The movement undertaken at South Norfolk to provide a fine large club house for the railroad men should receive the hearty and unqualified support of the people of Norfolk. For years there has been a need of just such a building, furnished and fitted up to afford comfort and amusement to the railroad boys whose runs require that they be in or near division headquarters the greater portion of their spare time. They have lacked amusement and recreation during these years and it is scarcely to be wondered at that the young men without families should seek entertainment at questionable resorts. The club house should have been there to supply this need. It will be in line with the stricter rules that have recently been put in effect by the company, and will make it easier to comply with such regulations, therefore the company should and undoubtedly will lend its encouragement to the movement. The business men of Norfolk have no better patrons than the railroad men and they can well afford to show their appreciation of such patronage by contributing to the club house and assisting in other ways toward its establishment. Push and talk for the South Norfolk club house.

There are "bolters" from a certain plank in the Iowa republican platform, also, but there it was different. All knew that a fight was on and were permitted to have a say on the question, therefore they have less excuse for their after convention objections than Nebraska republicans who did not realize what significance would be put upon a very simple statement which the committee incorporated into the platform. The question was similar, though presented in different shape. The intention of the platform makers appears to be a tariff reform or "tinkering" under the plea that the tariff law should not afford shelter or protection to trusts. If the Iowa idea is carried out and the beet sugar industry is interpreted as one of the trusts it is just as certain that in order to be consistent the duty on refined sugar will be lowered so that the question presents quite a different aspect; nevertheless it is interpreted as a rebuke to the Iowa delegation and one of the members of the delegation, Congressman "Bob" Cousins of the Fifth district, is quoted as repudiating it in the following language: "This platform is a dirty, lousy lie. Fabricated by a lot of trucking, temporizing hypocrites, and I'll be preaching the doctrines of true republicanism when the pansy is growing over their graves. I'll support the ticket and make some speeches, but I want everyone to know where I stand."

support the ticket and make some speeches, but I want everyone to know where I stand."

The News was assured that when it undertook a movement calculated to improve the drainage of Norfolk, there were other earnest supporters of the improvement ready to step in and do their full share toward the accomplishment of the plan. The News has spent a number of days and devoted considerable of its space toward the agitation of the question but none of that energetic backing has yet been heard from. This paper has always been ready to assist public enterprises and public reforms, either at the suggestion of others or of its own volition, but has found much discouragement in the supine indifference of those who should have more or an equal interest in such improvement or reform. If every person interested in the drainage question had spent as much time and had been as much expense endeavoring to improve the drainage of the city as The News, the question would have been near a solution ere this. The expression was strongly in favor of such improvement and all that appeared to be lacking was for some energetic enthusiasts to take hold of the matter and bring it to a successful termination. The time is propitious for the question to be taken up and handled through some sort of organization, either of an independent nature or through the Commercial club, by committee or otherwise. Such organization could determine the legal aspects of the question, learn what could be done and through petition or in some other manner take the necessary steps to bring the improvement about. It appears to be up to those the most deeply interested to do something and the sooner they begin the earlier will the question be settled. If something is not done it may be taken to appear that many of the kickers merely had a grievance against some person or persons that they wanted to air and since The News had done its stunt they were satisfied, but that was not the purpose of this paper. The question was opened that it might be settled, with credit to the city. It was not intended to save the same ground for complaint for next year, and the next, and that every time it happened those same people might be expected to roar, and there let it end. It should be disposed of. Perhaps there will be something else to engage the attention of the critics next year.

**Montana Miners Quit Work.**  
Livingston, Mont., Aug. 1.—The mines and ovens of the Montana Coal and Coke company at Horr and Aldridge were closed by a strike yesterday. The men demanded an increase in the wage scale, which was refused by the company. It was also asked that all nonunion men employed by the company be discharged. The coal mines are among the largest of the state. About 500 men are affected.

**Duelist Granted a Pardon.**  
Berlin, Aug. 1.—Emperor William has pardoned Lieutenant Hildebrand, who was sentenced to two years' imprisonment in a fortress for the killing of Lieutenant Blaskowitz in a duel last November. There was considerable criticism of the sentence of two years' imprisonment imposed on Lieutenant Hildebrand by a court-martial on the ground that it was inadequate.

**Boy Shoots Robber.**  
Varch, Kan., Aug. 1.—Orville Osborne, nineteen years of age, shot a robber here yesterday. Three robbers entered the store of S. B. Osborne and ordered young Osborne to throw up his hands. Instead, the lad opened fire and the men fled. One of them was shot in the thigh and was so badly wounded that he had to be assisted in his escape by his pals.

