HEADQUARTERS SELECTED.

The Elks Take Second Floor of Marquardt Hall.

LODGE AND CLUB ROOMS.

The Rooms Will be Fitted Up in Handsome Style and Norfolk Lodge Will be Possessed of Quarters That Will be a Credit to the City and Order.

The special meeting of the B. P. O. Elks, called Saturday evening, to decide upon location for lodge and club rooms, was in session until 1 o'clock in the morning, at that time voting to accept the proposition of A. J. Durland for the second floor of the Marquardt block.

Under the proposition the Elks will occupy the whole second story of the Marquardt block, giving a floor space of 44 by 90 feet. This will be arranged so as to give a lodge room 20 by 55 feet, an ante room 10 by 14 and a paraphernalia room 6 by 9. For use as club rooms there will be a reception and writing room 20 by 39, a card room 15 by 20, a billiard room 30 by 20, lobby, cloak and toilet rooms and buffet. The outside stairway is to be removed entirely, but the balcony which is now on the west side of the building is to be left. The entrance will be at the south end of the building by way of a large easy stairway, which is to replace the one now in use.

Work on the changes will be begun in the near future, although the lodge will not be given entire possession of all the rooms until the first of May, as the leases of some of the present tenants do not expire until that time. Until then, however, the hall on the third floor will be used for lodge purposes.

When the contemplated changes are all made, Norfolk lodge of Elks will have as lodge and club rooms among the most commodious quarters in the state. They will be heated by hot water and lighted by electricity. Although it required a large number of ballots to decide upon location, the result seems to give general satisfaction among members.

MONDAY MENTION.

E. H. Luikart was down from Battle Creek over Sunday. C. B. Holahan left today for Fort Dodge, Iowa, on business. L. L. McKim was over from Sioux City and spent Sunday at home.

Mrs. H. L. Small of Omaha is visiting her daughter, Mrs. N. A. Lockwood. Mr. and Mrs. H. C. Brome of Omaha spent Sunday with relatives and friends in Norfolk.

J. H. Stewart of Osmond was in town Saturday night, leaving yesterday noon for Lincoln.

Mr. and Mrs. A. J. Durland and Miss Josephine Durland went to Chicago at noon today.

Tom Wheaton, formerly of Norfolk, is sick with typhoid fever at his home in South Omaha.

Miss Anna Heller, the 16-year-old daughter of Geo. Heller, is very sick with pneumonia.

Dr. Robert Johnson of Madison was in Norfolk over Sunday visiting relatives and friends.

Miss Grace Campbell came up Saturday from Stanton, where she teaches, and spent Sunday at home.

Mrs. Inskip went to Omaha this morning. From there she will go to Chicago to look over spring styles of millinery.

A slot music machine has been placed in the office of the Oxnard hotel for the entertainment of guests of that hostelry.

Geo. B. Christoph has purchased the residence property of C. B. Holahan on South Tenth street and will take possession May 1st.

Mr. and Mrs. F. W. Koerber and children of South Norfolk left this noon for a visit with relatives and friends at Madison, Wisconsin.

Rev. Mr. Osborne of Creighton arrived this morning to attend the funeral of Mrs. Isbister and Mrs. Weills, which is to take place tomorrow morning.

Editor W. E. Powers of the Pierce Leader was in the city today on business and incidentally looking for a printer to work for him about three weeks.

Mr. and Mrs. C. E. Green and Miss Nettie Allbery spent Sunday with Emerson friends. Miss Allbery returned and went on to Omaha at noon to visit a few days with Mrs. Tom Wheaton.

Mr. and Mrs. P. H. Patterson arrived last night from Omaha and will make Norfolk their home. They will live at the Oxnard for the present. Mr. Patterson represents the Richardson Drug company.

Niobrara Tribune: On Tuesday Mrs. Maria Kliment was brought down from Verdigre on a complaint made by John Bruce of insanity. The insanity board was convened, and the evidence submitted was thought sufficient to warrant her being sent to the asylum at Norfolk.

J. D. Sturgeon and his concert company returned Saturday from Pierce where they played to a very satisfactory audience. In fact the entire tour was very successful and the trip heartily enjoyed by all. Mr. Sturgeon contem-

plates starting out again about the 1st of April and touring another section of his territory. If he does so Norfolk will probably be favored with a date.

