

UMPIRE SAID "PLAY BALL"

And the Base Ball Season in Norfolk Was On.

PALE FACES SCALP INDIANS.

The Fans were out in Force and Exhibited Keen Delight in the First Showing of Curves on Display. Games in Detail.

From Saturday's Daily:

The base ball season is on and in a manner that is an effective argument in support of the belief of their admirers that the Norfolk team is one of the best amateur teams in the state.

The first game was so easy that the boys got to playing horse a little with the result that some of the records were not quite as favorable as they are capable of producing.

The game in detail was:

Table with columns AB, R, H, O, A, E for INDIANS. Rows include Jordan, Scisson, Chingway, Sheehy, Miller, Scisson, Munroe, Redowl, Porter.

*Latham's substituted at 4th inning and there was a general change, but the order is preserved as the game started.

Table with columns AB, R, H, O, A, E for NORFOLK. Rows include Woods, Byers, Graves, Oliver, Steele, Carroll, Downs, Wilkins, Thompson.

Batteries—Indians: Porter, Munroe, Beases; Norfolk: Thompson, Wilkins.

Friday's game was a little better than that of the day before. The Indians had braced up with the intention of proving that they were not altogether easy and yet they easily capitulated to the superior ability of the home team.

The game was not called until after the Memorial exercises in the Auditorium had been finished and then the struggle was definitely settled long before it was time for the supper bell to sound.

Miss Sisson left on Friday for her summer's outing. She will visit friends in Chicago and Pittsburg, and then attend commencement at the Ohio Wesleyan.

We desire to express to the friends and neighbors who so generously rendered kindly assistance during the long sickness of Mrs. Wilde, our sincere thanks.

Arrangements have been made for a game tomorrow afternoon between a team of the best local talent and the regular team. The home boys have confidence that they can pick up a team that will give a better game than that presented by the Indians yesterday and the day before.

from the main part of the city it is thought that no objections should be raised against those who desire to do so enjoying a game of ball when they can.

Ponca Journal: The Wayne Republican states that Judge W. F. Norris has purchased 15,000 acres of land in the island of Negros in the Philippines, paying 50 cents per acre in Mexican money, and as it takes \$2.27 in Mexican money to be worth as much as \$1.00 in United States money, it is plain that land in the Philippines is still on the bargain counter.

A disturbing incident at the commencement exercises last night was the fainting of Mrs. Glenn, mother of Mrs. Dan Metcalf, who was overcome, apparently by the closeness of the room, during Mr. O'Connor's address. Assistant Principal McCoy was prompt in removing the lady from the hall into the outer air when she soon recovered.

Card of Thanks. We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost.

Two former Norfolk girls who are members of the graduating class of the

Omaha high school have won some of the honors there that will be pleasing to their friends in this city. There are 147 members of the graduating class, each of whom wrote an essay or oration, that were submitted to the faculty of the state university at Lincoln which was to choose the best 16, from which eight selections will be made and those who have prepared them will be expected to deliver them on class day. Misses Alletta Stewart and May Summers were among the 16 students whose productions were received with favor by the university faculty. The eight selections from the 16 successful candidates had not been announced at the time the news was received.

The ball game at the home park yesterday afternoon was tiresomely slow, and a large number of those who went out to see it came home before it was finished. The local talent team was not swift but they got in a number of scores through the aid of strong-armed coaches on the outside and the score was something like 29 to 9 in favor of the regular nine when the scorer threw up his job. It was a game of almost three hours duration and the crowd began to disperse when the pitcher for the locals had been changed about six times and the umpire finally entered the box for them. The management was probably as thoroughly disgusted as any of those who witnessed the game, but they were made the victims of a number of players on both sides who didn't appear to care whether they played ball or not.

Miss Irma G. Allen, general worker for the Nebraska Children's Home society, with headquarters in Omaha, spoke in the First Congregational church yesterday morning, explaining the objects of the society, which is to find homes for homeless children. Miss Allen especially wishes at this time to find homes for two baby boys and one boy about 13 years of age. She will be in Norfolk for several days and will be glad to meet those who may be interested in the work of the society. Some idea of what the society is accomplishing may be learned from the fact that since its organization in 1893 it has cared for 520 Nebraska children, providing them with good homes and looking after their general welfare. Many of them have been adopted and made heirs to the property of the foster parents who love them as they do and would their own. They have boards organized in towns throughout the state, Norfolk having such a board.

Allen C. Powell of Stuart, a member of Norfolk lodge, No. 653, B. P. O. E., died at Eureka Springs, Ark., last Wednesday afternoon of quick consumption. He had been sick since last fall and some three weeks ago went to Arkansas in hopes of securing assistance, but the result was otherwise. The remains passed through the city last evening in charge of his wife, who was with him when he died. Tyler Otto Tappert went to Stuart on the same train, as representative of the lodge at the funeral, which will be held tomorrow afternoon under the auspices of the A. F. & A. M. Mr. Powell was born at Long Island, New York, April 15, 1859, and he leaves besides his wife two children, a son seven years of age and a daughter five months. This is the first break in the membership of Norfolk lodge, which is now a year and four months old and has a membership of over 200. Mr. Powell joined the lodge about a year ago. A handsome floral design was sent to Stuart, being a large pillow in white, with the letters B. P. O. E. in purple.

Many people who live in the city like Norfolk appreciate the generosity of those living in the country who permit them to come on their premises for an outing, and especially those farmers who own land along the river. The town people who really appreciate the courtesy, observe proper decorum and are careful not to destroy property or otherwise inconvenience the farmers. There are many who go on such outings, however, who do not think they have a good time unless they are doing some damage and their action will invariably result in themselves and everyone else being forbidden to come on the premises under penalty of being prosecuted for trespass. A certain farmer near town who had a good fishing pond on his place has been very free to allow people to come on his land but threatens to shut them out if he is again served as he was recently by a number of boys, who stole his young ducks and did other damages about his place while the family was away from home. A case in point is furnished by the owner of the popular Yellow Banks, who has posted notices that no camping parties will hereafter be allowed there and intends to enforce the law preventing trespassing on his land. His chief complaint is in reference to shooting. He claims that several head of his stock have been killed by persons who think they cannot camp out without shooting to a considerable extent. It is also claimed that several of the children in the neighborhood have narrowly escaped being shot and as a result of this recklessness the Yellow Banks have been closed to the public.

Does it Pay to Buy Cheap? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible, if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only kills and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. Asa K. Leonard.

There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup.
