

## MANY SEND CONDOLENCES

### Universal Sorrow at Death of General Harrison.

## MESSAGES FROM ABOARD.

Arrangements for the funeral completed. Many noted men will attend—former members of Harrison cabinet to act as honorary pall bearers.

Indianapolis, March 15.—The arrangements for the funeral of Benjamin Harrison, ex-president of the United States, have been completed. The body will lie in state at the capitol tomorrow from 11 o'clock in the morning until 10 o'clock in the evening, and the funeral services will be held from the First Presbyterian church Sunday afternoon at 2 o'clock, the Rev. M. L. Haines officiating.

The event will not only be one of national significance but of international importance. Cablegrams are reaching the family of condolences in the hour of bereavement. General Harrison was a man of international reputation and was held in high esteem throughout the civilized world. The funeral will be attended by many of the noted men of the United States. President McKinley and members of his cabinet will be here. Governor Yates of Illinois telegraphed that he will be here, attended by his staff. Governor Nash of Ohio with his staff will attend the funeral. Governor Durbin sent a notice of General Harrison's death to the governors of many of the states and it is the belief that the majority of them will come. The members of General Harrison's cabinet have sent word that they will attend and it is the intention to have them act as honorary pall bearers.

The railroads have made arrangements for a rate of one fare for the round trip, which will have the effect of greatly increasing the crowds.

Many different state and city organizations held meetings yesterday and took action on the death of the noted statesman. C. N. Kendall, superintendent of the public schools, has issued an order recommending that a part of today be devoted to the life and services of General Harrison and that the teachers speak of his life in connection with the history of the United States, of his service as a soldier, as a senator and as president of the United States.

There is a feeling of gloom throughout the city, the state and the entire country. Flags are at half mast and buildings are draped in mourning. While the body lies in state today all the merchants in the city will drape their places in mourning and business practically will be suspended.

In the chapel of Butler college today Prof. T. C. Howe, in conducting the exercises referred to the life of General Harrison. The officers and directors of the Columbia club met and arranged to participate in the funeral arrangements.

It was stated today that members of the Columbia club will not attend the services Sunday afternoon in a body, but will probably take part in the services today. There were a number of callers at the Harrison home. J. Scott Harrison, brother of the general, arrived from his home in Kansas City, and another brother, Carter B. Harrison, will arrive today from his home at Murfreesboro, Tenn. Mr. and Mrs. McKee arrived yesterday.

The casket selected is of plain red cedar and will bear the inscription on the plate: "Benjamin Harrison, 1833-1901."

The burial will be private.

## Japan to Control Chinese Trade.

Chicago, March 15.—"Japan will in the near future control the commerce of the Orient. She will take away the trade of England and America in that portion of the globe, and no power on earth will be able to compete with her. While the other nations are quarrelling over China, Japan will rake the chestnuts out of the fire." So said Alfred Stead, youngest son of W. T. Stead, editor of the London Review of Reviews. Young Mr. Stead is in Chicago with his bride, who was Miss Mary Elaine Hussey of Indianapolis.

## Cubans Manifest Little Interest.

Washington, March 15.—Private advice received here from high authority in Havana are to the effect that the Cuban people as a whole are manifesting very little interest in the proceedings of the constitutional convention and also that it is not possible for any person at this moment to forecast knowingly the action of the delegates upon the pending propositions touching relations with the United States.

## Extending Reciprocity Treaty.

Washington, March 15.—Arrangements were made during a call of Lord Pauncefoot at the state department yesterday for the signing of protocols extending the time for ratifying the British West Indian reciprocity treaties. The formal execution of the extensions will be made in a day or two and in the absence of Reciprocity Commissioner Kasson in Florida, Secretary Hay will probably sign with Lord Pauncefoot.

## Miles Starts for Cuba.

Washington, March 15.—Lieutenant General Miles and party left here for Cuba last night over the Southern Railway. After spending two days

at Palm Beach, Fla., the party will embark at Miami for Havana. It is the purpose of General Miles and General Lindington to inspect the principal military posts in Cuba but their itinerary will not be arranged until after their arrival in Havana.

## DEATH OF JUDGE HAYES.

Former Iowa Congressman Expires Very Suddenly at Marshall, Mich.

Marshall, Mich., March 15.—Judge Walter Ingalls Hayes of Clinton, Ia., died here suddenly of angina pectoris at the home of the late Charles T. Gorham. Judge Hayes was born in Marshall in 1842, and attended the funeral of General Gorham yesterday. In the evening he had been calling on some friends and neighbors and when he reached the Gorham home he sank on a couch, complaining of a pain in his side. He was unconscious until relieved by death. Judge Hayes practiced law here directly after the close of the war, going to Clinton late in the sixties. He was an ardent Democrat and served in the national house of representatives three terms from Iowa. He was serving as circuit judge in his home district.

## COUNT ON WARPATH.

Castellane Thrashes Editor of Paris Figaro and Duel is Likely to Be the Result.

Paris, March 15.—Count Boni de Castellane thrashed Fernand de Rodays, editor of the Figaro, yesterday for stating that he (M. de Castellane) has betrayed the Deroulede plot on the occasion of the funeral of the late President Faure, February 23, 1899. A duel is expected.

Count de Castellane interpreted a paragraph in the Figaro as alluding to him. He was accompanied by his father, Marquis de Castellane, and a newspaper friend, M. Morrel. They proceeded to the residence of M. de Rodays. The count asked to see M. de Rodays and was ushered into the writer's study. M. de Rodays later received the party in his dressing room. Count de Castellane said:

"You published in the Figaro this morning an abominable paragraph against me."

M. de Rodays replied that he did not understand what the count meant, to which the latter retorted hotly:

"Will you retract or not?"

"To this M. de Rodays replied by explaining that the paragraph was courteously couched and that no mention was made of the name of Count de Castellane. Then, without further ado, Count de Castellane boxed M. de Rodays' ears severely and repeatedly. M. de Rodays, who was seated, recoiled and M. de Castellane followed him up and slapped his face again. Marquis de Castellane and M. Morrel interposed and protected M. de Rodays from further violence. The Castellane party then withdrew.

## ROCKHILL'S HARD TASK.

Commissioner is Trying to Hold Other Powers in Check.

Washington, March 14.—Mr. Rockhill, special United States commissioner at Peking, has not yet been able to inform the state department of the character of the agreement said to have been reached by the foreign ministers relative to the basis of indemnity claims, though he has been in communication with the department on the general subject. It is apprehended that the final agreement is still distant. The pursuance of the punitive expeditions and the insistence of some of the ministers upon designating more Chinese notables for execution is regarded here as sure to result in the failure of the negotiations if persisted in, and Mr. Rockhill is using all of his powers, by express direction of the department, to induce the ministers and military powers to cease what are regarded as ruthless and bloody measures.

## Soldier Wins a Cadetship.

Beatrice, Neb., March 15.—At the examination for admission to West Point military school, held here yesterday, Hugh D. Schultz of this city won the cadetship and Jesse S. Lancaster of York was named as the alternate. Mr. Schultz is a member of company C, First Nebraska, and served one and a half years in the Philippine Islands without being sick a single day.

## VETOES THE EVANS BILL.

### Governor Wells Returns Measure Without Approval.

## FEARED FEDERAL ACTION.

Utah Measure Passed in Utah to Limit Prosecution of Old Polygamists Holds Out Only False Hope of Protection and is Full of Danger to the State.

Salt Lake, March 15.—Governor Wells has vetoed the Evans bill relating to the making of complaints and commencing of prosecutions in criminal cases. In his veto message to the senate he says: "In my opinion nothing can be clearer than this bill, if passed, would be welcomed and employed as a most effective weapon against the very classes whose condition it is intended to ameliorate. Furthermore, I have reason to believe its enactment would be the signal for a general demand upon the national congress for a constitutional amendment directed against certain social conditions here, a demand, which under the present circumstances, would surely be complied with. While it may be urged that in every event the poor could be made to suffer, is it not an odious thought, repulsive to every good citizen of whatsoever creed or party, that the whole state should thus be put under a ban? Surely there is none so selfish and unpatriotic as to argue that this is preferable to the endurance of a few isolated instances of prosecution—unbacked, as they are, by either respectable moral support or sympathy. All of us can readily recall the conditions of the past as compared with those of today. In the shortest memory still remain incidents of that distressing period shortly before statehood during which so much sorrow and bitterness stalked through our community. Of still more recent date—no longer than two years ago—another outburst was threatened and to some extent was manifested. But as a termination of the first, came concession and amnesty, and evidence of good faith, and at length statehood. I yield to no one in affection for those of my people who from the highest motives and because they believed in a divine command entered into the relation of plural marriage, born and reared in Utah, myself a product of that marriage system, taught from infancy to regard my lineage as approved of the almighty and proud today, as I have ever been, of my heritage, it will be granted, I trust, that every instinct of my nature reaches out to shield my friends from harm and to protect them from unjust attack. But in that same heart I find also, the solemn feeling that this bill holds out only a false hope of protection, and that in offering a phantom of relief to a few, it in reality invites a deluge of discord and disaster upon all. For these reasons, briefly and imperfectly stated, and for many others which might be given at length, I am unable to approve the bill now before me."

## Advices From Alaska.

Victoria, B. C., March 15.—News has reached here from Cape Nome, that during December a rich bar was staked which was beneath Behring sea and parallels the closest coast for 100 miles up from Snake river. Those who located the claims had to cut through five feet of ice to reach the sand and gravel, which was very rich. In the summer the claims will be totally submerged. J. Denmore has returned from Kuskokwim and reports that his party had a hard trip, having run short of provisions and had eaten three dogs, their moccasins and deerskins. They found no gold, although they prospected the country thorough. Stampedes have occurred from Nome to American creek in Kougrook, and Norton Sound, where rich strikes have been made.

## Girls Threaten to Use Force.

St. Joseph, March 15.—The statement made by the John S. Brittain Dry Goods company to the effect that the strike of the girls in the overall and shirt making department of the factory had been settled, is denied by 500 of the striking girls. They were patrolling the streets today intercepting any girl who was expecting to enter the factory to apply for work and after explaining their side of the controversy the applicant for employment generally refrained from entering the building. The girls say they will use force to compel the firm from recruiting their help. The labor unions of the city are very active in behalf of the girls.

The schools and churches of Brooklyn have been closed and the disease has invaded Iowa college at Grinnell. A strict quarantine is now in force.

ities and corrections appointed under the law enacted at the last session reorganizing that board, and the date of hearing was set for March 28. This hearing will be of the utmost importance, as the whole question of the referendum will be opened up by it.

## BOERS STILL RAIDING.

Kritzing's Column Confiscates All Horses in Albany District and England Must Foot the Bills.

Adelaide, Cape Colony, March 14.—Kritzing's commando is now working northward and has eluded three British columns, it passed here on two sides of the town without attacking. Yesterday evening a Boer patrol captured four native scouts and shot three of them. Kritzing's men have carried off all the horses in the Albany district, for which, as they were registered, Great Britain will have to pay £10,000. The raiders were civil to the inhabitants of the district, though they commandeered the horses and food. They did not indulge in the wanton destruction of property, and in many cases offered cash for the food they obtained.

## KEEP OGDEN GATEWAY OPEN

President Hays of the Southern Pacific Responsible for the Statement.

San Francisco, March 14.—Charles M. Hays, president of the Southern Pacific, who has just returned from the east, said in an interview:

"I do not think the Union and Central Pacific are to be merged. As to the Southern Pacific closing the Ogden gateway to all lines save the Union Pacific, the rumor is all bosh." He added that while the Union Pacific will have a voice in Southern Pacific affairs, its relations with its other connections will continue undisturbed. E. Dickinson, general manager of the Union Pacific road, left here today in a special car for a tour of inspection over the coast division of the Southern Pacific.

## Horses Meet Death in a Fire.

Valley, Neb., March 14.—The large barn and granaries of Whitmore Bros. at this place were burned to the ground yesterday morning. Ten head of horses confined in the basement of the barn, a large amount of grain and numerous wagons and buggies were consumed, involving a loss of \$10,000, partly covered by insurance. The fire started from the explosion of a lantern in the hands of Arthur Dunham, an employe of the firm. It was in the hay loft at the time and can ascribe no reason for the explosion of the lantern, for it came without any warning. Dunham escaped without injury. From the hay, which burned rapidly, the fire quickly spread to the entire barn.
