

LOGAN STATUE UNVEILED.

Tribute to Memory of Famous Warrior and Statesman.

CORD PULLED BY GRANDSON.

Ceremony in Presence of President and His Cabinet—Beautiful Equestrian Statue Stands in Iowa Circle, Washington. Address by President—Oration by Depew.

Washington, April 10.—The heroic bronze equestrian statue of Major General John A. Logan, which rests on an imposing bronze pedestal in Iowa circle, was unveiled yesterday in the presence of the president, the cabinet, the widow and relatives of the gallant soldier, many of his comrades in arms and a vast multitude of people. The sculptor, Franklin Simmons, who was knighted by King Humbert of Italy, as a tribute to the character of his work, was also present. Master George Tucker, a grandson of the honored warrior, pulled the unveiling cord at 2:45 o'clock. The folds of the large American flag fell away and the dashing figure of "Black Jack" Logan, seated on his charger, stood revealed, amid a roar of cheering that echoed far down the intersecting streets and avenues. The president and members of the cabinet had been escorted to the statue by a military parade under the command of Colonel Francis L. Guenther of the Fourth United States artillery. The procession included detachments from the artillery and infantry arms of the regular army, a battalion of marines, and a company of seamen from the navy yard, a provisional regiment of the District of Columbia militia, members of the societies of the Army of the Tennessee and of the Cumberland and members of the local veteran associations.

Mrs. John A. Logan and other relatives sat upon a platform at the base of the monument. Mrs. Logan has been quite ill with the grip recently, but was able to be present. General Grenville M. Dodge, president of the Army of the Tennessee, who is the only living general represented in the group on the bronze pedestal showing General Logan in council of war with his commanding officers, presided over the ceremonies. He paid a high personal tribute to the dead chieftain and after the invocation had been offered by Rev. Frank Bristol, introduced the sculptor, Mr. Simmons, to the assemblage. The statue was then unveiled amid great applause and the Fourth artillery band rendered "Columbia, Gem of the Ocean."

At the moment of the unveiling a section of the Fourth artillery fired a national salute on the White lot, south of the executive mansion. President McKinley received an ovation as he was introduced and it was some time before he could begin his remarks. The president was several times interrupted by applause and there was a great outburst of cheering when he concluded. The oration was delivered by Senator Depew of New York. The statue of General Logan has been turned over to the people of the United States and now becomes one of the greatest monuments of the national capital.

Want Special Rate for Harvest Hands. Wichita, Kan., April 10.—D. W. Blaine, a director of the Southwestern Kansas and Oklahoma Implement Dealers' association, consulted Secretary Dillon yesterday with reference to going before the Western Passenger association to ask for a special rate for at least 10,000 harvest hands to take care of the small grain in the wheat belt in June. They will ask a rate of 1 cent a mile from the Mississippi river. The estimate of 10,000 hands is made from a canvass of farmers by school districts. The crop in the wheat belt will be 25 per cent heavier than that of last year.

Rough Rider Ends His Life. San Francisco, April 10.—A soldier who shot and killed himself at the Cliff house last night has been identified as Paul Warren, who was a member of troop C of the Roosevelt rough riders. Warren was a native of Quincy, Ill., a son of the late William Warren, chief justice of New Mexico. Warren served in the Philippines with the Eleventh cavalry, and was honorably discharged a few days ago. His suicide followed a period of dissipation.

Woman Arrested for Election Fraud. Denver, April 10.—A warrant has been issued for the arrest of Mrs. Mary Ratcliffe on the charge of having voted in the wrong precinct at the late city election. She is 36 years of age and has two children. She was an active Democratic worker during the campaign preceding the city election. It is said that she is the first woman arrested for an election fraud in this country.

Grayson's Shortage is \$5,000. Des Moines, April 10.—President W. E. Coffin of the Iowa Loan and Trust company stated yesterday that a complete examination of the company's books showed the shortage of Assistant Cashier Benjamin Grayson, who was found dead last Saturday, to be \$4,000. The coroner's jury has not reached a conclusion as to the manner of Grayson's death.

Governor Shaw the Orator. Philadelphia, April 10.—The 21st annual banquet of the Young Republican club was held here last night. Among the speakers were men of national importance. They included Governor Shaw of Iowa, Governor Stone of Pennsylvania, United States Senator Penrose and others. Governor Shaw was the orator of the occasion.

ALL WELL IN WHEAT FIELDS.

Condition is Excellent, the Average Surpassing Any in Last Ten Years.

New York, April 10.—The forthcoming number of the American Agriculturist Weekly will say:

Local reports from the American Agriculturist's corps of county observers, carefully consolidated into state averages, show a condition of wheat higher than has been noted at this time in the last ten years, with the exception of 1891. The general average, as reported for the whole belt, is 95.5, a figure which represents a practically perfect prospect over the greater part of the winter wheat area.

At the date at which correspondents of the American Agriculturist made the observations there had been no period of warm, growing weather sufficient to induce spring growth, demonstrating absolutely the extent to which the Hessian fly is present. The returns, therefore, must be qualified with the statement that the discount shown from a perfect condition may not entirely represent the actual damage from this cause. With the exception of a few counties in Kentucky, Tennessee and Ohio, no winter killing is reported. Since March 1 there has been an abundance of moisture in all sections.

AGUINALDO SIGNS.

Philippine Leader Said to Have Affixed Seal to Peace Manifesto After Considerable Argument.

Manila, April 10.—Although the officials are uncommunicative, it is nevertheless said that Aguinaldo has signed the peace manifesto. Chief Justice Arellano drafted the document. Aguinaldo strongly objected to two clauses of the manifesto, and considerable argument was adduced to overcome his objections.

Colonel Abena, the insurgent leader of Zambales province, with 13 officers, 83 men and 92 rifles, surrendered yesterday to Lieutenant Colonel Mancil C. Goodrell, commanding the station at Oloapa, on Subig bay. General Malver, with about 300 men and as many rifles, is expected to surrender shortly at Silang, in Cavite province.

Herman Armour is Ill.

New York, April 10.—Herman O. Armour, brother of the late Philip D. Armour, is seriously ill at his home in this city. He is suffering from a paralytic stroke. It was said at his home in this city that he is improving from the stroke of paralysis he sustained Friday night. Mr. Armour's physician said that his patient's right side was paralyzed and that he is not able to use his right leg or arm. He is confined to a chair in his room, but the doctor thinks the stroke not serious.

Cattle Feeders' Contest.

South Omaha, April 10.—In the Rex Food feeders' contest held here yesterday E. Harrigfeldt of Emerson, Neb., carried off first prize of \$100 in gold in the two-year old class. William Soost of Magnet won second prize, 250 pounds Rex Food. A. K. Brower won the gold watch in the yearling contest, and Judd C. Wilson captured second prize in that class. The contest caused considerable interest among stockmen, the cattle exhibited showing heavy gains and fine finish.

The enterprising little town of Three Oaks, Mich., appears to be working its graft overtime. It is in danger of making itself Three Chestnuts.

President McKinley has gone to Canton to receive the notification of his nomination. It is always well to prepare for such surprises.

Take Ballot on Strike.

New York, April 10.—The employees of the Central Railroad of New Jersey are balloting in secret on the strike question, and if two-thirds vote affirmatively they will leave their posts as soon as the result is officially declared and the approval of the national officers secured. The situation is a critical one and hinges entirely upon the result of the remarkable election that is now in progress.

Texas Legislature Adjourns.

Austin, Tex., April 10.—The 27th Texas legislative session adjourned yesterday. The house passed a bill which entirely prohibits the sale of cigarettes in Texas. THREE GOLD BARS GONE.

Precious Part of Steamer's Cargo is Reported Missing.

Cherbourg, France, April 10.—On the arrival here yesterday of the North German Lloyd steamer Kaiser Wilhelm der Grosse, Captain Englebert, from New York April 2, it was announced that three gold bars, worth \$4,000 each, had been stolen during the voyage.

All the baggage landed here was examined with the utmost care by the customs officers and the detectives, but the gold was not discovered. One hundred and fifty passengers landed for Paris and several detectives traveled in the special train with them.

Crash of Authority Between Saints.

Kansas City, April 10.—The present conference of Latter Day Saints at Independence, Mo., will be memorable in the history of the church, because of the conflict of authority between President Joseph Smith and the quorum of 12. President Smith's act of mercy towards Elder E. C. Briggs of Indiana, in withholding from publication the proceedings of the quorum of 12 against Elder Briggs, is the first of the president's acts to be opposed by any of his followers since the organization of the church. He has severe accusers and able defenders.

Given Coat of Tar and Feathers.

St. Louis, April 10.—A crowd of about 50 Ponce, Neb., men seized Alva Smith while he was on his way from the theater and tarred and feathered him. He was then given 24 hours to leave town. Smith is accused of ruining Minnie Ellum, a girl of 18, who died in an Omaha hospital two weeks ago.

Samuel Nave, the millionaire wholesale grocer and a heavy owner of Texas and Colorado cattle, is believed to be fatally ill at his home in St. Joseph, Mo., with stomach troubles.

Three of the gangs of carpenters employed at the Buffalo exposition struck Tuesday. They numbered about 200. The strike is the outcome of trouble between mill workers and planing mill owners.

