THE NORFOLK NEWS: FRIDAY, FEBRUARY 21, 1902.

Prospects Flattering for Passage of the Bill.

ROBERTSON RETURNS

Has Been Doing Hard Work in Washington for the Building-Final Vote of Congress Will be Taken in May or June.

From Tuesday's Daily

10

as it could be. In legislation of this him. character, however, complications are always liable to arise that will defeat a measure even after it has every prospect of passage, and until the final vote in both houses of congress has been announced the federal building will remain more or less a matter of doubt. But on the whole Mr. Robertson is well satisfied with the prospects as they stand at present.

The bill introduced in the senate by Senator Millard for the construction of a federal building at Norfolk, has been referred to the committee on public buildings. This bill may be reported at any time in the near future. The house bill introduced by Congressman Robertson has been referred to a subcommittee, of which Congressman Mercer is chairman, and that means that it will have favorable consideration there. The subcommittee will probably not report to the house before some time in March or April, and then it is likely to be two months later before it reaches a final vote. In all probability the measure will be incorporated in the omnibus bill, thus enhancing its prospects of final passage.

WEDNESDAY WRINKLES.

S. C. Jones was over from Madison yesterday.

Myron Hodges was down from Pierce this morning.

Mrs. Isaac Powers returned last night from a visit to Omaha.

P. C. Hour of Plainview was a visitor to the metropolis yesterday.

Francis Andrew was a Norfolk vis itor yesterday from Wausa.

Dr. G. F. Bilger was called to Hos kins today on veterinary business.

dence on West Norfolk avenue recently vacated by W. N. Huse, preparatory to moving into it.

Meadow Grove, The Union Pacific freight south will be held until after the entertainment.

Governor Savage Monday removed F. B. Alderman from the position of Entertainment for March 3-9 deputy oil inspector for the Third district and appointed Fred Sonnenschein of West Point to the place made vacant. Mr. Alderman was recently engaged in SOMEEXCELLENTATTRACTIONS the marble business in Norfolk but it

Mr. Jefferson has been representing Norfolk in the ef- does not deny that he had kissed a numfort to secure a federal building for this ber of the young ladies but asserts that church March 3-9. The lecturers will city. He returns well satisfied and feels he did so in a mere fatherly and spiritas though the matter is in fairly good ual manner, and being sixty years of shape. He believes that when he left age there are a number who agree with Washington it was in as good condition him. His wife and family stand by

> The people of Grand Island have been receiving propositions from a co-operative home building association which proposes to give every man a home for about five dollars a month, without interest. There are more than twenty such companies in Kansas City, Mo., and one, having an existence of but seven months, has a membership of 11,000 and new members joining at the rate of 150 a day. It is considered that this plan is on a par with the tontine investment schemes. The first in will stand a chance of winning out but a Kansas City attorney gives it as his opinion that the last in might be named Dennis when he should be Methuselah.

The highest cash market price will be paid for butter and eggs E. N. VAIL.

Farmers' Institute Notice. The officers and executive committee of the Norfolk Farmers' institute wish to publicly express their thanks to Miss Sisson and her school for their singing which showed careful training on the part of the teacher; to the Woman's club of Norfolk for their assistance in making the institute program a complete success; also to the orchestra for the most excellent selections of music rendered for the entertaining of the closing session, and especially to Miss Florence Gaylord for the manner in which she handled the organ under The monologue, a story traced through the most trying of circumstances having to play music which she had never read before and being obliged to leave the hall twice to meet in rehearsals for other occasions

Real Estate Transfers.

The following are the transfers of real estate in Madison county for the week ending January 25, 1902, as S. T. Napper is improving the resireported by D. J. Koenigstein, official abstracter :

may be that this fact did not influence Plan of the Co-Operative Lyceum Bureau of Omaha for a Week's Chautaugua at the Methodist Church in this City.

> Under the management of the Cooperative Lyceum bureau of Omaha, a ery entertaining and instructive chautauqua will be held in the Methodist be popular with all who hear them and combine with rare ability to instruct, a special aptness in wit and humorous entertainment. Following is the program :

Monday, March'3-R. P. Miles, "Tallow Dips.' Tuesday, March 4-P. W. Gould,

Musical monologue. Wednesday, March 5-F. H. Hutch. Thursday, March 6-Schumann Lady

uartet. Friday, March 7-Chaplain Jesse Cole. Saturday, March 8-Guy P. Benton. Sunday, March 9-Guy P. Benton will occupy the pulpit of the Methodist church.

