

REJOICING OVER PEACE

Undercurrent of Discontent Chills London Celebration.

PRESS AND PUBLIC PLEASED

Newspapers and Prominent Men of British Metropolis Approve Peace Terms—Boers Get Personal Liberty and Property—No War Tax.

London, June 3.—The announcement of peace in South Africa was celebrated in London last night with a wild repetition of the Mafeking celebration. Hundreds of thousands of people surged through the streets of London from White Chapel to Buckingham palace, but never at any time did the crowds equal those which created the verb "to maffick."

A very serious undercurrent of discontent probably is responsible for the fact that London has not shown the same evidences of rejoicing as were to be seen on Mafeking night.

Throughout the evening the crowds exhibited the utmost good humor, and while some of the worst elements in London took advantage of the opportunity to disgrace themselves, the announcement of peace on the whole was received with merely mild "demonstration."

BALFOUR ANNOUNCES TERMS.

Destroyed Farms to Be Restored and Soldiers to Be Withdrawn. London, June 3.—In the house of commons yesterday Lord Balfour announced the terms of peace in South Africa as follows:

The burgher forces lay down their arms and hand over all the rifles, guns and munitions of war in their possession, or under their control. All prisoners are to be brought back as soon as possible to South Africa, without loss of liberty or property.

Dutch is to be taught in the schools, if desired by the parents, and used in the courts, if necessary.

Rifles are allowed for protection. Military occupation is to be withdrawn as soon as possible and self-government substituted.

There is to be no tax on the Transvaal to pay the cost of the war.

The sum of £3,000,000 is to be provided for restocking the Boer farms.

Rebels are liable to trial, according to the law of the colony to which they belong.

BOER PRISONERS REJOICE.

Those Confined in Bermudas Make Friends With British.

London, June 3.—While London went temporarily mad in a saturnalia of rejoicing over the news from South Africa the telegraphic nerve system of the empire throbbled responsively. From Canada and Jamaica in the west and from India and Australia in the east came messages of congratulation and reports of local rejoicing.

The Boer prisoners at Bermuda received the news of peace with great enthusiasm, shouting, singing and hurrahing. Some of them rushed wildly about, embracing every English soldier they met and said: "Yesterday we were foes, but today we are friends."

Bloodshed Marks Packers' Attempt to Deliver Meat.

CROWDS ATTACK THE POLICE

Officers Use Their Clubs Freely and Many Heads Are Broken—Non-union Teamsters Drive Through Shower of Stones.

Chicago, June 3.—Riot and bloodshed marked the progress of the teamsters' strike today. There were numerous fights between the police and the strikers and their sympathizers. Street car traffic was stopped while the fighting went on, the police and employees of the packing companies were stoned and at one place, when surrounded by a dense crowd of men and women, the police, 50 strong, under command of Lieutenant Collins, maddened by the numerous stones with which they had been pelted, drew their revolvers and charged full into the crowd, which showed no disposition to retreat.

The most serious trouble of the day occurred in Crosby street, in the district which is known in police circles as "Little Hell." A detachment of policemen, under command of Lieutenant Collins, was escorting a number of wagons loaded with meat to the distributing station down town.

ALASKA VOLCANO IS ACTIVE.

Eruption of Mount Blackburn in Southeastern Portion of Territory.

Seattle, Wash., June 3.—There was an eruption of Mount Blackburn, southeastern Alaska, on April 11. A special to the Times from Skagway, under date of May 28, says:

Accounts of a most thrilling nature regarding the volcanic action of a supposed harmless mountain in Alaska were brought to this city by J. C. McFarland. Seven weeks ago a slight earthquake shock was felt in all parts of Alaska and until today the phenomenon has been unexplained.

"On April 11, about 7:30 in the morning, I was just packing my cooking utensils when the air about me suddenly became oppressive with a distinct and uncommon silence. The earth beneath my feet shook; a low, rumbling sound accompanied the quaking. I glanced up at Mount Blackburn. Suddenly, it seemed as if the peak had opened and the points burst out. A cloud of ashes and smoke shot into the air several hundred feet and then there seemed to flow from the opening in the top a stream of dirty stuff, mixed with large and small boulders. This continued only for about ten minutes, and then ceased as suddenly as it began.

"It was three days, after many perilous attempts, before I succeeded in reaching the base of the mountain. Then I discovered that the country for a mile around had been affected. This stuff, which poured from the top of the mountain was not even warm, but seemed to consist of purely dust, rocks and earthy substances. I stayed on the spot only a couple of hours, then left for the coast. As near as I can find out this mountain has never been considered of a volcanic nature."

Mason (Ill.), in a vigorous speech, differed from the majority in the treatment proposed for the Filipinos. He argued that no reason existed for according to them a treatment different from that accorded to the Cubans and strongly advised that they be afforded the right to govern themselves.

