

LIBERALS DRIVEN BACK

Government Forces Lose Heavily in the Fighting.

ALBAN MARCHING ON COLON.

Decisive Battle Likely to Be Fought at Monkey Hill Cemetery, Outside the Capital—Liberals Sorely in Need of Ammunition.

Colon, Colombia, Nov. 27.—The overdue passenger train, with a marine guard on board, has arrived here. The train brings news to the effect that General Alban, with about 300 government troops, has crossed Barbacona bridge and is continuing his march to Colon. He is now at Tavernilla, where he is resting. The liberal forces continue to retreat before him. They explain their retreat by saying they have no ammunition. All of the fighting occurred yesterday at Barbacona bridge. Passengers by the delayed train assert that fully 100 conservatives were killed and wounded during the fighting there and that the liberal losses were insignificant. The liberals are now approaching Gatun station, about five miles from Colon, and it is believed a decisive engagement will probably be fought today at Monkey Hill cemetery, distant one mile from the limits of Colon.

The trains which left here yesterday for Panama with the Iowa marines and the passengers from the steamer Orizaba were delayed in transit, but reached Panama in safety. Reports current here that the General Pinzon had bombarded Porto Bello, have been found upon investigation to be unreliable and not authentic.

BRIGANDS WILL HOLD OFF.

Wait Till Snow Disappears Before Proceeding With Negotiations.

Sofia, Bulgaria, Nov. 27.—The brigands are determined to wait until the disappearance of the snow permits them freedom of movements before resuming negotiations for the release of Miss Ellen M. Stone, the American missionary, and Madame Tsilka, her companion. The impression which prevails among the best informed people here is that Mr. Dickinson's departure for Constantinople increases the difficulty of gaining the confidence of the brigands and expediting a settlement of the ransom question.

Work of Pan-American Congress.

Mexico City, Nov. 27.—The committee of the pan-American congress are rapidly completing their work, with the exception of the arbitration committee and the committee on commerce and reciprocity. The latter is withholding action until it learns the stand which President Roosevelt will take on the subject of reciprocity in his forthcoming message to congress. The work of the arbitration committee is delayed by the difficulties of the subject and the many conflicting interests which it is necessary to conciliate.

Judge Dunne Hears Whole Story.

Chicago, Nov. 27.—The habeas corpus case of Andrew W. Lawrence and H. S. Canfield, convicted of contempt of court by reason of their responsibility for articles appearing in Hearst's Chicago American, came before Judge Dunne yesterday. The day was occupied by Attorney Samuel Alschuler, acting for the editors, in reading to Judge Dunne a complete report of the proceedings of the contempt case heard by Judge Haney a fortnight ago.

Sea Gives Up Its Dead.

New York, Nov. 27.—A dispatch from Tom's River, N. J., last night says that five bodies have now washed ashore from the five barges stranded along the coast. Four of the barges have gone to pieces. The fifth lies out on the bar, tossing about and pounding. She will probably break up in a day or two. Only two men have been saved from the five barges, but no one at Tom's River knows how many were drowned.

Studebaker is Dying.

South Bend, Ind., Nov. 27.—Clement Studebaker rested comfortably last night, but in spite of this his condition is extremely critical. It is evident that he is much weaker. Mr. Studebaker last evening surprised his physicians by recovering consciousness and recognizing the members of his family. This period, however, lasted only eight minutes and the end is in sight.

NEW BASEBALL CIRCUIT.

Western Magnates Agree on Division of the League.

St. Joseph, Mo., Nov. 27.—A new baseball league, to take in Minneapolis, St. Paul, Kansas City and Omaha in the west and Milwaukee, Indianapolis, Columbus and Toledo in the east, was formed here yesterday, and the revolt of the Western league was ended, an agreement having been reached between President Hickey, W. T. Van Brunt, owner of the St. Joseph club, and George Tebeau of Kansas City. President Hickey will resign at the annual meeting of the league to be held next week and his successor will be appointed.

Van Brunt will give up his St. Joseph franchise since St. Joseph is to be placed in the minor league, and Tebeau, it is said, will go with the Denver team. Tebeau agreed to sign a pledge not to employ a single Kansas City player. The league formed yesterday will be distinct from the new Western league, as now planned, and which is to comprise Denver, St. Joseph, Colorado Springs, Sioux City, Des Moines and probably Lincoln.

CHARGED WITH BIG SWINDLE.

Des Moines Man on Trial for Using the Mails for Purposes of Fraud.

Des Moines, Nov. 27.—The trial of Leson Balliett, mine owner and largely interested in the properties at Baker City, Or., was begun yesterday in the United States federal court. Balliett was indicted by the federal grand jury two years ago, charged with using the United States mails to further a scheme to defraud by sending out copies of a Baker City (Or.) paper and circulars advertising the White Swan gold mine of that place, advertising the mine as a lucrative piece of property and offering to sell stock. The prosecution asserts the mine is worthless and that Balliett has realized \$250,000 by selling stock in what they call only a hole in the ground. Balliett is a son of Judge S. F. Balliett of Des Moines. Witnesses are here from San Francisco, Portland, Salem, Baker City, St. Paul and Minneapolis.

Congressional Party Back.

San Francisco, Nov. 27.—Among the passengers of the steamer Doric, released from quarantine yesterday, were Congressmen Mercer, Jack, Gaines and Greene. These gentlemen have been to the Philippines and will report on the condition of affairs at the next meeting of congress. They were on the Sheridan when she got into trouble, and were later transferred to the Warren, which went ashore.

Choctaw Judge Convicted.

Paris, Tex., Nov. 27.—Hotema, the Choctaw judge who is charged with murdering three persons because he believed them to be witches and responsible for the deaths of a number of children who were afflicted with meningitis, was yesterday convicted of murder in the federal court. If the case is affirmed by the supreme court he will hang, as the jury made no recommendation.

Fines Violators of Injunction.

Chicago, Nov. 27.—Judge Kohlsaat, in the United States court yesterday, passed sentence on the men accused of violating the injunction against the Allis-Chalmers striking machinists. Alexander Story was sentenced to 30 days in jail, while Herman Pogendorf and James Crevice were given fines of \$50. An appeal was taken and the prisoners allowed to furnish bail.

Death Ends 20 Years of Suffering.

St. Louis, Nov. 27.—Mrs. Nancy A. Burns, widow of the late Colonel James N. Burns, congressman of this district, died yesterday afternoon, having been a constant sufferer for 20 years. Mrs. Burns was heiress to part of the \$10,000,000 estate of Daniel Burns of Platte county. She was 73 years old.

The large packing plant of the G. H. Hammond company at Hammond, Ind., is to be moved from there to the Union stock yards in Chicago.

The dead body of Bert Williams, a union miner, was found near Nortonville, Ky., Tuesday. The coroner's verdict was that he was shot by unknown parties.

John T. Hayden, formerly treasurer of the Swift Beef company at New York, who, it was alleged, absconded in July last with several thousand dollars belonging to his employers, was arrested Tuesday at Wilmington, Del.

CONVICTS GUILTY OF MURDER.

Leavenworth Mutineers Charged With Capital Punishment Offenses.

Leavenworth, Kan., Nov. 27.—United States Attorney Dean was here yesterday in consultation with Warden McClaughy of the federal prison. After the consultation Mr. Dean said that every convict that was in the mutiny would be tried for murder at the April term of the United States district court here. Mr. Dean says each one of the 15 prisoners recaptured is guilty of murder and he believes several will be hanged here.

Warden McClaughy has received word of the capture at Tusculuma, Ala., of James Seymour, one of the convicts who escaped during the mutiny. Word has also been received that a posse of United States marshals have surrounded Kating and Murray in the Shawnee hills, in the western portion of the Indian territory. These men are desperate and a battle is expected. The man held at Council Bluffs, at first supposed to be Frank Lawrence, is now thought to be John Morgan, alias Baldwin, who escaped Nov. 22.

MRS. BONINE'S CONFESSION.

Told the Day After Tragedy to Attorney Gardner.

