### The Only "Dolly" Type Machine Made

That has absolutely no operating mechanism attached to the sides or top of the machine.

Equipped with specially designed reversible wringer, which is operated by the same motor that operates the machine, and enables the washing and wringing to be done at the same time.

The motor, together with all operating mechanism, is mounted on a metal frame underneath the body of the machine, out of the way of the operator. This metal frame is rigidly attached to the legs and insures perfect alignment of the gearing and reduces the amount of power required to operate the machine to a minimum.

### Only one Lever to Operate

The machine and reversible wringer under positive control of the operator. The wringer may be operated at the same time or remain stationary while the machine is washing the clothes. The only Dolly type machine fitted with special 1-inch drain faucet at the bottom for drawing off the waste or making permanent connection with the waste drain, if desired.

15 days' free trial to convince you of the merits of this machine.

## NEW TALES THAT ARE TOLD

### Nearly a Sacrifice.

Kansas people may not believe it, but former Senator W. A. Peffer once threatened to cut off his whiskers, and the threat was made while he represented the state in the senate.

Two men were riding in an elevator in the senate end of the capitol building at Washington. One was a warm friend of Peffer. The other just knew him by sight. They began to talk of Peffer. The man who had no personal acquaintance with Peffer remarked:

"SENATOR, I DEFENDED YOU AGAINST A SERIOUS CHARGE."

that the long whiskered senator was not conducting himself in a manner consistent with a prohibition state.

"What do you mean?" asked the other in surprise.

"Simply that Peffer drinks," said the man. "I saw him take a nip at a hotel bar myself today."

The friend challenged the statement, but the man stood pat.

Finally the friend went to Peffer and said: "Senator, I defended you against a serious charge a few minutes ago, and now I want you to tell me the truth. I challenged the statement of a man who said he saw you take a drink of liquor today."

The senator shrugged his shoulders, looked sorrowfully down at his long whiskers and remarked, "Colonel Ed Manning must either cut off his whiskers or I'll cut off mine." Colonel Manning cut his.—Kansas City Journal.

ALL THESE MEN HAVE WORKED FOR THE SAFETY OF YOUR MONEY WHEN IT IS IN A NATIONAL BANK

Copyright 1907, by C. E. Zimmerman Co.—No. 293

IN order to furnish proper banking protection, President Lincoln and his first congress established the National Bank which operates under government supervision.

From time to time additional laws have been passed under the different presidents shown above strengthening the protection a National Bank affords.

Thus the confidence and security that comes with the possession of money in the bank is greatly enhanced when it is in a National Bank, for here it has every safe-guard possible for human ingenuity to devise.

In selecting a bank in which to deposit your savings or surplus funds the one thing to be considered is safety and we ask for your business only on the basis of absolute safety. Call at our bank and let us explain to you how safe your money is here.
