# THIRTY-FIVE DIE IN MINE

Powder Magazine Explodes in Workings at Park City, Utah.

EXTENDS TO ADJACENT SHAFT

Rescuers Fight With Deadly Gas and Two Perish Trying to Reach Entombed Workers in Daly-West and Ontario Mines.

Park City, Utah, July 17 .- Thirty-Ive miners were killed in the Daly-West and Ontario mines yesterdaywenty-nine in the Daly-West and six in the Ontario.

The dead recovered from the Daly-West are: John McLaughlin, John Burgy, Mike Conlin, John Devlin, Harty Devlin, Richard Dillon, John Featherstone, John Gill, William Lance, John Gill, William Lance, John Lively, John Maloney, Joseph Murrin, Thomas McKowan, John McAuliffe, Elias Nelson, William Sims, J P. Tindell, W. G. Wiggeland, Edward Hall, William Harlin. Dead remaining in Daly-West: J. Eckstrom, Mike Crowley, John Carney, Peter Harlan, Roy Jackman, Thomas A Kelly, Charles McAllinden, P. M. D'Neill.

Dead in the Ontario: George Garvin, William S. Wevell Stephen Barrata, Chris P. Saderup, W. F. Thomas, Charles Neine.

Due to Miner's Carelessness. The disaster was the result of an explosion occasioned by John Burgy, a miner, going into one of the magazines of the Daly-West with a lighted candle. His act cost him his life and the lives of many other miners besides. His body was blown to atoms. All the other victims are recognizable, their faces being easily identified by relatives and friends The explosion occurred at midnight and in a twinkling deadly gas was being generated throughout the mines. It crept through every tunnel, shaft and incline and in a very short space of time scores of miners found themselves face to face

with death. Explosion is Tremendous.

It is not known how much powder was exploded, but whatever amount there was, it went off in a terrible concussion. The shock was something terrific and was heard for a long distance, although it was nearly 2 o'clock before it was known in Park City, a distance of three miles. When it is stated that a horse was killed at the mouth of the Ontario tunnel, two miles away, some idea of the force of the explosion may be had. The animal was in use at the entrance to this part of the mine and was hurled against the wall and machinery and killed outright. That the loss of life is not far greater than it is seems marvelous.

Rescuers Do Heroic Work. The work of rescuing the imperilled and dead was quick and heroically undertaken. Men were brought to the surface just as fast as the disabled machinery would permit. The victims had to be brought up the shaft in a one compartment cage, one of the compartments having been wrecked by the explosion.

In the Ontario, which is connected with the Daly-West, six men are dead. Two of the dead are rescuers, John McLaughlin and John Eckstrom. The body of the latter is still in the mine.

### MISSISSIPPI RIVER IS HIGH:

Flooded Section in Missouri Reaches from LaGrange to Hannibal.

Keokuk, la., July 17.-The crest of the flood in the Mississippi river passed here yesterday and that river has been falling since. The Des Moines river began to fall at the same time. The crest of the Mississippi rise reached Quincy last night and flooded thousands of additional acres. The flooded country reaches from La-Grange to Hannibal, thirty-five miles on the Missouri side, and covers thousands of acres of corn.

Several thousand acres of wheat in the shock has been washed away. The Egyptian levee broke yesterday three miles west of Alexandra. Patrolmen discovered the crevasse at once, and in default of other lumber for repairs, tore down a fine farm house for material. By herculean efforts they succeeded in stopping the crevasse and saved thirty square miles of big corn in the fields.

### STORM IN NORTH DAKOTA.

Much Damage is Done to Farm Prop-

erty but No Lives Are Lost. St. Paul, July 17.-While it now seems practically certain that no lives were lost in the terrific storm that devastated a portion of the Red River valley near Grand Forks, N. D., the loss to farmers will be extremely heavy. Hardly a farm in the path of the storm, and it was almost a hundred miles long by ten miles wide, but had its farm buildings destroyed or damaged to some extent. The loss to the wheat crop, which would have been ready for the sickle in about three weeks, is reported to have been very heavy. Thousands of acres of wheat was literally beaten into the ground by the hail that accompanied the wind and rain. In some places all vestige of the crop was wiped out.

Terrific Storm at Peorla. Peoria, Ill., July 17 .- A terrific wind and rain storm swept over the country north of Peorla yesterday. At Chillicothe the lightning did considerable damage The steamer Speed was blown ashore at Henry island. All wires on the Chicago, Rock Island and Pacific are down. So far as is known no lives were lost. Trainmen on the Rock Island report that many barns are wrecked and that a great number

of trees were destroyed.

OIL FIRE IS STILL RAGING.

No Progress, Made in Controlling th Blaze at Jennings, La.

Jennings, La., July 17 .- The fire which attacked the oil storage tanks here Tuesday is still uncontrolled. No progress has been made in controlling the flames, and if anything they are getting stronger. The chemical engine which arrived from Beaumont, was tried, but it did not even quench the flames in the small streams that extend from the blazing pool. At 8 o'clock four bollers had been connected and as many streams of steam were turned on the fire, but the only apparent effect was to cause the fire to burn fiercer. The latest plan devised is to build a wall several feet high around and as near the fire as the workmen can stand.

NEGRO BURNED AT THE STAKE. Tied to a Tree, Saturated With Oil

and Match Applied. Clayton, Miss., July 17 .- At an early hour this morning William Odey, a negro, was tied to a tree and burned. Odey had outraged a young woman named Virginia Tucker. The negro was saturated with oil and a match applied to the fagots piled around him. Miss Tucker was out riding in the country when attacked and was so violently pulled from a buggy by the negro that both her lower limbs were broken. She is at the point of death as a result of her injuries. The young woman's father is reported to have applied a match to the fagots piled around the negro.

DETECTIVE SHOT AND KILLED.

Attempts to Arrect Suspicious Char acters, Who Opened Fire. New York, July 17.-Detective John

Sheridan of the Seventy-fifth precinct, Long Island City, was shot and killed by men whom he was trying to arrest. Three men are in custody on suspicion of having been concerned in the shooting. Sheridan saw several men acting in a suspicious manner,

and approached them with the inten-

tion of putting them under arrest. They opened fire on him. One bullet entered his head over the eye and the other pierced his heart. The men arrested are Michael Carr, Charles Stang and Frank Donnelly.

SHERIFF CUDIHEE DISAPPEARS. Officer Who Has Been Leading in

Pursuit of Tracy Missing. Seattle, Wash., July 17 .- The only interest in the Tracy hunt lies in the mysterious disappearance of Sheriff Cudihee, who severed connection with his office and the outside world in general Tuesday afternoon when he vanished from the vicinity of Covington. The only developments are the finding near Ravensdale of some bloody bandages near the ashes of a freshly built camp fire, supposedly used by Tracy. Railroad men report having seen a mysterious armed man hiding behind trees in that section.

Dashes Acid in His Face. Omaha, July 17 .- While William N. Smith was fubbing the foot of Katherine Saltzman to alleviate a pain of which the woman had complained she suddenly threw the contents of a small vial of acid in his face The acid struck him on the forehead and ran down on his face, burning his cheeks, lips and chin and almost ruining his eyesight Physicians believe, however, that they will be able to save his eyes, though both are swelled shut. The acid throwing occurred at Hanscom park The young woman's desperate act is said to have been impelled by a desire to avenge an alleged wrong

Collide at Rapid Speed. Chicago, July 17.- A Wentworth car, carrying 100 passengers, and a Thirtyfirst car, with fifty passengers, collided at their intersection while running at a rapid rate. Nearly every passenger in the smaller car, which was knocked from the track, was cut or bruised, but the most serious injury was a broken elbow sustained by a woman passenger. That several passengers were not killed is considered remarkable.

Celebration at Stony Point. Stony Point, N. Y., July 17 .- Over 15,000 persons witnessed the exercises here yesterday which marked the dedication of the Stony Point battlefield state reservation. Yesterday was the 123d anniversary of the capture of Stony Point by the American forces under Brigadier General Anthony Wayne. Governor Odell, who was accompanied by his staff, delivered the

principal address.

Cochran Renominated. St. Joseph, Mo., July 17 .- Charles F. Cochran, Democrat, of the Fourth congressional district, was renominated by acclamation here yesterday. There was considerable opposition early in the campaign but it had entirely disappeared when the convention met. The government's Philippine policy was denounced and the free coinage of silver at 16 to 1 demanded by the resolutions.

Temporary Repairs for Illinois. Christiania, Norway, July 17 .- The United States battleship Illinois, flagship of Rear Admiral Crowninshield, was towed into the inner harbor and divers are now trying to temporarily repair the damage which it sustained Monda, when it struck an obstruction while steaming into the outer harbor. so that it can proceed to Chatham, England, dry dock.

Quiet Day for Roosevelt. Oyster Bay, N. Y., July 17 .- Yesterday was the first really quiet time the president has had at Sagamore Hill since his vacation began No business except some brief routine matters from Washington, were attended to by the president.

Freight Handlers and Teamsters Return to Work.

RAILROADS WIN A VICTORY.

Credit for Settlement of Tieup Which Cost Business Men of Chicago Ten Million Dollars Rests With State Board of Arbitration.

Chicago, July 17.—Renewed activity on the part of Chicago business men followed the settlement of the freight handlers and teamsters' strike yesterday and at the close of business hours last night thousands of tons of freight had been sent to and from the various freight depots. Every one of the 24, 000 strikers who could obtain employment had returned to work by 2 o'clock in the afternoon. The strike, 7; New York, 2. it is estimated, cost the business men of Chicago \$10,000,000 and in order to guard against a contingency in the future they are preparing to inaugu- 8; Detroit, 13. rate an educational campaign in opposition to the sympathetic strike.

The labor unions will be asked to forego the use of this impotent St. Paul, 1; Kansas City, 3. weapon. Business interests which suffered during the strike will join in pledging themselves, it is said, not to Moines, 6; Milwaukee, 2. Colorado sign union agreements which do not Springs, 5; St. Joseph, 1. guard them against these strikes.

On the other hand the labor unions are fighting to secure the right to abrogate agreements for the purpose of ordering sympathetic strikes. The freight handlers blame the national officers of the teamsters for the loss of the strike. They declare that the strike shows the necessity for incorporating in all agreements a reservation which will permit strikes.

Settled by Arbitration. Credit for the settlement rests with the state board of arbitration. It was the adoption of the suggestions of that board which led to the action of the Freight Handlers' union in declaring the struggle with the railroads at an end. At the same time it is likely that even had the state board not made its suggestions, the fight would have been practically over today, as the majority of the freight handlers had returned to their work before the mass meeting at which the strike was called off officially had convened. It was a knowledge of this fact that had much to do with the action taken by the union However, the proposition made have to stand a second trial. Streeter by the state board of arbitration enabled the freight handlers to retire shooting of Henry Kirk, a watchman. gracefully from the field.

MINE STRIKE NOT LIKELY. Sentiment of Delegates at Indianapolle Against Move.

Indianapolis, July 17.-Today the of calling a strike to aid the striking some things that may change the situation, but speculation regarding the result is practically worthless. If President Mitchell would declare his personal preferences it would not be difficult to foretell the outcome. At present he controls the situation absolutely and can swing the delegates either way. He will not say openly what he wishes, however, asserting that it is the province of the delegates to decide regarding the strike and that while he is willing to advise under no circumstance will he assume to dictate to the convention what it shall do. He said, however, that the convention would take action which would result in the winning of the strike by the anthracite men in the east.

If no strike is ordered by the convention it is likely that action will be taken with the object of curtailing the output of soft coal, and that every effort will be made to keep it out of the anthracite region. To this end the bituminous men may decide to work a fewer number of hours a day.

The sentiment among the delegates as far as it can be determined from those already here, is against a strike, John P. Reese, president of the Iowa miners, declares that he is for a strike only as a last resort. The Missouri men are against a strike and are instructed to fight against it on the floor of the convention

STRIKE MAY END SUDDENLY. Union Men Think Union Pacific Is

Getting Ready to Settle. Omaha, July 17 .- A sudden ending of the Union Pacific strike is generally looked for. Many strikers assert their conviction that the fight is drawing near the close and that a settlement within the next few days is not an improbability The visit over the system by four or five of the executive of ficials is expected to bear fruit. It is maintained that the officials have nanea, A. T., has been declared on gone to make thorough inspections of again, the men alleging that the comconditions and that they will return convinced of the wisdom of bringing the strike to an end. President Burt has already returned from a short trip

west, but refuses to make a statement. News came to strike headquarters from Armstrong, Kan., that five men had quit the shops there and joined the strikers. The report says that the company raised the price of meals to the men from 20 to 25 cents. Reports were received also at strike headquarters that the machinists' helpers who did not go out the other day left the North Platte shops Tuesday evening. This exodus includes, it is said, the three inspectors in the round house and four men in the tank gang and probably seven or eight helpers from the shops proper.

TO REBUILD THE CAMPANILE. Offers of Money, Some from America,

for the Purpose Received. Venice, Italy, July 17 .- Offers of money to aid in rebuilding the campanile continue to be received from abroad, including offers from America, but there is a disposition to make its reconstruction a purely national affair and to rebuild the structure exactly as it was prior to the collapse without foreign assistance. The cost is estimated at 6,000,000 lire.

The bronze gate of the Logetta of San Sovino was found beneath the debris, twisted and with one of the lions broken. There is hope that the pictures by Tintoretto and others may be saved.

Three-fourths of the plazza of San fic is completely stopped.

Baseball Scores Yesterday.

waukee, 4. Toledo, 6; Louisville, 12. Western League-Omaha, 6; Peorla, 1. Denver, 1; Kansas City, 6. Des

Agricultural Year Book. Washington, July 17 .- The agricultural year book for the year 1901, has just been published. Among the most important of the general articles are: "Agricultural Investigation in the Island Possessions of the United States," by Walter H. Evans; "Agriculture in the Tropical Islands of the United States," by C. F. Cook; "Progress of the Beet Sugar Industry of the United States," by Charles F. Saylor, and "Insects as Carriers and Spreaders of Disease," by O. L. Howard. The frontispiece of the volume is a picture of the late Hon. J. Sterling Morton, former secretary of agriculture.

Streeter Jury Discharged. Chicago, July 17 .- After being out thirty-four hours the jury in the Streeter murder trial was unable to reach an agreement and was discharged. William Force, one of the four defendants, was acquitted, but "Captain" Streeter and his confederates, McManners and Hoeltke, will and his companions were tried for the The tragedy was an outgrowth of "squatters' rights" disputes as to a tract of land on the lake front.

Freedman Buys Baltimore Club. Baltimore, July 17.-Andrew Freedman has purchased from John Mahon, national convention of the United a majority of the stock of the Balti-Mine Workers will assemble in Tom- more American League club. The playlinson hall to discuss the advisability ers who will immediately join the New York National League team, are Mcanthracite miners. The action of the Ginnity, Cronin, Bresnahan and Mcunion is undetermined, although the Gann. Kelly and Seymour will go to situation indicates that there will be Cincinnati. Ban Johnson will immeno walkout of the men. There are diately organize a new club to represent the American League in Baltimore.

Kodak Combine Formed.

company has been sold to the Eastman Kodak company, of New York. Under the name of the Eastman Koformed, it is stated, to control all the the Philippine government in Manila. dry plate companies in the United States. The price said to have been paid for the plant of the Seed company is \$4,000,000

### TELEGRAMS TERSELY TOLD.

The Texas Democratic state convention nominated S. W. T. Lanham for governor.

Mrs. Thomas M. Patterson, wife of Senator Patterson of Colorado, died at Denver Wednesday of nervous pros-

Charles P. Dadant, 85 years old, died at Hamilton, Ill., Wednesday. He was one of the highest authorities on bees in the world.

Scarcity of water in the Platte river and the extravagant use of the diminished supply have brought Denver face to face with a water famine.

Dr. Harvey Milligan died at Jacksonville, Wednesday, aged 82. He was professor of English literature in Illinois College for twenty-five years and a prominent Mason.

Sinko Hato, a wealthy Japanese now residing in New York, has been appointed by his government to make a thorough study of tea growing conditions in South Carolina.

"Pug" Ryan, a notorious desperado of the northwest, was Wednesday degree, for killing Ernest Conrad, an officer of Breckinridge, Col. The boiler makers' strike at Ca-

pany did not live up to its agreement which was entered into a week ago. The United States army transport Rosecrans, for which the United

States paid \$140,000, and upon which it has expended thousands of dollars in repairs, has been sold for \$50,000. As the consequence of an attack by striking railway laborers and boatmen upon a guard of soldiers at Mollendo, Peru, the troops were ordered

to fire upon the mob, which they did, killing several. Captain Richmond P. Hobson of Merrimac fame, rescued Miss May Cerf, a young lady well known in St. Louis society, from drowning in the Mississippi river Wednesday opposite the Chautauqua grounds near Alton,

TAFT REPLIES TO VATICAN

Outlines Another Plan Relative to Philippine Friars.

WANTS A SETTLEMENT MADE.

Negotiations for Withdrawal of the Friars From the Islands and the Purchase of Their Lands Will Be Resumed at Manila.

Rome, July 17 .- At noon Major Porter of the judge advocate's department of the army at Washington personally Marco is covered with debris and traf- delivered to Cardinal Rampole, the papal secretary of state, the last note of Judge Taft, governor of the Philippine islands, on the subject of the withdrawal of the friars from the islands, which will presumably end the gov ernment's negotiations, as Major Porter simultaneously presented a letter from Judge Tart asking for a fare well audience of the pope.

The following is, in part, Judge Taft's note to the vatican:

"In reply to the two notes of your eminance of June 21 and July 9, 1 have just received a communication from the secretary of war, in precise and exhaustive terms, which are here reproduced integrally. Secretary Root notes received from the vatican, that the holy see is animated by the bost intentions to come to an understanding with Washington about the relations between church and state in the Philippines, that your eminence has declared the vatican to be disposed to give clear and precise instructions for the friars to occupy themselves with religion only, abstaining entirely from politics, and that the holy see proposes to introduce, little by ltttle, ecclesiastics of other nationalities, es.

DR. CAL DWELL i must her pract ce to the special treatment of dis asses of the eye, ear, nose, through a size and sulchronic nervons and surgical diseases of a cura le nature. Secretary Root adds that he cannot do less than acknowledge the wisdom of these propositions, but that he must observe that they would not solve the question. No Violation of Treaty.

"The United States has no desire to violate the treaty of Paris, and seeks not a forcible, but a voluntary, withdrawal of all persons, who happen to be Spaniards, and whose previous ex-

to secure the much longed for desire of the Philippine people in the withdrawal of friars. Now that the vatican does not see its way clear to make a definite withdrawal, the American government has deemed it wiser to recur to the methods of settlement of the various questions at issue, suggeted by Cardinal Rampola's communication of June 21, namely:

Future Negotiations. "An investigation by both sides into the possible and probable liabilities and claims and the settlement of them by an accredited apostolic delegate To Chicago, Milweukee, Racin s St. Louis, July 16.-Announcement with the governor in Manila, after the is made that the M. A. Seed dry plate conditions with respect to the titles of the friars to the land and the amount of claims for rental have been presented by the representatives of dak company a combination is being the church to the representatives of

"As to the indemnity for the friars' lands, your eminence has pointed out the difficulty of computing so precipitately the exact value, but this might be done by examining the title deeds. The Washington government will immediately order the general commanding the forces in the Philippines to furnish all assistance necessary to ascertain what damage has been done by the military occupation. Although regretful that all the questions have not been decided definitely, the government is glad to express satisfaction at the results obtained.'

Secretary Root concludes by in structing Judge Taft to express to Cardinal Rampola his pleasure that the visit of the American representative has resulted in a broad basis for harmonious settlement, his thanks for the courtesy show by the vatican to Judge Taft and for the promptness with which the vatican has acted, and his hopes that, though no specific agreement has been reached, the vatican will ultimately find it just to do what has been signalized.

Judge Taft concluded his note to the vatican thus: "In obedience to Secre tary Root's dispatch, I request that the future negotiations on the points raised be held in Manila between an apostolic delegate and the governor, found guilty of murder in the first after the information suggested above by Secretary Root has been ascertained and presented."

> Cuts Son's Throat and His Own. Kansas City, July 17 .- J. M. Speyer. a show man at a street fair in this city, last night killed his 5-year-old son by cutting his throat while the child slept, and then attempted to commit suicide by cutting his own throat. Speyer was accused of assaulting a 9-year-old girl yesterday and asserts that he decided to kill his son and himself because he feared that he would be lynched, although he maintains his innocence of the charge of assault. His wife and a daughter Café Observation Cars,

Train Robbers Elude Pursuera. Saguache, Col., July 17.-Last night Special Officer Brown returned here and reported that all trace of the Denver and Rio Grande bandits had been
