

ALLISON AND DOLLIVER

Unanimously Renominated in Republican Caucus.

OTHER OFFICERS SELECTED.

Bernard Murphy for State Printer, Howard Tedford for Binder and John R. Carter for Code Editor Nominated by Acclamation.

Des Moines, Jan. 15.—Senator William B. Allison was nominated by the Republican senatorial caucus last evening for the position of United States senator for the sixth consecutive term and Senator Jonathan F. Dolliver was nominated to succeed himself at the expiration of his appointed term.

The two senators were sent for, Senator Allison spoke feelingly of the compliment paid him. He spoke of his service, which covered a period known as one of the most important in the history of the nation, but during all of which time there had been steady growth and development.

When Dolliver was called for he said he counted it his good fortune to have entered congress at the same time with the late Senator Gear and now to have the wise counsel of Allison. He felt greater pride in this election than in anything else in his career, and Iowa people had always been kind to him.

TEN ARE DEAD IN MINE DISASTER

None of Bodies Burned and Shaft Only Slightly Injured by Fire.

South McAlester, I. T., Jan. 15.—Ten miners lost their lives in the explosion in mine No. 9 at Dow, I. T.

The dead: Jack McCoy, W. F. Keith, B. F. Farhurst, E. M. Pritchard, Bert Galling, Joe Benmas, Thomas Blua, John Blua, M. Brow, John Beatal.

The ten men who lost their lives were the only persons in the pit and none was left to tell the story. All the bodies were recovered, and as none was burned the conclusion is that death was due to afterdamp. The explosion did not injure the shaft, which was a new one, and the fire that followed was put out before it did much damage.

The sound of the explosion was heard plainly above the ground and rescuers were at work promptly. The explosion occurred at a depth of 240 feet. The machinery was not injured by the explosion and miners working at the mouth of the pit descended as soon as it was safe. The condition of the mine indicated that the men might, had presence of mind been exercised, made their escape. The bodies were found within a comparatively small radius. The fire was put out before it had reached any of them.

ADRIFT FOR SEVENTEEN DAYS.

Terrible Experience of Two Crab Fishermen Off California Coast.

Santa Barbara, Cal., Jan. 15.—Adrift on a capsize boat in the Pacific ocean 17 days without food or drink was the terrible experience of Captain Henry Olsen and Pete Wallace, two crab fishermen, and but one lived to tell the story of their terrible suffering. Olsen was picked up by Arthur Valdez, a fisherman, just beyond the kelp off Goleta. He was more dead than alive, but was able to tell of the wreck of his boat, Belle, a staunch gasoline schooner, which he and Wallace used in cruising about the fishing grounds.

Olsen and Wallace were residents of San Pedro and left the port 17 days ago. While cruising several miles south of Santa Cruz island a heavy sea rose and capsized their craft. Clinging to the capsized boat, without food or water, they drifted, suffering tortures. On the 14th day Wallace's strength gave out and, crazed and starving, he slid off the boat and disappeared under the waters. For three days longer Olsen held on and finally was rescued, half dead from exhaustion, by Valdez. It is thought he will recover.

INSURGENTS GIVE UP ARMS

Colonel Merisigan and Full Command Surrender.

THEY BRING IN MANY ARMS.

Pacifics Entire Eastern Part of Batangas and is Regarded as Forerunner of Further Inroads on the Hostile Forces.

Manila, Jan. 15.—The full surrender of the forces of Colonel Marisigan, who, with Major Ceberra and a renegade priest named Castillo, gave themselves up unconditionally, Jan. 10, to General Bell, who is conducting the campaign against the insurgents in Batangas province, occurred today at Taal.

The insurgents created a surprise by bringing in 60 more rifles than the authorities thought Marisigan could command in the district of Taal, which he controlled. The Filipinos who surrendered included three colonels, one major, five captains and 12 lieutenants. They gave up 219 rifles and one cannon. All the insurgents who surrendered did so unconditionally. General Bell ordered the men released. Colonel Marisigan says he can prevail on many more men to surrender during the next few days and also obtain possession of a number of additional rifles.

General Bell says the surrender pacifies for the time being all the eastern part of Batangas.

HOT ON TRAIL OF DEWET.

