FRIDAY FACTS.

Miss Annie McBride will entertain tonight for her guest, Miss Clare Whyman. The Norfolk lodge Sons of Herman are to picnic in Rholow's grove next Sunday and an enjoyable time is anticipated. Tennis played at the hospital for the insane last evening was won by Pasewalk and Huse over Dr. Young and Walker 2-6, 6-3, 6-0. An enjoyable party was given at the Verges home on North Tenth street last evening for Charles Verges who will leave soon to attend college. The home of Mr. and Mrs. H. G. Mason in Hayes' addition has been completely remodeled and is much improved in appearance and convenience. The Junction and up town boys' nines engaged in a game of ball yesterday which took ten innings to decide. The up town nine won by a score of 16 to 15. Quite a number of young people of the city and a number who are attending the teachers' institute enjoyed the weekly dance at the Norfolk hospital for the insane last evening. Fire broke out Wednesday in the rooming house occupied by the laborers in the beet sugar factory at Leavitt and the factory buildings were saved from destruction only by hard work. The ball game between the Sioux City and Norfolk Elks will not be played until a week from tomorrow, the Sioux City Elks having announced their intention of coming on that day. The News last evening stated that the state bank examiner called on the Norfolk National bank. It was the national bank examiner, of course. The state bank examiners have nothing to do with the national banks. A sub-district camp meeting of the Norfolk district will be held at Ponca beginning today and continuing for ten days. A rate of one and a third fare

will be secured on the railroads. Rev. D. W. McGregor will be the evangelist. Last evening was quite chilly and those who are pessimistically inclined are already beginning to fear that frost will finish up the work uncompleted by the heavy rains this spring and the drouth this summer, as far as the corn crop is concerned. Mr. and Mrs. C. H. Reynolds entertained a small company of friends last evening in honor of their guests, Mr. and Mrs. Pardonner. Mr. Pardonner left at noon today for a short business trip to Colorado, and during his absence Mrs. Pardonner and the children will remain with Norfolk friends. The game between Norfolk and Stanton which was to have been played on the home grounds today has been declared off, the Stanton team not being able to fill the engagement as they had no pitcher. The Norfolk management offered to supply a pitcher but the Stanton team preferred not to play. A number of ladies surprised Miss Vile Mason last evening at her home on Madison avenue and Tenth street. The party had been planned for a housewarming on the occasion of Miss Mason taking possession of her recently acquired home but had been postponed for several reasons. The evening was enjoyably spent and her guests presented Miss Mason with an elegant oak chair. Winside Tribune: Wm. Hoyer, Will Bayes and Chas. McKeen drove to Norfolk yesterday. The object of their journey was to see about getting castings made for their patent. They have patented a machine to hold a thrashing machine belt in place—the one running from the engine to the machine. It is a very unique device to keep the belt from being blown off when it is windy. There are other patents along this line but none so good, and it is hoped the boys will make a good thing out of it. The barn of A. E. Pettitt, at his home on Philip avenue, between Twelfth and Thirteenth street, was destroyed by fire yesterday afternoon. Besides the building, a new harness, a half load of hay and a stove contained in the barn were destroyed. Mrs. Pettitt succeeded in removing a valuable tool chest from the barn before it was burned. There was some insurance on the building, but how much has not been ascertained. The fire started in a heap of manure beside the barn but it is not known how it was set. The fire department responded to the alarm but before it could prevent the damage had been done, the fire having made considerable headway before the alarm was turned in. Oakdale defeated Norfolk in the ball game at that place yesterday by a score of 30 to 5, which was the poorest record of the season for the Norfolk team. It is said that the home team started in to play fairly good ball but they became wrought up over some decisions of the umpire and after that apparently tried to see how many scores they could give to the other team by letting them have it easy and even coaching for them. It was evidently a farce and it is small wonder if the spectators were disgusted. As a result of the game there will be several important changes made in the organization of the team and it will be materially strengthened for the Sunday game with Humphrey. Peterson of Pierce has been secured to pitch that game, which is sufficient guaranty that there will be good work in the box. The work of putting the mill