## COMMERCIAL CLUB MEETS

Various Lines of Betterment are Discussed.

WATER POWER ON ELKHORN.

If Cheap Power can be Developed it this evening. Will Induce the Location Here of cerns-Committee on "Rest Room."

From Saturday's Daily Some 30 or 40 members of the Commercial club met at the city hall last evening, and although the meeting did not accomplish much of a definite nature, yet the discussions were interestpresented that promise to develop good for Norfolk in the future.

The meeting was called to order by President Luikart and Burt Mapes served as secretary in the absence of M. C. Hazen.

The president announced that he had information that a firm now doing busi ness in Ohio, extensively engaged in the importation and breeding of fine coach horses, is desirous of removing the whole or part of its business to the west. The secretary was instructed to open correspondence with the firm and undertake to induce the location of the business at Norfolk.

A communication was received from the Woman's club, announcing the names of the ladies appointed to act with a committee of the Commercial club on civic beauty, as follows: Mes dames A. J. Durland, C. H. Reynolds, J. R Hays, C. E. Green, Robt. Utter and Miss Masson.

expected to make report of progress of ing of the club.

A committee of three, consisting of Davenport, was selected to act with the committee of the Woman's club which the establishment of a "rest room."

The question of developing the water power which can be furnished by constructing a dam across the Elkhorn river was discussed freely, and it was the prevailing sentiment that the matter should be thoroughly investigated by the club. There was no division in opinion as to the amount of good that would accrue to the city if cheap power could be de veloped that would be available for small manufacturing industries.

The matter of assisting in securing acreage for the sugar factory was discussed, and it was the sentiment that the individual members of the club should lend every aid possible to the committee appointed for that purpose. The greater acreage of beets that is grown in this vicinity the more profitable will be the sugar factory to the business interests of the city, and no effort should be neglected to have a big crop grown this season.

The independent telephone company that is applying for franchise from the city and proposes to establish an exchange here, was discussed to some length, but no action taken.

The next meeting of the Commercial club will be on Friday evening, March 21, when there should be a good attendance and the chairmen of committees should come prepared to state what is laid out by the club.

The names of new members who have Hays, J. C. Stitt, C. S. Parker, J. B. Barnes, P. H. Salter, Alex. Bear, Geo. N. Beels, J. H. Conley, E. A. Bullock, Dan Craven.

A large number of the friends of Miss Dorothy Salter helped her celebrate her ninth birthday this afternoon at the home of her grandparents, Mr. and Mrs. John R. Hays. The arrangements for the enjoyment of the young people were heartily appreciated and the afternoon was replete with pleasure to those who participated.

ing on,' wagons has been again exemplified, this time at Fairbury, where Harlo Franz, a 10-year-old boy fell under the wheels of a farmer's wagon, heavily loaded with grain, and was instantly killed. One of the wheels passed over and crushed his head before the horses could be stopped.

It is not probable that Norfolk will be represented in the High school oratorical contest to be held here next month during the session of the Northeast Nebraska Teachers' association. This will be the first time in a number of years that Norfolk has not been represented and the contestant has usually carried off one of the good prizes.

Joseph Skala of Madison fell from a ladder in Thatch's slaughter house at that place Wednesday. He encountered being done in the various lines of work a hook, used for suspending beeves and hogs, on his way down, the hock penetrating his left arm almost at the arm joined the club since the last meeting pit. The force of his fall broke the rope are as follows: Isaac Powers, John R | that had been used in suspending beeves or his arm might have been jerked from

Jan Kubelik, the young Bohemian violinist, gives a concert in the Boyd at Omaba tonight. All the seats except 200 in the upper gallery were sold by Thursday night, the house having been sold within 12 hours after the box office opened. Those possessing good seats have been besieged with offers for their location, as high as \$10 having been offered for \$2.50 seats.

The first meeting of the Social Hour club of South Norfolk was held last night in Railway hall. After a pleasant time spent with cards there was dancing, and choice refreshments were served during the evening. Fred Hollingsworth was elected secretary of the club Mrs. Elliott was in the city yesterday and F. W. Koerber, treasurer. The next meeting of the club will be a dance on Monday evening, the 17th.

WM. LEAVITT.

A Bad Practice.

All the world despises a spotter or a spy. In some of our schools the teachers appoint certain pupils as spies. It is their duty to watch their fellow-students and report to the teacher any breach of the rules. These appointees are disignated "monitors," and yet I think "spy" a better title for them. It is a bad practice. It teaches disloyalty to their playmates. The practice ought to be kicked out of every school-room.-Columbus Telegram.

> A commodious shed has just been added to the Plano warehouse, together with a new loading platform. A side track has been built to the warehouse from the Union Pacific, and the whole premises put in condition to transact a big business the coming season.

Amateur photography is the latest fad among the boys. The boy who does not have his pockets loaded with a kodak or other picture-taking machine, together with films, plates, plate holders, etc., is not quite up to the standard of boydom established in Norfolk just at this time.

A conference between the officers of the different divisions of the F. E & M. V. railroad will be held in this city tomorrow, to discuss some new rules that it is proposed to put into effect on the road. It is also probable that some of the general officers will attend the meeting. They will arrive at noon tomorrow and remain until the next morning.

W. O. Hall proposes to devote his personal attention to his string of five horses this season. He will leave next week for Seward, where they will be placed in training. The racing season will begin about the first of July, when he hopes to make some good winnings. As he has some good speeders his Norfolk friends have no fear but that he will be successful.

Trinity Social guild will hold a special meeting with Miss Waldron this evening. It is the object of this society to have a sale of Easter novelties which will be displayed in Miss Bender's millinery window a few days before Easter and with earnest work on the part of those interested it is anticipated that a neat little sum may be realized toward a much needed new church organ.

Another elegant day burst upon the world this merning, reminding of the glorious mid-winter days on the southern coast. Robins and meadow larks are beginning to add their welcome to giving away of ice-bound fetters, and all begins to proclaim that it is spring. But it should be remembered that it is still March and no prophet has yet been revealed who can tell just what will happen during this boisterous month. a

Following are the names of the petit jurors drawn for the March term of the district court in this county: B. F. Anderson, W. Beswick, William Boche, Martin Brubaker, Arthur Clark, James Conley, sr., S. O. Davies, Fred Dederman, W. P. Dixon, D. C. Herrington, John Horrocks, P. W. Hull, James Hunter, C. W. Inskeep, Dan Knapp, Thomas Long, John Magner, J. W. Mc-Callum, William McDonald, Herman Nenow, A. P. Pilger, William Reikofski, E. L. Twiss, John Wright. The jurors

are ordered to appear in Madison on April 1, at or before 11 o'clock a, m,

It seems the statement that the Norfolk High school would not be represented in the contest of the Northeast Nebraska Declamatory association, to be held here early in April, was rather premature. The pupils are preparing to hold a series of school contests, the winners to enter the declamatory association classes. Norfolk usually wins one or more prizes at these annual contests and it was decided that the personnel of the High school is not one whit less capable than in years gone by, hence representatives will be on hand when the time comes. The schools are also preparing work for an exhibit at the teachers' association, during which the contest is

The last number of the indoor chau-

tauqua course which has been held in the M. E. church during the past week was given last night when Prof. Phil W. Gould gave his musical mono'ogue, "The Old Piano." The story was interesting, giving an account of life in an old New James Gilden is having his residence England village including a period of rebellion. The plan of the story was to introduce a number of old fashioned songs that were pleasingly sung by Professor Gould, who has a beautiful baritone voice, and interpreted the songs with poetic feeling. During the monologue the entertainer used four musical instruments apparently with equal skill and with good effect-they were the organ, guitar, banjo and harmonica. An incident of the performance might have led an audience of less intelligence to presume the entertainer had unusual magnetic or hypnotic power. A window open back of the platform permitted those in the audience. He stopped to ask if any members of the audience were inconvenienced and receiving an affirmative reply be turned toward the window, when it slowly and jerkingly proceeded to close, stopping within an inch or two of the top. The secret of the window incident was that the janitor had noticed that there was too much wind and went outside and closed the window at the exact moment when the attention of the audience had been attracted to that point. It was funny and the speaker made the best of the situation by drawing forth a hearty laugh, The chantauqua was very successful, except perhaps in point of attendance, some of the numbers not being as well attended as others. They were all very heartily enjoyed by those who attended.

Seen the latest? Its Baker's stamp positions and 24 for 25 cents. Call. All

Do Not Be Afraid to look the facts squarely in the face. That cough, racking and persistent, accompanied by tightness in the chest and spitting of sticky mucus, is a sign of consumption. Common sense dictates the use of Allen's Lung Balsam, an honest remedy, since it contains no opium; an efficient remedy, since it heals the irritated, inflamed throat and lungs, and so prevents a deep seated cold from running into incurable forms of con-

sumption.

## Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult, a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of, Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: overwork and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it-true-but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work--vou can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for rree sample, its agreeable taste will surprise you. SCOTT & BOWNE Chemists, 409 Pearl Street,

New York. 50c. and \$1.00; all druggists