Washington, Nov. 27.—The fact was brought out in the trial of Mrs. Lola Ida Bonine for the killing of James Seymour Ayres, Jr., that she had made a private confession of her part in the tragedy on the evening after the homicide, several days before she took the police officials into her confidence. This recital was made to Mr. George B. Gardner, an attorney employed in the law division of the interior department, who was a boarder at the Kenmore hotel and usually sat at the same table at which Mrs. Bonine took her meals. Mr. Gardner was on the witness stand yesterday and told his story for the first time. He said Mrs. Bonine had sought him out and asked his advice as to whether she should make a public statement, and he suggested to her that she should delay her confession until the theory of suicide, which was first entertained, should be fully exploited.

WRECKED CATTLE ARE WILD.

Attack the Men Who Rescue Them From Overturned Cars at McCook.

McCook, Neb., Nov. 27.—As the Burlington and Missouri special stock train No. 76 was pulling into the yards here yesterday morning from the west it ran into a broken switch, which caused two cars to leave the track, turning one car completely over and leaving the other on its side. The cattle in one car were able to get out, but the roof of the other had to be removed before they could be liberated. Three of them were killed and a number crippled. After being liberated the cattle were crazed for the time and attempted to attack the persons present. The slow speed at which the train was going is all that saved a serious wreck. The stock were being shipped from Denver to South Omaha.

Nine Indictments Returned.

Denver, Nov. 27.—The special grand jury which has been investigating alleged irregularities in the criminal division of the district court during the first trial of W. W. Anderson, charged with attempting to kill the proprietors of the Denver Post, reported that whisky was furnished to the jurors in the case and young women introduced to the jury room by a belliff. It further charged that the trial of Police Judge W. J. Thomas, Court Bailiff Robert Schrader and Daniel J. Sadler, on a charge of embezzlement, was not in good faith. Nine indictments were returned.

Lark is Acquitted.

Springfield, Mo., Nov. 27.—Joe Lark, the "Frisco porter" charged with the murder of Gazette Wild, which caused three lynchings and the running out of all the negroes in Pelree City months ago, was acquitted yesterday in the circuit court at Mount Vernon. He left at once for Kansas City, accompanied by the sheriff as a protector. Stories of an intended lynching caused precautions to be taken.

Shooting Affray in Hotel Lobby.

Salt Lake, Nov. 27.—William Haynes, a traveling man from Chicago, was shot and probably fatally wounded yesterday by Roy Kaighn, the 19-year-old son of Colonel M. M. Kaighn, who is prominent in law and G. A. R. circles of this city. The shooting occurred in the lobby of the Knutzford hotel at noon and created a panic among the guests and employees of the hotel.

Indiana Bank Robbed.

Valparaiso, Ind., Nov. 27.—The bank of Julius Conitz at Wanatah was broken into by robbers last night. The burglars effected an entrance to the vault and attacked the big safe with explosives. Until the safe is opened by an expert now working on it, it cannot be known whether or not the robbers secured the \$10,000. The doors in the safe are jammed in.

Union Miners Defy Court.

Madisonville, Ky., Nov. 27.—The news from the strikers' camp is that a contract was let by the union men today for the building of a temporary box house, 20x100 feet. A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says F. J. John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Kiesau Drug Co.

It is Easy to Say

"Be careful," but we must all go from heated houses into chill outer air, and the change sets us coughing and wheezing. Avoiding winter colds is difficult; curing them is not hard if you take Allen's Lung Balm. Better begin when the cold is young and not wait until it settles into the lungs. For then, even with Allen's Lung Balm, complete relief will be slower.

Cut this out and take it to Kiesau Drug Co.'s drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 35 cents per box.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies of the Kiesau Drug Co. Jumped on a Ten Penny Nail. The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by Kiesau Drug Co.

Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boesche's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial tubes. You can get Dr. G. G. Green's reliable remedies at A. H. Kiesau's Drug Co. Get Green's special almanac.

Scrofula THE OFFSPRING OF HEREDITARY BLOOD TAINT.

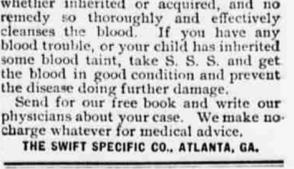

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in his child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and ofentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seale, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

S. S. S. makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.
