

ASSUMES WARLIKE ASPECT

Steel Mills Patrolled by Armed Watchmen.

WELLSVILLE EFFORT A FIZZLE.

Sheet Steel People Fail to Reopen Plant With Nonunion Men—Amalgamated Officials Express Satisfaction With Results Accomplished.

Pittsburg, July 18.—The principal events in yesterday's strike situation were the failure of the sheet steel people to reopen the Wellsville plant with nonunion men, the offer of financial assistance made to the Amalgamated association by the 2,000,000 members of the American Federation of Labor and by the American Window Glass Workers' association, the concerted action of the association to organize the immense sheet steel plant at Vandergrift and the fact that several of the closed plants are being patrolled by armed watchmen and guards.

The Amalgamated officers profess great satisfaction over the results accomplished since the strike began, but officials of the companies, as heretofore, will say nothing.

While Wellsville is the strike center now, the battleground will be shifted to McKeesport next week, if the report be true that the W. Dewees Wood plant of the American Sheet Steel company will resume operations. This would afford one of the most trying situations of the strike. It would necessitate the importation of nonunion men from other places and the bitter feeling engendered by such a move would be hard to control. The report from Wellsville, O., last night says: "The attempt to start the Wellsville plant of the American Sheet Steel company yesterday resulted in a partial success. As a result one mill was in operation with an incomplete force, boys are doing men's work and receiving men's pay. Helpers are taking the place of skilled workers and confusion reigns. Although steam is running from every smokestack and the management says three mills are working, mill men laugh at the claim and say there are not enough men inside the plant to operate one mill properly."

Thirty-Five Thousand Idle. Wilkesbarre, Pa., July 18.—The close of the second day of the stationary firemen's strike finds fully 35,000 miners idle in the Wyoming district of the anthracite coal region, which extends from Durycia to Nanticoke. The number of idle men was increased by the suspension of railroad crews on nearly all coal branches. No coal being mined, there is none to haul to the breakers. The total number of men idle now in the whole anthracite region is estimated at 65,000. There are 40,000 mine workers in the Lackawanna region, but they are not all out. If the strike extends to the Hazleton, Schuylkill and Shamokin regions 130,000 men may be idle before long. The tie up in this region is complete and the strikers are much encouraged. The hoisting engineers held a secret meeting in this city yesterday afternoon. It is learned from a pretty reliable source that the striking firm received the moral support of those present.

GENERAL BUTTERFIELD DEAD. Interment Will Be in the Military Cemetery at West Point. Newburgh, N. Y., July 18.—In his country residence at Cold Springs, overlooking the Hudson, directly opposite West Point, General Daniel Butterfield passed away last night. The veteran had made a long and hard fight against death. Dr. George W. Nurdock of Cold Springs, for years his family physician, was at his bedside as was his aged wife, who for six weeks had watched over the general. The general came to Cold Springs much impaired in health. Six weeks ago he had a stroke of apoplexy in New York. Last week he gave directions to his wife to obtain permission from the secretary of state to have his body interred in the military cemetery at West Point. At first it was thought permission could not be granted, but later word came that it could be, and the feeble old man expressed his satisfaction.

Funeral of President Errazuriz. Santiago de Chile, July 18.—The body of Senor Errazuriz, the first president to die in office, was taken to the hall of the chamber of deputies, where it had been lying in state, and from the cathedral to the cemetery. An immense gathering of people attended the obsequies. Senor Anibal Zartu, the vice president, will administer the executive functions of the government until Sept. 18 next, when the new president will be inaugurated.

Epworth Leaguers at Frisco. San Francisco, July 18.—The last Epworth league special train has arrived and when the fifth international convention opens today 30,000 delegates will be in attendance, 18,000 of these coming from points east of the Rocky mountains. Last night at the Methodist churches of the city special prayer meeting services were held. The services were of a welcome order and there were many short addresses and many song services.

Count Tolstoi Sinking. Berlin, July 18.—"Count Tolstoi's strength is gradually sinking," says a dispatch from St. Petersburg, "in consequence of a disease of the stomach from which he has suffered for years. Recently he has been subjected to violent cramps. His physicians have no hope."

CONGRESS ELECTS OFFICERS.

Smith of Utah President—Bryson of Iowa a Vice President.

Cripple Creek, Colo., July 18.—The Transmississippi Commercial congress, in session in this city, listened to a number of excellent papers, re-elected a portion of the officers for the ensuing term, and transacted a good deal of business.

A number of resolutions were introduced, among them being the following: Opposing the ship subsidy bill and the reorganization of the consular service, introduced by the Arkansas delegation; statehood for Oklahoma, by a representative from that territory; a waterway to connect the great lakes with the Gulf of Mexico, introduced by the Missouri delegation; deep water for Sabine Pass, by the Texas delegation, and a number of others.

The adoption of the permanent membership plan insures the perpetuation of the congress. Already a number of new members have been added and the fund from this source is growing rapidly.

A paper by Lyman E. Cooley of Chicago on the importance of a deep waterway between the great lakes and the Mississippi river was read by H. R. Whitmore of St. Louis. It strongly advocated the completion by the general government of the work already begun by the city of Chicago.

The committee on permanent organization submitted its report, which was adopted.

Following are the officers elected: President, John Henry Smith, Utah; first vice president, Leon Bryson, Iowa; second vice president, L. Bradford Prince, New Mexico; third vice president, J. S. Wheelis, Texas; fourth vice president, ex-Governor Seay of Oklahoma.

JAPAN WITHDRAWS DEMAND.

Oriental Government Drops Request So Negotiations May Proceed.

Washington, July 18.—In a spirit which has aroused the keenest admiration of the state department, the Japanese government has met the difficulty growing out of the preference of her request for an increase of her indemnity by withdrawing that request. The result is a substantial loss to Japan. She asked originally for \$23,000,000. This figure was more moderate than any of the powers which played any prominent part in the Chinese campaign and represented the barest expense of the undertaking. It was fixed upon the idea that payment was to be made in cash by China. Confronted with the bond payment, the Japanese government asked that her allotment be increased to \$27,000,000 in bonds to make good the loss she would suffer through the sale of the bonds. Japan, finding that insistence upon her demand would block the negotiations at this phase, has withdrawn her request for the present at least.

Mr. Rockhill, our special commissioner at Peking, has been instructed to give the assent of the United States to the proposition to increase the Chinese customs duties in order to provide means for the payment of the international indemnity.

SHE DENIES HER FIRST STORY.

Miss Davis Retracts Assault Statement That Incited Mob.

Kansas City, July 18.—The preliminary hearing of Frank Holland and Thomas Robertson, the negroes charged with assault on Vernon Newton and Miss Grace Davis on the night of July 10, was begun yesterday. Newton and Miss Davis testified that the story that they told of the alleged assault was untrue; that the negroes did not drag away and outrage the young woman, but did strike Newton. Last Friday night a mob of 2,000 made a demonstration before the county jail, threatening to lynch Holland and Robertson.

GRIEVANCE QUICKLY SETTLED.

Des Moines, July 18.—One hundred and fifty miners and 50 "day" men employed at the Norwood mine laid down their tools yesterday and refused to resume work until the scales were placed in proper condition. The state mine inspector was summoned and he reported that the scales were underweighting something like 150 pounds to the ton. He ordered the scales repaired and the work was accordingly done. John L. Anderson of the committee has ordered all the strikers to report for work in the morning.

PROTESTING HUSBAND SHOT.

Nebraska City, Neb., July 18.—William Brown, an employee of the Burlington and Missouri railway, shot and seriously wounded Henry Newburn, a carpenter, last night. Brown had been out driving with Mrs. Newburn. Upon their return they were confronted by Mr. Newburn. Words ensued and Brown pulled a revolver and shot Newburn through the mouth. The affair caused great excitement and Brown was arrested immediately.

NORTHWESTERN BACK FROM EUROPE.

Chicago, July 18.—The steamship Northwestern, first of a regular line to make the trip from Chicago to Europe, entered the harbor yesterday amid a deafening salute of whistles from other craft. The round trip took 84 days, but it is expected this time will be greatly lowered the next voyage. The boat was in good condition, despite the ice encountered on her outward trip in April.

DEATH OF JOHN J. LAMBORN.

Santa Fe, N. M., July 18.—John J. Lamborn, for many years a prominent Republican of Nebraska, who served several years in the senate of that state, and who was a captain in W. J. Bryan's regiment during the Spanish-American war, died here last night of consumption.

WRECK ON GRAND ISLAND

St. Joseph and Santa Fe Trains Crash Together.

TWO KILLED, FOURTEEN HURT.

North-bound Passenger Train in Head-End Collision With Freight Near Gower, Mo.—Engine and Several Cars Demolished.

Kansas City, July 18.—A head-end collision between north-bound St. Joseph and Grand Island passenger train No. 101, which left here at 2:30 p. m., and Santa Fe local freight No. 46, two miles west of Gower, Mo., at 4 p. m. yesterday, killed two persons, injured 14 others and demolished the Santa Fe engine and several freight cars.

The dead: Henry F. Becker, St. Joseph, engineer on the freight train; Captain W. A. Floyd, Topeka, Kan., express messenger on the Grand Island.

The injured are at Gower, where local physicians are attending them. None of them is reported to be seriously hurt.

The collision occurred on a sharp curve. The passenger train was flagged and stopped by a man who saw that a collision was imminent, but the freight train did not see the flagman.

The freight train struck the passenger engine with such force that the latter train was knocked back 400 feet up a slight grade. The engine and several cars of the Santa Fe train were demolished. The passenger train suffered little damage. The St. Joseph and Grand Island uses the Lexington branch of the Santa Fe to make its main line between Kansas City and St. Joseph.

The freight train had orders to wait for the passenger at Frazer, Mo., two miles from the scene of the wreck, but neglected to do so.

INDIANS FIND A WAY OUT.

Birdhead and Squaw Plead Guilty to Manslaughter to Obtain Freedom.

Omaha, July 18.—Birdhead and his squaw, Takes-the-Pelts, returned to their home on the Ponca reservation yesterday, having been released from the county jail, where they have been confined since arrested for the killing, in April, 1900, of Perry Larvier, the murderer of their son, Peter Broadhead. The release of the two old Indians was made upon their furnishing a \$500 bond to appear at any time they are summoned and receive sentence for manslaughter, to which they entered a second plea of guilty before Judge Manger Tuesday. On account of their extreme age it is not improbable that they will never be summoned.

MARSHALL SUFFERS FIRE LOSS OF \$120,000.

Marshall, Mo., July 18.—Fire in the business district of Marshall yesterday caused loss of more than \$120,000. The fire started in the New York store and was checked after a stubborn fight. The principal losses are: New York store building, \$65,000; P. H. Rea Implement company, \$35,000; O. G. Page, \$8,000; Saline County Telephone company, \$5,000. The property was well insured.

FORMALDEHYDE USED ON FRUITS.

Chicago, July 18.—Following the discovery that adulterated and poisonous milk had been furnished the Cook county hospital, comes the accusation that South Water street merchants are making wholesale use of formaldehyde to keep fruits and vegetables from rotting on their hands. Aside from the fruits treated, it is said that potatoes have been dosed to prevent them from sprouting.

CLOSE OF IOWA REGATTA.

Council Bluffs, July 18.—The senior events of the Iowa State Regatta association at Lake Manawa were won in a decisive manner Wednesday afternoon, two heats being sufficient to determine the winner in each race. Dubuque won the senior fours and Ottumwa the junior doubles. Slouss City had the only oarsmen in the senior singles.

THREE KILLED BY LIGHTNING.

Arthur, Ills., July 18.—Robert Cook, Charles Swisher and Charles Scott were instantly killed by lightning while seeking shelter in a barn from a severe electrical storm north of this city. The barn was not injured at all, and three other men who escaped say a large ball of fire apparently came in at the barn door.

WINNERS AT DES MOINES.

