

Severely Witty.
"Henry," remarked Mrs. Henry Peck, "we are going to have some company this evening, and I do wish you would brighten up and look less like an honorary pallbearer. Say something humorous."
The company came and with a few preliminary coughs and winks, which were intended to announce to his wife that the witticism was about to be perpetrated, Henry said timidly:
"Mary."
"Yes, dear, what is it?" asked Mrs. Peck expectantly.
"Have you got all of your hair on this evening?"—Boston Globe.

Mrs. Winslow's Soothing Syrup for Children's teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c a bottle.

A man is apt to get so rattled when a leap girl proposes to him that she can make him believe he did it.

There is no excuse for the dyspeptic, with Garfield Tea accessible at every drugstore.

It's difficult to discover a girl who can't sing.

BRIBE HEARING BEGUN

POLICEMAN TESTIFIES AGAINST NEW MEXICO LEGISLATORS.

Tells About Bathroom Incident—Accused Men Declare They Are Conspiracy Victims.

Santa Fe, N. M.—Mounted Policeman A. A. Sena, who testified before the house committee of fifteen at the investigation of bribery charges against Representatives Lucero, Montoya and Cordova, underwent a severe cross-examination, but his story was not shaken.

Sena told of having heard a conversation between Elfego Baca, the prosecuting witness, and the four defendants in a room at the Palace hotel, in which the defendants promised, he said, to vote for any candidate for the senate that Baca might designate.

He declared when the money was passed that Baca clapped his hands as a signal, and the witnesses, Venecio, Jaramillo and Jose D. Sena, who had been waiting in an adjoining bath room, stepped in. The witness said he took the money, relating how part of it had been thrust under a bed quilt.

He told of recovering a \$20 gold piece half an hour after the arrests, from the defendant Lucero, who had it in his vest pocket.

Questions asked by the defense indicated that counsel for the accused will seek to show a conspiracy existed to get the four legislators out of the way because they would not vote in a certain way in the senatorial contest.

The men were arraigned before District Judge David J. Leahy. They waived preliminary examination and bail was fixed at \$2,000 each.

MAN IS HELD AS GEM ROBBER

Suspect Is Charged With Having Stolen Diamonds and Jewelry Aggregating \$170,000 in Value.

St. Louis.—A missing index finger on the hand of Daniel Callahan caused his arrest here on the charge of being the leader of a band of robbers who had stolen diamonds, aggregating in value \$170,000, and who have also been implicated in the robbery of a post office substation in this city.

Among those who are said to have fallen victims to Callahan and his band are Mrs. Malvina Drummond of England, formerly Mrs. Marshall Field, Jr., Edward Albert and Spaulding & Co., all of Chicago. In the Albert and Spaulding robberies two New York firms, Strauss & Strauss, and Sloan & Co., were also robbed of jewels valued at many thousands of dollars.

NEGRO CONVICT IS LYNCHED

Black Kills Guard, Fires on Others—Mob Takes Slayer From Sheriff and Hang Him.

Cochran, Ga.—A negro convict, Homer Howell, was lynched after he had killed Guard Joseph Coody, aged forty, and attempted to shoot down two other guards in the convict camp a mile from here.

Howell and sixty other men in the camp, it is said, had plotted to escape. News of the killing spread quickly. Howell, guarded by deputy sheriffs, was being taken to Hawkinsville, ten miles from this place, when a mob of fifty armed men took the prisoner and quickly strung him up to a telephone pole.

SAYS HE SENT BOMB TO JUDGE

Man Arrested as Vagrant in Florida Admits Mailing Infernal Machine to Rosalski.

Jacksonville, Fla.—Fred Price, alias Fred Newson, arrested as a vagrant, confessed to having sent the infernal machine to Judge Rosalski of New York recently.

Newson says he mailed the bomb to New York from one of the small towns near Jacksonville and says that if the detectives make an investigation they will find the records show the package containing the infernal machine was sent to Judge Rosalski as he says. The man claims to have been an old friend of Folke E. Brandt.

TO SAVE RICHESON'S LIFE

Counsel for Confessed Boston Murderer Consults With Governor Foss—Hopes for Prison Sentence.

Boston, Mass.—Efforts to save Clarence V. T. Richeson, the confessed murderer of Avis Linnell, from death in the electric chair began when his counsel, William A. Morse, conferred with Governor Foss. The date set for the execution is May 19. Mr. Morse said no petition for commutation would be sent to the governor for two weeks at least. Richeson's friends hope to obtain a life sentence for him.

Would Oust Stephenson.

Washington.—A resolution declaring that Senator Isaac Stephenson of Wisconsin was not legally elected, and that his seat should be declared vacant, was offered here by Senator Jones of Washington.

Giri Wins \$15,000 Suit.

Cincinnati.—A jury here awarded Miss Lillian Sucher \$15,000 damages against William Burger, a merchant. The girl, who formerly was employed in Burger's store, sued for \$25,000, charging breach of promise.

Endorses the Resolution.

Governor Aldrich endorses the resolution passed by a municipal ownership mass meeting in Lincoln which asks the state board of irrigation to withhold its consent from any scheme of development of the water power of the state until the next session of the legislature.

"I favor such a movement," said Governor Aldrich, who is a member of the state board, "and I have no doubt that the state board will refuse to approve grants for power purposes on the Loup and Platte rivers until the legislature meets and acts on a proposition for state development of those streams for power purposes. I shall have more to say on that subject at Broken Bow when I go there to deliver a speech."

Discipline to Be Enforced.

The lax administration which has been prevalent at the state penitentiary for several months, which was either directly or indirectly responsible for the murder of four officials there and the escape of the three convicts, is at an end, according to word given out there. After a conference between the governor and the newly-appointed warden, Sam Melick, it was announced that visitors' day at the institution would be abolished; that there would be a change in the personnel of the guards employed at the prison and that a definite, determined battle would be waged against the dope traffic from now on.

New Policies at Penitentiary.

The new policies to be put into effect by Warden Melick are different from any so far used at the prison. Although prison restrictions are to be added and enforced to the limit, the men are to enjoy more privileges than formerly. To offset the rule recently in effect that the men are not to talk with each other during working hours, is the new menu allowing the prisoners greater variety in the prison fare. Other rules are the same, and although the prisoners are denied all privileges which might be used to the detriment of the prison government, the men are to be allowed more comforts in other ways.

Wants More Refrigerator Cars.

State Food Commissioner Hansen will attempt to carry out the plan of his predecessor, W. R. Jackson, to induce railroads to run more refrigerator cars for the shipment of eggs and to cease the use of freight cars. The railroads showed little interest in the project and nothing definite was accomplished by Mr. Jackson before he was obliged to stop work on account of illness which resulted in his death.

Butler County Gets Flag.

David City.—The handsome silk flag which was the property of Company E, Nebraska national guard of David City, and which went with that company to the Philippines, has been presented to Butler county by Capt. John F. Zeilinger and accepted by the county commissioners. The flag has been in the possession of Captain Zeilinger since the company returned from the Philippines in 1899.

C. W. Pool Files Withdrawal.

Charles W. Pool of Tecumseh, a candidate for the democratic nomination for governor, Thursday filed notice of withdrawal with the secretary of state. His action leaves the race for the favor of the party between John H. Morehead of Falls City and R. L. Metcalfe of Lincoln.

Civilian Cook for the Pen.

"I have decided to get a civilian cook for the penitentiary," said Governor Aldrich in a discussion of the proposed changes at that institution. The cooking has been done in the past by convicts. A civilian night engineer will also be employed instead of a convict.

Sheriff Hyers of Lancaster county has sent a letter to Governor Aldrich in which he recommends that the next session of the state legislature appropriate \$5,000 for Mrs. Roy Blunt, the three-months bride of the farmer boy who was killed while being forced to drive the convicts during the battle with the officers.

A Methodist Who Couldn't Wait.

