

CITY BUSINESS.

Council Approves Some Bonds and Grants Transfer of Dray License.

The city council met last night in adjourned session with Councilmen Brummond, Clements, Degner, Spellman, Uhle and Westervelt present.

H. H. Miller appeared before the council and requested that he be allowed to transfer his dray license to O. A. Richey, as he had sold his wagon to Mr. Richey and the license had only been running two days.

Councilman Walker appeared at this time and took his seat with the council. The application and bond of Frank Fitch for a saloon and liquor license was examined and found correct and sufficient.

The application and bond of W. H. Rish for a plumber's license, having been approved by the water commissioners, was examined and found to be sufficient and on motion the bond and application were approved and a license granted to Frank Fitch.

On motion the council adjourned.

The Chino Valley, California, Champion is rejoicing over a precipitation of 1.95 inches during the week ending May 3, and states that the beet crop is in just the proper condition to be greatly benefited by the moisture.

Planting of the crop is about finished and much of it is up and growing nicely.

A Columbus man bought a lot in that city last fall for \$1,200 and sold it the other day for \$2,000 making a profit of \$800 in less than a year. The man who

owns Nebraska real estate is bound to realize a handsome profit sooner or later and such instances as this will be very common in the next few years unless this real estate prophet is greatly mistaken.

The people taking part in the amateur performance "Turned up" to be presented at the Auditorium this evening in the interests of the West Side hose company have been practicing faithfully under the direction of F. H. Livingstone and those who are in a position to know state that the entertainment will be one well worth the price of admission and should be liberally patronized.

Chino Champion: An experiment was recently made at Rocky Ford, Colo., in fattening two sheep. One was fed a diet of alfalfa and corn and the other alfalfa and beet pulp. When killed both sheep weighed alike and presented the same appearance of good, firm flesh, which would seem to show that beet pulp, when used in conjunction with alfalfa, possesses as good fattening powers as corn.

Samuel Johnson, 23 years of age, is sick with small pox at the home of his brother, Henry Johnson, in Stanton. There is said to be no question about the disease as Doctors Person, Underwood and Bowman unite in the opinion that it is smallpox of a very pronounced type. The young man is sick in the heart of the business part of town and as there is no pest house the officers are in a quandry what to do with the case. Other people have undoubtedly been exposed and further developments are expected.

An exciting runaway occurred on Main street this afternoon between 1 and 2 o'clock, in which Mr. Lunquist of Bega and Rev. H. E. Ryder and his brother Henry were given a severe shaking up. Mr. Lunquist drove in before noon and after dinner started with Messrs. Ryder for his home, where the latter gentlemen were to conduct a meeting. After getting into the buggy the horses were frightened by a dog and they ran to Main street and east on Main to Third, where they narrowly escaped running into the plate glass front of Naegle's meat market. Here the vehicle was over-turned and the occupants thrown out. Fortunately none were injured seriously but received a severe jolting and some bruises. A lively rig was secured and the gentlemen proceeded on their journey shortly after the accident.

Northern Wisconsin Railway Farm Lands For Sale.

The Chicago, St. Paul, Minneapolis & Omaha railway has for sale in Northern Wisconsin, at low prices and easy terms of payment, about 350,000 acres of choice farm lands.

Early buyers will secure the advantage of locations on the many beautiful streams and lakes, which abound with fish and furnish a never ending and most excellent water supply, both for family use and for stock.

Land is generally well timbered, the soil fertile and easy of cultivation and this is rapidly developing into one of the greatest sheep and cattle raising regions in the northwest.

Chicago, Duluth, Superior, St. Paul, Minneapolis, Duluth, Ashland and other towns on "The Northwestern Line" furnish good markets for stock and farm produce.

Boxing has become a favorite pastime among the Meadow Grove sports, and it is a common thing for some of them to wear black eyes.

Frank Lewis returned from Oklahoma, Sunday evening, after an absence of three weeks. He brought back with him a very unfavorable impression of the country.

The "coon" show, which exhibited here last Thursday and Friday evening, received a fair patronage and the general impression seemed to be that the show was good, considering its kind.

The dance given in Jake Sheet's new store building last Monday evening was attended by all the local lovers of dancing. The music was good and the dance went on to an early hour in the morning.

Mrs. Carpenter, commonly known as Grandma Carpenter, quietly passed away last Tuesday evening. She had been an invalid for nearly two years and to such a one, death must be a relief.

A Good Thing. German Syrup is the special prescription of Dr. A. Boecher, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boecher's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. An Extract from Her Letter: "If you could only be here this winter morning and see for yourself you would no longer doubt me. Roses are blooming in our front yard and all nature is as far advanced in this lovely American summerland as it will be in your cold eastern home by June.

"We made the journey from Missouri

river to the Golden Gate on the Union Pacific to avoid the circuitous routes—an important item in the winter. A trip to California is made delightful by the perfect service and luxurious accommodation of 'The Overland Limited,' which is perhaps the most finely equipped train in the world." Detailed information furnished on application. F. W. JUNEKMAN, Agent.

A stray dark brown horse, with white stripe in face, is at my place. Owner will please call for him.

Thought They Were Dogs. Sumner in Dawson City is delightful, and even the winters, say those who have staid there in that season, are glorious. Many are the stories told about the wondrous beauties of the trail over the ice and the White pass, where even women have gone, handling their dogs from day to day as the men handled theirs. Every man and woman there has a story, all interesting and some thrilling.

"I used to like to start out first in the morning," said a Detroit woman. "Once, as I hurried my dogs down the trail in the gray dawn, I saw three stray animals romping on the way. Now, if you catch up with a stray dog on the trail, he is yours; so, my heart fluttering with joy, I began whistling to the half wild creatures.

"At first they paid no attention to me, but kept romping and leap frogging up and down the trail. I slowed up my team and put myself in front, the better to make my peace with the renegades.

"When we had come within 100 yards of them, they stopped playing, sat down and stared at us. I whistled again, and they all ran. How foolish I felt when it suddenly dawned on me that I had been trying to harness three wild wolves!"—New York Independent.

A Famous Pearl. The beautiful pearl known as the Great Southern Cross was found in Western Australia in the year 1884. It consists of nine pearls joined together in the form of a cross, in which shape it was found by a man named Clarke. It is said that the finder and the first purchaser of it buried it for some time, superstitiously regarding it as a heavenly miracle. It was, however, ultimately taken up from its burial place and sold for \$1,000, since which time it has frequently changed hands and is now valued at \$50,000. At the Colonial and Indian exhibition in England it attracted a good deal of notice and is probably the only natural cross ever found.

The Skin AN INDEX TO THE BLOOD. Millions of little glands or tubes connect the blood with the skin, and through these small drain pipes perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forced back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it an oily substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood and skin are so closely related that whatever affects one seriously interferes with the functions of the other. Not only health, but life itself, depends upon perfect harmony between the blood and skin. When, therefore, the blood becomes poisoned from any cause, it quickly manifests itself upon the skin in the form of sores and ulcers, pimples and various eruptive diseases. By the character of the sore we are enabled to determine the nature of the poison or humor in the blood, as every disease originating in the blood has its own peculiar sore or pimple. The skin is not only affected by the poisons generated in the system, but poisons from without enter through the open glands or pores and quickly infect the blood. Mercury rubbed upon the skin will produce Rheumatism, and Poison Oak and Ivy and other wild plants gain easy access to the blood through the skin. As so-called skin diseases originate in the blood, the application of powders, soaps and washes can do no permanent good, but often do immense damage by closing up the outlet to these little tubes and interfering with the natural action of the skin. The treatment must begin with the blood, and the acid or other poisons antidoted or neutralized. S. S. S. does this and purifies the circulation, builds up the blood and flushes the little glands or pores with pure, new blood, and restores healthy action to the skin. The use of cosmetics never yet brought health and beauty to a rough, red, pimply skin or sallow complexion. What is needed is rich, pure blood, such as S. S. S. makes. It not only relieves you of all disgusting blackheads, blotches and irritating, itching eruptions, but improves your general health. S. S. S. contains no mercury, potash, arsenic or other mineral, but is a purely vegetable remedy and the safest and best in all blood and skin troubles. Write our physicians for advice or information; they have made a study of blood and skin diseases, and you can have the best medical advice without cost. Book on Blood and Skin Diseases free. After He Comes he has a hard enough time. Everything that the expectant mother can do to help her child she should do. One of the greatest blessings she can give him is health, but to do this, she must have health herself. She should use every means to improve her physical condition. She should, by all means, supply herself with Mother's Friend. It will take her through the crisis easily and quickly. It is a liniment which gives strength and vigor to the muscles. Common sense will show you that the stronger the muscles are, which bear the strain, the less pain there will be. A woman living in Fort Wayne, Ind., says: "Mother's Friend did wonders for me. Friend God for your liniment." Read this from Hunel, Cal. "Mother's Friend is a blessing to all women who undergo nature's ordeal of childbirth."
