At Actual Cost.

Plenty of fine, choice goods in every department to make your selection from, both Dry Goods and Clothing.

The Best of Everything.

Call and see what we are doing, and you will find out that we are in earnest.

BAUM BROS.

MICHIGAN SHUTS OUT IOWA

Wolverines Roll up Fifty Points Against Hawkeyes.

YOST'S MEN SCORE AT WILL.

Have Iowa City Eleven Completely at Their Mercy—Missouri Beats Kansas by Score of 18 to 12—Wisconsin Defeats Chicago.

Chicago, Nov. 29.—Michigan scored almost at will against Iowa yesterday, making 50 points to the Hawkeyes' naught. Thus Michigan closes the regular football season with a total record of 501 points, while not one of the teams she has met has been able to score a single point against her. Iowa played a sturdy, plucky game, but was outclassed. Heston and Shorts played a spectacular game for the Wolverines. The teams began play at 11:10 at the National League baseball park. The ground was in good condition, except in the clay which marks the path between second and third bases. It was in this mud that Iowa made her best stands. Eight thousand people occupied the stands when play began. The wind was blowing across the gridiron and there was no advantage in having either goal. Iowa had the kick off, and for a few minutes gave the Michigan supporters the only scare they had during the game. Sweeley caught the punt and ran back to Iowa's 45 yard line. Iowa gained ten yards through the mud by masses on tackle. Michigan held and Iowa punted. Michigan lost the ball on a fumble and Howell carried it 15 yards. Line plunges netted ten yards more and then Howell tried a goal from field, but missed, the wind carrying the ball to the right of the goal post. Thereafter Michigan's goal was never in danger. The Wolverines had the ball nearly all the time in Iowa's territory. They seldom failed to make their distance on first downs and frequently made eight or ten yards.

Missouri, 18; Kansas, 12. Kansas City, Nov. 29.—Missouri university eleven yesterday won a valiant victory from their old-time victors, the Jayhawkers. The final score: Missouri, 18; Kansas, 12. Forester of Kansas City made all three touchdowns for the Missourians. It was Missouri's first victory over Kansas since 1895. Playter, Missouri's left half, suffered a broken collar bone, and retired in favor of M. Anderson. The Kansas average weight was ten pounds heavier than that of the Missouri men and the Jayhawkers were the favorites in the betting.

Wisconsin, 35; Chicago, 0. Chicago, Nov. 29.—Wisconsin, 35; Chicago, 0, and Wisconsin's goal only twice in the slightest danger. Thus did Coach Phil King's Wisconsin eleven make good their boast to defeat the University of Chicago football team by a good round number over the score of 22 to 0, made by their rival for the western championship, Michigan. Straight football won the day. Chicago throughout the game put up a manful, though unavailing defense.

Nebraska is Champion. Lincoln, Nov. 29.—Nebraska 18, Haskell Indians 10, was the ending yesterday of the fiercest and most sensational football battle ever waged on Nebraska field. Three hard earned touchdowns for Nebraska with as many goals by Drake accounts for Nebraska's tallies, while two field goals by Bain were the sources of the Redskins' score.

Has Collar Bone Dislocated. Kearney, Neb., Nov. 29.—The game of football between the second team

of the University of Nebraska and the Kearney Military academy, played here yesterday, resulted in the defeat of the latter by a score of 6 to 0. Finch of Kearney was injured in the second half, having his collar bone dislocated.

Sioux Falls Wins Championship. Sioux Falls, S. D., Nov. 29.—In a game of football here yesterday between Sioux Falls and Sioux City (Ia.) high school teams for the interstate championship, Sioux Falls won by a score of 21 to 5.

Cornell, 24; Pennsylvania, 6. Philadelphia, Nov. 29.—The University of Pennsylvania football team ended its disastrous season with a crushing defeat at the hands of Cornell, the Ithaca boys scoring 24 to the Quakers 6.

Minnesota, 16; Illinois, 0. Champaign, Ill., Nov. 29.—In the fiercest game ever seen on Illinois field Minnesota yesterday defeated Illinois by the score of 16 to 0. The game was witnessed by a record-breaking crowd.