Charles Strader, in charge of the campaign for the half million endowment for the Nebraska Wesleyan university, was delighted to receive the other day a check for \$2,000 from Rev. J. Adrance, an aged Methodist minister of Fremont. The time for starting the subscriptions does not arrive until April 22, and yet here is a Methodist who cannot wait for the time, but sends in his contribution in the form of a check.

"Have all made nominations who wish?" asked Secretary of State Addison Wait, Tuesday evening at 6 o'clock. "If so, I declare the nominations closed; prepare your ballots for April 19." The gavel then fell on nominations under the state primary law. It closed a long and grilling siege in the office of the secretary of state, where for months nomination papers had been filed and recorded when the papers were correct and returned to candidates or their friends when incorrect, with letters of instructions to make the wrong right.

ALL OVER NEBRASKA.

The Seed Corn Campaign.

Chancellor Avery of the University of Nebraska and other university men who took an active part in the recent seed corn campaign of the publicity bureau of the Omaha Commercial club, have written the following letter to C. C. Rosewater, chairman of the bureau:

We wish to express our appreciation of the service rendered the state in the campaign for better seed corn just closed. The public-spirited men of the Omaha Commercial club, in cooperation with the railroads, made this campaign possible.

There will never be any way of actually knowing the amount of good accomplished. The feeling of the speakers, who were college and extension workers from the University of Nebraska, can best be expressed by a quotation from one of the number who has spent nine years as an extension worker and thirty-seven years as a farmer in this state.

"I feel better satisfied with the last two weeks spent on these corn trains than with any two weeks of my entire life. The interest of the farmers was remarkable, and the talks were practical. The campaign will be productive of much immediate good, and its results will be felt for years."

We wish especially to commend the work of the publicity bureau. This work was so well organized and carried out that there are probably few citizens of the state not familiar with the campaign.

S. AVERY, Chancellor.
E. A. BURNETT, Dean.
C. W. PUGSLEY, Agricultural Extension.

Tribute to Young Blunt.

Sarpy County.—The body of Roy Blunt was laid to rest in the Springfield cemetery. The body of the young farmer, the innocent victim of the man-hunt, which ended in the death of two penitentiary convict murderers and the capture of a third in a pitched battle with sheriff's officers Monday, was brought to that city from his late home, six miles away.

In cutters, hobsleds and wheeled vehicles of every description, some 200 mourners, farmers of Sarpy county and residents of Springfield and nearby towns, braved the biting north wind and followed the improvised hearse through the well-nigh impassable roads of Sarpy county to its destination. Services at the church were largely attended, the building being utterly inadequate to accommodate all mourners. Rev. A. J. Warne of Springfield officiated at the funeral. He touched on the youth of the dead man, his great popularity in the community in which he had passed his entire life, and the sympathy which all extended to his bereaved family. He touched lightly on the incidents leading up to young Blunt's death, and spoke of the apparently needless sacrifice.

Accused of Murder.

Furnas County.—Phillip W. Harlan, sr., who is under arrest at Cairo, Ill., charged with killing S. F. George, a hotel proprietor there, has lived in Furnas county since 1881. He homesteaded in Weaver precinct and now owns a fine, large farm. His only son, Phillip W. Harlan, jr., resides near the old homestead and is a prominent and influential citizen. Harlan left there a month ago to visit with relatives at McClure, Ill., which is a short distance from Cairo.

Stirred Over Tragedy.

Seward County. Seward's population has been stirred up to quite a pitch over the late tragedy at the penitentiary, and capture of the murderers, and the killing of young Farmer Blunt. It is the prevailing sentiment that the legislature should extend aid to the widow.

Former Nebraskan Drowned.

Otoe County.—A telegram received in Nebraska City by Hon. Patrick Roddy states that his son, who was working for the government at Wenatche, Wash., was last seen working on a barge on the river at that place and it is presumed that he fell off the same while his companions were on the shore.

Reject Commission Plan.

Hall County.—The proposition to adopt the commission form of government in Grand Island was badly defeated, the vote being 475 against it.

Testing Seed Corn.

