NO MORE BODIES FOUND

Fatalities of Mine Disaster Less Than Feared.

TWENTY-TWO WERE KILLED.

Ninth Level of Bullion Tunnel Still Filled With Smoke—Superintendent Leads Party Through Most of Workings Without Adding to List.

Telluride, Colo., Nov. 22.—The developments in the Smuggler-Union mine disaster have not served to remove the doubt as to the number of victims and it seems unlikely that the exact number will be known for several hours. As yet the list remains the same as last night, 22 dead and one in a precarious condition from inhaling the deadly gas and smoke drawn into the mine from the burning buildings about the mouth of the Bullion tunnel. It is possible that a search of the ninth level, which is still in part inaccessible, will reveal the bodies of other victims, but a party headed by Superintendent Edgar Collins went through all the other portions of the mine and found no more bodies. The unexplored portion of the ninth level is about 400 feet in length. Superintendent Collins said that he did not believe the death roll would be increased by more than one or two and possibly not at all. It is said two or three men are missing, but it is not certain, as the men are mostly foreigners and many of them did not report after making their escape from the mine. The work of clearing away the debris of the burned buildings and repairing the tramway has already begun, but it is said that it will be some time before the mine can be reopened.

The funeral of the 22 victims will be held tomorrow afternoon. Mayor Higanhuas has issued a proclamation asking that all business houses close during the afternoon.

EIGHTH VICTIM TO DIE.

Conductor Higgins Succumbs to Injuries Received in Santa Fe Wreck. Los Angeles, Nov. 22.—Conductor R. R. Higgins, the eighth victim of the Santa Fe wreck in Arizona Wednesday, died yesterday at the Sisters' hospital. Those injured in the accident are progressing favorably and no more fatalities among them are probable. Concerning the probable loss to the road as a result of the smash-up a railroad man in this city gave it as his opinion that it would amount to \$250,000.

Passenger Agents in Wreck.

Truckee, Cal., Nov. 22.—The passenger agents' special had a head-on collision with a freight train at Boca yesterday afternoon. Mr. and Mrs. C. A. Parker of Chicago were slightly bruised, Mrs. H. N. Butterfield of Milwaukee received bruises on the neck and back and Mrs. L. W. Price of Kansas City had a broken rib. Many other passengers sustained slight injuries. The freight was taking water at the Boca water tank when the special came along. The grade at this point is heavy and the airbrakes failed to hold, although the speed of the special was greatly reduced.

Fatally Stabbed by Pupils.

St. Joseph, Mo., Nov. 22.—Professor John Montgomery, principal of the public schools of Cawood, Mo., is dying from pocket knife wounds received at the hands of four pupils, all yet in their early teens. The boys said to be guilty of the assault are John Miller, Virgil Craig, Roy and Joseph Bedford. Professor Montgomery reprimanded one of the boys yesterday and was at once assaulted by the quartet.

Gives Bullet for Blow.

Joplin, Mo., Nov. 22.—W. R. Grayston, a prominent attorney, was shot and instantly killed on the street yesterday by George G. Bayne, superintendent of the waterworks, whom he had struck with his fist. Grayston and wife have been separated a year or more and Grayston, it is said, believed Bayne, who is a widower, was intending to marry Mrs. Grayston as soon as she was divorced.

Four Killed, Seven Injured.

Birmingham, Ala., Nov. 22.—Four trainmen were killed and seven injured in a head-on collision yesterday between two Louisville and Nashville freight trains at Hughes siding, seven miles from this city. The dead are: T. A. Coghill, engineer; J. C. Ritterberry, conductor; William Bell, brakeman; Anderson Irving, fireman. The two trains came together with a terrible shock.

Leaps Into Blast Furnace.

Pittsburg, Nov. 22.—A few moments after midnight an unidentified man threw himself headlong into one of the blast furnaces at Schoenberger's mills, Fourteenth and Aetna streets. Almost his entire body was roasted beyond identification, his left foot being the only part not disfigured.

Engine Jumps Track.

Pine Bluff, Ark., Nov. 22.—Near Goldman yesterday, the engine of a Cotton Belt fast freight jumped the track and turned over. Conductor Walter Noble of Jonesboro was killed and a brakeman, a fireman and an engineer were probably fatally injured. Six cars were demolished.

FIRMING THE YUKON TALE.

Claims to Have Documented Conspiracy.

Seattle, Nov. 22.—The Times prints a story of a conspiracy on the part of certain miners to attempt the overthrow of Canadian authority in the Klondike, as published in the San Francisco Call last Sunday. The Times claims to have in its possession documents and seals of the "Order of the Midnight Sun," the secret society which was organized for the sole purpose of accomplishing the overthrow of the Canadian rule in the gold fields.

The total membership of the Order of the Midnight Sun is placed at 1,500, although the members confidently expected outside assistance that would bring the total of the army of insurrection to almost 5,000. The Times says that in the early days of the organization a circular was issued and secretly distributed to disaffected miners on the upper Yukon, in which 19 different causes were given as being reasons for an uprising. These dealt with defective mining laws, corruption of officials, royalty, liquor traffic and gambling.

The conspiracy is said to be dead owing to the publication of its secrets.

BONINE TRIAL PROCEEDS.

Assistant District Attorney Presents Case for Government.

Washington, Nov. 22.—The trial of Mrs. Lola Ida Bonine, on the charge of killing James Seymour Ayres, Jr., was fairly launched yesterday. The preliminary presentation of the case was made by Assistant District Attorney Hugh T. Taggart, and after he had finished a number of witnesses were heard. Mr. Taggart's statement consumed an hour and fifty minutes and consisted for the most part of a review. Mr. Taggart stated the theory of the prosecution to be that Ayres was murdered by Mrs. Bonine and that she gained admission to his room through the window, reaching that by means of the fire escape. He attempted to show that she was piqued by his nonattention to her. Mrs. Bonine apparently was unmoved by his representations. Once or twice during the address she leaned over and spoke to her attorneys. The witnesses of the day did not throw any new light upon the killing.

CATHOLIC ARCHBISHOPS MEET.

Benediction is Called Down Upon Laborers of President.

Washington, Nov. 22.—The annual meeting of the archbishops of the Catholic church in the United States began at the Catholic university yesterday. Cardinal Gibbons presided and the attendance included Archbishop Williams of Boston, Corrigan of New York, Elder of Cincinnati, Ryan of Philadelphia, Ireland of St. Paul, Kain of St. Louis, Keane of Dubuque and Christie of Oregon. The meeting considered a number of matters of interest to the welfare of the Catholic church and reviewed generally the affairs of the hierarchy. The only feature of the proceedings formally made public after the day's work had been concluded was that the meeting had adopted resolutions of lament at the assassination of President McKinley and containing an invocation of the benedictions of heaven on his successor's administration.

HOLD BIG CONVENTION.

Californians Seek Re-Enactment of Chinese Exclusion Act.

San Francisco, Nov. 22.—A state convention, composed of 1,500 delegates from all cities of California, assembled in this city yesterday for the purpose of inaugurating a movement in favor of the re-enactment by congress of the Chinese exclusion law, which expires next May. Former Congressman T. J. Geary, the author of the present restriction act, was chosen chairman of the convention. The day was consumed in perfecting organization. The principal result of the convention will be the adoption of a memorial to congress urging the re-enactment of the present law without modification and the appointment of a delegation to do propaganda work in the west. There is some sentiment in favor of extending the restriction to the Japanese.

Robbers Indicted for Murder.

Storm Lake, Ia., Nov. 22.—The Buena Vista county grand jury yesterday returned new indictments against Lewis Brooks, white, and Albert Phillips, colored, who were arrested for blowing open the safe in the bank at Greenville last Saturday morning, for murder in the first degree, in the killing of John Sundblad of Albert City. Charles Loline, the constable of Albert City, who was shot by the alleged robbers, is sinking rapidly and cannot live.

GERMAN IRE UNAPPEASED

Joseph Chamberlain Writes Another Blunt Letter.

SITUATION BECOMING SERIOUS.

Growing Resentment at British Colonial Secretary's Remarks—Soldiers Continue to Hold Anti-Chamberlain Meetings—London Press Alarmed.

Berlin, Nov. 22.—Fresh offense against Mr. Chamberlain, the British colonial secretary, has been taken in Germany over an open letter, reproduced here, in which Mr. Chamberlain alludes to the "so-called agitation in Germany, so evidently artificial and entirely based on misapprehension of my speech," and says that he does not propose to notice it, but that "no sensible German could be affronted by my words justifying British action in the Transvaal."

The North German Gazette, semi-official, hitherto silent on the subject, today denounces Mr. Chamberlain's original utterances at Edinburgh as inconsiderate and offensive, but considers them to have been modified by the letter. The paper exhorts the army not to be affected or persuaded into joining in the agitation. Soldiers, however, continue to hold anti-Chamberlain meetings.

London, Nov. 22.—The fact that the anti-Chamberlain agitation in Germany has at last extracted a semi-official expression of approval from the North German Gazette has had the effect of convincing the British press that the situation is becoming serious. Now the papers are taking the trouble to explain that Mr. Chamberlain's comments on the brutality of Germans during the war with France were not intended to insult or offend Germany.

"The temper of the German public is dangerous," says the Morning Post, "and it behooves our people to be on their guard. The Germans appear to regard Great Britain as covetous, rapacious and barbarous. From that belief to the corollary that a barbarous nation ought to be suppressed is a short and easy step."

Referring to the scurrilous attacks made by the German press, the Daily Chronicle says: "Unless the authorities restrain the unlicensed abuse of England in the German press we fail to see how this country can much longer ignore accumulated insults."

The Standard and the Daily Telegraph are much less alarmist in tone, but they recognize that "such agitations, even when artificial, are not always harmless and it is a good thing that the relations between the two governments are so friendly and that Queen Victoria's blood runs in the Kaiser's veins."

All the papers publish long specials from Berlin describing the public feeling and declaring that the article in the North German Gazette is proof that the German emperor is powerless to stem the agitation, which is intended, if possible, to force Count von Buelow into some anti-British pronouncement.

DISTURBANCES AT ATHENS.

Soldiers Guard Palace and Students Defend University.

Athens, Nov. 22.—Strong military detachments guard the palace and the residence of the premier. Everywhere anxious groups are discussing the riots. Heartrending scenes occurred when the bodies of the dead were handed over to their relatives. It is rumored that armed men have arrived at the university, but the building is still guarded by the students, who are adopting military discipline.

Mutiny on British Steamer.

Montreal, Nov. 22.—Advises received here from South Africa state that a mutiny occurred among the horsemen on board the Allan line steamer Cicilian, which sailed from this port Oct. 23 for South Africa with a cargo of horses for the British army. The officers of the ship quelled the mutiny, and several of the leaders were placed in irons and handed over to the military authorities at Cape Town.

Burglars Joining British Forces.

London, Nov. 22.—The Pretoria correspondent of the Standard remarks as a "significant proof of the growing cleavage in the Boer ranks and a hopeful sign," the fact that an increasing number of burglars are joining the British forces in the field. He says that several such corps are now doing excellent work.

HANGS HIMSELF IN CELL.

Trooper Buchanan Commits Suicide Before Law Can Avenge Murder.

Junction City, Kan., Nov. 22.—W. D. Buchanan of troop D, Fourteenth cavalry located at Fort Riley, near here, who killed Policemen White and Cooper on Tuesday night, was found dead in his cell. Buchanan had committed suicide by hanging, having made a rope of a towel. The dead body was found when the sheriff sent in the prisoner's breakfast.

Buchanan ran wild through the streets, shooting at every one he passed. There seemed no cause for the killing of the officers. He escaped and was not arrested until the next day, when he was found hiding in a stable at the fort. There was talk of lynching him, but this had subsided.
