

# BACK TO MILITARY RULE

### Cebu and Bohol Not Yet Ready for Civil Code.

#### CHAFFEE AGAIN TAKES CHARGE.

##### Portions of Philippines Return to Their First Form of Government After Three Months' Trial—Insurrection Still Smoulders Freely.

Manila, July 19.—The United States civil commission announced today that after three months' trial of a provincial form of government in the islands of Cebu and Bohol, and the province of Batangas, Luzon, control of these districts, owing to their incomplete pacification, has been returned to the military authorities, it having been proved that the communities indicated are backward and undeserving of civil administration. The residents of the island of Cebu have protested, but without success against the return of that island to military control. Several islands in Cebu are besieged by insurgents. The insurrection on the island of Bohol has been renewed and insurgent sentiment in the province of Batangas is strong.

#### IOWA MAN KIDNAPS CHILDREN.

##### Arrested and Little Ones Returned by the Officers to Their Guardian.

Salt Lake, July 19.—In an effort to prevent orphans from being raised in the Catholic church, says a Spokane, Wash., special, Frank Pine of Keweenaw, la., uncle of the children, fled with them from their home in Rathdrum, Ida. He was arrested at Sand Point, Ida., later and brought back. The orphans, a boy and girl, aged 5 and 7 years respectively, are the children of Judge Brady of Rathdrum, who was murdered last week by an insane man. Judge Brady's dying wish it was said was that the children be baptized in the Catholic faith and named Father Purcell as their guardian. This news so angered Pine that he immediately came west and attempted to take the children to his home in Iowa.

#### Bryan Gives His Version.

Lincoln, July 19.—In a statement for the press yesterday W. J. Bryan gives his version of the story that Aguilaldo promised him financial assistance in his campaign of a year ago. Mr. Bryan says that while he was in New York two Filipinos sent a request to confer with him. He declined to meet them and sent a friend to explain that he did not think it proper to hold a conference. The Filipinos said that Aguilaldo was willing to issue a proclamation promising to lay down arms in case of Mr. Bryan's election, and also willing to contribute to the Democratic campaign fund, but Mr. Bryan refused to consider either proposition, and did not require them to furnish any evidence of their right to represent Aguilaldo.

#### Big Muddy at Its Old Tricks.

Kansas City, July 19.—The Missouri river has cut its banks at a point eight miles south of Leavenworth, and is now pouring part of its waters into the Platte river. The bank of the Platte is gradually being widened and there is danger that within the next few days the bed of the Missouri will be transferred completely to that of the Platte. An island five miles long and in some places nearly two miles wide, has been formed. If the Missouri adopts the new channel this land will be transferred from Missouri to Kansas.

#### Oil Steamer Ablaze.

New York, July 19.—The full rigged ship Commodore T. H. Allen, outward bound with 80,000 cases of oil for Hong Kong, was discovered to be aground and on fire just outside of Sandy Hook yesterday. Word was telegraphed to this city and a number of tugs and fireboats went to her assistance. She was later pulled off, towed inside the Hook and anchored near the shore. The tugs poured tons of water into her, but the fire kept eating its way through the hold and she sank in five fathoms of water.

#### Cloudburst in South Dakota.

Huron, S. D., July 19.—News comes from Harrold, 70 miles west of here, of a cloudburst there yesterday which flooded the town and did much damage. Ranchmen had scores of sheep drowned and some large herds were stampeded. Fields of small grain and corn were wiped out and the roadbed of the Chicago and Northwestern railway was damaged.

#### Killed by Thrashing Machine.

Des Moines, July 19.—Harry Hall, aged 7 years, was run over by a thrashing machine which was being hauled through Des Moines streets yesterday and received injuries from which he will die. The boy, with others, had caught on to the machine, while it was in motion, and fell under the wheels.

#### Lamont Makes Denial.

New York, July 19.—Daniel S. Lamont, vice president of the Northern Pacific railroad, said he wished to deny, unqualifiedly, the report from Chicago that he would be selected as the president of the Northern Pacific railroad to succeed President Mellen.

#### Judge Baker Rules on Betting.

Indianapolis, July 19.—Federal Judge Baker ruled yesterday that betting on future price of commodities is not betting on a game under the Indiana law, and money lost in this state cannot be recovered. Election bets cannot be recovered.

# Scrofula

Scrofula is an unwelcome legacy, but one which the children of blood poisoned parentage must accept, with all its humiliating consequences. It is an inheritance that makes one poorer; that brings wretchedness and disease instead of health and riches, for the child whose ancestral blood is tainted with Scrofula or the loathsome virus of Contagious Blood Poison is unfitted for the arduous duties of life so long as any of the transmitted poison remains in its veins. Scrofula manifests itself in various forms; swollen glands about the neck and throat, catarrh of the head, weak eyes, hip bone disease, white swelling and offensive sores and abscesses are familiar symptoms, attended usually with loss of strength, poor digestion and pale or bloodless complexion. The skin is sometimes most dreadfully affected, eruptions breaking out on all parts of the body. Scrofula destroys bone, tissue and flesh; no part of the human system escapes its withering, benumbing touch. Parents whose blood is poisoned by their own misdeeds, or who themselves may be suffering for the sins of some remote ancestor, must restore their own blood to its normal purity and strength, or they cannot expect healthy, robust children. S. S. S. cures Scrofula, like other diseases of a deep-seated, constitutional character, by restoring life and

purify to the profoundly poisoned blood, and the rich, strong blood that is carried to the swollen and diseased glands absorbs and destroys the tuberculous deposits, and the painful, disfiguring sores and other evidences of Scrofula disappear. S. S. S. should be begun immediately upon the appearance of the first symptoms, or where there is a known predisposition to Scrofula. Our medical department will be found of great help to those who are struggling with this wasting disease of heredity or any other blood trouble, and we invite you to write us. Should you or any member of your family need advice, our physicians will cheerfully give the information you desire, for which we make no charge. Book on Blood and Skin Diseases free.
