### WAYNE TEAM EASY.

Defeated by a Score of 18 to 5 Yesterday afternoon.

From Saturday's Daily:

The ball game yesterday between the team from the Wayne normal college and the Norfolk team was an easy one for the latter, the home team winning by a score of 18 to 5. The feature of the game was Davey's batting. He went to bat five times, the first time knocking out a home run on the first ball pitched. He followed this with two 2-base hits, and one 3-bagger. Alberts made a 2-base hit, also Koenigstein and Jones, while Porter went on record for two 2-baggers. The Norfolk battery was Koenigstein and Buehner. Eighteen hits were made by the Norfolk team and there were four earned runs. Double plays were: Davey to Plum to Partridge, Porter to Davey. Sacrifice hits were made by Davey and Koenigstein.

The battery of the Wayne normal team was O'Kief and Barton. They had no earned runs and 18 errors were marked against them when the scorer quit counting. O'Kief made a 3-base hit.

The Wayne team was clearly out-matched and the game was uninteresting.

### GOVERNOR SAVAGE'S VISIT.

He Explains Ruling in Regard to Families of State Employees.

From Tuesday's Daily:

After inspecting affairs at the Norfolk hospital for the insane yesterday Governor Ezra P. Savage came to the city and was the guest of his daughter, Mrs. C. M. Jones, over night. During the evening an informal reception was held at the office rooms of Messrs. Barnes & Tyler in the Mast block and he was met there by a number of business men and politicians. He returned to Lincoln on the early train this morning.

The governor stated last evening, concerning the recent ruling that the families of employees at state institutions are not to live at the institutions, that it is probable that the order will be modified so that the families may continue to reside at the institutions by paying their board to the state, at a rate proportionate to the cost of maintaining the institutions. The governor gave as the reason for the new order that at some of the state institutions the free board privilege had been shamefully abused in the past, one instance being related of an employee who not only tried to have the state keep his own family but several of his relatives. If a man works for a private firm or enterprise he expects to provide for the maintenance of his family out of his salary, and the governor sees no reason why a person working for the state should be any better treated. The law provides that certain employees shall be paid a certain amount and board, but says nothing about boarding their families, hence the governor believes that in justice to the tax payers no extra persons should be boarded at public expense.

### PACIFIC REOPENS.

Hotel Resumes Business After Two Weeks' Rest.

From Wednesday's Daily:

The Pacific hotel will be reopened to the public in all its branches on Friday, after having been closed but little more than two weeks the actual date of closing being August 5. It is now considered that there is enough trade in sight to warrant the resumption of business. Manager Patterson will continue to conduct the hotel and H. A. Moler, formerly chief engineer at the Norfolk hospital for the insane, will take charge of the dining room.

The dining department has been the only one closed, the rooms having been constantly open to the patronage of the public under Mr. Patterson's management since the 5th. The new arrangement will therefore place the hotel on about the same plan as a European hotel and it is considered that it will be more satisfactory to the public as well as the management.

### Fall Entertainment Abandoned.

Through the lack of interest and support on the part of business men and citizens, the board of managers, recently appointed at a public meeting to promote a harvest home entertainment this fall, at a meeting held last night, decided to abandon the project and hereby tender their resignations as such committee:

## INSTITUTE OF TEACHERS.

Opened Yesterday With Large Attendance.

### WORK PROGRESSING SMOOTHLY.

Over One Hundred Enrolled—Spelling Match an Interesting Feature of the Program—A Busy Session From Which Much Good Will Result.

From Monday's Daily:

At the teachers' examinations which were conducted in the High school room Friday and Saturday of last week by County Superintendent Crum, 48 teachers were examined and the papers are now being marked and graded.

The county teachers' institute commenced this morning with 100 enrolled. The following are the instructors: Prof. J. M. Pile, president of the Wayne normal college, Superintendent D. C. O'Connor and Miss Miller of West Point, teacher of primary methods.

This evening the state spelling contest as suggested by the Nebraska Teacher will be conducted in the High school room and will be open to the public. The two teachers receiving the highest grades in the contest will represent the county in the state contest to be held at Lincoln during the state teachers' meeting to be held in December.

It is expected that other teachers will enroll today and tomorrow, and as there are a number who have not yet found boarding places those who will board or room one or more teachers are requested to leave word either with Superintendent Crum or at THE NEWS office.

From Tuesday's Daily:

The teachers institute opened yesterday with over one hundred teachers in attendance. Miss Austin was unable to be present, as advertised, and Prof. Pile of the Wayne normal takes her place, giving instruction in civics, grammar, didactics and arithmetic. Supt. ### Spelling Contest.

The spelling contest announced by Supt. Crum came off at the High school building last evening. Only thirty-five teachers could be induced to take part in it. This is taken as evidence of the fact that a large proportion of the teachers are fearful of their ability in this subject. A general effort is being put forth to improve the work in this line. The eighth grade examinations during the past three years by Supt. Crum have done much to cause the expenditure of more effort on spelling and a corresponding improvement. The eighth grade pupils of the county averaged 59 in the first examination and 83 in the last. That is, the pupils three years ago spelled on the average 59 words out of a 100 and last year they spelled 83 words out of a 100.

In the contest last evening 20 of the 35 made grades above 75. Of these six are young teachers of but one or two years' experience, six are young people expecting to teach for the first time this year and eight teachers of more than two years' experience. Of the 15 falling below 75, eight were teachers of more than two years' experience and seven of less than two years, or no experience, the test showing that the younger teachers in both classes hold the advantage over the older ones,

which goes to show that improvement is being made in this work.

Miss Mary O. Crooks of Meadow Grove took highest honors in the contest. She spelled all the words pronounced and received a grade of 100. Miss Crooks is one of the oldest teachers in the county. She has taught continuously for some ten years in this county. Miss Jessie Wells took second place with a mark of 99. Miss Wells will commence her first school Sept. 2. Her home is near the west line of the county, north of Newman Grove. She is a niece of Miss Crooks and took the highest grade, of one hundred and four eighth grade pupils, three years ago.

### GOVERNOR SAVAGE HERE.

Visits the Hospital With the Board of Public Lands and Buildings.

From Monday's Daily:

Governor Ezra P. Savage, State Treasurer Wm. Stouffer and Secretary of State G. W. Marsh are here on an official visit to the Norfolk hospital for the insane, as members of the state board of public lands and buildings. The governor's private secretary, Robert Clancy, is also a member of the party. They arrived on the noon train and will return to Lincoln tomorrow morning.

Governor Savage was the guest of his daughter, Mrs. C. M. Jones, during a portion of his stay.

### Rape Case at Madison.

Wednesday morning the citizens of this city were surprised and shocked to learn that an assault with attempt to commit a rape had been committed by Warner Sutherland about half past nine Tuesday evening. The assault was made upon Bertha Rowlett, a young lady seventeen years of age, of excellent reputation and unblemished character. The assault was of a most determined and brutal character, and Sutherland was only prevented from accomplishing his purpose from the fact that the cries of the young lady brought assistance and caused Sutherland to take flight. It is supposed that Sutherland escaped by riding out of town on horseback and up to this time has not been apprehended. Miss Bertha Rowlett, the young lady in question, is the daughter of a widowed mother, and has been a resident of this city for a number of years. Sutherland came here about a year ago and has been employed in his father's barn. When the facts of the assault became known, great indignation was expressed by the citizens and a determined effort will be made to apprehend Sutherland and bring him to justice—Madison Star.