South Dakota, 12; Iowa Normal, 5. Sioux City, Nov. 29.—South Dakota university, 12; Iowa Normal, 5.

TRAIN JUMPS THE TRACK.

Engineer and Conductor Killed in a Tennessee Wreck.

Ducktown, Tenn., Nov. 29.—A northbound freight train on the Atlanta, Knoxville and Northern railroad was wrecked two miles south of here last night. Conductor Harvey Ott of Knoxville and Engineer Edward Dawson of Blue Ridge, Ga., were killed and the fireman and brakeman were seriously injured. The locomotive jumped the track while running at a high rate of speed around a sharp curve. It rolled down a 40-foot embankment and was followed by several iron cars.

THIRTY DEAD IN ALL.

Injured Victims of Detroit Boiler Explosion Making Progress.

Detroit, Nov. 29.—The list of victims of the Penberthy injector works' boiler explosion will probably remain at 30, two more bodies having been recovered yesterday. All the injured in the hospitals are reported as making satisfactory progress toward recovery. Superintendent Dons and Bookkeeper McEldowney went over the pay rolls and succeeded in accounting for all of the employes.

Knights in a Wreck.

Syracuse, N. Y., Nov. 29.—A special train northbound on the Delaware, Lackawanna and Western railroad, carrying 300 Syracuse Knights of Columbus, ran into a freight train on a siding at Tully at 1:15 o'clock this morning, wrecking both trains. A wrecking train has just been sent to Tully, and officials say the accident is not serious. A special press dispatch from Tully says several were injured.

Shot While Hunting.

Cutbank, Minn., Nov. 29.—James McKilloups, aged 21, was shot and killed by Frank Gaggins yesterday. A party of young men were shooting for turkeys when a 22-caliber rifle held by Gaggins was accidentally discharged, the bullet entering McKilloups' head.

Boys Start Fatal Blaze.

Guthrie, O. T., Nov. 29.—Herbert and Howard Gillman, aged 2 and 4, sons of Tilden Gillman, were burned to death in a stable at Shawnee yesterday. The fire was started by the boys. Several head of stock and 125 bags of hay were also consumed.

Father Clark Sails for Europe.

Boston, Nov. 29.—Rev. Francis E. Clark, president of the World Christian Endeavor society, will sail for Europe, where he will give his personal attention to establishing the society more firmly on the continent.

COUNTING WRECK DEAD

At Least Eighty Lives Believed to Have Been Lost.

HARD TO IDENTIFY CORPSES.

Charred Remains Crumble Into Powder When Dragged Forth—Exact Number of Victims Not Yet Determined—Railroad Man's Estimate.

Detroit, Nov. 29.—Those who have been investigating the awful calamity on the Wabash railroad near Seneca, Mich., have found nothing to alter the estimate of about 80 lives lost as a result of the collision. Superintendent George M. Burns of the division on which the wreck occurred insists that the estimates are too high. "I do not consider," said he, "that the total death list will exceed 20."

However, in support of the larger estimate it is pointed out that there are now 14 passengers known to be dead. The bodies of eight of these have been recovered and it is considered that the fragments of other bodies now in the morgue will account for many more than the 12 dead necessary to make up Superintendent Burns' estimate of 20. In addition to the comparatively few fragments recovered and sent to the morgue, those who were early on the scene say that many more pieces were discovered which crumbled to powder while they were being removed.

The Free Press says that the loss of life was, in round numbers, 100, and that the statements made by the Italian immigrants on train No. 13 bear out this claim. These immigrants say that there were about 125 of their nationality on the train and that only about 25 of them escaped.

Only one man was found who was an eye-witness to the collision. A. W. Ely, an old man 70 years of age, residing at Seneca, stood at the depot platform and saw No. 13 go by. He watched the train as she went down the level track to destruction. His attention was arrested by a crash. Then a stream of flame and smoke shot 100 feet into the air. Ely rushed to the wreck and was the first outsider on the ground. According to his statement the scene was one of awful horror. He said:

"When I got there the immigrant car was already on fire and the shrieks were terrible. I got hold of one man in the collapsed car and pulled him out. He was horribly crushed and his legs were broken. He died almost as soon as I got him out of the car. Then I went to the burning cars and what I saw made me wish I had never gone to the wreck. I don't believe more than 15 of the Italians got out of the wrecked car, for I saw very few. Those who could get out rushed around like crazy men, calling to heaven for protection and weeping and wailing in their horror. Those poor Italians! Nothing could be done to save them and we were simply compelled to let them burn."

