Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health- Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the meases come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark halfmoons under their eyes. A dose of

WINE or CARDU

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into

attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Asbury Park, N. J., February 3, 1900. I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was some-thing terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and was greatly relieved. To use her own words, "It saved my life." J. WESLEY CHOSS.
