

Jewelry Unfairness

The jewelry store that has two prices would take an unfair price from all if it could, and makes sure of getting an unfair price from some.

We Have but One Price

plain figure, which cannot be deviated from. We think we sell good Watches, Clocks, Jewelry and Silverware, just as low as it can be sold and be good. We think we have a nice stock to select from. Come in and see. Fine Watch and Jewelry Repairing a Specialty.

PARISH

We have just secured a Big Snap in Tumblers. They are a good serviceable glass and would be cheap at 50c. We are going to sell them at 35c per dozen. They are cheaper at that price than jelly glasses and much nicer. See them in our window.

PARISH

THE SELECTION of a piano is a very important transaction. It is the selection of a home companion for life. If it is good and responsive it means harmony and happiness. If poor it means constant discord.

AS IN LIFE, there are affinities, some people attracting while others repel, so with pianos. In certain pianos there is a sympathetic tone, an action quality that is charming. You are aware of the fascination every time the keys are pressed. You may not be able to explain it, but you know it.

YOU INSTINCTIVELY love the Chickering piano. Everybody does. They possess a power, richness and delicacy of tone and action that is simply irresistible.

WE LIKE TO SELL these pianos because we can honestly recommend them to our best friends, not only believing, but because we know there is nothing better made, they always give entire satisfaction, we have been selling them for 10 years and the first one sold is as good today as the day we delivered it.

WE WANT YOU to become acquainted with these beautiful instruments. It is like meeting good people. It makes you better, exalts your ideals of life and its possibilities. Should you become the owner of one, you will enjoy it and some day thank us that we led you to it.

Many customers about to buy cheap grade pianos from competitors at fictitious prices have saved from \$100 to \$250 consulting with us, why not you?

CHAS. H. JOHNSON.

FRIDAY FACTS.

If this thing continues, fur overcoats will be more popular on the Fourth than red lemonade.

C. F. W. Marquardt has improved his place of business by having a permanent cement walk laid in front.

M. M. Stannard has started his son in

a fruit and confectionary business in the building east of Marquardt's jewelry store.

Rev. S. F. Sharples of this city has accepted the invitation to deliver the oration at the Fourth of July celebration to be held at Scottville, this state.

A force of men commenced this noon at the work of tearing up the old plank walk in front of the Rainbolt and Bear buildings at the corner of Fourth street and Norfolk avenue, and to put in the filling in readiness for the vitrified brick walk that is to be laid. The buildings have been raised to grade and a brick foundation laid under the fronts as a basis for the new walk.

The game of base ball scheduled for the home grounds tomorrow between Randolph and the local club, promises to be fast and close. The home team has been materially strengthened this week and is putting up much better ball. Johnson will be in the game tomorrow and Wilkins is negotiating for a couple of fast men from Iowa. One is a star twirler and the other a speedy first baseman.

A. J. Weber, news of whose sickness was reported here by Mr. Prichard, and who for many years made Norfolk his home, died at Fullerton, California, on Friday, June 13. He had been confined to his bed for the past two months, suffering from lymphatoma. His end came peacefully and he was conscious to the last. Norfolk contains many friends of Mr. and Mrs. Weber who will be exceedingly sorry to learn of the fatal termination of his illness.

The members of the Knights Templar were entertained by the Eastern Stars at Mast hall last evening. A program of music was a pleasant feature of the evening and delicious refreshments were served. The star effect was used in the arrangements, the chairs being placed in the shape of a huge, five pointed star. As a souvenir of the occasion, a miniature picture of Colonel S. W. Hayes, standing beside a Knight Templar banner, was presented to each guest. Mr. Hayes is the oldest Mason in the state and a past grand master. A year ago the Knights were the hosts and their guests returned the compliment last evening.

Practically all of Norfolk expects to turn out at 5 o'clock and welcome the Omaha trade excursion and the Twenty-Second Regiment band. This band served in the Philippines, going across at the same time that the Madison company under the command of Captain Jens made the trip, and they will furnish the music for Norfolk's Fourth of July celebration, all of which is sufficient reason to draw out the crowd. The excursion will come in over the M. & O. and it is likely that their long stop in the city will be at the union depot. The commercial men will take supper in Norfolk and will leave for the east over the F. E. & M. V. at 7:30. On request of President Luikart of the Norfolk club the business men of Norfolk will meet the Omaha visitors and enjoy an exchange of fellowship.

Great interest is being developed in Norfolk's Fourth of July celebration and the outlook is for an exceedingly clever time to all who will participate. Colonel E. H. Tracy has been chosen by the executive committee as marshal of the day and he has had the experience in directing parades and marches that fully qualifies him for the duty. Indications are that almost every business house in the city will be represented by a float in the trade display section and the parade committee desires that none of them should be left out of this feature. Those who expect to be represented in this section and have not yet notified the committee of such intention should do so at as early a date as possible that they may make arrangements accordingly. Details of the program are being arranged and this promises a day of thorough enjoyment to all.

The rain that fell yesterday and last night amounted to little more than a half inch. The ground had been so thoroughly soaked by preceding showers that it had the appearance of being much more, and much of the water that fell is still on the surface. No doubt as to the potato crop remains. There will be potatoes to feed millions in this vicinity. Almost every one planted potatoes owing to the failure of that crop last season, and already the ground in the patches is cracking open by the force of the magnificent tubers that are developing. New potatoes as large as a couple of fists are not uncommon and the growers are given to speculation as to what the harvest will really be by the time the season for new potatoes ordinarily arrives. Indications are that additional storing facilities for the crop will be in demand. Other crops, unless it be small grain so far advanced that it is lodging, are putting forth a magnificent growth because of the abundant moisture.

Lake Superior white fish, lake trout, cat fish and wall eyed pike at Glessman's.

Fine dill pickles at Karo's.

EXAMINATION FOR CADET.

Candidates for Annapolis Appointment Here.

EXAMINING BOARD ON HAND.

Congressman Robinson is Represented by Fred H. Davis of Madison. Six Young Men Desire to Try for the Honor.

At 2 o'clock this afternoon a little group of men stood on the south steps of the High school building, snuggling up close to the bricks to keep out of the cold, raw wind and incidentally waiting for someone with a key to come along and open the door.

Six of them were young men who have come to Norfolk to take the competitive examination for admission to the U. S. Naval academy at Annapolis. Three of the others were members of the examining board, while the fourth was Fred H. Davis of Madison, who is Congressman Robinson's representative and is on the ground for the sole purpose of seeing that the affair is conducted on the square.

The examination is to take place as outlined in the pamphlet issued by Mr. Robinson and gives any young man in the Third congressional district, between the ages of 15 and 20 years, an opportunity to try for the appointment.

The candidates are: Milo Draemel of Fremont; Ray Langer of West Point; L. E. Curtis of Genoa, Frank Girton of Wayne, Hebert Suing of Harrington and E. Lindak of Niobrara.

The examining board consists of: C. W. Crum of Madison, J. M. Pile of Wayne, R. H. Graham, D. C. O'Connor and Dr. J. H. Mackay. Mr. O'Connor is out of the city but will be home in the morning.

The mental examinations began this afternoon and will probably take up the greater portion of tomorrow. Physical examinations will be given afterward.

Owing to the fact that no one seemed to know anything about arrangements for the use of the school building, Mr. O'Connor and the janitor being out of the city, some other place had to be found and the city hall was finally secured for the work. "If I ever have anything to do with another examination," said Mr. Davis, who was quite provoked by the situation, "it won't be in Norfolk."

Of the candidates for the appointment, Milo Draemel of Fremont is the only one who was here to take the last examination in this line. He passed well, but lacked in weight.

Ray Langer, whose brother won first place in the West Point mental examination here several years ago, has only recently returned from a two years' cruise around the globe, on a government boat.

Strawberries at Schorregge's.

Just received—immense invoice of finest cut glass—Bookstore.

PERSONAL.

Omar Shaeffer of Chicago is visiting John Welsh at the Junction.
