

EIGHT GIRLS MEET DEATH

Wild Panic in Cigar Factory at Philadelphia.

SCORES OF OTHERS INJURED.

Accident to Janitor and False Alarm of Fire Start Mad Rush for the Stairway, While Some Hurl Themselves From the Windows.

Philadelphia, May 1.—An unfortunate accident to a deaf and dumb boy, leader Bacus, was directly responsible for the death of eight girls and young women, the fatal injury of three others and the serious injury of more than two scores of girls employed in the cigar factory of Harbarger, Homan & Co., located at Tenth street and Washington avenue.

The dead are: Mary Geneva, Helen Tolini, Elizabeth Tarline, Annie Reschneider, Louise DeSept, Ida Green, Annie Ford, Hannah De Poulter.

Fatally injured: Mary Geneva, Josephine O'Ronco, unidentified woman. The injuries of the others consist mainly of bruises about the body and fractured limbs.

The building in which the disaster occurred is a five story brick structure and reaches an entire block. Twelve hundred persons were at work at the time of the accident, 90 per cent of whom were girls, whose ages range from 12 years upward. Bacus, who was the janitor of the building, started for the fifth floor for a ball of twine. The elevator was at the top of the shaft and Bacus pulled the rope to bring it down. He opened the door leading to the shaft and leaned forward to see where the carriage was. As he did so, the elevator, which was descending slowly, struck him across the back of the neck, pinioning his head between the elevator and the floor. A boy released Bacus and cried for help. The foreman rushed from the building to call an ambulance and immediately there was a panic among the employes. Some of the younger girls fainted, while others, not being able to control their feelings, cried fire. Instantly there was a mad rush for the stairway leading to Tenth street. The girls rushed down the narrow staircase until they reached a bend in the exit between the second and third floors. In their eagerness to escape the frightened leaders fell. Others immediately following tripped over the struggling mass of humanity and in less than a minute there were hundreds of children and young women struggling in the passage way. The shrieks and screams of terror stricken girls could be heard for a block or more. During the excitement an alarm of fire was turned in, but before the engines could reach the scene several of the occupants of the building had rushed to the windows and jumped to the street, a distance of over 50 feet. Helen Tolini, one of those to jump, was almost instantly killed.

Firemen Add to Their Terror. When the firemen and policemen arrived every effort was made to quiet the terrified girls. The firemen rushed up the stairway and begged the girls to be calm, telling them there was no danger, but the sight of the firemen seemed only to add to their terror. While the policemen and firemen were endeavoring to quiet the girls on the stairway, ladders were being run up on the outside of the building and the employes who had climbed out onto the fire escapes and window ledges were quickly taken to the street. After a few minutes the men were enabled to check the awful crush on the stairway, and then began the work of rescuing those who had been trampled and crushed between the second and third floors. The alarm for ambulances had been turned in and as quick as the dead and injured could be carried from the building they were hurried to hospitals. The number of ambulances was entirely inadequate and patrol wagons were brought into use to carry the victims away for treatment.

While this was going on the scene about the structure was heartrending. The building is located in a section largely inhabited by Hebrews, many of whom were caught in the terrible crush. Parents and relatives of the unfortunate girls were screaming and rushing about the streets like mad, and it was almost impossible to restrain them entering the building.

Moody Succeeds Long. Washington, May 1.—Secretary Long closed his official career as the head of the navy department yesterday. Affairs progressed as usual and the event was unmarked save by the calling of many friends to take official leave of the retiring secretary. Noticeable among the day's callers were Secretary Hay and Mr. Moody, Secretary Long's successor. It has been arranged that Secretary Moody shall assume the duties as secretary of the navy today. Very few changes will follow the change in the head of the department. Mr. Moody forwarded his resignation as representative from the Sixth district to the governor of Massachusetts. It is dated May 1. He also sent a communication to the speaker of the house notifying him of his action.

GROSS HAS \$30,000 FIRE.

Business Portion of Nebraska Town Obliterated by Flames.

Gross, Neb., May 1.—The business portion of this town was obliterated by fire, probably of incendiary origin, which started in the rear of Korab's saloon at 11 o'clock last night, never ceasing in fury until the work of destruction was complete. The combined efforts of the citizens against the awful conflagration was of no avail and building after building melted before the roaring flames.

This place was a thriving town, in spite of its having been left out of direct railroad communication, but it will probably not rise from this body blow.

The following are the losses, which amount to nearly \$30,000, with but one-third of that amount of insurance. Marcellus restaurant, bowling alley, Korab's saloon, Seller's harness shop, Blair's general store, M. E. Smith & Co., general merchandise; Gross Hardware and Furniture company; B. B. Gross, general merchandise; bank of Gross and Simms' barn.

OFFICERS STILL IN PRISON.

Application for Discharge of Americans Held in Venice Is Denied.

Rome, May 1.—The officers of the United States cruiser Chicago who were arrested at Venice remain in prison there. An application for their discharge has been rejected. The Italian law does not allow the court to grant pardon in cases of assaults on the police.

Washington, May 1.—Secretary Long has received the following telegram from Captain Dayton of the Chicago, dated Venice, in reply to the department's inquiry: "Doddrige, Wynne, Ledbetter, Kress and one marine, on leave, arrested. Principal charge, resisting police. Serious under Italian law. Sentences: Wynne, four months and ten days; remainder, three months each. Have not yet had their full statement or a report from court, but applied for. Resisting arrest largely due to pressing in of crowd and not understanding language. Appeal made to Rome."

NOISE AROUSES THE CITIZENS.

Burglars Attempt to Blow Open Safe and Desperate Fight Is the Result.

Pittsburg, May 1.—Five burglars blew open the safe in Daub & Pressler's grocery store, Craft avenue, Crafton, Pa., at 1:30 a. m.

The explosion aroused the citizens and a desperate fight ensued between the officers, the citizens and the thieves. Officer Thomas Westcott was shot through the leg and Officer William M. Peak was struck on the head with a heavy chisel. The latter's condition is serious.

The burglars finally escaped with the cash box containing about \$30. They went toward the Steubenville pike, with a score of citizens at their heels. Later three of the burglars were captured and identified by Officer Westcott. Joseph Sullivan, believed to be the leader of the gang, was caught while swimming Chartiers creek.

REBELLION ENDS IN SAMAR

Insurgents Surrender and Peace Reigns in Island.

ORDER TO POISON SPEAR HEADS.

Lieutenant Shields Says It Was Undoubtedly Issued by Insurgent Leader Lukban—Defense in Smith Court-Martial Rests Its Case.

Washington, May 1.—A cablegram received at the navy department from Rear Admiral Rogers, commander-in-chief of the United States naval forces on the Asiatic station, records the work being done by the navy in suppressing the insurrection in Samar. He says under date of Yokohama, April 30:

"Wildes reports 600 insurgents, with 75 rifles, surrendered on the 27th. No more organized bands in arms in Samar. Evans reported on the 27th and hoisted his flag on the Kentucky on the 28th. Harris has been ordered to duty as temporary governor of Olongapo."

Rear Admiral Evans relieved Rear Admiral Kempff in command of the second division of the Asiatic fleet. Manila, May 1.—Lieutenant George H. Shields, Jr., aide-de-camp of General Jacob H. Smith, testified at yesterday's session of the court-martial, which is trying the general.

The lieutenant said he knew well the signature of Lukban, the insurgent leader who was captured Feb. 22 by Lieutenant Strebler's Philippine scouts in the island of Samar. The order issued to poison the natives' spears was undoubtedly signed by Lukban.

The witness also said Lukban confessed to him that he was the author of the proclamation setting forth that German warships were bombarding Vigan and that the Filipino navy was blockading Manila, which was issued to encourage the Filipinos. The defense then rested its case and the court adjourned until Saturday.

WANT GARDENER AS A WITNESS.

Patterson's Resolution Precipitates Warm Discussion in Senate.

Washington, May 1.—A resolution offered in the senate yesterday by Patterson (Colo.), directing the secretary of war to order by cable Major Gardener, now in the Philippines, to come immediately to Washington to appear as a witness before the Philippines committee, precipitated a warm discussion. The debate continued for about two hours, considerable feeling being manifested on both sides of the chamber. The charge was made by the minority that the majority members of the committee were endeavoring to suppress facts and information. This was denied by the chairman of the committee, Lodge, who said that such action would be inconceivably stupid. All parties, he insisted, were anxious for the fullest information, but he and others contended that it would not be advisable to cable to the Philippines for Major Gardener, as he was about to come home and would be here in time to appear before the committee. Patterson and Carmack urged that Gardener's testimony was particularly important and that it ought to be had before action was taken on the pending bill. The resolution finally went over for a day. The bill for the purchase of the Rosebud reservation in South Dakota and the sundry civil appropriation bill were considered, but no action was taken on them.

PLASTIC KIND OF PEOPLE.

Filipinos Not Ready for Self-Government, but Not Hard to Control.

Washington, May 1.—Major General MacArthur gave further testimony before the senate committee on the Philippines. He explained his statement that absolute chaos would result should independence be given the Filipinos and the United States forces be withdrawn, by saying that the people of the Philippines, being less prepared for self-government than any of the Latin-American republics at the time of their emancipation from Spain, their own unaided efforts would in all probability prove abortive.

The people of the Philippines, he said, have rudimentary ideas and aspirations, and are therefore in an essentially plastic condition, which, under the control of the United States, would, in his opinion, admit of a rapid molding of the body politic into a consistent, self-supporting commonwealth.

American withdrawal from the islands would, in his opinion, result in the permanent failure of republican institutions in the east and a fratricidal war, which would continue until suppressed by some exterior force.

House Passes Agricultural Bill.

Washington, May 1.—The house yesterday passed the agricultural appropriation bill and began consideration of the District of Columbia appropriation bill, the last but two of the regular supply measures. By the terms of a special rule adopted before the District bill was taken up, it will be in order to attach a rider to it to make operative the existing personal tax law of the District, which has been a dead letter for 20 years. Chairman Cannon estimated that there was \$100,000,000 of untaxed personal property in Washington. The Goldfogle resolution, calling on the secretary of state for information as to what citizens of Jewish faith were excluded from Russia, was adopted.

PRISON FOR A PRINCESS.

Found Guilty of Forgery and Given a Two-Year Sentence.

Cape Town, May 1.—Princess Radziwill, who has been on trial here before the supreme court on the charge of forgery in connection with notes purporting to have been endorsed by the late Cecil Rhodes, was sentenced yesterday to two years' imprisonment in the house of correction.

London, May 1.—The morning papers comment upon the remarkable career and personality of Princess Radziwill. They generally attribute Mr. Rhodes' death to the worry she caused him and to the fact that he was obliged to return to South Africa in the hot-pest weather to fight this case. In a sketch of the princess, the Daily Telegraph says: Mr. Rhodes lived in almost comic terror of her. His house was always open, says the paper, and his notions of hospitality did not permit him to deny his door to anyone. As a result Princess Radziwill was a frequent, but unwelcome, visitor. The Daily Chronicle describes the princess as probably the only woman who ever obtained the least influence over Mr. Rhodes.

Railroads Will Fight Injunction.

Chicago, May 1.—The Record-Herald says: Control of the rate situation by means of injunctions against a small number of railroads has been declared a failure by the management of the lines now resting under restraining orders. This decision has been reached because of the existing suspicion that rates are being cut by lines not enjoined and that preferences of various kinds are being given.