The first lecture on the course is by Robert Parker Miles, who comes recommended by such men as Dwight L. Moody, Madison C. Peters, Baptist clergyman, and S. Parks Cadman, the Congregationalist preacher. George Francis Train of New York says of him: "Bulwer Lytton in '57 made me his Margrave in 'Strange Story,' Jules Verne made me Phineas Fogg in his 'Around the World,' Yates, Sala, Stanley, all have me in their books, but you will be my editor."

Prof. Phil W. Gould gives a musical monologue on the second night and the Council Bluffs Nonpareil makes this comment on his performance: "Mr. Gould appeared before a large audience in his celebrated monologue. 'The Old Piano, 'at the Congregational church last night. The program was a pleasing combination of recital and song that won the hearty applause of listeners the vicissitudes of a country home in New England before, during and after the war of the rebellion. The solos and war songs were given with genuine feeling. The song, 'Who'll Save the

Left?" and the 'Kiss Waltz' were heartily received. Mr. Gould plays the organ, piano, banjo and guitar with equal ability. His voice is a baritone, full of expression that takes hold of his audience.'

On Wednesday night the Rev. F. A.

Rev. F. P. Wigton before returning to er home in Sioux City. Misses Minnie and Pauline Newman of Stanton visited at the home of Mr.

and Mrs. W. F. Moldenhauer Tuesday. Mr. and Mrs. Geo. D. Butterfield, who have been spending the winter in Norfolk, returned to their home in Creigh-

ton today. Landlord George Lehman of the Thurston hotel at Columbus came up today to attend the Innes matinee and was the guest of Geo. H. Spear.

Mr. and Mrs. E. M. Wilkinson, who have been guests at the home of A. Morrison, left today for Hutcheson, Kansas, for a visit before proceeding to their home at Nevada, Mo.

The weather today has been ideally springlike and the snow has disappeared rapidly, leaving nothing but ponds and hillocks of ice which it will take some time for the sun's rays to penetrate of fectually.

FORMS BACKBONE OF SYSTEM.

After Reading, it is the Most Important in a Common School Education. Instruction Must be Intensified and Non-Essentials Eliminated.

In a recent issue of the Nebraska Teacher under Grammer School depart- time to drill on the fundamental prinment Superintendent O'Connor of this ciples of arithmetic. They will find city presents these views regarding the time to intensify the work of mental place of arthmetic in the grammar arithmetic-that keen polisher of the school

well, forms the backbone of our system grudgingly given to written arithmetic. of education. About these two subjects, But its principles and rules will be then, must be grouped the less essential, practiced and drilled upon until the but truly important subjects of gramtending the annual convention of the mar, geography, and history. These have respect for his education, and will state supervisors' association which is in latter subjects are given in the order of be a credit to his school.

The reason for placing reading before officer presided at the opening session of arithmetic is sufficiently obvious. The pupil must acquire reasonable ability to counsel you, teachers, to keep a firm read before he can translate the thought hold on the time honored subject of church eutertained a large number of of the problem into the language of his arithmetic in your schools. Teach your

The activity and forceful character of our people-men and women-demand shall be added unto them, each in its a ready comprehension and a facile ex- proper place and time. For this holdpression of number facts. And however ing fast to the things that have been much educationists and theorists may proved, you may not receive the laudainveigh against it, the fact remains that the person weak in the power of computation by number is classed with the poor speller. Aclear and ready application of the principles of arithmetic gives to its possessor a solidity of education

unequaled by any other subject. Of late years the schools have been severely criticised by business men because of the defects in the character of the instruction given in arithmetic. This criticism is in a large degree merited. Our boys and girls on leaving school are not sufficiently well drilled in the fundamental principles of addition, subtraction, multiplication, and division-not rapid and not accurate enough. In the use of fractions, both common and decimal, and the application of pecentage, a lamentable weakness is exhibited in too arithmetic, together with the commoner rules of mensuration, should be thoroughly drilled into the mind of every pupil before he goes out from the eighth grade.

There are teachers who assert that deciding between the two schools arithmetic holds too prominent a place of medicines. The schoolboard of in our plans of education, and, as a con-West Des Moines has refused to sequence, waste of the pupil's time and admit children who have been vac- energy results. must intensify the instruction, we must eliminate non-essentials after the manner of the farmer who thins his orn from ten stalks in a hill to four or five, and for the same reason. If we wish to profit by the superior skill and ability of our good teachers, we should relieve them of all unnecessary drudgery and dissipation of energy. This may be done by confining their energies in the direction of a few things, and not demanding that they shall know (!) and teach (!) everything in science, in theology, in government, in medicine, in law, etc., etc., etc.