property and the water power in better condition is almost completed and the owners expect to start the mill again Monday. Extensive improvements have been made and the property is now in better shape than ever before, with promise of permanency. A force of 50 men has been at work on the job for the past three weeks and the improvements will cost about \$4,000. An iron pipe nine feet in diameter will carry the water from the mill race to the mill wheel. The pipe is closed at the south end and all the water that enters the race must pass through the wheel before it escapes into the river channel below. The wheel is a turbine and works on the corkscrew principle. It will furnish 140 horse power under the new arrangement. Fifty thousand brick were used in making the improvements and those under water are vitrified and laid in cement. There was considerable heavy material used in the work of construction which was handled from a great derrick at the top of the mill. The owners now believe that their property is in better condition than ever to give patrons satisfactory service. Choice meats of all kinds at Karo's. WANTED—Married man on farm. Inquire at News office. Notice to Water Consumers. Attention is hereby called to the ordinance which requires water consumers to promptly turn off their hydrants when a fire alarm is sounded. Attention should be given this requirement as the department desires all the water and pressure possible in case of fire. C. E. HARTFORD, Chief Fire Department. The C. St. P. The first white man to set foot on Utah soil, Father Silvestre Velez de Escalante, who reached the great Salt Lake on the 23rd day of September, 1776, wrote in his diary: "Here the climate is so delicious, the air so balmy, that it is a pleasure to breathe by day and by night." The climate of Utah is one of the richest endowments of nature. On the shores of the great Salt Lake especially—and for fifty miles therefrom in every direction—the climate of climates is found. Toenable persons to participate in these scenic and climatic attractions and to reach the famous health, bathing and pleasure resorts of Utah, the Union Pacific has made a rate to Ogden and Salt Lake City of one fare for round trip, plus \$2.00, from Missouri river, to be in effect June 18 to 30 inclusive, July 10 to August 30 inclusive. PROSPEROUS FARMERS. With a Good Crop of Oats at 35 Cents They are Not Worrying. With an abundance of hay starting at \$7 a ton, oats worth 35 cents and other crops and stock in proportion the farmers of this vicinity are not likely to suffer any serious setback if their corn crop should partially fail. Dick McMillan is at least one farmer who is not threatened with want and his experience with a Nebraska farm is but one of many. He has recently disposed of a crop of oats from 104 acres that averaged more than 42 bushels to the acre for which he received 35 cents a bushel or a total sum of \$1,600. This is undoubtedly more than the land was considered worth several years ago, but it can readily be conceived that its value will advance rapidly if it continues to produce crops of such value. E. A. Love of the sheep ranch has a crop of oats which have not been threshed but which would undoubtedly average 45 to 50 bushels per acre. Fred Krantz has threshed his crop which averaged about 50 bushels to the acre. Spring chickens at Karo's. Brown's Business College. Sioux City, has grown in two years to be the largest business college in the northwest. Why is it? Simply because the school makes competent students and gets positions for them. The Norfolk branch will do the same work for its students. Fall term opens Monday, September 3. Write for new catalogue. Try one of Karo's choice steaks. The C. St. P. M. & O. will sell excursion tickets to St. Paul and Minneapolis next Saturday at \$5 for the round trip, good to return till Monday, August 26. The train leaves here at 6:30 Saturday morning. PERSONAL. R. D. McBeth of Warrville was in the city today on business. Mr. and Mrs. W. G. Berner have returned from their visit to relatives and friends at Milwaukee, Wis. Dr. and Mrs. Teal, who accompanied Mrs. Teal's father and sister as far as Omaha, returned last night. Otto Hellerman departed today for Marshfield, Wis., to resume his duties as teacher of a parochial school. E. P. Hummel returned to Sioux City today. Mrs. Hummel will remain at the home of her parents until Monday. E. C. Day, who has been a guest at the home of T. J. Morrow, left this morning for his home in Kansas City, Mo. Miss Pearl Reese, the Misses Stafford and Miss Hattie Allbery returned last night from their visit to the Buffalo exposition. Dr. R. A. Mittlestadt, dentist, Bishop block. Telephone 147 A. C. St. P. M. & O. Railway Cheap Excursions. August 1 to 10 inclusive round trip to St. Paul and Minneapolis \$9.35, to Duluth, Superior and west Superior \$13.35, to Mankato \$7.20, to Kasota \$7.40.