### New York Hospitality.

The hospitality of smaller places is rare if not unknown in New York. Hospitality there is different and tends to be swamped by numbers and often chilled into an apparent indifference that is really compelled by circumstances. Often it makes a brave fight and never wholly gives up, but it is a struggle against great odds. Not seldom it happens that the enormous aggregation of social and intellectual opportunities that confronts country people who come to live in New York so discourages them that they end in living narrower lives in the great city and seeing fewer people than in the smaller town from which they came. And if it does not discourage them it is apt to drive them too hard. A New Yorker who already had a house in town and another in the country near by excused himself for building a third in New Hampshire by saying: "In town or near town I never get away from engagements. I want a place where I can have some leisure, and leisure to a New Yorker means, of course, a chance to do some work."

### How He Makes Friends.

A Missouri paper says that Senator Cockrell keeps in closer touch with the people of his state than any other man in the senate. One of his habits, according to capitol gossip, is to read in the senate the name of every constituent who sends him a petition. Other senators content themselves with presenting petitions in an indefinite bunch, and in this impersonal fashion they are noted in the Congressional Record. Cockrell's way is different, and when The Record appears there are the names of his constituents, looking very large. Forthwith to each person thus distinguished goes a copy of The Record, which is shown with much pride at the country store or postoffice, and the voter is a friend of Cockrell for life.

### The Result of His Study.

"I suppose you have made a study of human nature," remarked the friend. "I attribute my success in life to that fact," answered Senator Sorghum. "Were you ever tempted to give the world the benefit of your observations, to put them into book form as a human comedy or something of that sort?" "My dear sir, it wouldn't take a book to do it. I have figured on the problem of human nature until I know the answer. I should just say, 'Human nature loves money,' and let it go at that"—Exchange.

### Japanese Art.

The Japanese is a born lover of nature. Whatever he produces, from the most painstaking work of art to the simplest household utensil, is after natural models. In the representation of figures and scenes the Japanese display a perception which is astonishing. With a couple of strokes of the brush they reproduce what they see with a truth to life which is almost incredible.

When the plate is furnished THE NEWS will supply engraved cards at 75 cents for 50, or \$1.00 for 100.

## GLENWOOD IS DEFEATED.

First Nebraska Game is Lost to Norfolk.

### NOT AS GOOD AS WEDNESDAY'S.

Left Handed Featherstone Was One Too Many for the Visitors—Glenwood Boys Objected to One Decision of the Umpire.

From Monday's Daily:

The Oakland Sentinel says that the team of that town has never been defeated except by a left handed pitcher and the Glenwood team carried such a pitcher. If this is the basis of that team's success they took a dose of their own medicine in Norfolk Saturday and met with their first defeat at the hands of a Nebraska team. Pitcher Featherstone was one too many for them and the Norfolk team was credited with the first victory in a contest with the Iowa boys. Of course everybody was hilarious, and they had a right to be.

There was a large crowd in attendance and the playing was fast and furious. The Norfolk team was in good form and after having given the Iowa boys the hardest rub of their tour during their previous visit they undoubtedly went in with the determination of giving them their first defeat. The game was umpired by Smith of Tilden, which is a guarantee that the victory was fairly earned.

The Glenwood boys made several costly errors and from a scientific standpoint the game was far from being as good as the one of Wednesday. In the seventh inning the visitors differed from the umpire on a decision that retired the side and took it with ill grace that he would not reverse his finding. They claimed a foul ball and the umpire held that it was fair, the batter being put out at first.

In the third inning Rowe of Glenwood was hit squarely in the head by one of Featherstone's fast balls and was laid flat, the blow rendering him unconscious for some moments. He shortly recovered and continued in the game to the end.

Following is the story of the game in detail:

From Wednesday's Daily:

Humphrey's defeat yesterday by the Norfolk team was largely the result of superior field work. Their pitcher put up a pretty good game in that there were 11 strike outs and not a base on balls, but the Norfolk boys hit him pretty regularly and he was not supported by the field, which made several costly errors. Plum gave but few hits and when one was made it was usually within reach of the fielders and every position was well fielded. The feature of the game was a running catch in the fifth by Hoar. There was a fair attendance at the game and considerable enthusiasm was shown.

The score was as follows:
