

PHILIPPINE BILL PASSED

Final Vote on Measure in Senate is 48 to 30.

M'LAURIN ACTS WITH MAJORITY

Hoar, Mason and Wellington Vote With the Democrats—Tilt Between Dietrich and Patterson—Nebraska Senator Withdraws His Words.

Washington, June 4.—Shortly after 5 o'clock yesterday afternoon the senate passed the Lodge Philippine government bill by a vote of 48 to 30. Three Republicans, Hoar (Mass.), Mason (Ill.) and Wellington (Md.), voted against the measure, and one Democrat, McLaurin (S. C.), voted for it. All amendments offered by the minority were rejected.

The debate on the measure has been in progress seven weeks and two days. Lodge (Mass.), chairman of the Philippine committee, who has been unremitting in his advocacy of the measure, was the recipient of many cordial congratulations on his successful conduct of the bill.

Just at the close of the discussion a sharp exchange occurred between Dietrich (Neb.) and Patterson (Colo.), in the course of which the former reflected caustically upon the Colorado senator. He was called to order, his remarks were read and he was declared to have been out of order in uttering them. He withdrew his statement, thus ending the controversy.

During much of the time the senate was in recess, no senator caring to discuss the measure.

After the passage of the Philippine bill the Nicaragua canal bill was made the unfinished business and its consideration will be begun today.

Provisions of the Bill.

Future governor or vice governor shall be made by the president, with the advice and consent of the senate.

"The bill of rights" of the United States constitution are applied to the Philippine islands, with the exception of the right to bear arms and the right to a trial by jury. The supreme court and other courts of the islands shall exercise jurisdiction as heretofore applied by the Philippine commission.

All the inhabitants of the Philippine islands are deemed to be citizens of the Philippine islands and entitled to the protection of the United States. When the insurrection in the islands shall have been subdued a careful census of the islands shall be taken and after such census the governor of the islands shall make a full report to the president and make recommendations as to future government. Meanwhile, the Philippine commission is authorized to establish municipal and provincial governments, with popular representative government, so far and as fast as the communities are capable and are fit for the same.

All land in the Philippines is placed under the control of the Philippine commission for the benefit of the inhabitants of the islands, except such as may be needed for the United States.

Favorable Report on Nelson Bill.

Washington, June 4.—The house committee on commerce yesterday took action which insures a favorable report on the Nelson bill, creating a department of commerce. The bill has been pending for some time, and yesterday Stewart (N. J.) tested the sentiment of the committee by moving that there was no present demand for the measure. Mann (Ill.) offered an amendment favorable to consideration and reporting the bill. The amendment carried—7 to 4—and the committee then proceeded to perfect the measure. As it came from the senate, it provided for a department of commerce and labor. By a vote of 8 to 4 the provisions as to the labor branch were struck out, limiting the new department to commerce.

Anti-Anarchy Bill in House.

Washington, June 4.—The house yesterday began consideration of the anti-anarchy bill. The house committee reported a substitute for the senate measure. Ray (N. Y.), chairman of the judiciary committee, who was in charge of the bill, argued that the senate bill was unconstitutional. Lanham (Tex.) supported the feature of the bill to exclude anarchists, but opposed that making it a particular offense to kill the president or any one in the line of presidential succession. He argued that every man was equal before the law and that existing laws were ample to punish the killing or attempted killing of the president.

His nomination will be sent to the senate today. The department is anxious that he shall reach Fort de France as quickly as possible, in order that he may relieve Consul Ayme, whose post is at Guadeloupe.

R., June 4.—Bernabe Acevedo, Jose Torres, Ramon Troche Cadena and Juan Torres, the four men found guilty of murder, robbery and outrage, committed in October, 1898, at Guaya, a suburb of Adjuntas, were garroted here yesterday. They were all put to death within fifty minutes and the average time taken to kill each man was two minutes. All the condemned men confessed their crimes as they walked to the scaffold. Two of them assisted the executioner to adjust the garrote and forgave him for putting them to death. One of the prisoners resisted the adjustment of the cloth over his face. He said he wanted to die with his face uncovered. Finally, after fifteen minutes' struggle, he was subdued. There were only thirty witnesses of the execution.

Explosion at Powder Works.

Wilkesbarre, Pa., June 4.—Fifteen hundred kegs of powder blew up at the Oliver powder works, located on the mountain south of here, during a thunder storm yesterday. No one was injured. Because of the coal miners' strike and the consequent lack of demand for powder, the works have been closed, and no one was about the place except Superintendent William McDonald. The superintendent said he was standing near the buildings, when a blinding bolt of lightning struck one of the buildings and part of them were wiped out of existence. The loss is estimated at \$7,000.

Governor Herreid decided that Sheriff Lewison did not invade Nebraska and that the shooting occurred in South Dakota.

MORE RIOTS IN CHICAGO

Many Fights and Much Bloodshed is Reported.

STRENUOUS TIMES FOR POLICE

Mobs Renew Their Onslaughts Against Nonunion Teamsters and Are Dispersed by Bluecoats—Department Store Drivers Quit.

Chicago, June 4.—Chicago's police were given a strenuous life yesterday by the striking packing house teamsters. From daylight until long after dark the bluecoats were kept busy dispersing trouble makers who congregated along the streets and in every conceivable manner placed obstacles in the way of the meat dealers who endeavored to move their supply wagons with nonunion drivers. In spite of the striking teamsters and their friends thirty-three wagon loads of meat were delivered from the stock yards to down town stations. Before the task was accomplished, however, a score of policemen and rioters had been injured and fully fifty persons had been placed under arrest. Several of the injured were in such a serious condition that they were taken to hospitals. Two of the injured may die.

When the procession of wagons left the packing house district they were guarded by a heavy detail of police. As soon as the wagons emerged at the entrance of the yards, fully 500 enraged strike sympathizers made a rush to overturn the conveyances. The policemen drew their clubs and after a hard struggle scattered the mob.

A fresh start was made, but before the wagons reached the down town district the mob, augmented by hundreds of sympathizers, made another attack. In the fight that followed revolvers were drawn. No person was shot, the police instead using their clubs indiscriminately, and a dozen or more persons were hurt before the march could be resumed. When the central portion of the city was reached, clashes between the police and the crowd became numerous. Street car traffic was an impossibility, and it was necessary for several squads of police to charge the crowds with batons before the wagons had reached the various down town houses.

To add to the burdens of the police department, 1,300 drivers and their helpers employed by the State street general retail merchandise department stores went on a strike. An attempt was made to deliver "department store" goods with nonunion drivers under police protection, but so much disorder developed that the attempt proved futile. Before the project was abandoned, several rioters were hurt and many arrests had been made.

An attack made last night on William Kiser, a nonunion teamster, employed by Irwin Bros., at Harrison street and Michigan avenue, resulted in a small riot, in which several shots were fired and one man was seriously wounded by a stray bullet. Kiser claims he fired the shots in self-defense. The man injured is Charles Roda, forty years old. He received a bullet in the right leg above the knee, and amputation may be necessary. At the time of the shooting Roda was driving past in a buggy. Kiser was arrested.

MORE PUMPERS JOIN STRIKERS.

Operators Compelled to Put Office Employees in Place of Regular Men.

Wilkesbarre, Pa., June 4.—There were no developments or incidents of special mention in the anthracite coal miners' strike. The mine workers tried hard to bring out additional engineers, firemen and pumpmen, and the companies were equally earnest in their efforts to hold the employees that have been loyal to them. The union succeeded in getting out quite a number and one or two collieries were compelled to shut down their pumps because of a lack of men, but in all other cases the operators were able to fill the vacancies by drawing on their reserve forces of office and other employees. The mine owners claim that thus far they have employed very few nonunion men and have plenty of workers to draw on.

The entire coal belt remains comparatively quiet, although disturbances of a minor nature are becoming more frequent. At Miners' Mills men and women gathered on the street corners and hooted the men that came from the mines to go to their homes. At Plymouth also there was a small demonstration against those still working at the engines and pumps in the collieries there. About 100 men, women and children followed the workers to their homes, calling them names along the way.

President Mitchell gave out a statement, in which he said: "Detailed reports from all quarters of the anthracite coal field indicate that the number of engineers, firemen and pumpmen who ceased work Monday was considerably increased yesterday. The coal strike is remarkable in many respects. Were it not for the fact that the coal companies have a veritable army of private guards and Coal and Iron police employed, there would be no exterior evidence that a great industrial contest was being waged. We are sure that the splendid conduct of the men and boys who are engaged in this great, silent and passive struggle for at least a small share of our country's prosperity must commend itself to all well disposed persons."

FRENCH CABINET RESIGNS.

President Loubet Expresses Regret at Decision of Ministers.

Paris, June 4.—At a cabinet meeting, held at the Elysee palace yesterday, and at which President Loubet presided, the premier, M. Waldeck-Rousseau, formally presented the resignation of the cabinet, and in so doing expressed the sentiments of gratitude which his colleagues and himself retained for the constant kindness the president had shown them. President Loubet, in reply, said he regretted the decision of the ministers, and thanked them for the co-operation they had lent him in difficult times.

In the letter to the president tendering his resignation, M. Waldeck-Rousseau says the state of his health compels him to take a rest. Moreover, he considers that the task which he took up is terminated, and that the recent elections produced a majority sufficiently powerful to assure not only the maintenance, but the development of republican institutions. Senator Combes, the former vice president of the senate, is regarded as likely to be the first man who will be asked to form a new cabinet, and it is thought he may undertake the task, with considerable chances of success.

It now appears that Lord Kitchener will not return to London for the coronation, and Joseph Chamberlain, the colonial secretary, has said that the government does not propose to have the new South African colonies represented at the crowning of King Edward. Transvaal and Orange River representatives could hardly reach London in time for the function. Dr. Kuyper's good offices in this matter were requested by Great Britain.

MUST RESTRAIN THE TRUSTS.

Governor Cummins Declares Gigantic Combinations Must Be Regulated.

Denver, June 4.—Governor Cummins of Iowa last night was the guest of honor at a banquet given by the Roosevelt club of Denver, where he responded to the toast, "True Republicanism." Governor Cummins, in the course of his address, touched upon the question of organized capital and organized labor, declaring emphatically that he stood for the union of both when the united power is organized for the good of the world, but pointed out that untrammelled power for selfish interests will not be exercised for the good of the people.

Governor Cummins declared the government must lay its hands on the combinations of capital and restrain them within such limits as will permit the gratification of ambition, the glory of success, the tonic of profit, and, on the other side, protect the weak against aggressions and impositions from which, save by the mighty hand of the government, they cannot escape.
