It is regretted that, owing to so many of the young people having planned to spend the Fourth away from home, a sufficient number cannot be gathered together to justify the young ladies of Trinity Social guild holding their picnic as per invitations issued. However, the summer is not yet gone and as they are a band of ambitious and energetic young women it can be expected that through their efforts a good time is in store for old and young in the near future.

C. L. Murray, a Lynch nurseryman has been selling \$20 to \$30 worth of strawberries a day during the season and his crop of cherries will bring \$225 an acre. He has good prospects for raspberries, plums and German prunes. He picked 19 strawberries that made a quart, and one that measured 2 1/2 inches in diameter and 6 1/2 inches in circumference. Nebraska is not only getting to be a fruit country but will soon take some premiums from older states in that line.

Floyd Hull, son of Mr. and Mrs. H. H. Hull of North Ninth street, met with a peculiar and painful accident yesterday. He was practicing with one of the new patriotic contrivances called a Filipino spanker. This noise-producing affair is composed of wood and an arrangement of springs to set off a large dynamite cap, made for the purpose. Floyd had a pocketful of the caps and was celebrating in the hot sun. The caps became warm and as he put his hand in his pocket to get one the entire pocketful exploded and his hand and side were badly burned. While his injuries are painful they are not thought to be serious. Norfolk thus takes an early place in the usual list of Fourth of July accidents and Floyd's experience should be a warning to other boys to handle their Fourth of July explosives with exceptional care. An article that will explode in a boy's pocket is dangerous and if Floyd's pocket had been stuffed with firecrackers, torpedoes and other explosives, as other boys are in the habit of doing, there might have been a fatal accident.

She was up this time on charge of an assault with intent to kill upon the person of Geo. C. Bille, the attack being made March 28, last. Mrs. Wertberger's defense was insanity, but the jury after being out 10 hours brought in a verdict of guilty. While sentence was being passed by the judge the prisoner kept up a constant titter and giggle, not seeming to appreciate the enormity of her crime or severity of the sentence.

The bicycle firm of Ahlman Bros. has given to the Norfolk band one of their fine bicycles and are conducting a raffle of the same for the benefit of the band.

the money to be used in purchasing new uniforms. The uniforms to be purchased will be the latest for summer wear and will consist of white duck pants, blue or purple striped shirt waists and white Fedora straw hats. The band will make a neat appearance thus attired and will be comfortably cool in the bargain. The people of Norfolk well know that the band is composed of good musicians and with the practice they have been receiving some fine music may be expected. When the new uniforms are received the organization will give a free concert and everyone will have an opportunity to note their appearance and progress in music. The members have decided not to solicit donations from the business men and citizens direct but will make their own way. They certainly deserve every encouragement to make their organization worthy of Norfolk and therefore the equal of anything in the state. Those few remaining raffle tickets should go like hot cakes.

Bandmaster Bellstedt had some fun with his Omaha audieres Tuesday evening according to the daily News and no one appreciated the trick more than the audience. Rumors had prevailed that owing to trouble in the labor unions the members of the band were going to strike. At the close of the intermission but about half of the bandmen responded to the call to assemble. The master tapped for attention and raised his baton for a grand crescendo, but not an instrument responded. "Come now, boys," he pleaded, "let's have a nice soft chord." The brass responded with a blare and the reeds with a shriek and discord prevailed. Then every member left the stage. Mr. Bellstedt collapsed into a chair while intense silence prevailed in the audience and sympathy for the director was every where apparent. Mr. Bellstedt finally picked up his cornet and dejectedly remarked "Well, I will have to play without them." He had finished the first strain of "Annie Laurie" when the next strain was suddenly taken up by the full band on the outside and they came down the aisle to their seats on the stage. The enthusiasm of the audience knew no bounds and for five minutes.

GOSHEN, Ill. Genesee Pure Food Co. Le Roy, N. Y.: Dear Sirs—Some days since a package of your Grain-O prepar-

ation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the Grain-O as well as the best coffee I ever drank. Respectfully yours, A. C. JACKSON, M. D.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my household up to within two hours of birth, and suffered but a few hard pains. This liniment is the grandest remedy ever made."

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days. Druggists sell Mother's Friend for \$1 a bottle. The Bradford Regulator Co., Atlanta, Ga.
