### UNION PACIFIC DEAL.

Official Appouncement of Vanderbilt Con trol May Be Made Today-Terms of the Agreement.

New York, May 2.-Official announce ment of the plan under which the Union Pacific is to be annexed to the Vanderbilt establishment may be made today. The insiders knew about it yesterday and advanced the price of Union Pacific \$13 a share and New York Central \$5, on the strength of their foreknowledge of the deal.

Under the terms of agreement reached among the owners of a majority of the stock of the three systems, New York Central, Northwestern and Union Pacific, such ownership being identical, Northwestern is to offer to make the control of the Union Pacific, paying for the common stock at the rate of 150 in 314 per cent collateral trust bonds, guaranteed by Northwestern. Specialists figure such bonds as worth between 95 and par, which would seemingly give the stock a value above 140.

Such an arrangement will carry with It control of Southern Pacific and give to the Vanderbilt interest the preeminence in the western field already enjoyed in the east.