SMALLPOX AMONG HOGS.

Alleged Discovery Made by Inspector at Buffalo Stock Yards.

Buffalo, Nov. 29.—Dr. C. H. Zink, inspector in charge of the United States bureau of animal industry at the East Buffalo stock yards, discovered yesterday what he believes to be an outbreak of smallpox among a consignment of hogs. The animals were received from St. Louis last week and they passed the first inspection. After they had been slaughtered, Dr. Zink, in making a microscopic examination of the viscera, discovered what he believed to be evidence of smallpox. The slaughter houses are in the Polish district, where the local health authorities are at present en-

gaged in fighting an outbreak of smallpox. Dr. Zink brought specimens of the diseased tissues to the board of health and submitted them to Dr. Wendt. After examining them Dr. Wendt unhesitatingly confirmed the diagnosis of Dr. Zink.

JUDGE TAFT WILL COME HOME.

Has to Leave Philippines to Recover From Recent Operation.

Cincinnati, Nov. 29.—Ex-Congressman Charles P. Taft, a brother of the governor general of the Philippines, William H. Taft, yesterday received a cablegram from Manila, stating that Surgeons Stafford and Rhodes have successfully grafted the skin on Governor Taft's wound and he will probably be able to pay his projected visit to the United States at the end of December.

Presbyterian Creed Revision.

Washington, Nov. 29.—The preliminary work of revising the creed of the Presbyterian church so as to make it more popularly understood was inaugurated here yesterday at a meeting of a section of the committee of 20 appointed at the last Presbyterian assembly to accomplish this result. The committee began the preparation of a new statement of the doctrine of the church. It spent several hours in discussion, but no action was taken on any phase of the subject. The creed to be adopted will make it clear that the Presbyterian church does not hold the belief that those who die in infancy are "lost."

Start Work on New Road.

Fort Dodge, Ia., Nov. 29.—McArthur Bros., contractors on the Great Western road, have started a large force of men and teams on the Omaha main line of their new road from this city to Omaha. Work on the Clarion-Hampton branch of the Great Western line will not be completed as expected this year. Work on the Omaha main line will be pushed with all speed, as there is much heavy work to be done. A large cut on the west side of the long bridge over the Des Moines river in this city will necessitate much heavy work.

Deadly Butter Color.

Grand Fork, S. D., Nov. 29.—A sensation has been caused in the vicinity of Walsh Center, Walsh county, over the death of the 18-month-old child of J. F. Kouba, as the result of a swallow of butter color which the child took from a bottle. The father took a swallow from the same bottle to see if it was from the effects of the butter color that the child became ill and he too became very sick, but recovered. An investigation will be held.

Boy Fatally Wounded at Perry.

Perry, Ia., Nov. 29.—A 14-year-old son of Oscar Swanson, an employe of the St. Paul railroad, was seriously shot yesterday. He had been out hunting and when a St. Paul freight stopped at the railroad crossing he undertook to get on the caboose with his shotgun, which was discharged, the full charge entering his person. The attending physicians say he cannot live.

Chicago Sees Comet.

Chicago, Nov. 29.—What appeared to many to be a comet was visible here in the southern sky last evening. It was difficult to judge of its length, as it was pointed directly upward and was going from the earth, but Professor Cox, in charge of the United States bureau, said that in his judgment it was about two degrees long.

Stevens Case on Trial.

Mitchell, S. D., Nov. 29.—Little progress was made in the Stevens case yesterday, even though court did not adjourn for Thanksgiving. O. P. Auld, present receiver of the bank of Plankinton, was on the stand all day, giving testimony as to the assets of the bank to show its insolvency at the time of failure.