When this is done teachers will find intellect that strengthens and sharpens Ability to read well, and to compute and brightens it. And time will not be pupil will feel confident in himself,

For the above reason in justice to the cause of sound education, and of the businessinterests of our nation, let us boys and girls to read well, to cipher well, to compose well, and all the others tions of theoretical educationists of ease and leisure and dream hallucinations, but you will command the thanks and approbation of practical people and the patrons you serve.

A Popular Preparation. One of the best advertised and most popular preparations for the cure of nasal catarrh and similar troubles is Ely's Cream Balm. It was originated and placed on the market nearly tw nty years ago by a firm of experienced druggists, Ely Brothers, and their business in this special article grew to such proportions that they were compelled to devote their entire attention to it. Ely Brothers emphasize the fact that it is to the interest of druggists to supply Ely's Cream Balm whenever a customer calls many instances. These elements of for it, or even when simply a good catarrh remedy is asked for. The test of time has proved that this preparation always gives satisfactory results. It is a uniform preparation, made according to a scientific formula from the very best quality of drugs. In supplying it to his trade the druggist does not run the risk of causing dissatisfaction, which might occur when the customer is induced to experiment with new preparations the merit of which has not been fully demonstrated.

Ex-Sheriff Geo. W. Losey was here today from Battle Creek, shaking hands with his Norfolk acquaintances and looking after business interests.

method as it is called, a physician of erature, and esthetics " In many

grammar grades, where formerly in a large measure, mental and written arithmetic held sway.

This is what is meant by "broadening and enriching the course of study for From here they go to Sioux City, on' a the grades." It is the comprehenspecial train where they play tonight, sive plan. Allured by these siren voices and prompted by the desire to provide for the schools such studies as will, in their

judgment, produce the highest degree of culture, many teachers reduced the time and quantity of arithmetic in grades and consequently changed the

quality. Teachers of superior training, and text books based on sound pedagogical principles, are more prevalent now than formerly; but in a state like ours, where the average life of the teacher scarcely exceeds four years, neither art

nor text book can counter act the shallow effects that must necessarily flow Painkiller is a powerful ally. Use it from the congested character of the "eninternally with warm, sweetened water. riched and comprehensive" course of study. But it is averred that the work done in arithmetic is more intense now flight you will understand why time and spasmodic competition make no dif-than it was formerly. Twenty years Bal-am. A few doses will loosen the cough and enable you to get rid of the ago, in eastern Pennsylvania, on a mild day in March, in a district school, the

windows raised, and his coat off, Thomas Vickerman conducted a class in mental arithmetic. His voice was heard 1902, Geeske Fix, the plaintiff herein, nearly a quarter of a mile from the school house. It was an earnest voice ; it was more forceful than musical. On which are to obtain a divorce from the entering the room the writer discovered bonds of matrimony from the said de- the teacher standing before his class, fendant, on the ground that in the year perspiration collected in large beads on his brow, and face the very picture of intense earnestness. The class partook of the zeal of the teacher, and the skill and dexterity exhibited in unraveling the complexities and in giving concise analyses of the difficult problems found in Ray's Intellectual Arithmetic, would delight the soul of the most enthusiastic disciple of the Speer method. Thomas Vickerman was an intense teacher; but even he would have been at a loss to know how to intensify the work of many grammar schools with enriched courses.

We have better qualified teachers and better text books (and poorer also) than was the rule twenty-five years ago but skill of the teacher and the adaptability of the text-book have been utilized, not in deepening education, but in attempt-Elmer McCleand is baling his hay ing to spread it over the entire face of and storing it in the old canning fac- nature. If we want better results in arithmetic in our grammar schools. we

The Chicago, St. Paul, Minneapolis & Omaha railway has for sale in Northern Wisconsin, at low prices and easy terms of payment, about 350,000 acres of choice farm lands.

Early buyers will secure the advantage of locations on the many beautiful streams and lakes, which abound with fish and furnish a never ending and most excellent water supply, both for family use and for stock.

Land is generally well timbered, the soil fertile and easy of cultivation and this is rapidly developing into one of the greatest sheep and cattle raising regions in the northwest.

Chicago, Milwaukee, St. Paul, Minueapolis, Duluth, Superior, Ashland and other towns on "The Northwestern Line" furnish good markets for stock and farm produce.

For further particulars address:
