Munsing Union Suits FOR LADIES

We take considerable pleasure in calling attention to our complete stock of Munsing Union Suits for ladies. We consider ourselves very fortunate in securing the exclusive agency for these excellent garments. While it is generally known that they are very high class, it is not known by everybody that the prices are as low as ordinary makes of underwear are sold for. We can convince you.

VALENTINE LOCALS

Roan brothers were up from Wood Lake Monday.

Lizzie Gassan visited in the country a short time last week.

Judge Harrington and C. B. Scott of O'Neill were in Valentine Monday on legal business.

Work on Jack Dambly's new house is progressing rapidly. Grant Boyer is doing the work.

John Harms and family came in from their ranch Saturday and visited Chas. Gassan and family several days.

A large number of friends of Old Lady Kelly gathered in Valentine Tuesday to attend her funeral which was held at the Catholic church, conducted by Rev. Father Blaere.

Mat Jelly was in town Monday for the first time since January. He's been kept busy at home selling seed corn, of which he had a quantity, and our home seed corn grows better here than the late corn raised in eastern and southern corn districts.

T. A. Coffey of Merriman and Mr. Clabaugh have purchased a big string of cattle from Richards and Comstock at Ellsworth. These were from the old Enlow ranch, and we hear that J. A. Saults has bought quite a lot of land from them, as well as Messrs. C. H. Tully and Frank Cury. We hear that the land sold at \$15 an acre, which is very reasonable, considering the way hay has been selling.

The Imperial Guards Band comes all the way from sunny Italy for a ten week's engagement with the Redpath-Horner Chautauquas in the territory between the Missouri and the Rockies. They sail from Italy this month. The director of this band was at one time the assistant director of Creator's band, and each one of the men in the Imperial Guards band has played at many a notable state occasion in their native land. It is their first tour in America.

Andrew Morrissey is in Valentine this week on business and visiting friends. He won out for the nomination for attorney general by nearly 2000 votes over W. W. Terry of Beatrice, and as this part of the state has had no nomination or representation for a number of years, and in fact scarcely has been recognized heretofore, we believe Mr. Morrissey will run well up with the democratic ticket or better, and his candidacy will help the ticket in the western part of the state.

Frank Randall informs us that some one climbed up through one of the manholes of the power house of the city electric plant and stole three belts. One was the wide drive belt and the other two were smaller. The door is fastened with a spring lock and easily opened from the inside so the thieves had no difficulty getting away with their booty. Frank says he piled some heavy stones on the manhole covers and the next person will probably be treated to a surprise if he succeeds in pushing one over.

We have a new 10x15 Chandler & Price job press just installed and our faithful 8x12 jobber had to be moved out of the office to make room. Therefore, the 8x12 brass arm Gordon is for sale. We'll take \$40 for it f. o. b. Valentine. We have done thousands of dollars worth of work on it and in fact it was our main job press until now, when we felt able to replace it with a new one to handle our increased job business, which, with our big 13x19 jobber is all we have room for in our office.

Choice 1,450-pound heaves brought \$8.50, as high as anything of this weight has sold this year, and mixed yearlings brought \$8.45, which is the highest mark of the season for this class of stock. A Country of Homes

Did you ever give thought to the fact that it is largely due to the material aid and encouragement given by banks and bankers that this is a country of homes and home owners?

Do you realize that this aid and encouragement, which has been such a help in making improvements and advancing property values, was possible only because many people deposited in banks their surplus money, the money for which they had no immediate use?

Individually these accounts were small, collectively they stand for the world's progress.

Identify yourself with the movement for making this a better town, a better trading point and a more prosperous community of home owners by opening an account with the
