

VETERANS SCORE EVANS

Grand Army Takes a Rap at Pension Commissioner.

WANT A CHANGE IN THE OFFICE.

Report of Adjutant General Shows the Ranks of the Veterans' Organization Are Rapidly Thinning Out. Fight for Next Encampment.

Cleveland, Sept. 12.—The first day of the national convention of the G. A. R. was taken up by the reading of the reports by the commander-in-chief, adjutant general, chaplain and the various committees. The proceedings of the meeting were prefaced by the adoption of a resolution tendering to the president the affectionate congratulations of the G. A. R. upon his rapid convalescence. The resolution was embodied in a telegram which was immediately sent to Mr. McKinley at Buffalo.

The report of the adjutant general shows that the ranks of the G. A. R. are rapidly thinning out.

The action of the convention on the report of the pension committee is still a subject of all absorbing interest with the veterans. It was expected that at yesterday's session, but the convention adjourned without taking any formal action on the report.

Commander-in-Chief Rasselour, in a spirited address, severely arraigned Pension Commissioner Evans on his administration of the affairs of the pension bureau. His complaint embraced alleged unfairness and dereliction of duty in office. General Sicklen was careful to exonerate President McKinley.

Senator Hawley announced his intention to fight any attack made upon Commissioner Evans. He expressed the fullest confidence in the administration to rectify any evils in due time and counseled moderation in the convention. It was thought that the majority of the delegates were in accord with Senator Hawley's views.

The majority report of the pension committee criticizes the present pension system as much if not more than it does the commissioner. It sets forth that the system is wrong in that the interests of pensioners are entirely in the hands of one man. A pensioner has no appeal from the decision of the pension bureau and cannot take his case into court. The establishment of a court of appeals is advocated. The grievances of the veterans to the pension system are carefully worded so as to avoid the imputation of criticism against the administration and are placed in interrogative rather than assertive form.

The minority report states that it is openly charged that the pension roll, far from being a roll of honor, is saturated with fraud and contains thousands and thousands of names not entitled to the bounty of the government, and recommends that the president be petitioned, "now that the term of office of the present commissioner has expired, to appoint a successor of known integrity, capacity and fidelity, who will faithfully execute the duties of the office in obedience to the laws of congress."

A number of cities are in the fight for the next encampment, among them being Detroit, Denver, Atlanta, St. Paul, Salt Lake City and Charleston.

Shamrock in a Squall.

New York, Sept. 12.—In all of her ten trials up to these waters and the 16 or more in the Clyde, the Shamrock II and her crew never had a more exciting experience than they had during ten minutes yesterday, when the yacht was caught in a fierce squall that came out of the west and blew at the rate of 34 miles an hour. The squall came so suddenly that the men had no time to shorten sail. Things began to look very serious for the challenger. Captain Sycamore never lost his head, but shifted his helm and then, as the yacht began to gather headway, she felt the full force of the wind. Down she went, until her rail was out of sight and the water was boiling up around her hatches. The tall mast was leaning at an angle of between 35 and 45 degrees and there was not a man who watched her but expected to see the mast go by the board. Gradually she righted and forged ahead.

Veteran of Iowa Poisoned.

St. Joseph, Mo., Sept. 12.—Telegrams from all parts of Iowa have been pouring into the office of the chief of police, inquiring about a stranger, now dead, who was poisoned here Wednesday and who was supposed to have been T. F. Foley, a member of the Fifty-second regiment, Iowa volunteers, Spanish-American war. The victim was 24 years old, weighed 160 pounds and was dark complexioned. He is believed to have been murdered.

Send Joint Note to Sultan.

London, Sept. 12.—A dispatch from Tangiers says the Austrian, British, French, German and Russian representatives have sent a joint note to the sultan of Morocco supporting Spain's demand for the release of the Christian captives, captured by the Moorish tribes, compensation for their capture and the punishment of the tribes.

Maschere of Armenians Renewed.

Constantinople, Sept. 12.—Persistent rumors are in circulation here of a massacre of Armenians at Mushur. The report is officially denied, but the governor of Bitlis and eight battalions of troops have been ordered thither.

DR. B. M. FAILOR MURDERED.

Brutally Clubbed to Death While Out Making a Midnight Call.

Newton, Ia., Sept. 12.—Dr. Benjamin M. Failor, one of the oldest practicing physicians of this city, was brutally murdered at midnight while returning from a professional call at William Graham's, on First street. He had completed his call and had just left the house when in passing the Jasper lumber yard, a dark and lonely place at the corner of Race and North streets, it is supposed he was attacked by thugs and handbagged, with robbery as the motive.

The doctor was discovered in an unconscious condition by a passerby about an hour after the assault and carried into D. M. Wert's house. It was seen that the doctor had been struck about the head and over the eyes, the skull being fractured. His clothing was badly torn and his watch gone. One pocket of the trousers was torn out. He was unconscious and could tell nothing of the assault. He was removed to his home, where he died in terrible agony, there being a hole in the head that seemed to cause terrible pain.

Drs. Engle, Smead and Robb, who were called, are of the opinion that the doctor was struck with a club which, perhaps, had a nail in it.

NEGROES HANG MURDERERS.

String Up Three of Their Own Color for Killing an Old Man.

Calma, Ills., Sept. 12.—News has been received here to the effect that last night a mob of negroes broke into the jail at Wickliffe, Ky., across the river from this city, and lynched three negroes, Frank Howard, Sam Reed and Ernest Harrison. They hanged the men to a cross beam in McCauley's mill.

The crime for which the men were hanged was the murder of an old and respected negro, Wash Thomas. They waylaid Thomas on the railroad track, hit him with a club, killing him, and then robbed the dead body. The murderers confessed their crime before the mob.

The murdered man was employed in a tobacco factory. His slayers worked in a brickyard.

Bryan Outlines Issues.

Lincoln, Sept. 12.—In a letter to George W. Harris, president of the Bryan Traveling Men's club of St. Louis, made public yesterday, William J. Bryan outlines what he believes will be the leading political issues of 1904. He insists the silver question is not settled, the fight against trusts must continue, together with opposition to government by injunction and that the Kansas City platform bids fair to be as sound a declaration of Democratic principles three years hence as at the time it was adopted.

Willie's Men.

The New England small boy generally shows business capabilities at a tender age, if he is ever going to have them. I have heard of a certain small Boston boy who got into the habit of teasing his mother for pennies until at last she said to him: "Now, Willie, I don't like to give you pennies. If you want money, you should go to work and earn it."

The boy remained thoughtful for some time. Then within a few days the mother perceived that Willie had plenty of pennies. She wondered a bit where he got them, but did not question him. But one summer day she noticed that some sort of a hulla-balloo was going on in the back yard. Looking out, she saw Willie surrounded by a mob of boys who were yelling with delight. She went down into the yard to see what was going on, and as she passed out she saw stick up on the back wall of the house this notice, quite neatly "printed" out with a pencil:

WILLIE JONES WILL EAT
1 small green worm for..... 1 cent
1 large green worm for..... 2 cents
1 small fuzzy worm for..... 3 cents
1 large fuzzy worm for..... 5 cents
1 small green tad for..... 10 cents

Willie was apparently doing a thriving business. His mother interrupted it—at any rate, in her own back yard. I don't suppose that she had any assurance that he wasn't still carrying it on somewhere else.—Boston Transcript.

Queen Elizabeth was commonly spoken of as queen of Virginia, Virginia and Carolina were kingdoms under the Stuarts. Massachusetts was recognized as a "sister kingdom" by Cromwell's parliament.—London Express.

Skin Diseases

ECZEMA, TETTER, PSORIASIS, SALT RHEUM, ACNE and a great many other diseases of like character are classed as skin diseases, when they could just as properly be called blood diseases, for they undoubtedly originate in the blood, like Cancer, Catarrh, Scrofula, Rheumatism, Contagious Blood Poison, etc.; the only real difference being in the intensity and nature of the poison. The more serious diseases, Cancer, Catarrh, etc., are caused by some specific poison or virus, which is either inherited or in other ways gets into the blood and attacks certain vital organs or appears in the form of terrible sores and ulcers, while the milder and less dangerous skin diseases are caused by blood humors or an over acid condition of that fluid. These acid poisons, as they ooze out through the pores of the skin, cause great irritation, with intense itching and burning. The eruption may be of a pustular kind, with excessive discharge of thick, gummy fluid, or the skin may be hot, dry and feverish, swollen and fissured. Skin diseases, whether they appear as sores, blotches or pimples, become more deeply rooted and intractable the longer neglected, the skin in time having a thick, hard, rough and unsightly appearance. You can hide the blemishes for a time with cosmetics; and washes, lotions, soaps and powders may relieve temporarily the itching and burning, but eventually the pores of the skin become so clogged up by this treatment that the poisonous matter thrown off by the blood cannot pass out of the system, and settles on the lungs, heart or some other vital organ and endangers life.

To purify and build up the polluted blood is the right treatment for skin diseases, and for this purpose no other medicine is so deservedly popular as S. S. S. It is a perfect antidote for all blood humors, and when taken into the circulation, gently but thoroughly eliminates all impurities and puts the blood in a healthy, normal state. The skin can't remain in an irritated, diseased condition when nourished with rich, new blood. S. S. S. is the only guaranteed purely vegetable remedy, and the safest and best skin beautifier. Write our physicians if you have any blood or skin disease, and they will cheerfully advise you without charge.
