NORFOLK, NEBRASKA, FRIDAY, DECEMBER 6, 1901.

URGE LAWS ON ANARCHY

McComas Proposes Death Penalty for Attack on President.

SENATOR HOAR HAS PLAN TOO.

Would Select Some Desolate Spot to Which All Anarchists Should Be Deported—Measures Proposed in Upper House—Day's Work in Senate.

Washington, Dec. 6.—Senator McComas (Md.) made an extended and carefully prepared speech in the senate yesterday with anarchy for his theme, and was followed by some brief remarks by Hoar (Mass.) on the difficulties in the way of dealing with anarchist assassins. McComas' remarks showed careful examination of the legal authorities. He maintained that congress had full power under the constitution to enact a law punishing with death any person killing a president or assaulting the president with intent to kill, or aiding, inciting or procuring such an act. He favored rigid provisions in the immigration laws for the deportation of alien anarchists. Much of the speech was devoted to an explanation of the dangerous doctrines of anarchy and the extent to which these doctrines had been propagated within recent years. Senator Hoar's remarks were interesting, as coming from the venerable chairman of the judiciary committee, which will have much to do with the framing of any legislation on this subject. He said the difficulty was that assassins of kings and rulers always gloried in their crimes and were in nowise deterred by the fear of punishment. For this reason he thought it was almost useless to multiply punishments. The most effective remedy, he suggested, would be to have the civilized nations of the world agree upon some desolate spot on the earth's surface, to which all anarchists who upheld assassination or the overthrow of government should be deported. In such a community the anarchist could carry out his theories of living without a government and the world would be rid of his presence.

The senate passed a bill extending the life of the industrial commission until Feb. 15 next, to complete the work it now has in hand. The committee which will consider an appropriate tribute to the late President McKinley was announced.

The senate adjourned until next Monday.

OPPOSE SENATE'S ACTION.

Is an Invasion of the Prerogative of the Lower Body.

Washington, Dec. 6.—Members of the house of representatives are showing some opposition to the origination of Philippine revenue legislation in the senate, and in particular to Senator Lodge's bill, which deals with this subject. Representative Tawney (Minn.) holds that the constitutional provision that "all bills for raising revenue shall originate in the house of representatives" applies to Philippine measures, and the Minnesota member will oppose any senate bill on the subject as an invasion of the prerogatives of the house.

Overstreet (Ind.) and quite a number of other influential members maintain that the senate Philippine bill involves no invasion of house rights, as it extends an existing law to the Philippines, and is not a revenue measure within the meaning of the constitution. In any event the question of the right of the house over the subject is likely to be discussed on the floor of the house.

Deadwood Jeweler Shot.

Deadwood, S. D., Dec. 6.—Sol Levinson, a prominent jeweler and pawnbroker of this city, will probably die from the effects of a bullet through the left breast, fired by Leo Winsberg. Winsberg was taken into custody immediately after the shooting. He stated to the police that he hoped he had killed his man. He said on misrepresentation of the business by Levinson.

Refuse to Intervene in South Africa.

The Hague, Dec. 6.—The attempt of the socialists in the chamber to induce the foreign office to intervene in South Africa failed again yesterday. Foreign Minister Van Lyndon informing the interpellators that the government could not interfere with the concentration camps except to relieve its own subjects and could not take the initiative in any appeal to the powers.

Boys Confess Murder.

Cleveland, Dec. 6.—Griffin Mayo, colored, and Frank Strong, white, both 16 years of age, were arrested last night and have confessed that they were implicated in the murder of Emil Goodman, whose store was robbed Monday night. Mayo said that a third boy killed Goodman and the police are looking for him.

Evidence for Mrs. Bonine.

Washington, Dec. 6.—Experts called by the defense continued their testimony at the trial of Mrs. Lola Ida Bonine, charged with the murder of James Seymour Ayres. The evidence related almost entirely to the state of Mrs. Bonine's health at the time of the killing.

THREE IN TRAIN WRECK.

Thirty-eight Injured in a Collision on Mountain.

