

FAIL TO STOP PRIZE FIGHT

San Francisco Ministers Interfere in Vain.

JUST BEFORE THE BIG BATTLE.

Both Fighters Take Their Ease in Last Moments—Jeffries is Kept Busy Entertaining Friends—Ruhlin Spends Quiet Day.

San Francisco, Nov. 15.—Public interest in the Jeffries-Ruhlin championship fight is keyed up to the highest pitch and the sounding of the gong that will bring the Los Angeles brawler and the Akron giant together tonight is awaited with feverish anxiety. All day long enthusiasts have been flocking in from near and afar and the sale of seats has already run its length. It is evident at this time that the Mechanic's pavilion, where the struggle will take place, will be taxed to its utmost capacity and that fully 10,000 people will witness the event.

A group of ministers of the gospel have been striving to induce the law officers to interfere and stop the mill, but they have received no encouragement. They paid their respects to Mayor James D. Phelan and there received the same information that was imparted to them by the district attorney. In other words they have been apprised of the fact that while a state law prohibits prize fighting, a local ordinance countenances boxing exhibitions held under the auspices of an organized club, and the latter measure precludes all possibility of the city fathers stopping the fight at this juncture. The police, if they believe the mill to be brutal and therefore to be beyond the pale of a legitimate exhibition with the gloves, may enter the ring and stop the bout after it starts, but not before.

Gus Ruhlin spent a day of inactivity and quiet.

Jeffries was a trifle more active, but his exertions were provoked by the social demands made upon him by admiring friends with whom he walked and talked. Jeffries is full of life and smilingly declares that he will beat Ruhlin along about the tenth or twelfth round.

Few bets have been made and in all known instances Jeffries was on the long end and at even better odds than yesterday. Harry Corbett, who will referee the fight, says he is in condition to part the big fellows if they resist him or fail to follow his commands and that he will rigidly enforce the rules of the game.

KLUSMIRE ON THE STAND.

Says He Secretly Buried Wife's Body to Avoid Disgrace.

Oskaloosa, Kan., Nov. 15.—William Klusmire, the farmer who is being tried here on the charge of murdering his wife, took the stand yesterday in his own defense. Klusmire said his wife had been dissatisfied and threatened to leave him. He pleaded with her, he said, to remain and told her that if he was in the way he would leave. She had said if he went away she would kill all the children and burn the house. She returned with him to the house, but he missed her during the night and going to the barn found her hanging to a rafter. To avoid the disgrace that would follow publicity he had, he said, hidden the body in the hay, burying it the next night, and invented the story of her death in Texas.

Aarkington to Send Troops.

Earle, Ky., Nov. 15.—Adjutant General David B. Murry, who has been in Madisonville for two days looking into the mining situation, telephoned the governor recommending that troops again be sent to Hopkins county. There is agitation among the union miners over news of the restraining order against officers and members of the United Mine Workers, granted by Judge Evans in the United States court at Louisville, to restrain the union men from camping within gun shot of the property of the mine owners.

Breda Suspect Bound Over.

Carroll, Ia., Nov. 15.—Henry Ertz of Breda, charged with intent to murder by poison his brother-in-law, Joseph Naberhaus, and the latter's wife, appeared before Justice Lynch at Carroll yesterday and waived preliminary hearing. After some parley Ertz was admitted to bail in the sum of \$1,000 and bound over to appear before the grand jury at its next sitting, which is next Tuesday. Both Ertz and Naberhaus are men of considerable property and prominent in the farming community in which they live.

Favor Reduction of Ransom.

Sofia, Bulgaria, Nov. 15.—Miss Ellen M. Stone and Mme. Tsilka, the captives of the brigands, are now said to be occupying a hut in a village of southern Bulgaria, to which they are closely confined. There is reason to believe that a conference of the secret committee, held at Dubinitz, favored a reduction of the ransom demanded and that as soon as it comes within range of the funds at the disposal of Consul General Dickinson he is ready to seal the proposal.

Physician is Implicated.

Chicago, Nov. 15.—Miss Irma Brown of Garden City, Kan., is dying at Cook County hospital as the result, physicians there assert, of an operation. Dr. E. R. Gray, also of Garden City, who is charged with having performed the operation, has been arrested. Police officials say they will ask for the arrest of the son of a minister at Garden City.

READY FOR W. C. T. U. SESSION.

White Ribboners Gather at Fort Worth for Convention.

