Mrs. Lucy Richardson of Fullerton, who has been visiting relatives and friends here, will leave this evening for Buffalo Gap, S. D., for a visit with her brother.

It is reported that Rev. D. C. Montgomery, pastor of the Presbyterian church at Wayne, has been appointed as superintendent of public instruction of Manila.

Mrs. A. F. Johnston, who has spent the past year with her daughter, Mrs. E. A. Bullock, left this morning for Walnut, Iowa, to visit another daughter.

A couple of Fremont boys were recently arrested for jumping on trains. There are several boys in Norfolk who should have a care that a like fate does not overtake them.

Dr. H. J. Cole has gone to Omaha to attend a meeting of the state dental society, of which he is an honored member. He is on the program for a paper. The doctor expects to return Thursday.

J. W. Bush, L. Thomson, A. J. Dunlevy, C. E. Burnham and C. M. Wurzbacher composed a company of Tilden citizens in town over night. They left for Omaha on the early train this morning.

S. K. Dexter and niece, left this morning for their home at Lowell, Mass. Mr. Dexter has been looking after his interest in the cold storage plant at this place and reports a very successful season.

The 5-years-old daughter of Mr. and Mrs. A. G. Nethaway died at 6 o'clock last night of diabetes and the funeral was held from the house this afternoon at 3 o'clock, Rev. G. H. Main conducting the services.

The ball game between the Pierce and Norfolk boys teams held Saturday resulted in a victory to the Norfolk boys by a score of 23 to 21, and they feel that the loss of the game at Pierce recently quite amply repaid.

The repair shops and other fixtures in the way of the new side tracks being built in the union yards are being moved to new locations today. The old stock yards will be torn down and new and better ones will be built.

The Union Pacific company will put \$125,000 improvements at Columbus, providing the citizens will allow it to put a freight depot on M street, but that is just where a number of citizens don't want a freight depot and it is not improbable that the difference of opinion will mean a loss of the improvements.

The Queen City Driving Park track recently completed on the prairie five blocks north of Main street and just west of the creamery is now in first class condition. It is a full half-mile track and well constructed. People owning horses are invited by the owners to drive upon it and bicyclists are also invited to use it freely. It is hoped to hold a race meeting here this fall that will attract horse owners and lovers of the sport from a considerable distance.

Grand Island Independent: The native grasshopper crop is beginning to hatch out, and they may be seen in large numbers in some places by close observation. This insect pest could be largely prevented if stringent measures were adopted to punish the boys who kill the birds that devour grasshoppers. Only yesterday two boys were seen with guns and a long string of dead birds, some of which, of course, had been nesting. Our native birds are not in-

creasing in numbers to the extent that they can destroy the insects that feed upon our gardens and our crops.

Pierce Leader: The Leader has made an addition to its reportorial staff in the person of Chris Powers, and the following crude but faithful report of a red-hot contest on the diamond between rival Pierce kidlet ball clubs is his first effort, printed just as it was written by the new reporter: "A ball game Tuesday after school between Stevenson's nine and Reppert's nine was held. The smallest boys were about nine years old, the largest about eleven years old. It was going to be a six inning game as they did not have time to play a nine inning. But during the end of the third inning the pitcher of Stevenson's nine went home. The score was eleven to three in favor of Reppert's nine."

G. W. Brown, jr., proprietor of Brown's Business college, Sioux City, is here today closing a lease for the third story of the Cotton block which will be used for the Norfolk branch of the college to be opened in September. Several important improvements to the building are planned and it will make a neat and commodious place for the school. The third story is now in one large hall but will be partitioned off. A large room in front will be for the business and bookkeeping department and a commodious room in the south end will be used for instruction in shorthand and typewriting. A cloak room and office will be built in the northeast corner and the entire place will be nicely finished. Mr. Brown brings this business here without asking any bonus or other favors and it will certainly appear reciprocal if Norfolk people will assist him to a liberal patronage and help him to build up a school worthy of the locality. It will mean much to Norfolk in attracting people here, will be of benefit as an advertisement and the pupils who attend will leave money for board, clothing and other necessities. The News hopes Mr. Brown's venture will be a success and that it will become one of the substantial and permanent institutions of Norfolk.

The colored people of Norfolk have planned to celebrate the issuing of Abraham Lincoln's emancipation proclamation on the evening of the 28th in Marquardt's hall. W. M. Robertson and other good speakers will address the people, while music and refreshments will also contribute to the pleasures of the evening. The people of Norfolk and vicinity are generally invited to participate and are promised a good time by the committee having arrangements in charge.

N. M. Morgan and G. W. Morgan arrived this morning from Denver with the body of their father, R. Morgan, who was killed during a runaway accident in that city last Sunday. The body was taken to Prospect Hill cemetery and buried beside the grave of Mrs. Morgan who died in this city some years ago. The deceased lived here about seven years ago, at that time being in the employ of the C. St. P., M. & O. road as car repairer. No funeral services were held here but appropriate ceremonies were conducted at Denver before the party started for Norfolk.

The Elks will meet in their new lodge room on the second floor of the Marquardt block, next Saturday evening for the first time. The changes and improvements in the new club and lodge rooms are about completed and the furniture is being installed this week. At the meeting Saturday evening arrangements will be made for an opening of the quarters, when it is expected many outside the membership of the order will be given an opportunity to inspect the rooms. When completed, Norfolk lodge, No. 653, B. P. O. E., will have club and lodge rooms which will rank among the finest in the state.

Edmund George, who was given a preliminary hearing before Judge Hayes yesterday, has been bound over to the district court under \$500 bonds to appear for trial and the bonds not being furnished the prisoner was taken to Madison and placed in the custody of Sheriff Lossy. George was arrested under complaint of Fred Brummund, the technical charge being "larceny of the ball." Carl Schlenning left a team of horses with George last December and early this month George sold the team to Mr. Brummund. Schlenning came and secured possession of the team and George was then arrested at Lusk, Wyoming, and brought here for trial. The valuation placed on the team was \$80.

Lieutenant Graham L. Johnson of the Eleventh United States infantry arrived in Norfolk yesterday and will remain about a week. He is in the general recruiting service for the United States army and will enlist men for any department, but especially for cavalry and infantry service. Recruits for cavalry service will be sent to Ft. Mead, Oregon, where they will join the Thirtieth regiment, those for the infantry service will be enlisted for the Twenty-eighth regiment, Vancouver barracks, Washington. He has established headquarters in the office of Drs. Salter and Salter, who have been engaged as examining sergeants to examine applicants. He may be found in the office designated between the hours of 8 to 12 in the morning and from 1 to 4:30 in the afternoon. The qualifications of applicants are about the same as

The Rev. J. C. S. Weills has been appointed district prosbyter of northeastern Nebraska, having charge of the work of the Episcopal church in Madison, Wayne, Pierce, Knox, Antelope and Cedar counties.

The son of Dore Ayers who was taken up here, has been sentenced to a term in the reform school by County Judge Bates at Madison and has been taken to Kearney to serve the sentence. The parents could not control the boy and he had run away from home several times recently.

Farmers and gardeners are beginning to complain that the ground is becoming dry. The weather bureau, however, promises local showers and the barometer, having dropped from 29.47 yesterday to 29.16 this morning, there will undoubtedly be some moisture today or tomorrow to relieve the condition.

The colored people of Norfolk have planned to celebrate the issuing of Abraham Lincoln's emancipation proclamation on the evening of the 28th in Marquardt's hall. W. M. Robertson and other good speakers will address the people, while music and refreshments will also contribute to the pleasures of the evening. He may be found in the office designated between the hours of 8 to 12 in the morning and from 1 to 4:30 in the afternoon. The qualifications of applicants are about the same as

those required for volunteer service and young men who have an ambition to serve in the army are invited to call. Mr. Johnson has seen service in Porto Rico and served there in a civil capacity while the government of the island was being organized.

Some one who has studied the peculiar facilities required of the country school ma'am pays her the following eulogy: She must be a primary, intermediate, grammar grade, high school teacher combined; she must be able to build fires, adjust fallen stove pipes, put in window panes, sweep, dust, split kindling, drive a horse, keep out of neighborhood quarrels, know how, when and where to whip a bad boy, understand the school laws, raise money for libraries, keep all kinds of records, plant trees on Arbor day, be of good moral character and pass an examination in all the branches of modern education. For these accomplishments she receives \$35 a month. Out of this she pays her board, buys her clothes, attends the summer school, buys educational papers and books, attends county conventions and furnishes slate pencils for the pupils. What is left she adds to her bank account or starts a bank if she prefers.

Another junk case was tried before Police Judge Hayes this morning in which two boys 14 years of age were charged with stealing brass and other material from the old Journal office, some of it being worth considerably more money in the condition it was found, but to make a ready sale and have no questions asked the boys battered it up until it was good for nothing but junk at so much per pound. The boys realized a few cents whereas the property taken was worth dollars to the owner. They were fined, the fines and costs amounting to about \$10 for both, the heart of the court being softened by the extreme youth of the prisoners and under promise that nothing of a like sort would again take place. The parents paid the fine and costs and the boys were discharged from custody. Several complaints of similar transactions on the part of the boys of Norfolk have been made heretofore and if any more are arrested on the same charge it is likely to go much harder with them. Some are inclined to believe that the junk dealers, perhaps innocently, are offering inducements that lead the boys into this sort of crime and are not particular enough as to how their youthful patrons obtain the material sold. They should certainly be very careful that the boys obtain the stuff in a right manner before it is purchased.

THE NEWS' Madison correspondent states that Parks and Wright have been sentenced to terms of three years each in the penitentiary for their part in the stock-yards case. Three of the boys have received severe punishment and it should be a warning to boys for all time to come to conduct themselves properly. Those who escaped punishment were very fortunate indeed.

Mrs. M. Inman, mother of C. E. Inman and Mrs. H. H. Hull, was 68 years of age yesterday and a surprise party was given in her honor at the home of her daughter. There were a goodly number of ladies present and all enjoyed a very nice time. A choice supper was served, ten grandmothers being served at the first table. The guests left with Mrs. Inman a pleasing reminder of the occasion.

The way dandelions have encroached upon the lawns of Norfolk this spring promises that the pestiferous weeds will be a serious menace to perfect lawns in the very near future, in fact has become so in parts of the city already. Property owners should therefore make a combined effort to eradicate the weed and in order to do so thoroughly it should be destroyed root and branch, for where one is left to go to seed hundreds may spring up next year and the work will have to be done over again.

Mr. and Mrs. C. J. Stockwell and baby arrived last night from Council Bluffs and Mr. Stockwell will leave tomorrow for Creighton where he will establish a new paper to be called "The Creighton Mail." Mrs. Stockwell will remain in Norfolk for several days until he finds a house. Mr. Stockwell has been a member of The News force for years and is known to be an all around newspaper man of much ability. The people of Creighton are therefore to be congratulated that he has decided to locate there and engage in newspaper work. They will find him worthy of a liberal patronage.
