

The Norfolk News

W. N. HUSSE, Publisher. DAILY. Established 1887. Every day except Sunday. By carrier per week, 15 cents. By mail per year, \$6.00.

REPUBLICAN TICKET.

State. For Judge of the Supreme Court—S. H. SEDGWICK. For Regents of the State University—C. J. ERNST.

County.

For county treasurer—R. C. MILES. For county clerk—PHIL BAUCH. For county judge—J. B. BARNES, JR.

Precinct.

For Assessor—H. G. BRUGGEMAN. For Justices of the Peace—S. W. HAYES, C. F. EISELEY.

A vote for R. C. Miles will be a vote to keep a good man in office.

Phil Bauch has given good satisfaction as county clerk and should be re-elected.

The example set by September and October should be of benefit to July and August next year.

Messrs. S. W. Hayes and C. F. Eiseley for justices of the peace deserve the loyal support of every republican and they should be elected.

For county coroner Dr. D. B. McMahon is fully qualified and will look after the duties of the office, with a professional knowledge to assist him.

When in doubt make your mark at the top of the ballot where it says, 'Republican' and is followed by a half-inch circle, big enough to contain any ordinary X.

Judge M. J. Moyer will carefully attend to the duties of his old position, county judge, if elected and those who have investigated his qualifications will vote for him.

H. G. Bruggeman is a man who may be trusted to make a fair and just assessment. The republicans of the precinct should rally to his support and insure his election.

Carl J. Ernest and Elisha C. Calkins are the candidates for regents of the university who will deserve an election and every voter should flatter his best judgment by voting for them.

Judge Sedgwick will honor the supreme bench of the state—he has the ability, the legal capacity and the personal qualities that such a position requires. Do not make a mistake—Vote for Samuel H. Sedgwick.

Mr. Bryan desires that Nebraska should return to the fold this year and probably expects that it will, but Mr. Bryan should, by this time, be almost proof against disappointment and the result of the vote is not likely to greatly shock him.

W. H. Lowe has attended to all the duties of the office of county surveyor in a creditable manner, made possible by his knowledge of the business and years of practical experience. He will certainly be re-elected if qualification counts for anything.

J. J. Clements has demonstrated his ability to care for the office of county sheriff and the voters will make no mistake in again entrusting him with the duties of that position. He attends strictly to business and his incumbency will be a credit to himself and the voters responsible for his election.

The average fusion editor of Nebraska is not following the World-Herald's lead as friskily and as blindly as in years past. There was a time when that paper had the implicit confidence, not only of the fusion editors, but of its readers, but it has so frequently been detected at fakery and error that its conscientious followers and worshipers are about as scarce as flies in mid-winter.

It is doubtful if the republicans could have chosen a better candidate for the position of county superintendent than J. B. Barnes, jr., and the wisdom of their selection is becoming more apparent as the campaign progresses and the voters are becoming informed as to his qualifications. It is not unlikely that when the votes are counted the returns on Mr. Barnes' name will occasion some surprise in the ranks of the opposition.

Protest Now. The Conservative gives the following challenge to those who would favor the retiring of capital from Nebraska City and invites them to say so if they don't want more factories to employ more men to consume more raw material: 'If there are any citizens in Nebraska City, in Otoe county, in the whole com-

monwealth of Nebraska, who are opposed to the possible and quite probable organization of a new company, with large capital in cash, skilled labor and enviable character, for the purpose of here putting up a new manufacturing plant—let them protest against such incoming now. There is no better way to protest against more money and more manufacture here than to vote for Bryanarchists for state and county officers. Every man who voted for the vagaries and illusions of Bryan in 1900 ought to be voted against in 1901 by all good citizens who believe in the material betterment of the state by means of strong, rich, wages-paying and raw-products-buying factories and by all those who wish more industrial plants in our midst. Every candidate who cheered the malicious and untruthful assaults of Bryan & Co. upon the industries of this city and vicinity last year ought now to be voted against—no matter what ticket he defaces with his name—by every tax-paying property holder. 'Protest now!'

TREASURER ROBERTS' REPORT.

Treasury Never Stronger Than at Close of Last Fiscal Year. Washington, Nov. 1.—Hon. Ellis H. Roberts, treasurer of the United States, in his report of the transactions of his office during the last fiscal year, says that the treasury was never stronger than at the close of that period. The operations, which were of the first order, both in variety and magnitude, resulted in noteworthy changes in the paper currency, as well as a steady and healthful growth of gold in the treasury and in the general stock. The net ordinary revenues for the year were \$587,685,337, an increase of \$29,444,485 over those of 1900, which were the next highest recorded. The increase came from each of the heads of resource, but chiefly from internal revenue. On the side of the expenditures the total of \$509,967,353 has been exceeded only four times, in 1863, 1864, 1865 and 1899. The surplus of \$77,717,894 was slightly under \$2,000,000 less than in 1900. Inclusive of the transactions affecting the public debt the aggregate receipts were \$1,246,489,306 and the aggregate disbursements \$1,077,963,952.

IMPLEMENT DEALERS ELECT.

Minneapolis Chosen as Convention City for Next Year. Kansas City, Nov. 1.—The National Association of Agricultural Implement and Vehicle Manufacturers last night elected the following officers: President, W. S. Thomas, Springfield, O.; treasurer, R. E. Swainner; secretary, F. E. Lukens, Chicago. Minneapolis was chosen as the convention city for 1902 and it will go to St. Louis in 1903.

Among the resolutions were those favoring the Isthmian canal very strongly; approving reciprocity; urging the question of irrigation and action looking thereto; asking the committee on patents to have patents reclassified; urging congress to send business men as consular agents at adequate salaries; approving the Frye bill for a department of commerce and asking President Roosevelt to embrace such a recommendation to that effect.

Milwaukee May Extend.

St. Paul, Minn., Nov. 1.—The Pioneer Press says: The reports that the Chicago, Milwaukee and St. Paul will build into Montana were partly confirmed by an official statement that the extension is only awaiting the termination of the Burlington deal. It is announced that should the Burlington and allied lines attempt to control western business in the interests of a single line out of St. Paul or a single line out of Chicago, the Milwaukee will immediately extend from the Missouri river.

Cummins Again Campaigns.

Des Moines, Nov. 1.—A. B. Cummins, Republican candidate for governor, who has been ill for several days, compelling the cancellation of several of his dates, was able to resume his tour of the principal part of the state yesterday. Monday evening Mr. Cummins will participate in a final rally in this city, which will include a parade and a torchlight demonstration.

Pan-American Congress Admits Press.

Mexico City, Nov. 1.—The Pan-American congress has received from the Spanish colony at Buenos Ayres a cablegram congratulating it on the sentiments favorable to Spain, expressed by General Rafael Reyes, delegate of Colombia, at the municipal banquet. The session yesterday finally resulted in the admission of the members of the press to the sessions of the congress.

Glucose Sugar War is On.

New York, Nov. 1.—The fight between the Glucose Sugar Refining company and the independent concerns of the country is on in earnest. Prices of glucose have been put up to \$1.75 per 100 pounds, and it is said to be the policy of the glucose company to force the independents out of the field.

They Hold More.

"Do you ever wish you were a girl?" asked the visitor who was waiting in the reception room. "Only at Christmas time," answered the boy, who was lingering in the doorway. "Why do you wish it then?" "Because of the stockings they wear," was the prompt reply.—Chicago Post.

Rules of grammar cannot give us a mastery of language, rules of rhetoric cannot make us eloquent, rules of conduct cannot make us good.—Aphorisms and Reflections.

TWO IOWA BANKS ROBBED

One at Matlock and Another at Orispe Raided.

RICH HAUL AT MATLOCK BANK.

Six Men Use Dynamite and Take Away Two Thousand Dollars—Latest Safe Cracking Arouses Bankers' Association to Need of Action.

Des Moines, Nov. 1.—Early yesterday the Bank of Matlock was robbed by six men, who secured about \$2,000. Of this amount \$300 was in silver. Four of the men stationed themselves so as to guard all points, while the two others went inside. They made free use of dynamite, three heavy shots being fired, making a good many people. The safe and vault were shattered and the building badly wrecked. All the glass in the windows was broken out and some pieces a foot square were blown into the street 30 yards. An old man sleeping in an adjoining building was compelled by the robbers to come to the house. There is absolutely no clue and no effort was made to follow the robbers, because all were so heavily armed. The total loss in money and damages to the safe and building is over \$4,000.

Robbers during a heavy rainstorm last night blew open the safe of the Bank of Orispe in the town of Orispe in Union county. They obtained \$300 in cash and a large amount of negotiable papers. The safe is a total wreck. No clue to the robbers.

These two are only a part of a large number of bank robberies or attempts at robbery in Iowa during the last summer and fall and the situation is regarded as calling for some action to put a stop to the industry. It is probable that the Bankers' association will set detectives on the trail of the thieves and a strong effort made to round them up before they get away. In no case has the loss been great, but the robbers seem to be becoming bolder and they may tackle a large bank some night.

BOER COLONY IN WYOMING.

Number of The Hague Bankers Secure Tract of 300,000 Acres.

Cheyenne, Wyo., Nov. 1.—A number of The Hague bankers and other wealthy men of Holland are making arrangements to establish a colony of Boers and Holland Dutch in Wyoming. A tract of 300,000 acres has been secured in the valley of the Green river in Sweetwater county, Southern Wyoming. Surveys have been made for a gigantic canal and irrigation system and construction is to be commenced at once.

The prospective settlers are being brought over to do the work. Tests have been made which show that the soil is especially well adapted for beet culture and a large beet sugar factory will be established in the colony.

Exonerate Detective Joyce.

Chicago, Nov. 1.—A jury in Judge Ball's court returned a verdict of not guilty in the case of former Lieutenant Joyce of the detective bureau. Joyce was charged with conspiracy to defraud the state by means of an alleged padded expense account. The case was one of the ramifications of the police scandal now being investigated and in which Chief of Detectives Coleran and a number of his men have been put on the defensive by the civil service commission.

Czolgosz's Death Officially Recorded.

Buffalo, Nov. 1.—Official documents recording the death of the assassin, Czolgosz, were placed on record in the clerk's office yesterday. They comprise the attestation of the witnesses to the death and the medical certificates of the doctors that they performed the autopsy on the body and that death was caused by the passing of a current of electricity through the body.

Rose Telegraphs the Folks.

Faribault, Minn., Nov. 1.—Dr. Rose has received a telegram from his missing son announcing his illness at a point in South Carolina. Young Rose is a grandson of the late Bishop Whipple and disappeared about a month or so ago from Amherst, Mass., where he had gone to attend school.

Work of Y. W. C. A.

Cleveland, Nov. 1.—At yesterday's meeting of the international board of the Y. W. C. A., it was decided to continue the publication of the International Messenger. A traveling organizer with an assistant secretary and office secretary are appointed at an annual cost of \$9,000.

Roosevelt Promises a Visit.

Washington, Nov. 1.—To Representative Jones of Washington, who called upon President Roosevelt yesterday to pay his respects, the president expressed his great interest in the northwest and said he expected to make a tour of that part of the United States next summer.

Bubonic Plague at Glasgow.

Glasgow, Nov. 1.—The bubonic plague has reappeared here during the week. Four suspected cases were removed from the Central Station hotel belonging to the Caledonian railway and one died yesterday. The hotels have been closed.

Presages Iowa Telephone Rate War.

Mount Ayr, Ia., Nov. 1.—Work was begun yesterday on the local exchange of the Mount Ayr Mutual Telephone company, which will be the signal for a telephone rate war. More than 100 subscribers have been obtained to the local company.