The dance to be given by Elkhorn Valley lodge, No. 101, B. R. T., at Marquardt hall next Friday evening, promises to eclipse all similar functions given by that organization. Each committee is making every effort to excel all other attempts in every feature. The hall is to be handsomely decorated with national flags and the colors of the order, red and green, while numerous lanterns in the same colors will be tastefully arranged about the room. Each lady will be presented with a bouquet at the door, while her escort will receive a boutonniere. The music is to be by Bohner's orchestra. Supper will be served at the Pacific hotel, which insures that it will be all that it should. A cloak room will be maintained at the hall, and arrangements have also been made whereby wraps may be left at the Pacific hotel.

In THE NEWS' telegraphic report of Saturday there was an item from Logan, Kansas, stating that Joseph B. Hinton, aged 23, had shot Miss Maggie Schurtz, aged 15, and then himself, because the young lady had rejected him. It has since developed that the girl is a niece of P. A. Schurtz of this city, who knew nothing of the affair, except that given in THE NEWS, until today, when he received a letter from his folks, giving full particulars. The young lady was shot twice, one shot being fired after she turned and started to run away from Hinton. The letter states that there is some hope of the young lady's recovery, but that there is little chance for the recovery of her assailant. J. S. Schurtz, grandfather of the young lady, is at present visiting in Kansas, either at Logan or another town where he also is a son living.

The citizens of Niobrara have organized an irrigation and water power company, capitalized at \$50,000, for the purpose of developing the power of the Niobrara river, using it for furnishing power for electric lighting and power plants, mills and factories. The survey for the canal has begun and the projectors hope to soon have cheap and adequate power for all sorts of industries. Speaking of the manner in which the object has been accomplished the Pioneer says: "Niobrara is to be congratulated for the one-mindedness of its people and the promptness of their meeting emergencies. The water power company was organized without the least effort and the money ready for call. It is not often that a community can get together on a project of such magnitude with so little friction. One enterprise begets another. Niobrara sensibly organized in December so as to get in working shape early in the season."

A Good Business Investment. In these days of competition the man who keeps abreast of the times is the man who makes a success of his business, whether he is a doctor, lawyer, hardware dealer or farmer. A man these days has to keep posted regarding the improvements and new ideas in his own business. Every doctor who amounts to anything takes two or three medical journals, and would probably take more if they met his requirements. The lawyer takes legal journals and the hardware dealer trade papers.

Every farmer, for the very same reason, ought to take one or two first-class agricultural publications. Of course, some farmers think that the men who write somewhere in the city about matters on the farm cannot teach him anything. That is probably so, but the best farm papers are merely printed in the city; the ideas and results of experiments are of the best farmers, fruit growers and stock breeders, the readers having every benefit of the hard work and experiments of these men.

Although it is one of the newer publications, the one that is best adapted for farmers and stock raisers in this state is The Twentieth Century Farmer. The price of The Farmer is \$1.00 per year, and we are making a very low clubbing offer with this paper, giving both papers for a year for \$2.00.

The Twentieth Century Farmer has all sorts of good reading matter, besides the agricultural departments. But, looking at a subscription as a business investment, just take, for example, one department. It conducts a veterinary department, giving its readers the benefit of the advice of the best veterinary surgeons in the state for the asking.

If you save a horse or some of your animals it will be worth a great many times the subscription price. In the woman's department they also have a feature which will interest the woman who makes her own clothes. The patterns illustrate the latest fashion and they are entirely practical, and if a subscriber likes any particular style which is mentioned, they can get a pattern which would ordinarily cost from 25 to 50 cents for 10 cents by addressing the publishers of the farmer. Every other department has its attractive features.

If you would like a sample copy we can show you one at this office. WASHINGTON, D. C. Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen—Our family realize so much from the use of Grain-O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but Grain-O I have found superior to any, for the reason that it is solid grain. Yours for health, C. F. MYERS.

ONE KIDNAPER IN CUSTODY

Prisoner Identified by Eddie Cudahy as His Keeper.

IN OMAHA ALL THE TIME.

No Doubt About Callahan Being the Right Man, as Several Others Corroborate the Identification by the Kidnaped Boy. Omaha Police Make the Arrest.

Omaha, Feb. 20.—One of the kidnapers of Edward Cudahy, Jr., is now in the custody of the police in this city and has been positively identified by several parties. There is no doubt in police circles or in the mind of Mr. Cudahy that they have one of the guilty men.

The man in custody is James Callahan and he has been staying for a month past with his sister, Mrs. Kelley, at Fifty-third street and Poppleton avenue, Omaha.

The identification is positive on the part of young Cudahy, who says that the prisoner is the man who first accosted him on the street on the night of the kidnaping and told him he was the sheriff of Sarpy county, pretending to arrest him for a crime committed in that county. He is also the man who kept guard over the boy in the cottage where he was held prisoner by the kidnapers.

Five persons altogether are said to have identified Callahan as one of the kidnapers. He is the one referred to in the circulars as "No. 3." Among those whose identification is especially valuable is that of J. N. H. Patrick, who lives in Happy Hollow, west of the city. Mr. Patrick says that Callahan is one of the men who came to his home late last summer to rent a little house that stood in a corn field on the Patrick premises at considerable distance from the road. This house was the one fitted up by the bandits as the prison house, but was abandoned after having been visited by the police.

Callahan was arrested in a saloon, where he had been spending money freely, by Detectives Dwyer and Duerberry of the Omaha police force.

Callahan maintains that he knows nothing about the kidnaping, but admits a close friendship with Pat Crowe. "That fact stands against me," he says. Formal charges will be filed against Callahan today.

Another suspect has been located and will be arrested today. It is practically a certainty, the police say, that the man who is to be arrested has a guilty knowledge of the kidnaping, even though he may not have taken an active part in the bold scheme.

BUTTERMAKERS MEET.

Large Attendance at Convention and Great Display of Machinery. St. Paul, Feb. 20.—The national convention of buttermakers opened in this city yesterday and several hundred delegates are in attendance. In connection with the convention the exhibition of buttermaking machinery is the largest ever brought together.

The parade, which was the feature of the day, formed at Rice park shortly after 2 o'clock and marched to the Auditorium. The convention was there formally opened by the president of the National Creamery Buttermakers' association, George E. Haskell of Lincoln, Neb., who delivered the opening address.

The judges finished their work and scored all of the 846 tubs. The prize winners will be announced tomorrow evening.

Four Bodies Recovered.

Cumberland, B. C., Feb. 20.—Six hundred feet below the ground and over 1,000 yards from the foot of shaft No. 5, a little gang of men are working in an heroic attempt to reach the bodies of their fellow miners who perished in Friday's explosion. Four bodies have so far been recovered.

Diamond Jo Meeting.

Dubuque, Feb. 20.—The annual meeting of the directors of the Diamond Jo Steamboat company was held here yesterday. The following officers were elected: President and treasurer, Joy Morton; vice president and superintendent, Captain Killeen; secretary Isaac P. Lusk.

Farming in Colorado and New Mexico.

The Denver & Rio Grande railroad, "The Scenic Line of the World," has prepared an illustrated book upon the above subject, which will be sent free to farmers desiring to change their location. This publication gives valuable information in regard to the agricultural, horticultural and live stock interests of this section, and should be in the hands of everyone who desires to become acquainted with the methods of farming by irrigation. Write S. K. Hooper, G. P. & T. A., Denver, Colo.

The complete service of "The Chicago-Portland Special" via Union Pacific, enables passengers to reach the principal cities between the north and Pacific coast and Missouri river not only in the shortest possible space of time, but also in the most comfortable and enjoyable manner. The dining cars on this train are stocked with the best of the market affords. All meals served a la carte.

You should know about Farming in Nebraska. Corn is king, but other grains are successfully raised and you can buy land cheap along the Fremont, Elkhorn & Missouri Valley railroad. Write for particulars to J. H. GABLE, Traveling Pass. Agent, DENVER, CO. J. R. BUCHANAN, Gen'l. Assn. Agent, Omaha, Neb.

Women are Like Flowers.

Healthy and strong they blossom and bloom. Sickly, they wither and die. Every woman ought to look well and feel well. It's her right and duty, but she might as well try to put out a fire with oil as to be healthy and attractive with disease corroding the organs that make her a woman. Upon their health depends her health. If there is inflammation or weakening drains or suffering at the monthly period, attend to it at once. Don't delay. You're one step nearer the grave every day you put it off. Women can stand a great deal, but they cannot live forever with disease dragging at the most delicate and vital organs in their body. You may have been deceived in so-called cures. We don't see how you could help it, there is so much worthless stuff on the market. But you won't be disappointed in Bradford's Female Regulator. We believe it is the best medicine on earth for womanly ills. There is as much difference between it and other so-called remedies as there is between right and wrong. Bradford's Female Regulator soothes the pain, stops the cramps, promotes regularity, strengthens, purifies and cleanses. It does all this quickly and easily and naturally. It is for women who are delicate whether they will be healthy or sick. Bradford's Regulator lies at hand. \$1 per bottle at drug store. Send for our free booklet.