Fort Worth, Tex., Nov. 15.—With the arrival yesterday of the "White special," the last of the special trains bringing white ribboners to this city, the preliminary work for the great gathering of temperance women of the land received an added impetus, and despite a pouring rain the nine substitute meetings at the various churches were well attended.

When the gavel of Mrs. L. M. N. Stevens of Portland, Me., national president of the W. C. T. U., falls today she will face one of the largest conventions in the history of the W. C. T. U. Every state and territory is represented, as well as England, Canada, Mexico and Hawaii.

The national purity conference held two sessions yesterday. This is one of the important adjuncts of the convention. Mrs. Helen L. Bullock presided. Dr. Mary Ward Allen read a paper on elevation of the home. The afternoon session was devoted to routine work.

It is learned that the executive committee is determined to oppose with all its power separate statehood of Oklahoma if it is coupled with present territorial feature authorizing the sale of liquor.

FAVORS THE AMERICAN FLOUR.

Brazil Increases Duty on That Imported in Bags Instead of Barrels.

New York, Nov. 15.—The Rio Janeiro correspondent of the Herald cables: The chamber of deputies has passed a bill increasing the duty on flour imported in bags instead of barrels. There was a lively discussion over the measure. It was contended that flour, imported in bags, is apt to contain dangerous germs, but this assertion was combated vigorously.

One member of the budget committee frankly declared that the object of the bill was to protect United States producers against the Argentine. After the vote had been taken several deputies said: "The Yankees have routed the Argentines."

Public opinion and the newspapers generally disapprove of the new law, as it is known that flour from the United States arrives in barrels, while the Argentine product comes in bags. Newspapers of Buenos Ayres unanimously condemn the measure and remonstrances will be filed by the Argentine millers.

Hill Elected President.

New York, Nov. 15.—James J. Hill, president of the Great Northern railway, was yesterday elected president of the Northern Securities company, the new \$400,000,000 corporation, through the medium of which the northwestern railroad tangle will be disposed of.

Cole Dies From Wounds.

St. Joseph, Mo., Nov. 15.—William T. Cole, a prominent contractor and heavy landowner across the Missouri river in Kansas, died yesterday from a shotgun wound received while endeavoring to drive poachers from his hunting preserves.

TELL OF THE WAGNER ROBBERY.

Great Northern Trainmen Call on District Attorney at St. Louis.

St. Louis, Nov. 15.—E. S. Elliott, of the Northern Pacific Express company of official, accompanied by Michael F. O'Neill, fireman, and Channing Smith, express messenger of the Great Northern train which was robbed near Wagner, Mon., last July, called on United States District Attorney Rosser yesterday and laid before him all the facts in their possession in connection with the robbery and the suspect under arrest here.

The district attorney requested Chief of Police Kieler to produce Longbaugh, the alleged Montana train robber, and his companion, Laura Bullion, in the federal court.

Longbaugh and the woman were arraigned before Judge Adams to answer the indictments returned against them by the federal grand jury. The prisoners refused to plead and Judge Adams ordered a plea of not guilty entered.

NATIONAL GRANGE MEETS.

National Master Jones Delivers His Annual Address.

Lewistown, Mo., Nov. 14.—About 30 states are represented by 50 delegates here at the session of the National Grange, which was called to order yesterday by National Master Aaron Jones. The forenoon session was devoted to addresses of welcome. In a public meeting in the afternoon Jones delivered his annual address.

National Master Jones said: "Immediate steps should be taken to secure the teaching of scientific agriculture in every public school in our country."

Among the subjects proposed for national legislation are: Rural free delivery, postal savings banks, control of corporations by congress, pure food laws, anti-trust laws, construction of Nicaragua canal and the canal between the great lakes and the Mississippi and just taxation.

In the evening a reception was tendered to the National Grange by the Lewistown board of trade.

IOWA DAIRYMEN IN SESSION.

Awards on Butter Contest Announced. Grout Bill Discussed.

Dubuque, Nov. 14.—At the Iowa State Dairy association last night former Congressman Grout of Vermont and Congressman Dable of Wisconsin discussed the Grout bill. The speakers agreed that the bill would pass at the coming session of congress if the dairymen used their influence with members of congress.

Former Governor Hoard of Wisconsin presided. Awards in the butter contest were announced as follows: Creamery class, A. E. Thompson, Popular Grove, Ills., first; P. H. Kiefer, Strawberry Point, Ia., second; Dairy class, B. P. Norton, Cresco, Ia., first; B. J. DeHoogh, Boyden, Ia., second.

CHICAGO MEN CORNER EGGS.

Now Have 500,000 Cases in Cold Storage and Lines Out for More.

Chicago, Nov. 14.—Local packers are believed to be cornering the egg market and now have 500,000 cases in cold storage. The combination expects, it is said, to have the market completely under its control before the middle of January. Conditions are such at this date that prices are advancing rapidly, having gone up to 27 cents within the past week.

To Dwarf Trees.

To dwarf trees as the Chinese do you must follow their methods. They take a young plant, say a seedling of a cutting of cedar when two or three inches high, cut off its taproot as soon as it has enough other rootlets to live upon and replant it in a shallow pot or pan, allowing the end of the taproot to rest upon the bottom of the pan. Alluvial clay molded to the size of beans and scanty nourishment is then put into the pot. Water, heat and light are permitted on the same basis.

The Chinese also use various mechanical contrivances to promote symmetry of growth. As, owing to the shallow pots, both top and roots are easily accessible, the gardener uses the pruning knife and the sawing line freely, so that the little tree, hemmed on every side, eventually gives up the unequal struggle and, contenting itself with the little life left, grows just enough to live and look well.

Great Memories.

Otto Schultze, a stenographer, wrote in the Brandenburg Schulblatt that Bismarck had a wonderful memory. "When he had delivered a two hours' speech and looked over our shorthand reports the next day, he remembered every expression he had used exactly and did not forget them for years."

A Hunting Story.

Once Rogers was shooting where his host happened to have killed a boy and a keeper in the same season, and he asked a beater whether his master felt the matter very much. The answer was: "Well, sir, he didn't care much about the boy. He grieved more five pounds. But he went very wretched about the man. He didn't go out shooting for a whole week." This in Norfolk was considered an evidence of the climax of human emotion.—George Archdale in Temple Bar.

For Hoarseness.

Benj. Ingerson, Ind., says he had not spoken a word above a whisper for months, and one bottle of Foley's Honey and Tar restored his voice. Be sure you get Foley's. A. H. Kiesau.

Spreads Like Wildfire.

When springs are "the best" they become "the best selling." Abraham Hars, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of the stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidney and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by A. H. Kiesau, Druggist.

Vagaries of a Cold.

You can never be quite sure where a cold is going to hit you. In fall and winter it may settle in the bowels, producing severe pain. Do not be alarmed nor torment yourself with fears of appendicitis. At the first sign of a cramp take Perry Davis' Painkiller in warm, sweetened water and relief comes at once. There is but one Painkiller. Perry Davis', 25 and 50 cents.

W. J. Shively, Batesville, O., speaking of Banner Salve, says: "I used it for piles, and it has done me more good than any salve I have ever used, and I have tried a great many kinds." A. H. Kiesau.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pain in my chest disappeared entirely. I am most respectfully yours for health, RALPH S. MEYERS, 64—Thirty-seventh St. Wheeling, W. Va. For sale by Kiesau Drug Co.

To Cure a Cough.

Stop coughing, as it irritates the lungs, and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants. A. H. Kiesau.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies of the Kiesau Drug Co.

A Violent Attack of Croup Cured. "Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." Let me beg you to give your child a few doses of this only croup cure, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Kiesau Drug Co.

It is Easy to Say.

"Be careful," but we must all go from heated houses into chill outer air, and the change sets us coughing and wheezing. Avoiding winter colds is difficult; curing them is not hard if you take Allen's Lung Balm. Let me beg you to give your child a few doses of this only croup cure, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Kiesau Drug Co.

Recommend it to Trainmen.

G. H. Hausan, Lima, O., Engineer L. E. & W. R. R., writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle entirely relieved me. I gladly recommend it to any one, especially my friends among the train men, who are usually similarly afflicted." A. H. Kiesau.

If you want some "just as good."

"I make it myself." Remedy, try an imitation Rocky Mountain Tea. "I will make you sick and keep you sick." Geo. B. Geo. A. Points, Upper Sandusky, O., writes: "I have been using Foley's Honey and Tar for hoarseness and find it the best remedy I ever tried. It stopped the cough immediately and relieved all soreness." Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschoe's

German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial tubes. You can get Dr. G. G. Green's reliable remedies at A. H. Kiesau's Drug Co. Get Green's special almanac.

Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by Kiesau Drug Co.

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood had been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system A CONSTANT DRAIN UPON THE SYSTEM.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbert, Lock Box 245, Winona, Miss., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

S.S.S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.