BOTH BRITON AND BOER WIN

Plumer Occupies Pietersburg, But Boers Capture Party of Seventy-five.

London, April 10.—Lord Kitchener, reporting to the war office under date of Pretoria, April 8, says:

"Plumer has occupied Pietersburg with slight opposition. He captured two locomotives and 29 trucks." The capture of Pietersburg is regarded here as important. The place is the terminus of the railway and has been the capital of the Boer government since the capitulation of Pretoria. The whole northern railway is now in the hands of the British.

According to Lord Kitchener's dispatch, only one officer and one man were killed. The Boers evacuated the town during the night prior to Plumer's arrival after blowing up two trucks laden with ammunition.

Lord Kitchener further reports the capture of 16 prisoners, 50 horses and the depot of war stores at Boshmanskap, Orange River Colony.

As an offset, the commander-in-chief reports that a detachment of 100 men of the Fifth Lancers and Imperial Yeomanry were attacked by 400 Boers to the northward of Aberdeen, Cape Colony, and that after several hours' fighting the British were surrounded and captured, with the exception of 25 who succeeded in making their escape.

KILLED BY MARSHAL.

Nebraska Ranchman Charged With Various Crimes Shot Down While Resisting Arrest Near Ainsworth.

Ainsworth, Neb., April 10.—David C. Luse, a man charged with murder, arson and other crimes, was shot and instantly killed last evening at his ranch some miles from here by Deputy United States Marshal Fred M. Hans. The marshal, acting on reports of private detectives, had secured a warrant for the arrest of Luse, charging him with shooting 17 horses belonging to the firm of Jones & Sellers on a neighboring ranch. Luse seemingly submitted to arrest, only asking permission to change his clothing preparatory to going to town, but at the first opportunity seized a Winchester and tried to shoot the marshal. The cartridge failed to explode and Marshal Hans had by this time drawn his own weapon, firing twice, killing Luse instantly.

PUTS BURGLARS TO FLIGHT.

Chicago Girl, With Aid of Shotgun, Saves Her Father From Being Robbed.

Chicago, April 10.—Flourishing a shotgun, Fredericka Ramsaier, an 18-year girl, pursued two robbers last night in this city and saved her father from being robbed. She was reading in the library of her home when she heard her father cry for help. Seizing the shotgun she burst through the front door in time to see a masked man kneeling on her father's chest while a second robber was searching the victim's pockets. Miss Ramsaier was raising the gun, when one of the robbers looked up, "Look out, Bill, she's going to shoot," he cried in warning to his comrade, and dropping the watch he had just taken from Mr. Ramsaier, vaulted the fence into the street. The second robber followed to the house of correction, being released about two weeks ago.

KILLED IN THEIR HOME.

Sliding of a Mine Dump at Cripple Creek Buries Family of Six.

Cripple Creek, Colo., April 10.—The family of James Smith, consisting of the father and mother and four children, were instantly killed in their home last night by the sliding of the huge dump of the Granite mine. The Smith residence was located just below the base of the dump. The recent snows had softened the dump so that the top suddenly slid down, crushing the house and burying its inmates. Hundreds of men are now digging away the dirt and rock, but it is not possible that any of the victims will be found alive.

Applauds Miss Cottman.

Lincoln, April 10.—State Superintendent of Public Instruction Fowler yesterday sent a congratulatory letter to Miss Lizzie E. Cottman, the school teacher heroine of the Harrison, Neb., flood. Superintendent Fowler said in part: "I am pleased that you have demonstrated that such acts are not limited to the sterner sex. I am also pleased to know that such brave acts of yours will call the attention of the public to the fact that mere instruction in reading, writing, arithmetic and spelling does not comprise all of the teacher's duties, but that she has responsibilities in a greater measure—the care of the health, happiness and in this case, the lives of her pupils. Such acts as yours tend to increase the appreciation of the responsibilities, duties and nobility of the teacher's profession more than a month of Sundays preaching on the subject could do."

Boer Case Taken Under Adjudication.

New Orleans, April 10.—Attorneys for the plaintiffs in the Boer case argued that the shipment of mules from New Orleans was a violation of the neutrality laws and was conducted under the supervision of British officers, and that as this was the base of supplies the court here was authorized to act. The defense claimed that they were engaged in legal business; that the mules were not munitions of war and that the matter was political and in the hands of the executive branch of the government and without the jurisdiction of the courts. The court took the matter under advisement.

Kills Wife and Then Himself.

Milwaukee, April 10.—Edward E. Moore, aged 55 years, a member of the Iron Brigade, shot his wife, who was about ten years his junior, last night and then committed suicide. The couple had been married about two years and had had frequent quarrels.