The Enterprise club, which is the Commercial club of Florence, Nebraska, has been testing the corn for the farmers in that vicinity free this spring and has opened the eyes of the growers to such an extent that it is assured all the seed corn will be tested before planting. Having had such good luck along that line they now have made arrangements with the state university to have three or more lecturers come and demonstrate orchard work.

Brown's Pension Amendment.

Washington dispatch: An amendment to be offered to the pending pension bill by Senator Brown of Nebraska provides that soldiers who are prevented from doing manual labor because of injuries received or disease incurred in line of duty shall be eligible to the provisions of the bill, without regard to the length of service. The senator believes it would be unjust to bar from pension benefits those who were prevented by injury or disease from serving ninety days.

NICE, BUT NOT IN HIS LINE.

Exhibition of "Mantles" Most Pleasurable, Only Young Man Had Other Business to Attend To.

"I've come to see about the mantles, miss."
"O, yes, I'm glad you have come so soon; will you step into the drawing room?"

The young man stepped; he was pleased with his pleasant reception. After awhile ma came in and said: "How do?" So sorry to trouble him, but would he mind if they tried the mantles on? Her daughter's was a trifle too full, and her own a trifle too long, she thought. Perhaps he would be good enough to see.

The young man said he would be only too delighted.

The two elegant mantles in the latest style which were lying across the back of the sofa were then donned, and the young man said he thought they looked charming. Yes, perhaps a little alteration was required, but—if they would excuse him he would be glad if they would let him get on with his work and show him the gas burners that were requiring fresh mantles.

Why? Wasn't he from Jiggins & Jiggins?
O, no! He was the young man that attended to the mantles from the gas company!—Rehoboth Sunday Herald.

HANDS BURNED LIKE FIRE

"I can truthfully say Cuticura Remedies have cured me of four long years of eczema. About four years ago I noticed some little pimples coming on my little finger, and not giving it any attention, it soon became worse and spread all over my hands. If I would have them in water for a long time, they would burn like fire and large cracks would come. I could lay a pin in them. After using all the salves I could think of, I went to three different doctors, but all did me no good. The only relief I got was scratching.

"So after hearing so much about the wonderful Cuticura Remedies, I purchased one complete set, and after using them three days my hands were much better. Today my hands are entirely well, one set being all I used." (Signed) Miss Elta Narber, R. F. D. 2, Spring Lake, Mich., Sept. 26, 1910.

Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. L, Boston.

Ought to Be All Right.
Mr. Bacon—Something wrong with this hash this morning, dear."
Mrs. Bacon—Why?
"I don't know. It needs something."
"I can't think what it can be. I put in everything I could find."

CRITICAL TIME OF WOMAN'S LIFE

From 40 to 50 Years of Age.

How It May Be Passed in Safety.

Odd, Va.:—"I am enjoying better health than I have for 20 years, and I believe I can safely say now that I am a well woman. I was reared on a farm and had all kinds of heavy work to do which caused the troubles that came on me later. For five years during the Change of Life I was not able to lift a pail of water. I had hemorrhages which would last for weeks and I was not able to sit up in bed. I suffered a great deal with my back and was so nervous I could scarcely sleep at night, and I did not do any housework for three years.

"Now I can do as much work as any woman of my age in the county, thanks to the benefit I have received from Lydia E. Pinkham's Vegetable Compound. I recommend your remedies to all suffering women."—Mrs. MARTHA L. HOLLOWAY, Odd, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. We know of no other medicine which has such a record of success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for woman's ills.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Relieves Backache Instantly

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

Here's Proof.

"I had my back hurt in the Peer War and in San Francisco two years ago. I was hit by a street car in the same place. I tried all kinds of drugs without success. Two weeks ago I saw your liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."
FLETCHER NORMAN, Whittier, Calif.

SLOAN'S LINIMENT

is the best remedy for rheumatism, neuralgia, sore throat and sprains.

Miss E. Rym of Brooklyn, N.Y., writes: "Sloan's Liniment is the best for rheumatism. I have used six bottles of it and it is grand."

Sold by All Dealers.
Price, 25c., 50c., and \$1.00.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still lives on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.