Malvern, Ark., Dec. 6.—Three persons were killed and 38 injured in a head-end collision between two passenger trains on the St. Louis, Iron Mountain and Southern railroad one and one-half miles south of here last evening. The dead: Jerry Dickson, an unknown man and woman, all colored.

Train No. 3 was to meet No. 14 at Malvern, but the latter train was late and No. 3 moved ahead, expecting to meet the other train at the next station. A mile and a half south of Malvern the two trains met in a terrific collision. Engineer Robert Herriott of No. 14 jumped in time to save himself, while Engineer McCampbell of No. 3 did likewise. The two engines were wrecked and the colored coach next to the baggage car on the south-bound train was badly smashed. It was crowded with colored emigrants, en route from North Carolina, Georgia and Alabama to Texas. The smoking car on the northbound train was badly damaged and many of its occupants were injured, but the rear coaches on this train did not suffer. The dead and injured were brought here as soon as possible.

POSSE BRINGS IN BLACKS.

Battle Between Races is Result of Negro's Crime.

Andalusia, Ala., Dec. 6.—Sheriff Bradshaw returned here with 22 negroes, who are accused of complicity in the killing of J. W. Dorsey, a merchant, and Pale Atkinson, city marshal, at Opp. The negroes were chased with bloodhounds and captured by the sheriff and his posse. The sheriff landed the negroes safely in the jail here and is prepared to resist any mob. Dorsey and Marshal Atkinson went to the turpentine quarters near Opp to arrest a negro who was accused of stealing a pistol from a white man. The negro was barricaded in his cabin and fired on the men as they approached. It developed that the negro had about 50 of his fellow workmen in the house with him. A general battle ensued, in which Dorsey was killed and Atkinson fatally wounded, he dying of his wounds shortly afterwards. A white man named Fitzsimmons was shot twice in the leg. Two negroes were killed and several others wounded.

ORDER REIGNS AT RICH HILL.

Troops Have Not Arrived, but No Further Trouble is Anticipated.

Kansas City, Dec. 6.—A telephone message from Rich Hill, Mo., says that everything in the miners' camp is quiet and that no further trouble is expected for the present. It is not believed that the wounds of the two miners, shot by deputies, will prove serious. The wounds of the two officers are slight.

No militia have arrived yet, and none is expected unless there should be more rioting.

Governor Dockery ordered Adjutant General Dameron, the state labor commissioner, the state mine inspector and the state board of mediation and arbitration to come here at once and try to settle the trouble. The governor stated that if the efforts of those he had ordered to come here were futile he would call out the militia to suppress the strikers.

Killed at Grade Crossing.

Chicago, Dec. 6.—While guarding the lives of passengers in his trolley car Conductor Michael J. Dunworth of the South Halstead street line lost his life at a grade crossing last night. The car, northbound, was crowded with people going to the stock show. As it approached the Grand Trunk tracks at Fortieth street Dunworth ran ahead to see if the way was clear. A passenger train was approaching from the east. While he was still swinging the danger signal a switch engine approaching from the west ground him to death in sight of the passengers on the car.

Results in Billiard Tournament.

New York, Dec. 6.—Seven of the 15 games of billiards scheduled for the international championship, which is now in progress at the concert hall in Madison Square Garden, have been completed and the standing of the players is as follows: Slosson and Barutel have won two games each and lost none; Schaefer won the only game he played; Sutton and Morningstar have won one and lost two, while Howison is the only player who has failed to gain a winning bracket, three games lost being marked against him.

Faculty Decides in Favor of Football.

Lawrence, Kan., Dec. 6.—The faculty of the State university decided by a vote of 150 to 5 to permit out of town games next year by the football team. There was much discussion on a resolution introduced by A. J. Caruther to restrict the playing to local games only. The fear that football will be abolished at the school is now over and the schedules for next year's games will be made.

Salsbury Resigns His Office.

Grand Rapids, Mich., Dec. 6.—City Attorney L. K. Salsbury, convicted of bribery in a proposed city water supply deal, last night gave out a letter to the public, in which he states he has presented his resignation to the mayor. He declares his innocence and claims the verdict of the jury against him was unjustifiable.

SCHLEY FOUND AT FAULT

So Says Washington Dispatch to New York Press.

FIVE COUNTS AGAINST HIM.

Delay of Flying Squadron, Disobedience of Orders, Failure to Destroy Colonel, Misrepresentation and Conduct Unbecoming an Officer.

New York, Dec. 6.—A special to the Press from Washington says: Rear Admiral Schley has been found at fault on five counts by the court of inquiry. This comes from a person who is in a position to learn the opinion of the three admirals on the different specifications of the precept.

It is understood that the court finds against Schley:

1. For the delay of the flying squadron off Cienfuegos.
2. For misrepresentation of the reasons for returning to Key West to coal.
3. For disobedience of orders in making the retrograde movement.
4. For failure to destroy the Colon.
5. For conduct unbecoming an officer and gentleman in the Schley-Hodgson controversy.

It is impossible for the Associated Press to confirm the report of the Press' statement in regard to the finding of the Schley court.

NELSON STILL AFLOAT.

Vessel Reported Lost is Towed into Port After Battle With Waves.

Portland, Ore., Dec. 6.—The British ship Nelson, which was reported lost off the Columbia river yesterday, was towed into Puget sound by the steamer Walla Walla. The hull of the Nelson is practically intact, but her bulkheads were smashed, lifeboats and fore rigging carried away and cabins damaged. There are only three inches of water in her hold, but the extent of the damage to her cargo of wheat is not known. The Nelson had a marvelous escape from destruction, according to Captain Perham of that craft. She crossed the Columbia river bar a week ago and before she had gone a great distance she encountered a severe storm and was roughly handled. Her cargo of wheat shifted, causing her to list to starboard and almost on her beam ends. In this condition she was picked up by the tug Wallula and an effort made to tow her to Astoria, but the tug had to abandon her. Later the powerful Tatoosh took hold of her, but found it impossible to tow her owing to the fury of the gale and the high seas. The captain of the Tatoosh decided to tow her to Puget sound, but had not proceeded far when the gale increased in fury and on Tuesday night at 10 o'clock the hawser parted and the Nelson was unable to find the vessel when daylight came. The Nelson fired rockets and burned flashlights all night, but failed to attract the attention of the vessel.

Yesterday the steamer Walla Walla picked her up north of Grey's Harbor. A high sea was on at the time and it was with much difficulty a line was gotten on board.

VESSEL POUNDING TO PIECES.

Ernest Reyer Goes Ashore Off Mouth of Quinalt River.

Aberdeen, Wash., Dec. 6.—While the terrible storm was raging along the coast the French bark Ernest Reyer went ashore off the mouth of Quinalt river. She struck heavily on the beach and the full force of the waves pounded her further up the shore, every incoming sea washing clear over her. In the darkness and storm it was impossible to see how far away the land lay, but the officers and men cleared away the boats and made for the shore, all reaching land in safety.

The 28 shipwrecked men are being cared for on the beach by the Italians, but they have no hopes of saving their ship, as she now lies hard aground, with the breakers pounding her to pieces. Masts, rigging and sails have gone and she will be a total loss.

Life Sentence for Wiseman.

Pontiac, Mich., Dec. 6.—Henry Wiseman, the confessed murderer of Miss Ellen Huss, was found guilty of murder in the first degree and sentenced to life imprisonment. After Wiseman's attorney had stated what he hoped to prove in order to secure a verdict of manslaughter instead of murder in the first degree, Wiseman took the stand as the only witness in his own behalf and told how he killed the woman. He insisted that it was a blow from his fist that killed Miss Huss and that it was delivered during a quarrel with the woman.

Buttermakers Elect Officers.

Huron, S. D., Dec. 6.—The South Dakota Dairy and Buttermakers' association yesterday elected Leland Griffith president, Charles Sherwood secretary and L. S. Tiler treasurer, together with one vice president from each judicial district.

Woman Found Guilty of Manslaughter.

Clinton, Ia., Dec. 6.—The jury in the case of Anna Crawford, charged with the murder of Jenks Dillon in the first degree, brought in a verdict of manslaughter yesterday.

ROBERT UTTER has on display the Largest and Best Selected Line of HOLIDAY GOODS EVER BROUGHT TO NORFOLK.

We name only a few of the many nice presents we carry in stock:
