

## PLAN FOR SEPTEMBER FAIR

Preliminary Meeting Held to Discuss Project.

COMMITTEE TO SOLICIT FUNDS.

Outline of the Races.—New] Railway Club House at South Norfolk.—Plan is to Buy a Lot and Erect a \$3,000 Building for Railroad Men.

From Saturday's Daily:

About 25 business men attended the meeting at the city hall last night to discuss plans for the September fair. A committee was appointed to confer with the Modern Woodmen lodge and to ascertain what funds could be raised for entertainment.

W. H. Bucholz was made chairman of the meeting and Dr. J. H. Mackay, secretary. In regard to the place of the Woodman picnic, C. M. Walker explained that Norfolk should have had the picnic last year and that without question the district could be induced to hold it here this year, if a guarantee could be made as to their intertainment. It would be necessary to have a parade, music, floats, speakers, contests, banners, decorations and badges.

M. C. Walker, W. B. Vail and O. E. Hartford were appointed as a committee to confer with the Woodmen in regard to securing the picnic and to interview citizens as to the amount that could be raised. It was determined to have a race meet, ball game, bicycle races and other events in connection.

An outline of races was proposed as follows:

First day, 8:00 race, 1/2 mile, Madison county, \$125; novelty race \$15; 1/2 mile and repeat, running, \$75; local roadsters, 1/2 mile heats, \$35; second day, free for all trot or pace, \$150; 1/2 mile dash, \$30; 1/4 mile dash, \$35.

### NEW CLUB HOUSE.

Plans for a Place of Rest and Amusement for Railroad Employes.

For years the need of some kind of a club house for South Norfolk has been felt by that community and the only lack has appeared to be to have someone take hold of the movement and push it to a successful end. On the arrival of Rev. Franklin Baker, pastor of the Second Congregational church, he was quick to see that some such place or resort was necessary if the railroad men and boys were to be reached, and if the work was to be done that lay in the path of the Second church. So last October Mr. Baker rented two small rooms in the Breed house which is situated next door to the South Norfolk barber shop, but by the first of January these quarters proved too small to accommodate Mr. Baker's railroad friends, consequently the four-room house belonging to Rome Miller was rented and furnished at Mr. Baker's own expense, assisted by some interested christian friends. In these rooms Mr. Baker has placed a piano and his personal library, both of which the railroad boys have taken an appreciated advantage of.

Mr. Baker has had as his room mates and helpers a brakeman and a fireman, but the influence of the work has grown so rapidly that it is now necessary to have larger quarters, hence the Second Congregational church has risen to the needs and hope before another year has passed to have a railroad christian club house erected where the railroad boys will have a place to spend their resting hours comfortably. The local railway management is quite interested and will do all in their power to assist the enterprise.

Mr. Rome Miller, manager of the railroad eating houses of the F. E. & M. V., has been the first to meet the call for funds by placing in the hands of the Second church a beautiful 60-foot front residence lot in South Norfolk, designated as lot 3, block 9, Western Town Lot company's addition. This lot will be disposed of to the best advantage possible and the proceeds will be used toward purchasing the location desired for the club house, which is situated near the depot, and from the price of which the property owner has deducted \$100, as his gift toward the club house. The Second church expects to erect at least a \$3,000 building, which will be worthy of the city's praise. It is hoped that at least \$300 may be realized from the disposal of the lot owned by the church. The lot is above grade, taxes are paid up and there is otherwise a good title, the warranty deed now being in the hands of the church, and the cause for which the money from its sale is asked is worthy your interest as railroad men, business men and christians.

The committee having the disposal of the lot in charge are: Mr. Ed Wood, Mr. George Rogers and Miss Bessie Williams. Their plan for the disposition of the property will be made known later, when it is hoped that everyone will lend their assistance toward getting the most possible for the purpose desired out of the lot.

### Improving Mill Property.

The Sugar City Cereal Mill company has another force of men at work adding to the strength and permanency of that institution. The new improvement under way is the placing of a stone and cement foundation under the main building and above the mill race.

The work preliminary to the improvement involves a large expense and the greatest labor connected with the job. It is necessary to place the building on a false foundation while the building of the wall is under way; not only this, but the false work must be built through every story to the top and many large timbers are used. The base of the new foundation will be of concrete and will be laid about the piles upon which rested the wooden foundation formerly used. Above this, and extending to the first floor of the mill will be the wall of rock laid in the cement and it is believed in view of the success of the improvement made last year the new foundation will be a permanent one. Meantime the mill is running to full capacity, crowded on by numerous orders. As a sample of what they are expected to accomplish in one week, is given out that they have an order for two carloads from Lincoln, one from Glenders, Wyoming, one from Stromberg and one from Hot Springs, S. D., besides the local business of this and neighboring towns. The high water has not interfered with the running of the mill to any extent this spring and summer, and they have not been compelled to shut down once on that account.

### OTTO FLOTO SHOWS.

Trained Animal Circus Entertaining Norfolk People Today.

From Saturday's Daily:

The Otto Floto Shows are in Norfolk today. With their countless Shetlands, their tiny rigs and Lockhart's famous performing elephants, the attraction pulled in over the Union Pacific from Columbus this morning and are giving their first exhibition on the Olney lot at the corner of Madison and Second streets this afternoon.

The Otto Floto show is a high class dog, pony and animal circus. Everything about it is fresh and strictly up to date. The horses are sleek and well cared for, and one set of six iron gray horses are as handsome specimens of equine flesh as one could wish to see. They were selected in Chicago from several hundred animals. The ponies look happy and independent, and the diminutive carts and runabouts are as pretty as a picture, and the monkeys and dogs are as bright as dollars—or brighter.

Otto Floto himself is sporting editor of the Denver Post. He does not own nor is he with the show. It is the property of three Denver Post men, Messrs. Bonfils, Tamman and Webber, was organized in Denver and is in its first season. Mr. Webber and Mr. Tamman are with the company. Mr. Tamman has a personal pet, Cairo, a remarkable monkey which Mr. Bonfils brought from Egypt which drinks from a bottle and does not understand English very well.

There will be another performance this evening.

### Off the Bat.

From Saturday's Daily:

If base ball were everything in the life of a second baseman.

Springfield has beaten everything on their trip. They will be in Norfolk for Monday and Tuesday.

The Coleridge team came in this morning over the M. & O. and will play today and tomorrow. Five of Norfolk's star '97 team are with the visitors.

Beginning with today, there will be four continuous performances on the diamond and fans are promised good sport.

With Bucklin and Galaska to throw, Agan to catch, Wilkins, Kennedy, Davey and Johnson for the infield and Graves, Byers and Wood to cover the gardens, there is no reason now why the locals shouldn't take everything in sight.

### Good Things to Learn.

Learn to laugh. A good laugh is better than medicine. Learn how to tell a story. A well told story is as welcome as a sunbeam in a sick room. Learn to keep your own troubles to yourself. The world is too busy to care for your ills and sorrows. Learn to stop croaking. If you cannot see any good in this world, keep the bad to yourself. Learn to attend strictly to your own business. Very important point. Learn to hide your aches and pains under a pleasant smile. No one cares whether you have the earache, headache or rheumatism. Learn to greet your friends with a smile they carry too many frowns in their own hearts to be bothered with any of yours.

### Letter List.

List of letters remaining uncalled for at the postoffice July 29, 1902.

John Armstrong, P. J. Aspen 2, Mrs. W. H. Baker, Mrs. W. A. Clark, Egyptian Remedy Co., Mrs. Mary Gregg, Mrs. P. E. Mason, Mr. Jno W. Towle, Mr. S. R. Trattner, Mr. Q. P. Vrom.

If not called for in 15 days will be sent to the dead letter office.

Parties calling for any of the above please say advertised.

JOHN R. HAYS, P. M.

Stops the Cough and Works off the Cold. Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

Rex Stook Food pleases everyone.

## AN EARTHQUAKE SHOCK.

Residents of Norfolk and Other Towns Felt it.

WAS OF VERY SHORT DURATION.

Reports Indicate That the Entire North Part of the State was in the Circuit of the Shock. Omaha, Columbus and Fremont Did not Feel it.

From Monday's Daily.

An earthquake shock of several seconds' duration was felt in Norfolk about 12:45 today. It was accompanied by a rumbling sound as of thunder and shook buildings until they fairly rattled, disturbing the dishes on the shelves of residences, the goods on hand at business houses and giving other indications that something of an unusual nature was transpiring. Many who felt it were satisfied that something of a local nature—the passing of a train or rumbling of a wagon, was the cause of the sensation, but as nothing of that character could be discovered and a comparison of notes indicated that it was generally felt in all parts of the city, it was decided that nothing but an earthquake could have been responsible. This was substantiated later by a similar report from the country. At the Osborne home northeast of the city, a young man who was lying on the ground taking his noon-day rest, felt the shock most distinctly and was somewhat frightened at its intensity.

Reports have also been received from other parts of the state, where the shock was felt. It was reported from towns as far north as Creighton and west to O'Neill. Battle Creek, Elgin and other towns report that the shock was felt, there very distinctly. At Omaha, Fremont and Columbus the shock was not felt, and it appears to have been more distinct to the west and north. It is probable that north Nebraska was on the edge of the territory disturbed by the shock and that later reports will tell of a severe shock at some distant point.

### Fight that was no Fake.

From Monday's Daily:

A terrific fistic battle happened between Julius Lehman and his hired man John Johnson, commonly known as "Hooky" John, on the Lehman farm a few miles south of the city yesterday afternoon.

Both men were very badly bruised up this morning. Johnson was arrested on a warrant sworn by Lehman, and fined \$2 and costs by Justice Conley. Then in turn, Johnson had a warrant sworn out for Lehman and he will be arrested today.

Johnson is a fellow who has a steel hook in the stump of his left arm and has been nicknamed from this. With the sharp hook Johnson tore the face and cheeks of his adversary frightfully, and Lehman thinks he got more than \$2 worth of punishment. Johnson is having Lehman arrested because, he says, Lehman took a shot at him with a revolver and he can't stand that. Johnson's facial expression is certainly badly demoralized and the flesh on his right arm looks as though it might have been scalped.

There is no question about the genuineness of this combat. There isn't even a rumor that it was a fake and the principals are not going into tears to prove that they were in earnest.

### New Church Organized.

A new Independent German Lutheran church was organized in this city last night. It will be known as the Johannes church and has 43 members to start with.

A place of meeting will be secured and services held in the mornings, every other Sunday, by the Rev. Mr. Pfeifer of Madison.

In principle, the new church differs from the other Lutheran organizations in that its members are permitted to be members of secret societies. It is the thirty-fourth church of this denomination to be organized in Nebraska.

This makes three Lutheran and four German churches in the city, and increases the number of all denominations from 12 to 13. Some of the most prominent Germans in the city are interested in the new organization and prospects are very flattering that the membership will increase very rapidly. They expect to have 75 members in three weeks and within six months will pass the hundred mark.

A great many Germans, while deeply and truly religious, feel that there is no wrong in fraternal lodge protection and with the desire to enjoy this liberty they have established the new church.

### Surgical Operation.

Drs. Daniel and Tanner of Battle Creek have recently undertaken to repair the wounds of Joseph Dufpey of that place, who was severely burned some time ago, by skin grafting. Their first attempt was the grafting of 16 pieces of skin taken from the arms of as many different individuals, and it is said that every piece grew. They next grafted on 28 more pieces taken from the arms of 28 men. A subsequent examination revealed the fact that the entire 44 pieces of grafted skin were growing nicely and the promise was that Mr. Dufpey would soon have a whole skin, although it may be of as many complex-

ions as are the people who are now suffering the inconvenience of sore and swollen arms. It is seldom that such a piece of surgical work is attempted outside of the large hospitals and if their work is successful the Battle Creek physicians will be entitled to congratulations. It is said that outside of the injuries resulting from the recent blaze Mr. Dufpey is a remarkably healthy patient and it is in large part due to this fact that the doctors were encouraged to undertake the work.

### SCIENTISTS DENY.

That Sister of Mrs. Eddy, Who Died, Was a Disciple of Their Faith.

Boston, July 21.—William B. McLean of No. 24 Belmont street, Dorchester, denied today the story that the death of Mrs. Mary Baker, on June 9, at her residence, was due in any sense to failure of Christian Science treatment.

Mr. McLean asserted that Mrs. Baker had been attended by Dr. Howard S. Deering of Darmouth street and had not submitted to Christian Science treatment.

Mrs. Baker, Mr. McLean said, though a sister-in-law of Mrs. Mary Baker Eddy, and one of Mrs. Eddy's admirers, was not a Scientist. She had been for 50 years a devout member of the Park Street Congregational church, and up to the time of her death was deeply interested in the Scotch Presbyterian church, on Warren street, to which she left a bequest of \$4,000.

Dr. Howard S. Deering stated that he was in attendance on Mrs. Baker at the time of her death.

### Local Interest in The Fight.

Telegraphic returns by rounds were received from the Jefferies-Fitzsimmons fight at the Trocadero and at the Oxnard Bar. Betting at the Trocadero stood 4 to 10 and 5 to 10. At the Oxnard betting ran from 2 1/2 to 10 to 5 to 10.

Several hundred dollars changed hands in the city. Much of the betting was done after the fight had started, some money being put up just before news of the knock-out flashed over the wire.

A pianist kept things lively at the Oxnard.

Cheap Excursions Via Illinois Central Railroad from Omaha.

St. Paul, Minn. \$9 80  
Minneapolis, Minn. 9 60  
Lake Minnetonka. 10 25

Dates of sale for above, August 3 to 7, inclusive.

Rates named above, are for round trip tickets.

Also circuit tours via Duluth or Chicago and steamer via the Great Lakes. Special excursion rates to many points in Minnesota, Wisconsin, North Dakota and eastern points.

Write us where you are going and we will be glad to give full information. Let us make your sleeping car or steamer reservations in advance.

Call at Illinois Central city ticket office, No. 1402 Farnam street, or address W. H. BRILL, Dist. Pass. Agt., Ill. Cent. R. R., Omaha, Neb.

Low Fare Excursions To Hot Springs, South Dakota and the Black Hills, via the F. E. & M. V. railroad. Excursion tickets will be sold every day until September 15, good to return until October 31, to Hot Springs, Deadwood and Lead, South Dakota. Full particulars will be cheerfully furnished as to rates, etc.

H. C. MATRAU, Agent.

Northern Wisconsin Railway Farm Land and For Sale.

The Chicago, St. Paul, Minneapolis & Omaha railway has for sale in Northern Wisconsin, at low prices and easy terms of payment, about 350,000 acres of choice farm lands.

Early buyers will secure the advantage of locations on the many beautiful streams and lakes, which abound with fish and furnish a never ending and most excellent water supply, both for family use and for stock.

Land is generally well timbered, the soil fertile and easy of cultivation and this is rapidly developing into one of the greatest sheep and cattle raising regions in the northwest.

Chicago, Milwaukee, St. Paul, Minneapolis, Duluth, Superior, Ashland and other towns on "The Northwestern Line" furnish good markets for stock and farm produce.

For further particulars address: GEO. W. BELL, Land Commissioner, Hudson Wis., or G. H. MACRAE, Asst. Gen'l Pass. Ag't, St. Paul, Minn.

## THE ELKHORN EXTENSION.

Invades Territory that Will Support 20,000 Settlers.

LAYING RAILS THROUGH VERDELE.

The Next Longest Bridge on the Elkhorn System Will Span the Niobrara River.—General Manager Bidwell Says the Line Will be Completed.

The Elkhorn extension is gradually approaching the Rosebud Indian reservation, which is to be opened in the near future. Ten miles more of the extension were completed Saturday, which brings it to Verdel, 21 miles beyond Verdigre. The last ten miles has been in process of construction since about July 4. The longer time consumed in completing the extension from Niobrara to Verdel than that put in between Verdigre and Niobrara is explained by the fact that the bridges across the Niobrara have been delayed owing to the bad roads in the spring and the material has not been on hand as conveniently as it was this side of Niobrara. It is expected to progress up the Ponca valley from now on at the rate of about a mile a day.

The truss bridge gang is on hand and have commenced the work of putting in that structure which will take several months to complete. Outside of the bridge across the Platte at Fremont the Niobrara bridge will be the largest on the Elkhorn system. The full length of the bridge including the approaches will be 1440 feet, and will consist of ten spans from bank to bank—three of 128 feet each and seven of 72 feet each.

When completed the extension will cover a distance of 67 miles, extending from Verdigre to two and one-half miles west of Bonesteel, the extra mileage beyond Bonesteel being for stockyard purposes. It is intended to erect stations at every town along the road as soon as possible. The road will not be thrown open for business by regular trains until the construction work reaches Lynch, 13 miles west of Verdel. Construction trains will handle the business up to that time.

As there are 2,800 quarter sections of land to be thrown open to settlement in the Rosebud reservation the Elkhorn counts on driving the opening wedge to a settlement of some 20,000 people and the opening up of a very fertile strip of country to permanent homesteaders.

In a recent interview regarding the new extension General Manager Bidwell is quoted as saying:

"We have no doubts now that our line will be completed by September, for we have all the material and help required and are progressing with unusual facility with the work. There was some talk that we undertook the construction of this piece of road, because we believed the Rosebud reservation was to be opened by the congress just adjourned and that since congress at the first session did not throw open the reservation, we had abandoned our plan of construction. I wish to say that this is not true in any particular. We are not influenced at all by the matter of the opening of the reservation and are proceeding with our work regardless of the action of congress in deferring the admission of settlers to the Rosebud and will have it completed and in operation long before the winter session, which will afford the first opportunity for congress to act."

### Superb Climate.

In Colorado all the conditions of health are met. There is a sufficient altitude to cause lung and chest development; there is the dry, exhilarating mountain air, with an almost absolute absence of malaria; there is the tonic effect of a bracing climate, without its rigors; an atmosphere filled with ozone; cool nights in summer, a bright, sunny sky almost every day in the year, conducive of cheerfulness and bringing a new pleasure every morning, constantly stimulating both mind and body.

To enable persons to reach those favored localities without unnecessary expenditure of time or money, the Union Pacific has put in effect very low rates and splendid train service, three trains leaving Missouri river daily for Denver, one of which is "The Colorado Special," the finest and fastest train in the west. Accommodations are provided for all classes of passengers on these trains, the equipment including free reclining chair cars, dining cars, buffet, smoking cars, drawing room sleepers and day coaches, etc.

Full information cheerfully furnished on application to

J. B. ELSEFFER, Agent.

## She Has Cured Thousands Given up to Die. DR. CALDWELL OF CHICAGO

Practicing Aleopathy, Homeopathy, Electric and General Medicine.

Will, by request, visit professionally NORFOLK, NEBRASKA, PACIFIC HOTEL, FRIDAY, AUG. 15, ONE DAY ONLY, returning every four weeks. Consult her while the opportunity is at hand.

DR. CALDWELL limits her practice to the special treatment of diseases of the eye, ear, nose, throat, lungs, female diseases, diseases of children and all chronic nervous and surgical diseases of a curable nature. Early consumption, bronchitis, bronchial catarrh, chronic catarrh, headache, constipation, stomach and bowel troubles, rheumatism, neuralgia, sciatica, Bright's disease, kidney diseases, diseases of the liver and bladder, dizziness, nervousness, indigestion, obesity, interrupted nutrition, slow growth in children, and all waiting diseases in adult life, such as, club-foot, curvature of the spine, diseases of the brain, paralysis, heart disease, dropsy, swelling of the limbs, stricture, open sores, pain in the bones, granular enlargements and all long-standing diseases properly treated.

Blood and Skin Diseases. Pimples, blotches, eruptions, liver spots, falling of the hair, bad complexion, eczema, throat ulcers, sore pains, bladder troubles, weak back, burning urine, passing urine too often. The effects of constitutional sickness or the taking of too much injurious medicine receives searching treatment, prompt relief and a cure for life.

Diseases of women, irregular menstruation, falling of the womb, bearing down pains, foetal displacements, lack of sexual tone, loss of strength, sterility or barrenness, consult Dr. Caldwell and she will show them the cause of their trouble and the way to become cured.

DR. ORA CALDWELL & CO., CHICAGO, ILL.

Are You a Fisherman?

If so, before making any plans for your Summer fishing trip, you should write or call on us for information pertaining to the Lakes of Minnesota. There are ten thousand lakes in the State of Minnesota, which are filled with Bass, Pickerel, Crappie, Muskellunge, etc.

Remarkably low round trip tickets with long limits, will be on sale all summer.

Information regarding fishing resorts, hotel rates, and round trip tickets will be cheerfully furnished by

W. H. BRILL, Dist. Pass. Agent, Ill. Cent. R. R., No. 1402 Farnam St. Omaha.