Kitchener Making a Determined Effort to Catch the Dashing Boer.

London, Jan. 15.—Perhaps the most important point in Lord Kitchener's weekly report is the omission of all mention of General Dewet, from which it is deduced that the British commander-in-chief is more than usually hopeful of effective results from his present effort to surround Dewet. Since the disaster at Zeefontein strong British columns have been persistently dogging Dewet's force, while an armored train has prevented him from crossing the railroad line and have forced him northward. Lord Kitchener is supplying Dewet's pursuers with relays and remounts.

Metcalfe Goes to Explain.

Topeka, Kan., Jan. 15.—General Wilder S. Metcalfe left Lawrence last night for Washington, where he will appear before the senate committee on pensions, and endeavor to refute the charges made against him, that he killed a Filipino prisoner in cold blood during the battle of Caloccan. General Metcalfe thinks he will be able to explain matters in a satisfactory manner. Lieutenant Teft said he knew who did the shooting of the prisoners and can tell the circumstances under which it happened. He says he has found that the statement made by him several months ago to the effect that Metcalfe shot the prisoner is a mistake.

FIX NEW TARIFF SCHEDULE

Northern Roads Make Reductions in Freight Rates.

St. Paul, Jan. 15.—The tariff reductions on the Great Northern and Northern Pacific will go into effect Feb. 1. The reductions, which vary from 5 to 15 per cent, affect mainly the "ten classes." Commodity rates on coal, lumber, flour and wheat remain unchanged. Reductions of wheat rates are postponed until later in the year, as it is the idea that the reductions now would not help the farmers, since most of the wheat has left their hands. The new tariffs have been prepared under the direction of Darius Miller, who at yesterday's meeting acted in behalf of both the Burlington and the Great Northern. The Chicago, Milwaukee and St. Paul and the Chicago and Northwestern, it is stated, will not make any reductions until the effect of the reductions on competitive points is noted.

LEADING WITNESS IS MISSING.

Wesley Whittaker Suddenly Disappears from Goebel Trial.

Frankfort, Ky., Jan. 15.—The chief interest yesterday in the trial of James Howard, charged with complicity in the Goebel assassination, was the disappearance of Wesley Whittaker, a Clay county barber, who came here last night to testify for the commonwealth. All efforts to locate him have been unsuccessful. It is said that Whittaker would have testified that he saw Howard the night before he came to Frankfort and that his testimony would show whether Howard wore a moustache at that time. This is an important issue in the case. The prosecution claims that Whittaker's disappearance is due to intimidation, and it is said that he went to Indiana.

Situation at Peking.

Peking, Jan. 15.—The first week of the rehabilitation of the Chinese court and of its resumption of authority at the capital has been a period of intense interest for all classes of Chinese and foreigners. But the work has hardly sufficed to furnish proofs from which deductions regarding the policy of the empress dowager under the conditions can be drawn. That she governs as absolutely as before the attempt to crush progress and that she recognizes that foreign interests and opinions must be respected, is apparent.

Bank Robbers Make Water Haul.

Carbondale, Ills., Jan. 15.—A bold, but unsuccessful, attempt at bank robbery occurred at Cobden, eight miles south of this city. They say the wind slackened and that their travels were mostly above the clouds. The highest altitude reached was 16,250 feet. The aeronauts failed to beat Count de Vanille's long distance record of 1,116 miles.

BUSY DAY IN CONGRESS

Philippine Question Discussed in the Senate.

HOAR WANTS AN INVESTIGATION.

Says Senate Should Have Reliable Information Regarding Conditions in the Islands—Mason Urges Reciprocity With Cuba.

Washington, Jan. 15.—For the first time this session the Philippine question was touched on in the senate. The interest taken indicates that it will occupy the attention of the upper branch of congress for some time when the tariff bill is reported. The Philippines were the subject of an address by Hoar (Mass.), who spoke on his resolution providing for the appointment of a senate committee to investigate the administration of those islands. Hoar spoke at some length regarding the reliability of statements which have been made from time to time regarding the situation in the Philippines and the causes which led to the outbreak. He urged that there should be a place where any senator in his official capacity could go and ask for two witnesses to prove the correctness or incorrectness of any question upon which light is desired.