Des Moines, July 18.—The races yesterday on the Des Moines lake track under the auspices of the Western circuit were still better than those of the first day. About 3,000 people attended. Lola Mix won the 2:16 pace, Rose McInnes the 2:30 trot, Sophia the 2:10 pace and Domitton the 2:20 trot.

DIVINE HEALER ARRESTED.

Denver, July 18.—"Dr." Francis Truth, who calls himself a "divine healer," was arrested yesterday at the instance of the Denver Times, on charges of practicing medicine without a license and obtaining money under false pretenses. He furnished a bond for \$500 and was released.

FOUND DEAD IN SALT CREEK.

Lincoln, July 18.—An unknown man was found dead in Salt Creek under a Rock Island bridge two miles south of this city yesterday. It is believed the man was riding under a freight car and while asleep or from exhaustion lost his hold and fell.

KILLS WIFE AND DAUGHTER.

Insane Husband Then Sets Fire to House and Shoots Himself.

Pacific Junction, Ia., July 18.—About 10 o'clock last night the farm house of Fred Feurhelm, four miles south of Pacific Junction, was discovered to be on fire. Several neighbors rushed to the scene, but the house was almost entirely consumed by the time of their arrival.

In searching the premises a team of horses was found with their throats cut. The man's marriage certificate and a razor were later found on the grindstone in the yard. Suspicion of foul play arose and the cellar and ashes of the house were searched. The charred remains of the farmer, his wife and daughter were found. Both of the women had their throats cut and a revolver was found beside Feurhelm's body.

The family had just returned from Mr. Travis' home, parents of Mrs. Feurhelm. It is thought that the husband had become temporarily insane and upon reaching home had murdered his wife and daughter with the razor, then cut the horses' throats. Still crazed, he laid their marriage certificate and the razor where the flames would not reach them, then set fire to the house. After assuring himself that the fire was beyond control he went into his bedroom and shot himself with a revolver.

CATHOLICS SLAIN IN SPAIN.

Free Thinkers Attack Them at Saragossa and Bloodshed Follows.

Saragossa, Spain, July 18.—General Cavero, a Carlist, was killed and nearly 50 other persons were wounded in encounters between Catholics and Free Thinkers in Saragossa. The office of the Noticiero, a Catholic newspaper, was wrecked. The fighting began outside the Church of St. Phillip, where a jubilee celebration was being held. Shots were fired by anti-Catholics. Subsequently the Catholics marched through the streets, armed with revolvers and knives, further violence resulting.

BASEBALL SCORES YESTERDAY.

National League—Pittsburg, 3; Brooklyn, 7; St. Louis, 1-6; Boston, 2-5; Chicago, 7; New York, 4. American League—Chicago, 4; Baltimore, 2; Milwaukee, 1; Philadelphia, 5; Cleveland, 3-2; Boston, 9-10; Detroit, 4; Washington, 3. Western League—St. Paul, 5; Omaha, 2; Minneapolis, 3; Des Moines, 5; Denver, 9; Kansas City, 8; Colorado Springs, 1; St. Joseph, 2.

MACCABEES ELECT OFFICERS.

Port Huron, Mich., July 18.—The supreme tent, Knights of the Maccabees, yesterday elected the following officers: Commander, D. P. Markey, Port Huron; lieutenant commander, S. W. Trussler, Ontario; finance keeper, J. D. Thompson, Port Huron; chaplain, Grant A. Robbins of Missouri; sergeant-at-arms, F. W. Marshall of Iowa.

COUNTY POOR FARM BURNS.

Burlington, Ia., July 18.—Fire of mysterious origin destroyed three buildings of the Des Moines county poor farm yesterday. Loss, \$49,000; insurance, \$24,000. The insane patients were rescued with difficulty. One or two escaped.

FOSBURG PLEADS NOT GUILTY.

Pittsfield, Mass., July 18.—Robert S. Fosburg was arraigned before the superior court here yesterday and pleaded not guilty to an indictment for manslaughter, charging him with shooting his sister, May L. Fosburg, in August, 1900. The case was set for trial today.

HEAT WARPS RAILS.

Pana, Ills., July 18.—The warping of the rails by the intense heat on the Big Four track, ten miles west of here yesterday, almost caused the wrecking of an east-bound passenger train. A farmer who was crossing the tracks gave the alarm and stopped the train.

BRITISH CASUALTY LIST.

London, July 18.—The South African casualty list issued last night indicates that sharp fighting occurred July 14 near Zuurvlakte, 24 miles from Allwal North. The British lost seven killed and two officers and 17 men wounded.

SPARKS FROM THE WIRES.

Julia Trabue, a Louisville negress, was sentenced to be hanged on Nov. 15, for stabbing to death her lover.

David S. Hendrick, Washington agent of the Manhattan Life Insurance company of New York, died Sunday, aged 48 years.

Railroad switchmen throughout the country are said to be planning a general demand for an increase in wages.

Professor Robert McKee, superintendent-elect of the Desoto, Ills., schools, was drowned Tuesday while bathing.

The Choctaw, Oklahoma and Gulf railroad will open for business the new 25 mile line between Weatherford and Petersburg, O. T., on July 25.

Wednesday was the day set for the sale of the Omaha and St. Louis railroad at Quincy, but the date of sale has been postponed until next October.

Manufacturers of upholstery fabrics at Philadelphia have formed a preliminary organization with a view of merging their interest into one corporation.

Amasa Howland, president of the Howland Paper company, aged 74, died Wednesday at Sandy Hill, N. Y., where in 1850 he began the manufacture of paper.

A slight advance in high grade lumber is what the Southern Lumber Manufacturers' association decided to make at its session in St. Louis Wednesday.

KANSAS DROUGHT BROKEN

Generous Rains Visit Southwest in Nick of Time.

CORN WILL YIELD HALF A CROP

Downpour Insures at Least Half a Harvest—Good Cannot Be Estimated but Will Prove Immense—Late Crops and Pastures Revive.

Kansas City, July 18.—Generous rains fell yesterday afternoon over the bigger part of the corn belt of the southwest. They came just in the nick of time. The good that will result to late corn and to pastures cannot be estimated, but it will undoubtedly prove immense. Scattering showers fell over the southwest. The rains began in western Kansas about 1 o'clock and traveling east had reached the Missouri line by 4 o'clock. Reports from many counties assert that yesterday's rain, following what little has fallen within the past 48 hours, will insure at least half a crop of corn and makes pastures sure.

Secretary Coburn of the Kansas board of agriculture is enthusiastic over the result of the rain. He is sure that the corn yield will reach at least half a crop if the present very favorable weather conditions continue. The manner in which corn has held its own during the drought was something remarkable, and is a source of wonder to the farmers. In some places it has had no moisture for over two months. It has made almost no growth, but the leaves have been kept green and the tassel kept off. Weeds could not flourish in the dry soil any more than the corn and they were easily eradicated. The fields are therefore clean and have a new lease of life since the rain.

OPPRESSIVE HEAT AT LINCOLN.

Lincoln, July 18.—The maximum temperature in Lincoln yesterday was only 101, one degree less than Tuesday, but on account of the great humidity the suffering was the worst since the hot spell began. There was one death and one prostration in Lincoln. No rain fell anywhere in the state. There were scattered showers in the central part of the state Tuesday night, but the southeastern section, where corn is most damaged, received none.

ST. JOSEPH IS A FURNACE.

St. Joseph, Mo., July 18.—One death and two fatally ill is the result of the heat here yesterday. William Barada, one of the best known grocers of this city, complained severely of the heat yesterday, refused to leave his store when ordered by a physician and ten minutes later was dead. Thermometers registered 106.

GENERAL RAIN IN THE HILLS.

Deadwood, S. D., July 18.—There has been a steady downpour of rain since yesterday. At Rapid City there was a destructive hailstorm. The rain is general in the Hills.

TORRID WEATHER CONTINUES.

Sioux City, July 18.—The hot wave still covers this section. The temperature here yesterday was 100. William Miller, a trackman, was killed by the heat.

SET SAIL FOR THE NORTH POLE.

