Those who had supposed that the defeat of November 6 would impair Mr. Bryan's talking facilities were evidently not correctly informed as to his ability to surmount small difficulties.

The reapportionment bill of Dr. Ely of Ainsworth, introduced in both houses of the legislature Wednesday, places Madison and Boone counties in a senatorial district—No. 16. It makes this county the Thirty-Third representative district, and Madison and Platte, with a float representative between them, the Thirty-Fourth.

It would seem that a small acreage of popcorn would be of value to the average farmer and it is a wonder that more of it is not grown. The retail price of popcorn in Norfolk during the present season has been five cents per pound. The Albion News recites an instance of at least one farmer making a good profit on the crop: "Albert Porter raised some over 400 bushels of popcorn last year, the yield being 80 bushels per acre. The price quoted now is three and one-half cents per pound. That would be \$2.10 per bushel. That makes a pretty profitable crop."

It was a horrible condition that resulted in the incarceration of a man named Packer of Colorado for 17 years, but there will be few, probably, to object that this service has been deemed sufficient for the crime by Governor Thomas, whereas the man had been sentenced for life. The crime for which he was convicted was that of murdering his five companions and eating of their flesh, while lost in the mountains of Colorado in an early day. The only surviving member of the party was Packer, and he testified that one of his companions became insane through the horrible sufferings and murdered the other four, after which Packer killed him in a desperate fight. He further admitted that he did eat of their flesh to allay the horrible cravings of appetite. On this evidence the man was convicted for life and he has just been given the benefit of the doubt. It is said that his character was good previous to the crime.

FAIL TO GET TOGETHER

Senatorial Aspirants at Lincoln Unable to Reach an Agreement on Terms of Caucus.

Lincoln, Jan. 11.—Two attempts on the part of candidates for United States senator and one on the part of Republican members of the legislature, to reach an agreement on the caucus question resulted in failure yesterday. Hinshaw has declared himself in favor of a caucus, but says 50 votes should be the minimum for selecting candidates. Hainer is still holding back. An unofficial conference was held last night, attended by 29 members, chiefly Thompson's supporters, who had signed the "43" petition. They discussed means for getting a full caucus on the terms they had signed, but came to no agreement.

REACHES GAME COUNTRY.

Roosevelt Arrives in Colorado on His Hunting Trip—Meets Goff at Meeker. Colorado Springs, Colo., Jan. 11.—Colonel Theodore Roosevelt arrived yesterday, and accompanied by Philip B. Stewart and Dr. Gerald B. Webb, boarded the Colorado Midland train, on which he continued his journey westward to the hunting grounds, where he will seek spoil with mountain lions and bear. The party will leave the train at Rifle, Colo., and ride to Meeker, Colo., where the well known guide, John Goff, awaits them with horses, hounds, guns, ammunition, provisions and cooking utensils. A crowd was assembled at the Midland depot to witness the departure of the hunters and it made a noisy demonstration in honor of the vice president-elect. Several cameras were pointed at Colonel Roosevelt as he alighted from his carriage.

Tillman Denies Report.

Washington, Jan. 11.—Senator Tillman (S. C.), who yesterday returned from Omaha, where he attended the Jacksonian banquet in company with Mr. Bryan, took occasion to deny the report of a disagreement between himself and the recent presidential candidate. "The statement is without any foundation whatever," he said. "There is no disagreement between Mr. Bryan and myself. We are agreed as to the future policy of the Democratic party and there has not been the slightest break in our relations."

Drop Simpson for Overmyer.

Topeka, Jan. 11.—The Populist members of the legislature have dropped Jerry Simpson as a senatorial candidate and have decided that the name of David Overmyer will be presented as the fusion candidate for senator. A caucus of the Populists will be held Monday night.

Kirk Armour Improving. Kansas City, Jan. 11.—The condi-

tion of Kirk B. Armour, nephew of the late Philip D. Armour, who is ill with pneumonia, has improved and his physician expressed the belief that he is out of danger.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggist, price 75c. per bottle. Hall's Family Pills are the best.

A Prominent Chicago Woman Speaks.

Prof. Roxa Tyler, of Chicago, vice president Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by the Kiesan Drug Co.