Lodge said he regarded the resolution as a reflection on the Philippine commission, of which he was chairman, and the necessity of the latter would cease were this resolution adopted. His committee, he said, was perfectly able to handle any investigation which might be conducted. Carmack (Dem.) agreed with him. The discussion was leading rapidly to an opening up of the whole Philippine question when it was agreed that the resolution should go over for a day.

Mason (Ills.) made a speech in favor of reciprocity with Cuba and discussed the prospective policy generally. Pension Discussion in House. Washington, Jan. 14.—The house continued the debate on the pension appropriation bill and devoted much time to the proposition advanced by Rixey (Va.) to open the doors of the soldiers' homes to ex-Confederate veterans. Babcock Introduces Bill.

Washington, Jan. 15.—Representative Babcock of Wisconsin introduced a bill, placing a number of articles of the iron and steel schedule on the free list and materially reducing the duties on other articles throughout the iron and steel schedule. The presentation of this bill has been awaited with much interest, owing to the attention aroused last year by a somewhat similar bill, and Mr. Babcock's position, both as a Republican member of the ways and means committee and chairman of the Republican congressional committee. The bill is more extended than that of last year, and was drawn after correspondence with the iron and steel interests, the purpose being to place the rates on a strictly protective basis. The articles placed on the free list are the heavy products of the furnace, while the rates on other articles of the schedule average about one-half the present rates.

BASEBALL MAGNATES MEET.

Western League and National Association Officials in Session.

Kansas City, Jan. 15.—The Western League of Professional Baseball Clubs and the National Association of Minor Leagues met in this city yesterday to transact business in the mutual interest of the two organizations. The sensation of the day was the expulsion of A. B. Heall, who held the Minneapolis franchise, from the Western league. Heall, it is charged by the magnates, violated the confidence of the Western league by trading his ball park in Minneapolis to George Tebeau for the park the latter owned in Denver. P. T. Power, president of the National Association of Minor Leagues, Secretary J. H. Ferrell and M. H. Sexton, chairman of the national board of arbitration, all addressed the meeting and promised the Western League the hearty support of the National association. Other important business transacted was the awarding of the Denver franchise to D. C. Packard and the appointment of committees to visit the cities applying for admission to the league. The result of the investigations of these committees will be reported to President Whitfield, who will then make the necessary selection to complete the circuit.

Implement Dealers in Session.

Kansas City, Jan. 15.—The convention of the Western Retail Implement Dealers' association opened yesterday. W. H. Thomas of Springfield, O., president of the National Association of Agricultural Implement Manufacturers, made an address, favoring reciprocity. Secretary Hollis reported the membership in Minnesota, Wisconsin, Iowa and the Dakotas to be the largest on record.

Charity's Choice.

"Mummy," said a small girl—"mummy, dear, I do wish I might give some money for poor children's dinners." "So you may, darling." "But, mummy, I haven't any money." "Well, darling, if you like to go without sugar I will give you the money instead, and then you will have some." The small child considered solemnly for a moment, and then said, "Must it be sugar, mummy?" "Why, no, darling. I don't mind much. What would you like to do without?" "How would soap do, mummy, then?" exclaimed the small maiden in triumph.—Philadelphia Ledger.

Got His Money.

When King Edward VII. was an undergraduate at Oxford, he was a great huntsman, and few men could beat him across country. On one occasion his royal highness and some other riders galloped into a farmyard by way of a short cut. The farmer, a sturdy yeoman, closed the gates and told the huntsmen they must pay £1 apiece for trespass. One of the gentlemen smiled indulgently at the rustic and said, "But, my good man, this is the Prince of Wales." The good man was in no wise abashed and retorted, "Prince or no prince, I'll have my money." And he got it.

A Lost Chance.

"He that will not when he may" is likely to repent his indecision for many a long day afterward. A lady who had spent a weary hour in "beating down" the salesman at a Turkish shop in Paris returned the next day prepared to purchase. "I believe you said 20 francs," she began, taking out her purse. "Ninety, madame!" answered the smiling Turk. "But you came down to twenty!" "Ah, that was yesterday, madame! Everything goes up again in the night!"
