# OBEY ORDER TO STRIKE

First Display of Strength Surprises Steel Combine.

Employes In Two More Establishments nized Join Strike-Nonunion Men Join Amalgamated Association.

Pittsburg, July 16 .- Reports received from all sources connected with the great strike of the steel workers indicate that the members of the ters well in hand and that the strike grams from various points where the mills of the American Tin Plate company, the American Steel Hoop company and the American Sheet Steel company are located, tell of the shutting down of these plants in large numbers. In many cases the plants had been shut down by the first strike order, which affected the sheet steel and the steel hoop companies only. The last order brought out all of the union plants of the American Tin Plate company, with the single exception of the new mill in Monessen. which is still running. At the Amalgamated association headquarters it is stated that the figures given out Saturday night regarding the number of men who would be actually idle in the mills of the three companies have been proved correct. This number was placed at 74,000.

Of the 74,000 men idle, 2,500 are in Pittsburg, 800 in Allegheny and 1,500 in McKeesport. President Shaffer has it in his power to close many more Pittsburg mills, but it is not thought that he will do anything of a radical nature until he is compelled to.

The American Steel Hoop company's nonunion mill known as the Painter mill is closed in all its branches.

The tie up at this mill was said to have been a surprise to the mill owners and officials in charge of it. The Lindsay & McCutchean mill in Allegheny was shut down completely in the puddling and bar mills. All the skilled workmen refused to enter the mill yesterday and the company did not even operate the five furnaces. While all the mills of the United States Steel corporation are included in the general conflict, the three companies are the first attacked. What the next move will be the workers do

In addition to the very general and in some instances rather unexpected compliance with the strike order the Amalgamated association latt night added two more mills to its list, both of which were claimed by the companies to be beyond organization. When the William Clark Sons Cc. mills, which operated all day, nonunion, came to shift men, none reported for duty and the plant closed

Later the following was received concerning another mill considered by loyal: "The Monessin Steel Hoop plant has been closed and has been organized by district delegates of the Amalgamated association. The delegates arrived in town yesterday morning and went to work immediately. By 3 p. m. they had all the local men in the association and left last night for Pittsburg, after advising the men to stand firm. The men held a meet- jail last night during the absence of ing last night to elect officers and name their lodge."

is considered by the association people as an instance of their strength and an indication that President Shaffer's assertion that surprises would coat of tar and feathers and ordered follow the strike order was not all the man to leave the country.

### BREWERY FIREMEN STRIKE.

Chicago Is Threatened With a Beer

Famine-Six Sign Agreement. Chicago, July 16 .- The stationary firemen employed in Chicago's 32 large brewerles struck yesterday on order of the international president, Joseph W. Morton. The walkout resulted in a complete tie up of the beer making industry throughout the city. Six of the breweries affected signed the union agreement last night, but as the men at the other 26 breweries are still out a beer famine is threatened. unless a speedy settlement is reached.

Recognition of the union, an eight hour day and \$2 a day wages are the demands made by the firemen. It is the first of these demands which the brewing companies oppose.

Directorate to Be Reinstated. Fort Wayne, Ind., July 16.-New facts have developed in the proceedings which remanded the aged Charles Dunn of Wallen, Ind., to jail without bail as the alleged murderer of little Alice Cothrell. Mrs. Dunn, wife of the murderer, is insane. Little Alice was her favorite friend, also her playmate. It is now said, on behalf of the prisoner, Dunn, that during the days and nights when the search for the murdered child continued the insane woman asked Dunn to take her out of the cistern, and that when the body was finally dragged to the surface the woman caressed it and wept bitterly. For a moment her mind almost seemed restored. It is now said that Dunn will claim that his insane wife, in a moment of irresponsibilty, choked the child to death and threw her body in the cistern.

FIFTY THOUSAND FOR 'FRISCO Loose Engine Runs Into Passenger Epworth Leaguers Are Pouring Into

the City. San Francisco, July 16.-Several thousand delegates to the Epworth league convention arrived here today. It is calculated that 10,000 delegates have already arrived and that 40,000 trains, which left Salt Lake city in more are en route. On 40 special the last two days, there are nearly 20,000 delegates. At least 6,000 are traveling by way of Los Angeles, and perhaps 4,000 by way of Portland. On the Santa Fe route there are said to be a thousand people journeying toward this city. From these figures, which the railroad officials and the local Epworth leaguers say are authentic, it is certain San Francisco will be called upon to entertain 50,000 strangers during the next week or ten days.

Largest Pearl Yet Discovered. Lansing, Ia., July 16.-The pearl fisheries hereabouts maintain an enviable reputation.
