FRIDAY FACTS.

John Ballantyne is building an addition to his residence on Norfolk avenue. Mrs. A. D. Cole entertained a company at whist last evening at her home on Norfolk avenue. Miss Eva Vale has purchased the residence at the corner of Philip avenue and Twelfth street, and will take possession Monday. Max Rosenthal has purchased Wm. Wanke's store at Foster and will remove his Norfolk stock to that place on the 15th. Elkhorn encampment No. 27, I. O. O. F., will meet in Odd Fellows hall tonight for the installation of officers. A good attendance of members is desired. The neighborhood quarrel, mention of which was made yesterday, Mrs. Landers being the plaintiff and the Smith family on the defensive, has been dismissed from police court and the costs taxed against the plaintiff. The difference existing between the families were adjusted without giving them an airing in court. An old offender named Powell of Pierce county was given lodgings in the city jail last night. This morning he

appeared in police court and pleaded guilty to the charge of being drunk and disorderly. After some skirmishing among his friends he was able to raise the funds necessary to liquidate his fine, and he went on his way rejoicing.

The game of ball at Bloomfield yesterday afternoon was won by the Norfolk team over the local club, 12 to 8. The elevator at that place was also destroyed by fire but that happened before Johnson got there so it cannot be said that the reflection of the sun on his upper end was responsible. A car loaded with lumber and one loaded with grain were also burned. The elevator was insured for \$1,500.

The committee having in charge the raising of funds for the Woodman picnic and race meet in September, commenced the canvass this morning to see what can be done. A special meeting of the Woodmen camp will be held this evening to determine what shall be done by that order. While most of the members are enthusiastic for holding the picnic, it is understood that a few are opposed to it, but it is not likely the move will be defeated if sufficient funds are raised to assure a success.

Justice of the Peace C. F. Eiseley has just disposed of an interesting replevin suit in which Frank Weisman of Edgewater park, sought to retain possession of a team which had been attached by Sheriff Clements at the instance of the Platte county sheriff for a St. Joe wholesale firm as the property of Wiseman's brother-in-law, W. E. Levin, who recently failed in business in Columbus. Numerous witnesses testified, and the court decided from the testimony that the team was the property of Weisman and held accordingly, the costs of something more than \$40 being taxed against the St. Joe and Columbus parties responsible for the attachment proceedings. It is said that just before his failure the Columbus man had a considerable stock of goods on hand, but when the wholesale firm came to look matters up no goods could be found and nothing but his team was pointed out as the property of the defunct firm. With this decision giving ownership to Weisman the wholesale house is left in the attitude of holding the sack. The case may be appealed.

Work has begun on an addition to the Wilkinson block, occupied by the Johnson Dry Goods company, M. L. Ogden having taken the contract for the new portion of the building. The addition will be at the rear of the store room and will be 50 by 50 feet, to be built of brick with a steel ceiling and otherwise constructed to match the main portion of the building. When the addition is far enough along the rear wall will be removed from the present building and it will be converted into one large store room of 50 by 150 feet, enlarging all departments. When the addition is completed the present store room will be remodeled. The two rows of shelving down the center will be lowered and lengthened. The carpet department will be given more and necessary room. The general office will be left at its present location, but will be near the center of the store by reason of the extension, and the office of the head of the firm will be relocated and remodeled. New show cases and fixtures will be put in and numerous other improvements made to add to the appearance of the store and for the accommodation of the increasing business of the firm. It is hoped to have the store remodeled before the fall rush of business begins and it is anticipated that when the work is finished the company will have one of the prettiest and most convenient places of business in the state.

The little girls of the Junior league of Trinity church will have a little sale and serve ice cream and cake on the lawn of the rectory, Saturday afternoon from 3 to 6.

NEW UNIFORMS ASSURED.

Receipts From Game of Yesterday Were Sufficient.

SOUTH WINS FROM THE NORTH

Too Warm for Those of the Colder Regions—Score Was 13 to 4—Dr. Sisson and Rev. Mr. Baker Evidently Knew the Game.

Norfolk's base ball team can now be properly uniformed. The receipts for yesterday's game between the business men of the city amounted to something over \$50 and made new suits for the locals a possibility. The south-siders won the game by a score of 13 to 4.

The contest yesterday brought out a large number of spectators. Both sides of the diamond were lined up with carriages and the grand stand was solidly packed. The line-up of players is a representative list of men. There were on the diamond, brilliantly knickerbockered with striking indiscrimination, men from the barber's chair, the bakery and the hotel; merchants and managers from retail and wholesale establishments, captains of industry from the factory, barristers from the library, scientists from the operating room and ministers from the pulpit. But differentiated as these citizens of the Sugar City are by their callings in every day life, they were all bound together under the broiling July sun of yesterday afternoon by a common interest—to play ball and win. They all played ball and half of them won.

As predicted in THE NEWS, the south-siders, under the superior captaincy of Dr. Frank Salter, were able to pick an excellent bunch. And, as also predicted in THE NEWS, the frigid side of the street selected material that ought to beat anything in sight. Yesterday was hard on a northerner's eyes.

Eight men did the battery work for the two teams. Their honors are about even. The tropical tribe struck out 13 and were located safely a half dozen times. The tossers from this side of the street dropped 12 strike outs and allowed 7 hits. The difference in the chalk marks is due to errors, wild throws and free transportation from Capt. Fox—his crowd.

The Rev. Dr. F. M. Sisson did the umpire stunt and maintained a clear eye, diplomatic manner, sharp decisions and good grace, withal. Jeers from the crowd were not infrequently thrust at the man behind the pitcher, but the presiding elder held his ground.

For southpaws, A. H. Winder and Dr. A. Koenigstein were in the box with good control. Leal Spaulding stopped well for both. Both twirlers have at times been star defenders of Norfolk laurels. For northpaws, Superintendent Lockwood, Captain Fox and Lisle Nichola threw to J. Koenigstein and C. Davenport. "Lock" was hardly in his old time form of '89, when he covered the rubber for Norfolk's famous league team, but he struck out eight men, as it was. Winder dropped as many.

The Rev. Franklin Baker, who held down sack No. 3 for the victors, made a sensational one-handed stop of a hot grounder, which was a feature and made a great tear with the fans. Kuhnley, in the left garden, made a brilliant catch of an altitudinous one, as did also Hemleben at center. Frank Twiss showed up well at short and Gilt Wright was good on first. Dr. Munson struck out thrice in three times up, did a hand-spring and very much resembled the celebrated Coach Booth in appearance. Catcher Koenigstein was uniquely costumed in a mother Hubbard.

On Wednesday it was a puzzle whether or not the Wilkins' family would ever have respectable uniforms. H. Loder suggested yesterday's event and it was pushed. The announcement came out in that evening's NEWS, E. B. Kaufman, G. Fox and other men loyal to the game worked hard and the people of Norfolk came nobly to the support of a worthy cause by their attendance yesterday afternoon. Now suitable uniforms are assured, they will probably be dark brown and this city need not be ashamed of the front her boys put up when they take their western trip this month.

The line-up: South: Hemleben...center field...Sisson Wright...first base...Fox L. Spaulding...catcher...J. Koenigstein Winder...pitcher...Lockwood Whalen...second base...McNeill Kuhnley...left field...Munson Baker...third base...Davenport F. Spaulding...right field...C. Gerecke Twiss...short stop...Nichola By innings: South...1 0 1 3 2 0 6 0 #—13 North...1 1 0 0 0 0 1 1—4

Others Object.

The Creighton gang of Billgreeners have made the open threat, so we are informed by a travelling man who overheard the remark, that inasmuch as they had been winning nearly all the ball games played this season so far, that "by" they proposed to win the rest of them either by fair means or foul." They certainly started in the season by shifting their pitcher's box on their home grounds forward several feet from where it belonged and worked that dodge on the Coleridge club. They

fenced in their center field for the Bloomfield team and at the same game one of their basemen carried an extra ball in his pocket which he used on a base runner leaving the ball supposed to be in play laying at his feet where he had fumbled it. At Center July 4th they won a game foully by blocking a base runner with their hired ruffian Steele, and tried the same tactics at Neligh on a Norfolk foot ball player who was in the game, with the result that Carroll the blocker got laid out rather stiff. They should by all means push their foul tactics, of which they so loudly boast, since fair ones are not known to them. The season is not yet ended, however, and it is possible that a few more of the bologna sausages will get run over if they persist in standing around in the way.—Bloomfield Monitor.

Demand for High Grade Pianos.

It is a well known and undisputed fact that if you want the best piano you must either buy a Chickering, Steinway or Knabe, this is so well established, so generally recognized and understood that there is not a single dealer in the whole world who can get either one of the above makes to sell who does not advertise it as his leading and best piano and when the Chickering's force competitors to sell 4ft. 7 inch Knabes on the basis of \$300 to \$350 it is quite evident that the Chickering's are "warm competition." Chas. H. Johnson did not join the Elks in order to sell them a piano, did not have the support of any "railroad officials" so prejudiced that they would not even examine the Chickering," did not resort to all sorts of schemes to sell their inferior makes at fictitious prices, and the fact that the lodge voted to discard all competitors' offers and to confine the purchase to the Chickering, Steinway or Knabe is quite conclusive that the stand we have always taken on the piano question is beginning to be recognized as "right" even in Norfolk. Being a member, our competitor was given a chance to furnish the Knabe at a low cut price under that of their recognized representative, and after a month's effort he has succeeded in getting a piano by methods not recognized by Wm. Knabe & Co., by their recognized representative for Norfolk, or by the "trade," as "legitimate" and while such methods may satisfy the lodge they do not satisfy the average customer who prefer to make their purchases through the regularly recognized channels.

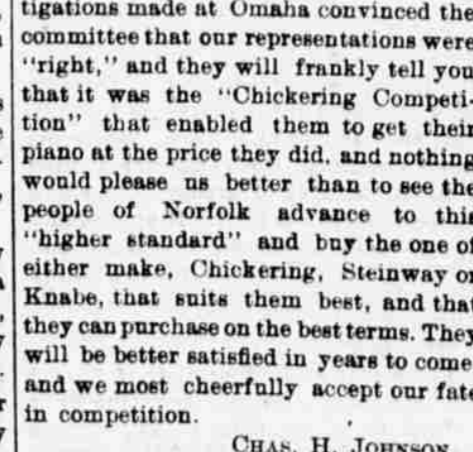

The fact that this is the "first genuine high grade piano" that our competitor has ever sold in Norfolk and that he was able to go into the open market and secure one in the 4 feet 7 inch size and sell it to the lodge on the basis of \$350 for the piano and \$150 for the Cecilia, as well as the fact that many of the members, and even some of the committee still prefer the Chickering, is quite conclusive that the Chickering is still on top.

Having been able to furnish the Knabe, on the basis of \$350 what becomes of the customers who have been induced to pay that money for the inferior makes such as the Schubert, Davenport & Tracy, Camp & Co., Behr Bros., Bush & Gerts, Victor, Hamilton, Vose, Emerson, Ivers & Pond, and the many other cheaper makes that have been palmed off onto them under various representations, does it not appeal to you, that it is greatly to your interest to make a thorough investigation before you buy?

It has always been our policy to sell our customers the best goods they could afford whether in the line of furniture, carpets, pianos or organs and the fact that we have been selling the Chickering in this community for the past ten years and that we have never had a complaint on one that we have sold, taken in connection with the fact that competitors are continually changing and getting something "different" is pretty good evidence that they have definite knowledge that there is "something wrong" with the goods they sold.

Nowhere in the world can you buy a 4 foot 7 inch Chickering for \$350, the fact that bias and prejudice lost us the sale of a Chickering to the Elks lodge does not discourage us in the least, we educated the lodge up to the Chickering and Knabe standard, investigations made at Omaha convinced the committee that our representations were "right," and they will frankly tell you that it was the "Chickering Competition" that enabled them to get their piano at the price they did, and nothing would please us better than to see the people of Norfolk advance to this "higher standard" and buy the one of either make, Chickering, Steinway or Knabe, that suits them best, and that they can purchase on the best terms. They will be better satisfied in years to come, and we most cheerfully accept our fate in competition.
