**An Old Timer Dead.**  
John Hittle died in Omaha, Monday, April 29, 1912, where he had been taken about two weeks ago for a surgical operation.  
Mrs. Hittle was with him during his last illness and thought he was recovering until he calmly and peacefully passed away.  
At the last he looked to her as she handed him a drink of water and passed it back. As she took the glass he tried to speak. A slight tremor and he was gone.  
John Hittle was born August 15, 1837 at Lehi, Pa., and from there removed to Nodaway, county, Mo., and from there came to Cherry county in 1883, settling on his farm down the river where he has lived since.  
He was married in 1888.  
The funeral was held yesterday in the Presbyterian church, and many of his old friends were there to bid a last farewell to John, their neighbor, whom they held in high esteem.

**The Only "Dolly" Type Machine Made**  
That has absolutely no operating mechanism attached to the sides or top of the machine.  
Equipped with specially designed reversible wringer, which is operated by the same motor that operates the machine, and enables the washing and wringing to be done at the same time.  
The motor, together with all operating mechanism, is mounted on a metal frame underneath the body of the machine, out of the way of the operator. This metal frame is rigidly attached to the legs and insures perfect alignment of the gearing and reduces the amount of power required to operate the machine to a minimum.  
**Only one Lever to Operate**  
The machine and reversible wringer under positive control of the operator. The wringer may be operated at the same time or remain stationary while the machine is washing the clothes. The only Dolly type machine fitted with special 1-inch drain faucet at the bottom for drawing off the waste or making permanent connection with the waste drain if desired.  
15 days' free trial to convince you of the merits of this machine.

**ALL THESE MEN HAVE WORKED FOR THE SAFETY OF YOUR MONEY WHEN IT IS IN A NATIONAL BANK**

Copyright 1907, by C. E. Zimmerman Co., No. 32N

**IN** order to furnish proper banking protection, President Lincoln and his first congress established the National Bank which operates under government supervision.

From time to time additional laws have been passed under the different presidents shown above strengthening the protection a National Bank affords.

Thus the confidence and security that comes with the possession of money in the bank is greatly enhanced when it is in a National Bank, for here it has every safe-guard possible for human ingenuity to devise.

In selecting a bank in which to deposit your savings or surplus funds the one thing to be considered is safety and we ask for your business only on the basis of absolute safety. Call at our bank and let us explain to you how safe your money is here.

**WHY NOT MAKE \$200.00 A MONTH - - That's \$50.00 a Week, almost \$10.00 a Day**

Selling Victor Safes and fire-proof boxes to merchants, doctors, lawyers, dentists and well-to-do farmers, all of whom realize the need of a safe, but do not know how easy it is to own one. Salesmen declare our proposition one of the best, clean-cut money-making opportunities ever received. Without previous experience YOU can duplicate the success of others. Our handsomely illustrated 20-page catalog will enable you to present the subject to customers in an interesting manner as though you were piloting them through our factory. Men appointed as salesmen receive advice and instructions for selling safes, giving convincing talking points which it is impossible for a prospective customer to deny. Why don't YOU be the first to apply from your vicinity before someone else gets the territory? We can favor only one salesman out of each locality.

The 25th anniversary of our company was celebrated by erecting the most modern safe factory in the world. Wide-awake men who received our special selling inducement, rendered it necessary to double our output. We are spending many thousands of dollars enlarging our sales organization, but to learn all particulars, it will cost you only the price of a postal card.