Unanimous consent for the consideration of this resolution was objected to by DeArmond (Mo.) some time ago, and yesterday Clark (Mo.) made a twenty-minute speech in opposition to it on the ground that Hay had abused the occasion by injecting a "Republican stump speech" into the address.

PRESIDENT URGES ACTION

Calls Conference of Republicans at White House.

TARIFF AND CUBA DISCUSSED

General Sentiment is Opposed to Any Revision at Present for Fear of Disturbing Business—Insurgents Want Whole Change or None.

Washington, June 3.—A conference was held at the white house last night and was attended by leading Republicans of both houses, the president inviting them to attend. The subjects under discussion were pending legislation and its relation to the coming campaign.

The opinion prevailed at the conference that any movement in the direction of changes in the tariff schedules would disturb business conditions and complicate the coming campaign.

The representatives left the conference some time before the senators, and then with the latter the president discussed in detail the outlook for Cuban reciprocity and especially the stand taken by the conference of senators which met in Senator Elkins' room. The senators expressed the opinion that the plan which the Elkins conference offers as a compromise will not meet the requirements of the situation.

Favor Rebate Plan.

One result of the conference held at the white house was a meeting in the committee room of Senator Elkins, where those senators who are opposed to the straight reduction Cuban plan of the majority, assembled to consider different propositions.

Those present were: Senators Elkins, Scott, Perkins, Bard, Gamble, Kiltredge, Dietrich, Millard, Burrows, Foster, Mitchell, Nelson, Clapp, Mason, Burton, Jones, Kearns and Pritchard.

It was stated that the senators in the conference were opposed to any tariff changes, especially of the piecemeal character, but that if any changes were to be made they thought that the whole tariff should be revised.

It was determined that the utmost concession to be granted should be in the way of a rebate turned over to the Cuban treasury, to be disposed of as the Cuban government thought desirable. This rebate, to be either 20, 25 or 30 per cent of the duties collected on Cuban products, it was stated, was offered simply as a compromise by those who were opposed to Cuban concessions.

The conference selected Senators Burrows, Jones (Nev.) and Dietrich to confer with members of the committee on relations with Cuba and inform them of the attitude of the senators who participated in the conference.

PUMPS IN MINES ARE RUNNING.

Machinery in Operation Despite Defection of Engineers.

Wilkesbarre, Pa., June 3.—The order of the United Mine Workers of America calling out on strike all engineers, firemen and pumpmen employed at collieries where the eight-hour workday with present wages was not granted, went into effect yesterday, and, as has been predicted, a majority of the men obeyed the order. Neither side can claim a victory at this time, because the struggle on this phase of the anthracite coal miners' strike has just opened up. There was only a partial showing of strength.

The real test of whether or not the mine pumps shall be manned began today. Although a majority of the men quit work, the companies, generally speaking, succeeded in keeping their pumps in operation. The operators feel that at present they have the advantage, but they are not so sanguine of the future. The exact number of men who quit can not be obtained. Each side refused to make public its figures, but gave out information that roughly estimates the number of men affected. These estimates are far apart.

Considering the vast number of men who are idle, the coal field was very quiet throughout the day. Reports came in from several sections telling of disturbances, but these were of a minor nature only. Some workmen were stoned as they were on their way from the mines to their homes. The small army of Coal and Iron policemen which is in the field are not much in evidence. The companies have instructed these men to avoid trouble, and that they must not make themselves conspicuous.

HONOR MEMORY OF GARIBALDI.

Fifteen Thousand Italians Make Pilgrimage to Patriot's Tomb.

Madalena, Italy, June 3.—On this island there assembled yesterday about 15,000 people from all parts of Italy to observe the twentieth anniversary of the death of General Garibaldi by a pilgrimage to the tomb of the patriot on the adjacent island of Caprera. The town of Madalena was beautifully decorated for the occasion. Several Italian warships and steamers took part in the demonstration in honor of the dead hero.

The Garibaldi family assembled on the island of Caprera, where an immense procession visited the tomb in which had been placed the ashes of the soldier of freedom after the cremation of his body, as he had desired. At least 400 wreaths were placed on the tomb.

Tornado at Louisville, Ia.

Dubuque, June 3.—A tornado struck near Louisville about noon yesterday. An aged farmer named Ward was killed, the hotel badly damaged and many barns and windmills were wrecked.

The Whip Tree.

In the island of Jamaica grows a tree, with the botanic name Daphne lagetio, from the branches of which native workmen make peculiarly strong and excellent whips, which have the handle and lash all of a piece. The handle consists of a part of the stem retaining the bark. For the lash the stem is deprived of bark and then split into strips, which are woven together in a flexible cord six or seven feet in length. The proper taper is afforded by detaching more and more of the strips as the end of the lash is approached.
