Sam Jones lectured in Wayne recently and the editor of the Republican is of the opinion that "like limburger cheese, one bite is enough for a lifetime. He says that if a newspaper used the same language as Jones it would be excluded from the mails because of indecency. The Republican says: "How people who profess to be Christians or ladies and gentlemen could sit and applaud the coarse vulgarities of this man is to us an insoluble mystery. The good father or mother who would hear a child of theirs giving utterance to its thoughts in the kind of language used by Sam Jones at this place on Wednesday night and would not put a bridle on their tongues, would certainly be remiss in their parental duties."

An organization of young men calling themselves the "Mississippi Club" have rented a suit of three rooms upstairs in the McClary block which they have furnished in fine shape, with an organ and games for amusement; the walls decorated with pictures and everything for comfort and convenience of the membership. The members assert that the intention of the club is moral and refined, and that nothing of an immoral or degrading nature will be tolerated in the rooms. They hope the rooms will prove a counter attraction to saloons and other places of questionable resort, where many young men have been accustomed to spend their evenings.

Wolter is said to have written to the senator, as well as his wife, demanding \$5,000 which was to be sent to lock box 484, Schuyler. Failure to comply with the demands would result in the family being blown up with dynamite. The first letter was written February 20 and it did not take long to locate the threatener. Wolter is said to have admitted writing the letter but claims to have done so at the solicitation of a traveling man named J. B. Walker. Wolter's reputation in Schuyler has been excellent. Getting Thin

Is all right, if you are too fat; all wrong, if too thin already. Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion. Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you.