**No Increase in Wages.**  
Topeka, Kan., Aug. 1.—At the office of the general manager of the Santa Fe railway here it was denied that an increase in wages of the 6,000 trainmen of the system had been granted, effective today. It was stated that no request for an increase had been made recently by the trainmen.

**Waverly Woman Shoots Herself.**  
Waverly, Ia., Aug. 1.—Mrs. Belle Abern, aged thirty, committed suicide yesterday by going out to Arlington cemetery and shooting herself through the heart. She was found on the grave of her first husband. She was a widow and said the man she loved would not marry her.

**A Simple Matter.**  
"John, I'd like you to wake me at 5 o'clock tomorrow morning. I want to catch the early train."  
"All right, sir; all right," replied the able servant expressively; "all you got to do, sir, is to ring."—Philadelphia North American.

**A Bright Student.**  
Among the reminiscences of the class of '02 at Yale is the story of a stout and healthy looking member who was told by his tutor that "he was better fed than taught." "You teach me. I feed myself," was the retort.

**His Regrets.**  
Judge — Your innocence is proved. You are acquitted.  
Prisoner (to the jury)—Very sorry, indeed, gentlemen, to have given you all this trouble for nothing.

**Consoling Thought.**  
He—Darling, I have lost my position. She—Never mind, dear. Think of how small your salary was.—Brooklyn Life.

## TRACY SHOWS UP AGAIN

Escaped Oregon Convict Makes His Appearance Once More.

### COMES OUT OF THE CASCADES

Makes Demand for Food and Horses at a Ranch and Then Goes South. Fugitive is Wounded in the Head. Unwelcome Guest at Cabins.

Ellensburg, Wash., Aug. 1.—Sam Evans, who lives fifteen miles north of here, reports that last Monday a man came to his cabin and said that he was Tracy. He had a Winchester and two revolvers. He compelled Evans to furnish him with food. The stranger showed Evans a wound in the back of his head and said that he was shot by a member of a posse on the west side.

A Wenatchee special says: Yesterday Harry Tracy was an unwelcome guest at the ranch of W. A. Sanders and S. J. McElowney, six miles down the Columbia river. Tracy came out of the Cascades, riding one horse, packing another and leading a third in reserve. He carried a Winchester and two revolvers. He took dinner and supper at the ranch, having the men covered with his rifle. Toward evening he forced McElowney to bring two fresh horses and turned loose his jaded animals. He went south.

### DELIBERATELY PLANS MURDER.

Teamster at Kansas City Kills Wife and Shoots Himself.

Kansas City, Aug. 1.—Fred Fulkinberg, a teamster, shot and killed his wife as she lay asleep at their home at West Argentine, a suburb, some time during the night, and then shot himself. He cannot recover. Jealousy was the cause. The tragedy had been planned deliberately, for in one of Fulkinberg's pockets was found a telegram written yesterday and addressed to his father, Jobe Fulkinberg, at Montezuma, Ia., requesting the latter to come to Argentine and take the two bodies to the old home at Montezuma. The couple's two grown daughters slept in a room adjoining that of their parents.

### Negro Hanged by a Mob.

Camden, Ark., Aug. 1.—Reports have reached here of the lynching of Lee Newton, a negro, by a mob of twenty-five men in the Corns bottoms, Columbia county. The negro was found in the room of two young women, daughters of a prominent family, in the eastern part of the county, about a month ago. Their screams frightened him away. Twice he escaped from custody. Newton was in the hands of officers and was being taken to Magnolia when the mob appeared and took the negro away. Later the body was cut down by Sheriff Warren of Columbia county.

### Murderer Anxious to Die.

Norfolk, Va., Aug. 1.—Convicted by a jury of murdering his wife, William Treadwell will not sanction the application of his counsel for a new trial. He declares that he purchased the pistol with which he killed his wife with the intention of killing himself as well. He desires that no new trial be requested and that sentence upon him be executed as soon as possible. The man appears to have no desire to live whatever.

### Traffic Resumed in Texas.

Dallas, Tex., Aug. 1.—The two days' cessation of rail throughout the greater portion of the state has given the railroads time to repair their roadbeds, and with hardly an exception regular traffic is being resumed. Advances from Hillboro are that the 500 Mexican wood choppers who were cut off in the Richland creek bottoms have escaped.

### President Disposes of Much Business.

Oyster Bay, Aug. 1.—President Roosevelt disposed of a large amount of public business yesterday with the assistance of Secretary Loeb. The president had as guests at luncheon Adolph S. Ochs and Stanford Newell, United States minister at The Hague.