Baldwin-Zeigler Expedition Starts Under Stars and Stripes. Tromsø, Norway, July 18.—Shortly before midnight the ships of the Baldwin-Zeigler expedition, weighed anchor and with Stars and Stripes and Norwegian flags at their masts steamed off to the north. As they left the harbor, the crews of the other vessels there gave the expedition a parting cheer.

Evelyn B. Baldwin, chief of the expedition, was in excellent spirits. His last words to a representative of the Associated Press were that he had little doubt of reaching the North pole. The America will proceed first to Archangel, in Russia, and then reach the island of Vardoe, off the coast of Norway, whence the final departure for Franz Josef Land will be made. Touching at Houningsvaag, the America and the Belgica will pick up the Fridtjof and all three will proceed northward together.

THEIR EPIDERMIS IS NEEDED.

Kansas City, July 18.—It will be necessary to graft skin upon the arms and hands of Miss Zola Harry, 15 years of age, of Hoopston, Ills., one of the Alton wreck victims now in a Kansas City hospital. She was on her way to the San Francisco Epworth league convention with her father and mother at the time of the wreck, and all three were badly scalded, the mother so seriously that she died. Miss Harry's physician will ask Epworth young women to submit to the removal of skin from their bodies for grafting.

FOUR DEATHS FROM HEAT IN LONDON.

London, July 18.—Four deaths from heat and 18 sunstrokes were officially reported in London yesterday. Many men in the steel works in the Midlands were incapacitated. The Medical Journal suggests that the heat waves in the United States during recent years have been caused by the deforestation of the country with the advance of civilization.

BAR ASSOCIATION OF IOWA.

Council Bluffs, July 18.—The Iowa State Bar association elected the following officers: President, J. H. McComlogue, Mason City; vice president, R. M. Haines, Grinnell; secretary, Sam S. Wright, Tipton; treasurer, George F. Henry, Des Moines.

AT THE PAN-AMERICAN.

Electric Tower and Indian Congress the Great Attractions.

Buffalo, July 18.—The Pan-American exposition is showing a gain in attendance each day. The daily attendance now is about 50,000 to 70,000. By the 1st of August it will run 100,000 and over each day. The exposition in its entirety is called the Rainbow City. The color tints are grand. At night time the millions of electric lights give it an appearance that cannot be described. The electric tower can be seen from surrounding towns 50 miles away. It is the highest tower in this country. It is bedecked with electric lights from top to bottom. The search light in its pinnacle is the most powerful ever constructed. A railroad train can be seen by its rays 200 miles away and people are revealed by it 100 miles away. The color of the cravat and clothes can be discerned 50 miles away. This tower and the Indian congress are the two great features of the exposition.

In the Indian congress, personally managed by Frederick F. Cummins, are 700 Indians, representing 43 tribes, 165 tepees, 1,000 horses and ponies, 15 noted chiefs and 15 United States prisoners of war, all by special permission of the United States government. There is seating capacity at the congress of 25,000 and it is packed to overflowing at each and every performance. A mighty sham battle is a thrilling portrayal of wild west warfare. Menona, the Sioux Indian girl, does marvelous shooting. There are Indian pony races, Indian foot races, daredevil bareback riding, an Indian theater, Indian industries, a curio hall, a museum, in short, everything pertaining to Indian life on the plains and on the reservations is presented to the visitor. The Indian congress occupies 250,000 square feet of territory and is the largest concession known in the history of expositions.

The most interesting sight at the Pan-American to date was the arrival of a special train that came over the Wabash system and the Burlington, Cedar Rapids and Northern railway, bringing 500 people from Iowa and Nebraska. Buffalo papers claim the train made fastest time of any Pan-American train that has so far traversed the route to the Pan-American. The excursionists almost to a person attended the Indian congress, which is the one great amusement and educational feature of the exposition.

JUDGE BRADY DEAD.

Spokane, Wash., July 18.—John C. Brady, probate judge of Kootenai county, Idaho, died yesterday as a result of the shot fired July 5 by a madman, Henry Willbuse. Willbuse, who had been committed to the asylum, escaped, went to the judge's office in Rathdrum and without warning shot him.
