MONEY! MONEY!

Do You Want a Bargain in Town Property?

I have three properties that are bargains and I am going to sell them at a bargain to some one who has a few hundred dollars laying idle.

I want to build a good building for a printing office and will sell property cheap, to carry out my plans.

Come and see me on any kind of a property deal. I want money and I'll give big value for it.

FOR THE CHILDREN

Rhyme of Dorothy Rose. Dorothy Rose had a turned up nose. Did she worry about it, do you suppose? Oh, no! But a plan she began to hatch. To make the rest of her features match.

First of all, she trained her eyes. Turning them up to the sunny skies. Look at the mud and the dust? Not she! Nothing but sunshine would Dorothy see.

A flower that droops has begun to wilt. So up went her chin with a saucy tilt. An ounce of pluck's worth a pound of sigh. And courage comes with a head held high.

Lastly, her lips turned their corners up. Brimming with smiles like a rosy cup. Oh, a charming child is Dorothy Rose! And it all began with a turned up nose! -St. Nicholas.

Games of Jumbled Questions.

Provide each player with a pencil and a slip of paper to half sheet of commercial note is a good size, then request each one to write at the top of the paper the first W, the name of some well known historical character. fold the paper over to conceal the name and pass it to his right hand neighbor. Then each player writes on the folded sheet the second W, what he lived, and folding it again, passes it on as before. The third W, written in the same way, tells when he lived and died, the fourth what he did, the fifth why he did it, and the sixth and last folding gives the results or consequences of his life.

The paper must be folded at each writing, and no player must know what the others have written till the results are given, when each player in turn unfolds his paper and reads it aloud. Of course there are all sorts of incongruities and lots of fun over them, besides a grand chance to furnish up forgotten history, in straightening out the tangles and setting matters right. Should the sheet of paper at first supplied prove insufficient an other may be easily attached with a convenient pin without unfolding. Of course the more items of interest brought in the better. A prize may be given to the one who corrects the most mistakes, a tally being kept for the purpose. -Philadelphia Ledger.

Conundrums.

Why is the United States government not going to have bayonets any longer in the army? Because they are long enough.

Why do the cyclones way out west blow away so few houses? The houses are held down by heavy mortgages.

Why is a mischievous boy like a bottle of patent medicine? When taken must be well shaken.

A man went to the top of his barn to catch a stick. While he was on the roof the ladder fell to the ground. What was the easiest way for the man to get down? He could pick down from the stick.

Why is a room full of married people an empty room? There is not a single person in it.

Why is falling in love like catching the measles? The older you are when it happens, the harder it goes with you. -Philadelphia Ledger.

Reading the Poem.

When your friends come ask one of them to play a familiar tune on the piano. Then choose a poem and ask each friend in turn to read it aloud without singing. If the voice falls into the tune or the time being played, it is not a successful reading and he or she must pay a forfeit.

A Bald-Headed Woman

Shorn of Her Crown of Beauty, Loses in Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Valentine, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over heated, or to excess, which destroys the natural oil of the hair, causing it to split, break, and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cure the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is an entirely satisfactory that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store - The Rexall Store, Chapman, The Drug-gist.
