

## YESTERDAY'S BALL GAMES

### Sugar Factory Team Defeats Business Men.

#### A HOT GAME HERE NEXT FRIDAY

Norfolk Vanquishes Bancroft in Spite of the Umpire by a Score of 8 to 5. Will go to Oakdale Thursday—Governor Savage Sees Hospital Game.

From Tuesday's Daily.

The base ball game yesterday afternoon between the sugar factory employees and the business men of the city was an enjoyable event of the season and while the game was not largely scientific the playing was not as poor as might be expected from persons who have not taken part in the great national game for years. There was a very good attendance and the spectators were given considerable amusement.

The costuming of the players was a feature of the game and a few of the uniforms are worth mentioning. Davenport was resplendent in a red suit; Hoffman was becomingly attired in an undershirt and long trousers; Burt Mapes wore a light cap, undershirt, blue overalls rolled up to his knees, one pink stocking with a white stripe near the knee and the other a light yellow; Rainbolt had a golf suit and a Harvard sweater; Dr. Frank Salter, captain of the town team, wore a bandanna scarf, light head-gear, overalls, one red and black sock the other purple and black; Wilmerding had overall knickerbocker and fiery red hose with black stripes about the ankle; Connolly, captain of the factory team, wore overalls with hose of black, red and purple and all wore "dressed to kill" with a woeful disregard of tailoring or harmony of color.

The game clearly belonged to the sugar factory at the start, but the town fellows were eventually longer winded and with another inning or two would undoubtedly have taken the honors. The latter team shifted its players at frequent intervals, especially with regard to pitchers. The men in the box acquired the glass arm very readily. Rainbolt was in the box first, then Hoffman tried his hand and Tracy closed the game with a record that indicated that he knew some thing of twists and curves that might be of value to less amateur teams. Wilmerding for the factory also did excellent execution from the box and his curves were responsible for several goose eggs on the part of the Norfolk team. In the seventh inning the players endeavored to inaugurate a new feature by playing with two balls at a time, but confusion reigned and they were compelled to call the extra off. The errors of course were numerous and the scorer soon became discouraged in keeping track of them.

The line up of the teams was as follows:

Business men: Carl Davenport, catcher; Wynn Rainbolt, pitcher and third base; Bart Mapes, short stop; Fitch, first base; John Krantz, second base; Sidney Robertson, third base and center field; E. H. Tracy, right field and pitcher; W. R. Hoffman, center field, pitcher and right field; Captain Salter, left field.

Factory: F Lockwood, catcher; H. A. Wilmerding, pitcher; N. A. Lockwood, first base; Fred Roberts, second base; Captain W. A. Connolly, third base; E. H. Zion, short stop; Fred Benning, left field; Joe Kopp, center field; Hugh Mullen, right field and Gus Cornelius, mascot.

Judge Barnes umpired the game. Score by innings:  
Sugar factory—2 1 1 3 3 1 0 0—12  
Business men—1 0 0 1 1 1 2 3—9

#### Norfolk vs. Stanton Friday.

The Norfolk team went to Bancroft yesterday and took a game from that town with a score of 8-5. The Bancroft team was reimbursed by five Indians from the reservation and the boys state that the umpire was very much prejudiced in favor of the home team and that after an especially rank decision they refused to continue the game until the umpire was changed. The umpire was changed and the game concluded without further trouble.

The Stanton team is scheduled for a game on the Norfolk grounds for Friday afternoon that will be interesting without a doubt. The Stanton boys are coming with a determination to win, but if they do they will be compelled to do some heroic work. Thursday the Norfolk team will go to Oakdale and endeavor to retrieve their former disaster at the hands of the team of that town.

This afternoon the Humphrey team is here trying for honors on the home diamond. The batteries are: Norfolk—Plum, Partridge, Humphrey—Jalaski, Hoar.

#### Governor Sees a Game.

A team from the Junction and one from the asylum played on the grounds at the latter place yesterday afternoon, with the governor and members of the board of public lands and buildings as interested spectators. C. J. Chapman was umpire and the score was 13 to 9 in favor of the asylum team.

Miss Mollie Taylor, a teacher from Battle Creek in attendance at the teachers' institute, received a telephone message today of the death of her nephew, Max Edwards, a young man about 16 years of age, at Meadow Grove of blood poison. Thomas McNeil has purchased the A. D. Pratt dairy business and will conduct it in the future. Mr. Pratt has run the dairy line for the past 12 years, and has made his regular visits, rain or shine, once or twice a day during that time. His familiar face will therefore be missed by many housewives who have come to look on his calls as a regular event of the day. The new proprietor starts in with a large acquaintance, having grown up in Norfolk, is a hard working and popular young man and will undoubtedly faithfully serve the milk customers on the route he has acquired.

Mrs. Schmitt, wife of County Commissioner Christ Schmitt, died last evening at the family home 10 miles west of Madison of appendicitis. She had an attack of the disease about six weeks ago but had recovered her health to some extent. The funeral will be held tomorrow at 2 o'clock. Besides her husband the deceased leaves 11 children ranging in age from 9 to 31 years. The Norfolk friends of the family will heartily sympathize with Mr. Schmitt and children in their hour of deep affliction.

The elocutionary recital in the Con-

gregational church last evening under the auspices of the ladies society was well attended and proved interesting to all. Miss Esther Mason, who recently graduated from the Chicago school of Oratory, was the principal entertainer. She has graceful gestures, a good voice, clear articulation and gives evidence of careful training. She was on the program for seven numbers, "The Village Gossip" by Kate Douglas Wiggin, was particularly well rendered and approvingly received. She was assisted by Mrs. E. O. Mount in a pleasing piano solo, Miss Hildreth Sisson in two vocal selections, Julius Half with two violin numbers and a ladies' quartet composed of Maudames Bucholz and Salter and Misses King and Smith. The musical members were very pleasing and all the performers on the program received the demonstrative approval of the audience and some hearty encores. The society having the entertainment in charge received therefrom \$50.

George Fox has returned from his trip to Oklahoma and the Indian Territory. He drew chance No. 50,503 in the land lottery and his son, Wellington, secured No. 16,178. Up to date but 13,000 numbers have been assigned and Wellington stands a chance of winning sometime about Christmas. It is very probable that Mr. Fox's number will never be reached. He says that Oklahoma City is now a city of about 12,000 people. There are several stone quarries near by and the city has stone sidewalks and many stone buildings. When he arrived there he was unable to secure a bed for the night and was compelled to sit up. He says that while the temperature is very hot during the day it is cool and comfortable at night. He was impressed with the great wheat crop there. For miles there is nothing to be seen but wheat fields and the yield is good,—averaging about 30 bushels of the cereal to the acre. The Osage Indians are wealthy, perhaps the richest Indian tribe in the country. They ride in top carriages have good educations and are becoming quite highly civilized. The land of early settlers in the country are quite valuable, much of it being equal to the land about Norfolk. The drawings for the new lands are strictly on the square and detectives are constantly watching to see that no frauds are attempted.

Editor Childs of the Carroll Index denies that a political bee is buzzing in his bonnet and disclaims any ambition to dole out justice to the people of Wayne county as county judge. He says that he is out of politics and his highest desire is to give the people of Carroll and vicinity a good local paper.

The Fourth ward republicans last evening selected the following delegates to attend the republican county convention at Madison Saturday: G. A. Anderson, E. D. Perry, J. L. Hershiser and Fred Hollingsworth. The delegates present were authorized to cast the full vote of the delegation. J. L. Hershiser was chairman and W. H. Rish secretary of the meeting.

Mrs. E. M. Huntington gave a "red dress" party yesterday afternoon and evening at her home in The Heights for her little nieces, Gracia and Ruth Sharp, who are visiting here. The lawn was nicely decorated and illuminated with Japanese lanterns during the evening, and the little girls who attended enjoyed the occasion thoroughly. Choice refreshments in variety were served during the entertainment.

The choir boys returned yesterday from their camping outing at the Yellow Banks, having enjoyed a very pleasant time, the weather being all that could be desired. While there they found imbedded in the sand of the classic Elkhorn the antler of one of the animals from which the stream derives its name. It was one side of the horns and time and tide of many years had caused it to fall to pieces but when the pieces were recovered and the antler restored it was found to be of very respectable dimensions and must have belonged to a beast of unusual size.

The World-Herald of yesterday said: "Eugene Betts, (probably Best) giving Norfolk as his residence, has been arrested by Detectives Donahue and Heitfeld and charged with procuring. He was found at Micky Mullen's music hall, where it is said he attempted to induce a number of girls to go to Norfolk to enter a disorderly house. The following have been cited to appear and give testimony against him: Jennie Miller, 411 North Fourteenth; Pearl Snookmaker, 400 North Fourteenth street; Alma Johnson, 403 North Fourteenth; and Jennie Anderson of 1511 Davenport."

J. M. Richardson of Oakdale is here taking part in the institute work. He has been elected to serve a third year as principal of the Oakdale schools and has recently been nominated by the republicans for superintendent of public instruction of Antelope county. He has been in the state since he was five years of age and has been engaged in school work as principal for the past ten years. He is the only instructor in his county who holds a professional state certificate and a brief acquaintance with him is convincing evidence that the republicans there have made a wise nomination. He is energetic, of pleasing address, and will undoubtedly give his opponent, whoever he may be, a close race.

Manager G. T. Sprecher has just returned with General Manager H. V. Lane from a trip to O'Neill where this morning a contract was entered into between the Nebraska Telephone company and the Holt County Telephone company whereby the toll lines of the former will combine with the latter at Ewing and give connection with the east to Holt county stations and as far west as Ainsworth. The Nebraska company's lines are now completed to Neligh and the work of building them to Ewing will soon commence. It is expected that connections will be made before snow flies. This will give the Nebraska company a still further extension of their territory and be of additional benefit to their patrons.

A. E. Campbell was a Meadow Grove visitor this morning, where he was the victim of a cowardly assault. He had been in conversation with the man who farms his place and was sitting on the depot platform with Mr. Westervelt, when, just as the train was pulling in, his renter approached and said "Well what are you going to do about it?" Mr. Campbell replied that he would do just as he agreed, when the fellow hit him several times while Mr. Campbell was in a sitting position. As he rose to make an effort to defend himself his assailant's brother-in-law went to the fellow's assistance and held Mr. Campbell while the other continued his assault. Mr. Campbell's head was severely cut and he was so badly bruised that it is inferred that his assailant used some weapon more effective than a fist. The victim of the assault bled freely from his wounds and was considerably weakened when he arrived home this noon. Mr. Campbell is a slight and somewhat delicate man, and the fellow who attacked him was certainly a brutal ruffian to take him at a disadvantage in the bargain.
