

LABOR ISSUES DECIDED

Federation Convention Acts on Several Questions.

STANDS BY THE SCALPERS.

Opposition of Telegraphers Voted Down After Lively Debate—Chinese Exclusion Resolution Adopted—Universal Label Not in Favor.

Scranton, Pa., Dec. 11.—The exclusion of Chinamen, Japanese and other Asiatics from American territory, ticket scalping legislation and the advisability of adopting a universal label for union-made goods were the principal questions that claimed the attention of the delegates at yesterday's session of the American Federation of Labor. The resolutions advocating the exclusion of the Chinese were adopted by the convention with considerable hurrah, but in the matter of excluding natives of Japan and other Asiatic lands a snag was struck and that part of the anti-Mongolian legislation was killed so far as the present convention is concerned. The special committee having charge of the exclusion matter was unanimous in favor of supporting the Chinese exclusion, but was divided in regard to the Japanese. The Pacific coast delegates led the discussion on Chinese exclusion, but were divided when it came to excluding other Orientals. The burden of the remarks of those opposed to the Japanese resolution was that Chinese immigration was the greater evil of the two and that to insist upon some restrictive law to prevent a Japanese invasion may endanger the passage by congress of the Chinese act. The ticket scalping debate was quite a lively affair. The delegates representing the railway telegraphers opened the fight against the resolution, making the point that such action was beyond the jurisdiction of the Federation. The "typos" were helped along in their argument for the adoption of the resolution by several socialistic members. When the viva voce vote was taken those in favor of permitting ticket scalping won by an overwhelming majority. The agitation for a universal label, which has been carried on for a long time, was again defeated. The convention disposed of much routine business during the course of the day. The important question of trade autonomy will be sent to a special committee, which will be announced today.

Various committees were appointed and the work of the association for the future outlined. The condition of the beet sugar industry was discussed by the members and statements were presented showing that the capital invested at this time amounts to over \$30,000,000. The association is strongly opposed to the proposed reduction of tariff on sugar imported from Cuba.

WILL PURSUE THE GROUT BILL.

Springer Says If Passed It Will Be Vigorously Fought in Courts. Chicago, Dec. 12.—Hon. John W. Springer, president of the National Live Stock association, returned yesterday from Washington, where he had an interview with President Roosevelt upon matters now before congress, and in which the stockmen of the country are interested. Mr. Springer expressed himself as fully satisfied that the stock and irrigation interests will receive just consideration. Speaking of the Grout bill, introduced in congress last week, Mr. Springer expressed himself strongly against the measure and said: "The dairy interests have brought all their influence to bear to secure an immediate passage of this bill and I will not be surprised to see the measure a law at an early day."

Speaking for the packing interests, Mr. Springer declared there was but one way in which the measure could be defeated and that was for every man identified with the interests opposed to the Grout bill to write to the senators representing his state and his representative in congress demanding that they vote against it. Mr. Springer declared that even should the bill become a law it will be contested through the supreme court of the United States.

FILIPINO WOMEN APPEAL.

Ask Insurgents in the Field to Lay Down Their Arms.

Manila, Dec. 12.—The Woman's Peace League, organized under the leadership of Senorita Poblete, a Filipino, has transmitted letters with the permission of General Chaffee, urging peace upon the insurgent general, Malvar, and other Filipino chiefs. These letters remind the Filipino leaders in the field that the war has destroyed innumerable homes and devastated large territories, all of which, while it abundantly proves the tenacity of the insurgents and their faith in their cause, does not remove the fact that the operations of American soldiers throughout the islands daily demonstrate the resolution of the people of the United States to make their sovereignty respected throughout the archipelago. The league urges the leaders to make peace to avoid greater evils.

Costly New York Blaze.

New York, Dec. 12.—Fire broke out in the Dennison Paper Manufacturing company's storehouse early this morning. Within half an hour the Dennison company's plant was a wreck. The fire attacked the rear of Hegeman's drug store, but was kept from the principal stock. The loss will reach \$250,000.

Condemned Man Will Ask New Trial.

Des Moines, Dec. 12.—The two men, Brooks and Phillips, condemned to death for the murder of John Sunblad of Albert City, will appeal to the supreme court and ask a new trial. They have been taken to the penitentiary at Anamosa to await the execution of the sentence one year hence, but their attorney has prepared papers asking for a new trial and if refused he will appeal to the supreme court. Forty reasons are assigned why a new trial should be granted.

LIVELIER PACE IN CYCLE RACE.

Intellectual Efforts to Gain Laps Results in Increased Speed.

New York, Dec. 12.—Eight thousand people at Madison Square Garden last night saw Walthour, fresh from a two-hour's rest, try to steal a lap on the other riders in the six-day bicycle race. He was unsuccessful. Later McEachern's saddle broke and Walthour was dragged out from a sound sleep and obliged to jump into his saddle to relieve his mate. Half asleep Walthour struggled out onto the track amid the wildest excitement on the part of the racers. Although Butler was out to relieve McLean, the latter had not dismounted and was sprinting wildly around the oval. Walthour did not know who to follow, the men being strung around the oval. Relief came and went and at times both team mates of a team would be riding at once. McLean and Butler, both riding at a terrific pace, finally succeeded in getting a lap. It was not allowed on the ground that neither man dismounted while they made the gain. Rules require that one of the men shall dismount when his relief goes on the track.

The score at 2 a. m. was: Fischer and Chevallier, 1,422.4 miles; Butler and McLean, 1,422.5; Newkirk and Munro, 1,422.5; McEachern and Walthour, 1,422.5; Maya and Wilson, 1,422.5; Lawson and Julius, 1,422.3; King and Samuelson, 1,422.3; Babcock and Turville, 1,522.4; Fredericks and Jaak, 1,422.1; Hall and McLaren, 1,422.1. The riders were 30 miles behind the record.

Boers Charged With Shooting Blacks.

London, Dec. 12.—Lord Kitchener's promised statement specifying 37 separate instances in which natives have been shot by Boers and which involve the loss of 84 lives was issued by the war office tonight. In some of the cases mentioned the blacks were shot after an informal court-martial or upon being accused of spying, but in numerous instances Lord Kitchener intimates the natives were shot in cold blood in order to hide traces of the movements of Boer commandoes. The period covered by Lord Kitchener's statement is over a year.

Root, sovereign commander of the Woodmen of the World and others for a publication in the Tidings. That publication Miss Frizzell alleged was libelous and tended to bring her into disgrace.

Saves Children From Fire Panic.

Chicago, Dec. 11.—While clouds of smoke filled the hallways from a fierce fire which raged in the basement of the Lincoln school yesterday, Ethel Barker, 13 years of age, sat at a piano in the main corridor upstairs and played a lively waltz for the 300 children to keep time to while marching out of the burning building. The child did not cease playing until the last pupil had left the building and when she tried to escape she was twice driven back by clouds of dense smoke, which by that time rolled through the corridors. She finally reached a door and went to the first floor by groping along the walls and along the stairs banisters.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be read at your discretion. About five years ago my right ear began to sting, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. Then saw your advertisement, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the deaf ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERNER, 730 S. Broadway, Baltimore, Md.
