## JOHN R. TANNER IS DEAD.

Former Governor of Illinois Passes Away at Springfield.

DIES WHEN APPARENTLY WELL.

Physician Not Certain of the Cause, but Thinks It May Have Been Rheumatism of the Heart, Contracted While Hunting.

Springfield, Ills., May 24.—Former Governor John R. Tanner died suddenly yesterday afternoon.

Governor Tanner had not been feeling well for nearly two weeks. He had contracted a cold when hunting in Clay county, his old home, and from that resulted an attack of rheumatism, and it is believed that rheumatism of the heart caused his death, although Dr. J. N. Dixon, the attending physician, says he is unable to give the exact cause of death.

In the forenoon Dr. Dixon called, and stated that Mr. Tanner was better. About 2 o'clock he was seized by an attack of gasping and strangling and Dr. Dixon was immediately called, but Governor Tanner was dead when he arrived. The remains were taken an hour later to the residence of Mrs. Tanner's father, Turney English, where they will remain until the funeral.

Governor Yates has issued an order directing Adjutant General Pierce to mobilize the Fifth regiment, I. N. G., and have the regiment report in Springfield Sunday morning to participate in the funeral services.

BRESCHI TAKES HIS LIFE.

Assassin of King Humbert Kills Himself in Prison.

Rome, May 24.—Breschi, the assassin of the late King Humbert, has committed suicide at the penitentiary of Santo Stefano.

The minister of the interior has instituted a searching inquiry into the circumstances of the suicide. A post mortem examination will be held and the body will then be buried on a desert island.

The warden's account is that he saw Breschi tie a towel to the bars of the grating of the cell and hang himself, Breschi being dead when the warden reached him.

Mrs. Breschi Calls It Murder.

New York, May 24.—Seen at her home in Brooklyn, Mrs. Breschi maintained that Breschi did not commit suicide. "He was murdered," said she, repeating the words again and again. "I had a letter from him one week ago," she said. "He told me of his treatment. He was kept in a cell out in the rocks, down under the water level, and they did everything to make him insane, so he would kill himself, but they would never succeed in making him do that. He may have been insane, probably he was. He was starved. He saw no one and spoke to no one. It must have been dreadful, and I do not see how he lived."

FIND BODY IN WAREHOUSE.

Boys Discover Former Saloon Keeper of Seward in Unused Beer Vault.

Seward, Neb., May 24.—A body identified as that of Philip Bick, a former saloon man of Seward, was found in an upper unused vault in the Val Blatz storage warehouse. It was discovered by some boys who were playing around the building. The body is supposed to have been there since March 16, when Bick was last seen. It was in the last stages of decomposition and identified by the clothes and letters. The deceased was 35 years old and unmarried. Suicide or heart failure from drink is thought to be the cause of death.

Chinese Indemnity Question.

Washington, May 24.—Mr. Rockhill has confirmed the news from Peking to the effect that the foreign ministers have declined to accede to the suggestion of the United States that the total of the indemnity to be collected from China shall be limited to \$200,000,000. It is expected that he will continue his efforts in the direction of keeping down the maximum of claims, even while

abandoning, for the sake of harmony, the figure named, and it is believed that the outcome will be a compromise on a figure between \$200,000,000 and the maximum of \$337,000,000 claimed by the powers.

FIVE CADETS GIVEN JOBS.

Boys Dismissed From West Point Employed by Asphalt Company.

Washington, May 24.—The five West Point cadets dismissed Wednesday—Bowlby, Cleveland, Keller, Linton and Mahaffey—will not appeal for clemency to the war department. They have entered the service of the New York Asphalt company. This came about through General Francis V. Greene, one of the chief officials of the trust. He communicated with the war department and informed Secretary Root that the five young men had called on him in a contrite and repentant state of mind, asking for his advice and assistance in shaping their future. He stated that no turpitude was involved in anything that was charged against them and General Greene apparently was of the same opinion, for, after hearing their story, he proposed to Secretary Root to employ the young men in the service of the asphalt company.

Secretary Root promptly responded that the war department had no objection and that it was true there was no charge affecting the integrity of the boys, but only a technical violation of discipline. So one of the young men will go immediately to Venezuela, General Greene having taken them into his service, and the others will be disposed of according to the engineering needs of the company.

STATE OF GROWING CROPS.

Winter Wheat Promises an Unusually Satisfactory Yield.

New York, May 24.—Dispatches from correspondents of R. G. Dun & Co. throughout the winter wheat belt promise an unusually satisfactory yield. Conditions have distinctly changed since the earlier statement was prepared, especially as respects the Hessian fly, which threatened serious disaster in some sections a few weeks ago. The grain has now made sufficient progress to preclude any extensive losses through ravages of this pest and there is little sign of other untoward conditions. In some states the apparent acreage was smaller than last year, but the better condition suggests an equally good yield.

Mob Threatens to Lynch Mahey.

Wichita, Kan., May 24.—J. W. Mahey poured the contents of a double barreled shotgun into the body of Homer Kein at Augusta, O. T., yesterday without any apparent cause. Kein was fatally wounded. A mob organized to lynch Mahey, but have not yet found the officer who took him in charge.

Beware of Ointments for Catarrh that Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly on the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally
