes are monuments to the energy, thrift and economy of a very deserving people. The boys and girls we taught are men and women now. We trust the kind their teacher ever tried to have them want to be.

## Birthday Celebration.

An unusual social event, the like of which has never been celebrated in the vicinity of Kennedy before, occurred at the home of Mr. and Mrs. H. F. Kime, February 29, at which their little daughter, Mona Irene, celebrated her first birthday, she having been born Feb. 29, 1908.

To aid in celebrating this unique event, 28 little folks and 14 older ones gathered at the Kime home. The amusements consisted of games in the open air until dinner time when the little ones were formed in a double line, each one being supplied with a paddle on which was printed "Mona Irene Kime, Feb. 29, 1912." These were kept by each one as a souvenir of the occasion. Little Mona was started down the line and received from each one a birthday whipping, which was quite vigorous as this would have to last her for the next four years. They were then marched to the tables, which were formed on three sides of the dining room, with a huge birthday cake, with its candles, each representing one year of life for the little one, crowning the center. A dainty four-course dinner was served to the little guests and was amply enjoyed by all.

After dinner came the event of the day. Each child was given an end of a string which was to be followed in all its winding to the end of a rainbow at the opposite side of the room, where was found a cute little basket filled with candy. This caused much amusement. As it was then drawing near evening the merry crowd thought it time to disperse, but were first marshaled by the hostess in the front part of the house to have a picture of the group taken. Thus ended a most pleasant day and each one departed to their home, wishing little Mona many happy returns of the day.

A "St. Patrick's Dance" will be given Saturday night, March 16, in Quigley's hall. Music by Fischer's orchestra. 9 2
